Anarchy.

KILLED BY RIOTERS.

Belgians Shot By Socialists.

Post-Election Troubles Are Begun in Brussels and Spread in Country.

Miners Strike and Fighting Extends to Several Other Big Cities.

Alarm Felt Because of Revolutionary Character of Disturbances.

[BY A. P. NIGHT WIRE TO THE TIMES.]

BRUSSELS, June 4.—Belgium is in a state of eruption on account of the recent elections, and rioting throughout the country has taken on a revolutionary character.

Many persons have been killed or wounded in various cities and a large number of reserves have been called to the colors. Agitation in the industrial centers is increasing. Every hour brings news of fresh protests by the laboring classes against the governmental victories.

The conservative elements are alarmed over the tendencies of the civic guard to make common cause with the rioters. This, however, is only in isolated instances, Brussels being a case in point where the guards today held a sympathetic expression before the monument of Francisco Ferrer, the originator of modern school in Spain.

The national disorders generally are attributed to the disappointment of the laboring classes over the victory of the clericals in the recent elections. The Socialists allied themselves with the Liberals on the public school question in opposition to the government policy, hoping thereby to win a majority in the chamber. Their failure caused a wave of anger to sweep over the country.

Latest reports show that a strike movement has spread over the entire Liege Basin and has tied up most of the collieries and the big metal industry. In the center of Belgium many industrial proprietors seem to approve of the strike and sympathize with the men. The women have aroused themselves to even greater frenzy than the men.

In all collieries of the southeast the Flemish workmen have been boycotted by the Walloons and hundreds have left the provinces. The street car employees have struck at La Touviere and the municipal employees at Seraing.

Liege tonight has the appearance of a besieged city. Two regiments are under arms besides police, the civic guard and gendarmes. Several clashes occurred between the rioters and troops. Lancers dispersed a column of miners from the neighboring collieries trying to enter the city.

In Brussels a mob made a rapid tour of the city tonight, wrecking street cars, smashing windows and doing all manner of damage. They finally were dispersed by firemen with stream from the hose.

A column of several hundred strikers left La Touviere for the near-by collieries this evening to induce the miners to join in the movement. The strikers were hotly pursued by mounted gendarmes and 300 soldiers have been dispatched from Charleroi for La Touviere, where serious rioting was feared tonight.

At Cornu a mob wrecked the Catholic Club. At Bruges gendarmes fired on a mob, wounding fifty rioters, several fatally. The gendarmes were assailed with bottles, bricks and pieces of furniture.

The educational fight which is the principal cause of the present disturbances, is explained as follows: The Belgian schools are either church schools or public schools. The schools are managed and subsidized by the communes alone and in the non-clerical communes there is a tendency to subsidize only the public schools. The desire of the clerical government is to place the church schools on the same financial footing as the public schools, the necessary funds being provided by the communes, province and state. The opposition urges that

THE SKY. Cloudy. Wind at 5 p.m., [illegible]; velocity 12 miles. Thermometer, highest, 74 deg.; lowest, 58 deg. Forecast: [illegible] Wednesday; overcast in the morning; moderate south wind. For complete weather report see page 11, Part II.

THE CITY. Sensation was interjected into the Darrow bribery trial yesterday when Bert H. Franklin, formerly chief detective for the defense in the McNamara dynamiting case, testified Darrow told him the corruption fund he was using came from Samuel Gompers, head of the American Federation of Labor.

Plans for a distributing system for electric current from the aqueduct power project were presented by Electrical Engineer Scattergood yesterday, showing an estimate of [illegible] for an underground system, and [illegible] for an overhead system.

Police Chauffeur Cole drove a big auto [illegible] at high speed into the rear end of a car at Fourth and Broadway yesterday morning, thereby saving the life of an elderly woman.

Tales of alleged cruelty related by a [illegible] availed him nothing in his attempt in the Superior Court yesterday to secure a divorce, his wife's attorney having the case dismissed for lack of jurisdiction.

A notorious yegg safe blower confessed to the police yesterday that he committed crimes for which he is wanted in Dallas, and also robbed a San Bernardino store [illegible], with two others.

The Mayor announced yesterday that he has decided to be his own investigator of the friction between the Harbor Commission and the Board of Public Works, and that he will submit his findings to the people of the city for such action as they may deem necessary.

A romance begun years ago and fostered while the young people were Polytechnic High School students in this city, was climaxed by a pretty wedding at Long Beach yesterday.

Eleven jurors were secured yesterday when the trial of the Magon brothers, charged with conspiracy to violate the neutrality laws, was begun in the United States District Court.

A "[illegible]" and her "control," who had been told by a jilted woman of a man's [illegible] operations, played stellar roles in a Police Court case yesterday in which the [illegible] was sent to jail for thirty days.

Howard Potter, nephew of the late Bishop Potter of New York, arrived here last evening from Mexico and declared the United States will be forced to intervene to save the lives and property of American citizens there.

There have been four Mexican consuls in this city in the past year, and a fifth arrived yesterday to take office.

[illegible] of society and club women will join [illegible] in the sale of pencils for the benefit of the St. Elizabeth Day Nursery.

SOUTHERN CALIFORNIA. Atty.-Gen. Webb arrived in San Diego yesterday to [illegible] take up the investigation of the [illegible] of the municipality and the I.W.W.

John Sullivan, a section foreman on the Southern Pacific, fell on the streets of [illegible] and died shortly afterward. An investigation proved that a sunstroke had caused death.

The matter of granting a franchise to the [illegible] railroad will come up again tonight in Santa Monica, and a large crowd is expected to attend the Council session and try to prevent favorable action on the petition.

A young woman drank a bottle of chloroform at Long Beach last night. She was seated in a theater with a young man and suddenly left his side, and the building, and made the effort at self-destruction.

A young man who claims to be an embezzler from a New York bank gave himself up to the police of Long Beach and said he wanted to be sent back to New York to take his punishment. The United States Attorney of the District of New York wired the beach officials to hold the man pending instructions.

The Ontario Trustees have put the ban on suggestive motion pictures. The club women of the town started the movement, which met with favorable and immediate response on the part of city officials.

Santa Ana Trustees are buying right of way for an outfall sewer to the ocean. The plan for a sewer farm has been abandoned by the officials because of the objections entered by neighboring towns.

PACIFIC SLOPE. The State Board of Education at Sacramento yesterday ordered the State Text-book Committee to make contracts with a publishing house for the use of revised guide books in English.

Three men died yesterday in the northern part of California from sunstroke; the heat wave has been unprecedented.

The Idaho State Democratic Convention yesterday developed a "Mormon" and "anti-Mormon" fight, and although Champ Clark won the delegation, his manager, former Senator Dubois, was defeated for delegate.

Sluice boxes at an El Dorado county placer mine were found yesterday morning to have been robbed during the night of a thousand dollars worth of gold.

GENERAL EASTERN. The State Senate of New Mexico yesterday sprung a surprise by taking a vote on United States Senator.

Late returns from the Republican primaries in South Dakota yesterday indicated that Roosevelt had carried the State. Wilson had a small lead among the Democrats.

President Taft was awarded Ohio's six delegates at large to the National Republican convention yesterday in short order.

A Chicago report said last night the Republican National Committee, which will meet tomorrow morning, faces a serious array of complications.

Roosevelt's appearance in Chicago at the Republican convention is to be timed as a climax to the decisions of the committee on the Indiana and Kentucky contests, according to last night's dispatches.

An Indiana physician who disappeared two years ago and was declared legally dead six months later, was yesterday found to be residing at Denver, where he had joined his family.

With the arrival of several Republicans prominently identified with the President's campaign for renomination, there was a noticeable strengthening of Taft sentiment in Chicago yesterday, according to last night's report.

Members of the Democratic National Committee at Chicago were said yesterday to be mystified over the disappearance of the committeeman from Nevada, who has been missing from his home at Reno for a year.

WASHINGTON. The circumstances which led President Taft to pardon Willard N. Jones, who had been convicted in the celebrated Oregon land fraud cases, were made public at Washington yesterday.

Senator Nixon of Nevada was critically ill in Washington last night, and doctors said his death was only a matter of hours.

Kentucky Congressman, angered at news about himself, yesterday tried to whip lightweight reporter, after venting himself of much language.

The new American dreadnaught Arkansas met an accident on her trial trip off the Maine coast, according to advices received at Washington yesterday.

A cable message from the Kaiser thanking President Taft for the welcome received by the German fleet at Hampton Roads was made public in Washington yesterday.

WASHINGTON. J. Bruce Ismay yesterday told the British court of inquiry that he considered Capt. Smith fully justified in driving the Titanic at full speed through the ice regions.

FOREIGN. Orozco formally sanctioned attack on Mexico City by Zapata, whose forces day before yesterday won decisive battle within fifty miles of capital; food supplies have risen to prohibitive prices, and people blame Madero.

FINANCIAL. The New York stock market yesterday revolved around crop reports, railway earnings and politics.

The equanimity of the wheat bulls on the Chicago market was disturbed yesterday by reports of light rains in Kansas and Nebraska.

Battle.

SLAIN BY ZAPATA.

Federals Lose at Capital Gates.

Orozco Formally Sanctions Attack on Mexico City by Rebels.

Outrages Committed by Bandits and Indians Terrorize Five States.

Food Supplies Leap to Prohibitive Prices—Madero Is Blamed.

CHIHUAHUA (Mex.) June 4.—Gen. Pascual Orozco, chief of the revolution in Northern Mexico, today formally sanctioned an attack on Mexico City by Emiliano Zapata, rebel leader in the South. An emissary from Zapata was today informed by Orozco that he would permit the attack on the Mexican capital provided the southern leader would not molest foreigners and could dominate the situation. The sending of the envoy to Orosco confirms earlier claims of the rebels in the north that they are acting in unison with those in the south against President Madero.

MEXICO CITY, June 4.—[Exclusive Dispatch.] While Federal troops are pegging away at Orozco rebels at Chihuahua, the Zapata rebels are getting a good deal of joy out of life by slaughtering Madero's scattered detachments in the South. The most recent battle occurred at Tres Marias, State of Morelos, yesterday, in which fight seventy-five out of the 180 Federals engaged, were killed.

First reports from Zapata sources said only twenty-eight out of 200 Federal soldiers escaped. This statement was promptly denied by the government as gross exaggeration and the denial proved true, for twelve wounded Federal soldiers came in on the Cuernavaca train today.

This is the second serious setback for the Madero forces at the same point within two weeks. Tres Marias is only forty-six miles from the capital. In addition to the wounded, scores of half starved refugees crowded in here today and all tell tales of terrible conditions in the States of Morelos, Puebla, Michoacan, Guerrero and Oaxaca. Rebels or bandits, the term seems interchangeable, are committing horrible outrages, their victims being women and children, as well as men loyal to the government, say these refugees. Tsierra Juarez Indians have joined with the rebels in their outlawry and the whole of the States mentioned are seething with revolt.

Three days ago the Indians took the town of Ixatlan, a few miles from the city of Oaxaca, killed the Chief of Police, three of his assistants and a judge, looted the business places and set up a government of their own. They are now threatening the State capital.

Here in the capital business is worse than at any time since the revolution began and many are facing starvation because of the enormous increase in the cost of foodstuffs. What few Americans remain are doing little and all are losing money. The price of sugar has gone up 50 per cent. Vegetables and meat prod-

Political War Horses Gather in Chicago for Convention.

Leading Republicans at Chicago

Are preparing for a big fight in selecting the party nominee for the Presidency. Yesterday they announced their belief from developments that President Taft had the contest as good as won, and predicted a stampede.

HIDING IN LOS ANGELES?

Enrile, Orozco's Financial Genius, Believed to Have Fled to Local Hospital—Wanted by Government.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) June 4.—[Exclusive Dispatch.] Gonzalo Enrile, Orozco's private secretary and practically Secretary of State for the rebel government, is believed to be in Los Angeles or San Francisco at the present time.

One week ago he asked permission of American Consul Marian Letcher to come to El Paso to take treatment for the stab wounds which he received recently in Chihuahua. The consul refused to give him any such permission.

Last Friday night a mysterious special train arrived in Juarez bearing three persons. One is believed to have been Enrile. He was hurried across the bridge and left over the Southern Pacific, the Juarez officials say, for Los Angeles. There he was to have been entered in a hospital under an assumed name as he is wanted in this country on an extradition charge.

Enrile has been actively engaged in financing the present revolution. He was formerly a Mexican consul at Clifton, Ariz., and was also in Italy in the diplomatic service. He joined Orozco soon after he took the field and has been his chief adviser until he was stabbed by enemies in the plaza in Chihuahua.

Accessions.

NEW MEXICO TAKES FIRST HONORS IN HIGHWAY WORK

[BY DIRECT WIRE TO THE TIMES.]

RATON (N. M.) June 4.—[Exclusive Dispatch.] Thirty-one thousand and fourteen members have been added to the Ocean-to-Ocean Highway Association during the tour of The Times car from Los Angeles to the gate city of the Rocky Mountains.

The meeting in Raton tonight puts New Mexico in the lead of the three great Western States, where the Ocean-to-Ocean Highway Association was born. When the men of Raton pledged a membership of 2058 for the chapter of the New Mexico division formed here tonight, first honors were won by the baby State.

Hard-headed business men vied with each other in an effort to take a leading part in the great plan for a national highway. Only seven miles from the summit of the Rocky Mountains, one of the most enthusiastic sessions of the entire trip was held. Many women were present and listened to stirring addresses from Attorney L. S. Wilson, chairman of the meeting, and Rev. Harvey M. Shields, chairman of the Colfax county highway commissioners, Dell M. Potter, national organizer for the Ocean-to-Ocean Highway Association, and others.

OFFICERS ELECTED.

Attorney Wilson, who is one of the prominent good-roads workers of Raton, was chosen president of the local chapter. E. C. Sperry, an automobile dealer, is vice-president; John Cutler, editor of the Raton Range, is secretary, and A. R. Streicher is treasurer. E. W. Conway, city superintendent of schools, was elected chairman of the Committee on Membership, with Attorney G. Leahy, E. L. Fugate, A. R. Davis and C. O. Fisher as his co-workers.

A campaign was started which is to sweep through Colfax county, where chapters of the Ocean-to-Ocean High-

Walk-away.

PRESIDENT WINS OHIO'S SIX DELEGATES-AT-LARGE.

After Committing Itself to Chief Executive by Good Margin State Convention Closes First Session—Taft Strength Manifest When Meeting Is Called to Order. Adjourned Meeting Called for July.

[BY A. P. NIGHT WIRE TO THE TIMES.]

COLUMBUS (O.) June 4.—Ohio's Republican State convention closed its first session in short order today after awarding President Taft the six delegates-at-large to the national convention by a vote of 390½ to 362½. The State ticket, including the new Congressman-at-large, will be chosen at an adjourned session called for July 2.

President Taft's strength in the convention was plainly evident as soon as the meeting had been called to order. In the report of the Credentials Committee, the first order of business, eleven State delegates were added to the Taft strength without a protest from the minority. In the first test of strength—a roll call on the minority report, endorsing Col. Roosevelt—the dgiegates voted 393½ for Taft and 359½ for Roosevelt.

"The action of today's convention clearly shows that the Republicans still have confidence in President Taft," said L. C. Laylin, Taft's Ohio campaign manager.

"If the Roosevelt men in the convention had been permitted to vote for themselves it would have been impossible for the convention to have misrepresented the Republicans of Ohio," said Walter F. Brown, the Roosevelt manager.

Roosevelt and Taft supporters practically agreed that it would be unwise to select a State ticket at this caucus. Accordingly after the selection of the six delegates the convention took a recess until after the national convention at Chicago.

These Taft delegates-at-large were named:

Senator Theodore E. Burton, Harry M. Daugherty, Warren G. Harding, Charles P. Taft, Arthur I. Vorys, D. J. Cable.

Taft's victory in Cleveland and his strength in the cities gave him his victory. Of the eighty-eight counties Col. Roosevelt had a majority of the delegates in fifty-one and President Taft in thirty-four.

Warren G. Harding, former candidate for Governor, who addressed the convention for President Taft, was hissed by Roosevelt supporters when he declared that in supporting the former President "they were driving their Titanic full speed ahead into the ice."

The first actual test of delegates gave Taft a victory by a vote of 393½ to 359½, when the majority report was adopted. On the minority report endorsing Roosevelt, Cuyahoga county (Cleveland) voted forty-five for Taft, eight for Roosevelt. Montgomery county (Dayton) gave its delegation of twenty-nine for Taft. Lucas county (Toledo) gave its solid delegation of twenty-two for Roosevelt.

ROOSEVELT REFERS TO PREVIOUS FORECAST.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, June 4.—The only comment Col. Roosevelt would make today concerning the result at Columbus in the selection of the six delegates-at-large for President Taft was this:

"I will refer you to what I said in my statement last night about the Ohio situation."

In this statement the colonel said that, notwithstanding a majority of 30,000 against Mr. Taft at the Ohio primaries, "the Taft managers in Ohio are straining every nerve and using every means to upset the people's verdict and give the delegates-at-large of Ohio to the man whom Ohio, by overwhelming majority, declared ought not to have them."

Taft Man Goes from Colorado.

DENVER (Colo.) June 4.—[By A. P. Night Wire.] Judge Charles Cavender of Leadville, Republican national committeeman from Colorado, will not attend the National Committee meetings. He has given his proxy to T. H. Devine of Pueblo, a member of the Colorado delegation elected by the Republican State Convention and instructed for President Taft.

Momentum.

TAFT CAUSE PROMOTED.

Sentiment Gaining in Chicago.

Increase in Its Strength Is Partly Due to Arrival of His Managers.

Gen. Dick Says President's Delegates Will All Have Convention Seats.

Rosewater of Omaha Likely to Be Made Chairman of National Committee.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 4.—[Exclusive Dispatch.] There was a noticeable strengthening of Taft sentiment in Chicago today, due largely to the fact that several prominent Republicans identified with the President's campaign for renomination arrived during the day, and each of them expressed confidence that Taft would be the winner at the convention.

Gen. Charles Dick of Ohio, who is looking after the contests for the President, said he expected that all of the Taft delegates whose seats are being contested would be given places in the convention, explaining that their claims were just, and being just, the National Committee would have nothing else to do than to seat them.

John Eversman, right-hand man to Chairman William B. McKinley, came in from Washington and said there was no doubt the President would be renominated. He said it had been a rule of the bureau to make no claim it could not substantiate, and that every vote it had put in the Taft column would be found there when the roll call of the convention was completed.

Victor Rosewater of Omaha, vice-president of the National Committee, who is acting chairman, showed no alarm over the contention of R. B. Howell of Omaha that he [illegible] is of right the national [illegible] from Nebraska, under the law [illegible] State, and that he should be recognized in place of Mr. Rosewater when the committee meets on Thursday to begin consideration of the contests.

Chairman Harry S. New, of the Committee on Arrangements, said that after the National Committee met its first duty probably would be to elect a chairman to serve during the two weeks which the present committee would be in existence. He gave it as his opinion that [illegible] Rosewater would be elected [illegible] the Nebraska member would [illegible] over the deliberations of the committee and would call the national convention to order.

As vice-chairman of the committee, Mr. Rosewater went on record in favor of open sessions to newspaper men while the contests are being heard.

Gen. Dick was asked if he thought there was any danger of any of the Taft delegates being unseated through contests.

"Few lawyers," said the Ohioan, "will consent to try their cases in the newspapers, but I do not mind telling you we expect to win every contest, because right and justice are on our side and we have confidence in the fairness and integrity of the National Committee. We have prepared our cases carefully and we do not believe there is a loophole through which a Roosevelt contesting delegate can get into the convention."

ROOSEVELT PLANS TO APPEAR AS A CLIMAX.

[By Federal (Wireless) Line to The Times.]

CHICAGO BUREAU OF THE TIMES, June 4.—[Special Dispatch.] That Mr. Roosevelt is to storm the portals of the Republican convention next week, is the positive declaration of one of the campaign managers who arrived from Washington today. The latest Roosevelt plan is said to contemplate his arrival in Chicago before the convention proper is under way, and while the National Committee is in session determining the contests which will practically settle the nomination. His appearance in the middle of things is to be timed as a climax to the decision of the committee on the Indiana and Kentucky contests.

The stage setting portrayed by the declaration of the leaders today is that by the time Kentucky is reached in the alphabetical roll call of State contests, Taft will have the situation well in control, and at the critical moment the Rough Rider will dash into the scene and call a halt on the flattening of the Roosevelt contests.

"We have the delegates and we are going to hold them and insist on our rights in the committee," declared John C. Everman, secretary of the Taft campaign bureau, who arrived here today. "There is no doubt that Roosevelt will be here while the committee is in session, from reports I have received."

"Today the Roosevelt managers can be quoted as saying Roosevelt will not come out here, but it is impossible to say what may develop tomorrow," said one of the Roosevelt managers.

Charles D. Hilles, secretary to the President; Congressman William L. McKinley, manager of the Taft campaign, and Roy T. Vernon, director of the literary bureau, will arrive tomorrow, and the Taft headquarters, occupying most of the G floor in the Congress Hotel, will be in full swing.

John Ryan of San Francisco, the

Sixty-second Congress.

LORIMER ON TRIAL AGAIN.

Senator Kern Opens Fire on Illinois Colleague.

Declares Senate Has Right to Reopen Case.

Accused Sits Near and Hears Himself Arraigned.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, June 4.—The second trial of Senator Lorimer of Illinois on the charge of having been elected by corrupt methods was begun in the Senate today with a speech by Senator Kern of Indiana, a member of the Investigating Committee, who signed the minority report against Lorimer.

Senator Kern gave especial attention to the plea that the case had been settled by the Senate's vindication last year. That plea, he said, had been reached only at the last moment. He said he would not admit its validity, it had come too late, and that the plea itself was "res judicata."

Reminding the Senate that under the Constitution it is the judge of the qualifications of its own members, Mr. Kern contended it was competent for that body to proceed at any time in any matter involving the integrity of its membership.

"There was no suggestion by Senator Lorimer or any one on his behalf, that the Senate had not ample power to make a reinvestigation of his case," said Senator Kern. "He tacitly acquiesced in the Senate's action. He appeared in person and by counsel before the committees during the investigation, cross-examining all witnesses called by the committee and examining scores of witnesses in his behalf."

Mr. Kern declared that if any of the committee believed that questions being investigated were "res judicata" they were strangely reticent in not mentioning it, while permitting the continuation of the investigation at a cost of more than $50,000. He refused to concede that the proceedings were analagous to a civil action at law, but argued that if they were, the granting of a new trial, even on the sole ground of newly-discovered evidence, opened the case for a complete reinvestigation.

"It now is too late for Senator Lorimer to be permitted to urge this remarkable defense," declared Senator Kern.

Mr. Kern said he believed the first investigation had been incomplete and had failed to develop facts which must have been accessible.

Senator Lorimer occupied a seat near Mr. Kern, giving careful attention to his arraignment. There were many visitors in the gallery.

Senator Kern praised the personal reputation of Mr. Lorimer, and said that but for his convictions regarding the gravity of the charges he would not be found engaged in the disagreeable task of a prosecutor.

Justification.

ISMAY DEFENDS SMITH'S COURSE.

SAYS HIGH SPEED OF TITANIC WAS WARRANTED.

Tells British Court Object Was Partly to Determine Ship's Capacity and Partly to Get Out of Ice Before Fog Closed Down—Questioners Persistent.

[BY A. P. NIGHT WIRE TO THE TIMES.]

LONDON, June 4.—J. Bruce Ismay told the British Court of Inquiry today that it had been planned to drive the Titanic at full speed during a few favorable hours of her maiden trip and that he considered Capt. Smith fully justified in going at full speed through the ice regions, so long as weather conditions made it possible to see ice ahead.

Lord Mersey, the head of the Court of Inquiry into the disaster to the White Star liner, repeated the question whether the witness thought the captain was justified in his action, adding, "At either day or night?"

Ismay replied in the affirmative.

The chief engineer had arranged before the steamer left Queenstown that, the weather being favorable on either Monday or Tuesday, the vessel would be driven at full speed for a few hours, Mr. Ismay said. The witness also said a wireless dispatch Capt. Smith handed him on Sunday had indicated to him that the Titanic would reach the ice region on that evening. The collision occurred shortly before midnight Sunday night.

Ismay insisted that he had nothing to do with the navigation of the ship, but Sir Rufus continued to press him regarding the speed of the Titanic and the warnings of ice in her path which were received. The Attorney-General also complained that the witness was not frank.

He had not attached importance to the captain's handing him the message regarding the ice, Ismay said, and had not had any conversation with any officers with respect to the message.

"Why did the captain hand it to you?" asked the Attorney-General.

"For my information," was the reply.

"What was the use of going at full speed through the ice at midnight?"

"I suppose they wanted to get out of the ice. They would not want to wait and take a chance of fog coming down. They were justified on a clear night in going through as quickly as possible and even might have increased the speed to get out of the ice field."

Painting Sold for Price of a King's Ransom

Regnault's "Salome."

The record price of $105,600 was paid for this painting. Henri Regnault's "Salome," at a recent art sale in Paris. This fabulous price was paid by Messrs. M. Knoedler & Co., of New York and Paris. The masterpiece was bought at the sale of the collection of paintings of Mme. la Marquise Landolfo Carcano, and an effort was made to purchase it for the Louvre. After "Salome" had been knocked down to him, Mr. Knoedler announced that he would give to the Louvre a two months' option on it at the same price without any commission.

RIOTS IN BELGIUM.

(Continued from First Page.)

the church schools be paid for by the church, not by the government.

The Liberals who decided that what the industrial masses really craved was universal suffrage, consented to add this measure to the joint liberal and socialist programme. This also included abolition of the plural system of voting which has long been detested by the laboring elements. Many Belgians have two or even three votes. Fatherhood and a small money qualification entitle them to a second vote, while certain educational qualifications entitle them to a third. The socialists assert that this strengthens the conservative or clerical force at the elections at the expense of the masses in the great manufacturing centers.

At Antwerp one battalion of Scouts and a section of artillery of the civil guard joined the manifestants. They rebelled against the police authorities and vented their feelings in demolishing windows. The clerical press demands the dismissal of these troops.

Several persons were killed and a score wounded in the exchange of volleys between mounted gendarmes and rioters at Liege.

In addition to the troubles at Liege and Verviers, where gendarmes fired upon a crowd, killing or wounding more than fifty persons, among whom were two children, there were less serious rioting at Bruges, Lournal, Ghent, Louvain, Antwerp and in this city.

Several Jesuit colleges and Catholic institutions were attacked and the windows smashed. The gendarmes charged the rioters with drawn swords.

The fatal encounter occurred near the socialist headquarters known as "Populaire." Firing revolvers in the air, the Protestants advanced through the streets, sacking stores and cafes as they went. After they had arrived at the headquarters several shots were fired from within upon the mounted gendarmes.

The commandant, thinking the soldiers were about to be overwhelmed, gave the order to fire at will and several persons fell in the hail of bullets that followed, some being instantly killed. At Liege enormous damage was done by the rioters last night. Today the streets were piled high with broken tables, chairs, bolts, planks and stones, the arms used by the mob in attacks upon the police.

The tramways were wrecked. In the Place St. Lambert, the rioters overturned the street cars and used them as barricades from behind which they hurled missiles at the police, injuring several.

The favorite cries of the rioters are those demanding the administrative separation of the Flemish and Walloon provinces. Some of the newspapers report a growing sentiment among the working classes in the Walloon districts of the southeast in favor of annexation to France. Fifty thousand additional reservists will be called out, it was said today. The agitation is spreading throughout the country.

The Socialist leaders declare they made a mistake in entering into a coalition with the Liberals at the recent election. Henceforth they will struggle separately.

The new Chamber of Deputies will contain 101 Clericals, forty-four Liberals, thirty-nine Socialists and two Democrats, or a clerical majority of sixteen over the opposition coalition.

It is believed that any spread of the agitation will result in trouble among the Socialist working classes. The miners at Seraing, Jemeppe and Flemalle Grande have struck.

GIRL SLAYS HERSELF.

Drinks Carbolic Acid After Penning Pathetic Note to Friend and Sister at Fresno.

[BY DIRECT WIRE TO THE TIMES.]

KANSAS CITY (Mo.) June 4.—[Exclusive Dispatch.] When Mrs. Mary Bower returned home this afternoon she found Miss Mable Kraft, 30 years old, a stenographer whom she had met on a train coming to Kansas City from St. Louis May 8, and who had made her home with her since their arrival, lying on a bed dead. She drank carbolic acid because of her inability to obtain work. The following note was found:

"Dear Mrs. Bower, tell papa, William Kraft at Grant Fork, Ill., and he will send you money. Be sure to let Pearl know all. Send word to her, care of Burnett Sanitarium, Fresno, Cal.

"Keep my bracelet, but don't let anyone take my ring. I know heaven will reward you. I cannot.

"I know I will be at rest, anyway, as the folks at home have long ceased to care for me except mamma, so no one will mind. after all."

The following was on a separate sheet of paper, Evidently her mind was wandering:

"Pearl, dear old Pearl will do, do just what you think is best, Mrs. Bower. It will all be over in a few days and everything will be the same as before. With love and love and love to you all. (Sig) Mable."

"P. S. Give Pearl what she wants of mine."

"I met Miss Kraft on the train coming from St. Louis May 8," said Mrs. Bower tonight. "She told me she was coming to Kansas City to look for work. I suggested that she go home with me and have lunch. When we got home we were tired and my mother insisted that she stay with us. She seemed to be a very refined girl. She often spoke of her people but never alluded to any family troubles. We sent telegrams to her father and sister, who is a graduate nurse in California."

SISTER PROSTRATED.

FRESNO, June 4.—Miss Pearl Kraft, older sister of the young girl who committed suicide in Kansas City, was shocked tonight when informed by a newspaper reporter that her sister had taken her life. Early in the evening Miss Kraft received a telegram stating her sister was dead, but no particulars were given. Miss Kraft said that her sister had always been of a despondent nature, but she never dreamed of her committing suicide. Miss Kraft has not seen her sister for nine years.

Miss Kraft's parents reside in Holland, Ill. She declared her younger sister was visiting friends in Kansas City and that the last letter she received from her was of a cheerful nature. Miss Kraft is a nurse at the Burnett Sanatorium here.

DIED FROM HEAT.

FRESNO, June 4.—[Exclusive Dispatch.] John Sullivan, a section foreman on the Southern Pacific Railroad, fell on the street today from the heat and died a few hours later in a local sanatorium without regaining consciousness. Sullivan is a single man and about 50 years of age. Before falling on the street Sullivan was in a grill and sat at a table, but did not order any meal. He left the restaurant and fell as he started across the street. Sullivan was rushed to the emergency hospital and later to the sanatorium. Fresnoans are still suffering from the heat. The thermometer today reached 105 deg. Cooler weather is predicted for tomorrow.

TAFT CAUSE PROMOTED.

(Continued From First Page.)

assistant publicity manager, took charge today.

Senator Joseph H. Dixon, manager of the Roosevelt campaign, and O. B. Davis, head of its press bureau, will arrive at the same time.

The proposal to permit newspaper men to sit in at the sessions of the National Committee when the 234 contests are under discussion, was approved both by Ormsby McHarg and former Senator Charles Dick, respectively, contest managers for Roosevelt and Taft.

"We always favored open hearings and stood for them four years ago," declared McHarg.

"There is never anything we care to cover up," added Committeeman Carl Wight of Louisiana. "Gen. Powell Clayton, the Taft leader, assured me he is in favor of that and the sessions probably will be open."

"I favor open sessions myself, but I believe business would be expedited by having them closed," declared Mr. Dick. "We expect to win every one of the contests and want the public to know the truth."

An array of lawyers will assist Mr. Dick in different cases. Col. F. C. Bryan, his law partner of Akron, O., and Joseph Keating of Indianapolis will be the first aides.

Word came today from two Yale classmates of President Taft, Samuel J. Elder of Boston and Foster V. Brown of Chattanooga, stating they are also coming.

COMMITTEE FACING SERIES OF TANGLES.

[BY A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO, June 4.—Preparations were completed tonight for the meeting of the National Republican Committee Thursday morning. The committee faces a tangle such as perhaps has never confronted a national committee of the party on the eve of a convention.

The right of newly-chosen committeemen to seats; the question of open hearings of the more than 200 delegate contests; the prospect of a fight to the finish on the selection of Senator Root for temporary chairman, and the belief that Col. Roosevelt and his associates will carry into the convention their fight for the seats of their contesting delegates, are some of the problems engrossing the attention of Chairman New and the other members of the Subcommittee on Arrangements.

It is the belief of national committeemen now in the city that the right of R. B. Howell of Nebraska to the seat now held by Victor Rosewater, will be settled when the committee meets Thursday morning. The calling of the roll will bring Mr. Rosewater's seat into controversy, it is said. If the contest be decided against Mr. Rosewater, which is not expected, an effort will be made, it is thought, to name Mr. Rosewater as chairman of the committee, to serve until the committee shall go out of existence after the national convention.

Roosevelt forces are expecting the arrival of National Committeemen William L. Ward of New York, who is looked on as the prospective leader of Roosevelt activities in the National Committee. Reports that William Barnes, Jr., Taft leader in New York, might hold a proxy in the committee, complicated the situation today.

ROSEWATER MAY PRESIDE.

The National Committee will meet at 10:30 o'clock Thursday morning. Its first regular business will be to name a chairman. Acting Chairman Rosewater probably will be named to succeed the late John F. Hill of Maine. Consideration of new rules and other preliminary business will occupy Thursday's sessions and contest cases probably will not be taken up until Friday.

The first note of enthusiasm was thrown into hotel corridors tonight when part of the Roosevelt national headquarters force arrived from Washington. A group of a dozen employees of the headquarters gathered around the hotel desk and signalized the arrival by singing a parody on the "Houn' Dawg" song, the chief refrain of which ran:

"You bet they ain't a-kickin' Teddy's dawg aroun'."

Rumors were current today that Col. Roosevelt would be on hand before the convention preliminaries were out of the way. It was said by Republican leaders who arrived from the East that the colonel expected to be on hand not only to take part in convention proceedings, but to direct the activities of the Roosevelt "flying wedge," which is being organized and drilled for propaganda work among the delegates.

NEW CONTESTS FILED.

Two new contests and two cases where the number of delegates exceeds the allotment were added today to the cases prepared for submission to the National Committee. In the fourth Virginia and the third North Carolina districts contest cases have been prepared; and in the thirteenth and the sixteenth Missouri districts, double the number of allotted delegates were chosen.

The number of contested delegates now recorded by the committee, including cases where extra delegates were chosen, now number 238. Additions may be made to this number. Secretary Hayward received telegrams from the two factions in Arizona, announcing the proposed filing of contest briefs. The Arizona cases will not be taken up in regular order, but will be held up until the briefs are on hand.

It is said by Taft leaders that, although Senators Penrose of Pennsylvania and Crane of Massachusetts will arrive tomorrow and be here when the committee organizes, they will be represented by proxy during later sessions. Representative Martin E. Olmstead will sit for Senator Penrose, and Representative George Lawrence for Senator Crane, it is said, so that the two Senators may return to Washington.

Chairman New, of the Subcommittee on Arrangements, said today that the committee would "have to go outside the New family" to fill that position in the future.

"My father was the first chairman of that committee, in 1880," said Mr. New. "He was chairman of it three times, and I have been chairman three times, but I am through with it. They will have to go outside the family next time."

"The committee has no reason for refusing the newspaper men admission to the arguments of cases," said Acting Chairman Rosewater, "if the principals themselves want the session open. The committee has never conducted 'star chamber proceedings,' for attorneys for both sides have been present when cases were argued."

But one proxy is to be held in the committee's sessions, so far as can be learned. Thomas H. Devine will represent Colorado in place of National Committeeman Charles E. Cavender.

Several informal meetings of the opposing elements in the committee are expected, preparatory to the assembling of the full committee Thursday for its work of organization. Word was received at headquarters that A. Perkins, national committeeman from Washington, because of an accident, would be delayed in arriving for the national committee meetings possibly until the last day. It was said his proxy probably would be given to William Barnes, Jr., of New York.

James A. Comer and W. S. Holt of Arkansas, representing the Roosevelt contests, had a long conference today with Ormsby McHarg, attorney for the Roosevelt interests.

John Everman, assistant to Representative McKinley in the Taft national headquarters, arrived from Washington.

WILL RENEW CONTEST.

Theodore Roosevelt's determination to renew the fight on Senator Root for temporary chairman and to bend every effort to his defeat when the Republican National Convention is opened June 18, caused general unrest today among the Republican leaders and national committeemen who already have arrived for the pre-convention work.

It was apparent that the Roosevelt leaders in the West had expected no fight against Senator Root's appointment, but Alex H. Revell and Edward Sims declared themselves in accord with Col. Roosevelt.

Victor Rosewater of Omaha, acting chairman of the national committee, said the action of the sub-committee on arrangements in picking Senator Root was final unless some member of the national committee demanded that it be reviewed by the full committee.

It is said an active Roosevelt man on the national committee may bring up for review the appointment of Root, but the committee, it is believed, will sustain Chairman New and his sub-committee, throwing the fight on the floor of the convention.

YOUNG IS BEATEN BY LARGE MARGIN.

[BY A. P. DAY WIRE TO THE TIMES.]

DES MOINES (Iowa) June 4.—Additional returns from over the State today did not materially change Senator Kenyon's majority over La-Fayette Young in yesterday's State-wide primary.

The slowness with which the returns are coming in made it impossible to state with any degree of accuracy the Republican nominee for Governor. Reports still indicate that George W. Clarke is ahead of his nearest opponent, Perry G. Holden.

On the Democratic side the few later reports tabulated today showed E. G. Dunn of Mason City to be leading his opponent, John T. Hamilton of Cedar Rapids, for the gubernatorial nomination.

Returns collected today from 520 scattering precincts in the State, outside of Des Moines and Polk county, showed that Kenyon received 37,000 votes and Young approximately 18,000 votes in these precincts.

The Democratic vote throughout the State was the lightest in a number of years.

In making an analysis of yesterday's primary vote, Mr. Young's managers said:

"We attribute the result to the dissatisfaction of the voters of Iowa caused by Taft carrying the Iowa delegation and then losing his own State. The overwhelming defeat in New Jersey started a tidal wave of progressiveness."

Recriminations.

DUBOIS BEATEN FOR DELEGATE.

IDAHO DELEGATES INSTRUCTED FOR CHAMP CLARK.

Former Senator Managing Campaign for Missouri Candidate Figures in Bitter "Mormon" and "Anti-Mormon" Fight, and is Not Permitted on Delegation.

[BY A. P. NIGHT WIRE TO THE TIMES.]

COEUR D'ALENE (Idaho) June 4.—The Idaho State Democratic convention selected sixteen delegates to the Baltimore convention, each with half a vote, instructed for Champ Clark, but former United States Senator Fred T. Dubois, manager of the Clark national campaign, was not among them.

The Dubois forces maneuvered for every point, but were defeated at every turn by the determined anti-Dubois majority. The presentation of Dubois's name with twenty-three others for places on the delegation let loose a flood of indorsement and of condemnation. In an instant charges and recriminations were flying between the rival factions, and the convention broke into shouts and cheers.

Judge K. I. Perky, a Dubois leader, clearly outlined the fight as "Mormon" and "anti-Mormon," when he proposed as a compromise measure that Dubois and B. P. Miller, D. L. Evans and George H. Fisher, the candidates of the so-called "Mormon" counties of Oneida and Bannock, be elected delegates-at-large by acclamation. This proposal was voted down, it being charged that the selection of Dubois was as a red flag to a bull to the Democrats of Southeastern Idaho and that it was useless to expect to elect a Democratic ticket in the State if Dubois again was to become a dominant figure in Idaho politics.

A proposal to name Dubois a delegate-at-large without reference to other candidates was decisively defeated, and when the twenty-four candidates were balloted on, as a whole, Dubois lacked over ninety votes of the necessary majority. The fight was continued in the selection of National Committeeman Robert H. Elder, the anti-Dubois candidate, being selected on the second ballot over K. I. Perky and Jerome J. Day, Day withdrawing on the second ballot.

Gov. Hawley was selected as a delegate by acclamation. In his address to the convention he made a spirited attack on the conservation policy of the Republican administration and declared that the Republican party was held together by the cohesive power of public plunder.

TAKES VOTE ON SENATOR.

State Senate Springs Surprise in New Mexico—House Will Endeavor to Defeat Senator Fall.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SANTA FE (N. M.) June 4.—The State Senate sprung a surprise this noon by balloting for United States Senator to succeed Albert B. Fall, whose term expires March 4, 1913. The ballot resulted:

Republicans—Albert B. Fall, 15; W. H. Andrews, 1; B. F. Pankey, 1.

Democrats—Summers Burkhart, 1; Felix Martinez, 3; E. C. DeBaca, 2; H. B. Ferguson, 1.

The House took no ballot.

The Senate took the ballot under the Federal law requiring such ballot the Tuesday after official notification of an impending vacancy. The House majority will fight bitterly the effort to re-elect Senator Fall and has the support of the Democratic minority of the Senate.

Rt. Rev. John Sheepshanks Dead.

LONDON, June 4.—[By A. P. Day Wire.] The Rt. Rev. John Sheepshanks, Bishop of Norwich from 1893 to 1909, and a noted writer, died yesterday.

Theaters—Amusements—Entertainments.

ROBBERS RAID SLUICE BOXES

Eldorado County Placer Mi Plundered at Night.

Thieves Get Away With Go Dust After Rich Run.

They Are Unable to Gain Ac cess to All the Riffles.

[BY DIRECT WIRE TO THE TIMES.]

PLACERVILLE (Cal.) June 4.—[Exclusive Dispatch.] The Carpende mine at Smithflat was robbed som time between 12:30 o'clock and o'clock this morning. The robber o robbers got away with about $100 worth of gold from the sluice box.

Sheriff Hand and Deputy Constabl George Maylone went to the mine bu were unable to obtain a clew to th number or identity of the robber o robbers. The discovery of the robbery was made this morning when the day shift went to work.

About four feet of the sluice box was robbed. The only reason a large sum was not taken was because th uppre part of the sluice box is so locked as to be proof against robbery. The gold and gravel were taken from the riffles and folded in a barley sack, which had been hung near by. Whoever robbed the box went to the blacksmith shop and there got a pick to pry off the top of the sluice box.

Bert Carpender has been superintendent at the mine, which has been working on a test run several days, for E. N. Walker, who represents H. L. Taylor, a mine-owner of Oakland and the East. It was evidently known to some one on the outside that a rich run of gravel had been struck.

FIRST LOCATOR WINS.

Time of Location and Not Time of Discovery Prevails in Mining Dispute, According to Decision.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—A decision which it is believed will have an important bearing on the interpretation of Federal mining statutes was handed down by the United States Circuit Court of Appeals here today, in the case of F. E. Becker against John L. Long, Louis Schmidt and George Moore, for the possession of valuable gold property in the Fairbanks district of Alaska.

The court held that the time of location and not the time of discovery establishes title in disputes through the overlapping of claims. The decision, which was written by Judge W. W. Morrow, affirmed a decision of the lower court, giving Becker title to the land because he was the first locator.

ESTATE IS DISTRIBUTED. PARTLY IN LOS ANGELES.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—After eight years of litigation, an order was signed in the Superior Court here today, directing the distribution of the estate of Simon H. Seymour, merchant and capitalist, valued at the time of his death at $718,642, consisting chiefly of realty here and in Los Angeles. The residue distributed today will go to George Kordmeier of St. Louis and other heirs in that city and Germany, Seymour's widow having died in 1906.

ADJUSTING LAND MATTER. STATE QUOTA OVERDRAWN.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, June 4.—Surveyor-General W. B. Kingsbury and Asst. Atty.-Gen. Malcolm Glenn left this afternoon for Washington for the purpose of concluding the settlement with the Federal Land Office in the matter of the overdrawn lieu lands which the Federal government declares the State owes to the United States. There are, it has been announced, 12,000 acres overdrawn, and the Federal authorities refuse to list new lieu land entries until the State settles up for the old.

POISONED BY POTATOES. CHILD EATS THEM RAW; DIES.

[BY A. P. NIGHT WIRE TO THE TIMES.]

ARBUCKLE (Cal.) June 4.—Lawrence Bernard, aged 5, is dead, and Bessie Bernard, his sister, aged 3, and William Hewitt, aged 5, are in a serious condition, as a result of eating raw potatoes. The children were at the home of their grandmother, Mrs. J. W. Hewitt, in this place, Sunday, and, in playing about the yard, they came upon a quantity of unsalable potatoes Mrs. Hewitt had secured from a local store to cook for her chickens.

KNOT IS TWICE TIED.

Wedded in Yuba County on License Issued in Sutter, Error Is Quickly Remedied for Couple.

[BY A. P. NIGHT WIRE TO THE TIMES.]

MARYSVILLE (Cal.) June 4.—To be the contracting parties in two wedding ceremonies in one day, one of the weddings being held in a street car traveling at the rate of ten miles an hour, was the experience of Chris Christenson of Nicolaus, Sutter county, and Miss Elvina Stampson of this city, yesterday.

The couple journeyed to Yuba City late yesterday afternoon and procured from County Clerk Green a license to wed. They came across the Feather River to Marysville, in Yuba county, sought the Rev. Fletcher Cook of the Episcopal Church, and were made man and wife.

While partaking of a wedding supper the fact that they were illegally married dawned upon them. The pastor had not questioned the legality of the license, but the fact remained that they had been wed in Yuba county on a license issued in Sutter county.

The minister was hurriedly sought, and the wedding party boarded a street car that crosses the river into Sutter county. As the car was descending the grade at the Yuba City end of the Feather River bridge, the Rev. Mr. Cook repeated the words he had used an hour before, and the couple were legally married.

BERKELEY (Cal.) June 4.—The appointments to the Willard D. Thompson memorial scholarships for students from the State of Utah, were announced at the University of California yesterday. The fund was founded in 1907 by Mrs. Jennie D. Thompson of Salt Lake City, in memory of her son, William Dawson Thompson, of the class of 1895 of the University of California. The five appointees are: James Blood Linford, Logan; Agnes Nina Nolan, Salt Lake; Charles Yale Pfoutz, Salt Lake; John Gray McQuanie, Beaver; Alvin George Ford, Murray.

JAPANESE TRADE GROWS.

OUR SALES THERE INCREASE.

[BY A. P. DAY WIRE TO THE TIMES.]

SEATTLE, June 4.—"The sale of American products in Japan has increased phenomenally during the last year, the total increase being $13,000,000," said Thomas Sammons, American Consul General at Yokohama, in an address at the Seattle Chamber of Commerce yesterday.

"Japan sells one-third of her total exports to the United States and buys between 15 per cent. and 16 per cent. of her imports here, making us first in the matter of imports from Japan and third in exports to the country."

Mr. Sammons, who is on a sixty-day leave of absence, is on his way to Cambridge, Mass., to attend the commencement exercises at Harvard.

WAGS ACT AS BARBERS.

Use Clippers and Razor on Sleeping Individual in San Francisco Park With Fantastic Effect.

[BY A. P. DAY WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—When Albert Reese was arraigned on a vagrancy charge in a police court here today, one-half of his head and face was hidden in a jungle of hair and beard. The other half had been neatly deforested. A sharp meridian from the back of the neck to the forehead set off the nude area.

"How did it happen?" asked Police Judge Shortall.

"Your honor," replied Reese, "I went to sleep in the park, and this is what they did to me. I didn't know anything about it until I woke up."

"Don't you know who did it?" asked the judge.

"No," said Reese, "unless they sent the landscape gardener out to do some work and he made a mistake and—"

"That will do," interrupted the judge. "Case continued one week."

STUDENT DROWNS IN BAY.

DISAPPEARS FROM FELLOWS.

[By Federal (Wireless) Line to The Times.]

MENLO PARK (Cal.) June 4.—[Special Dispatch.] Eugene Cronan, 23 years old, a student at St. Patrick's Seminary, was drowned in Dumbarton Bay last night while bathing with several fellow students. His body was recovered an hour later. Young Cronan, who was studying for the priesthood, left the seminary with his companions about 4 o'clock for the bay. While some of his companions decided to go rowing, Cronan and others prepared for a swim. Shortly after diving into the water Cronan made for one of the boats propelled by his classmates. He grasped the stern and playfully splashed water upon the occupants of the boat. Suddenly he released his hold and disappeared. It is thought he was seized with cramps. The parents of Cronan reside in Oakland, where the remains have been removed.

WEBB AGAIN ON THE FIELD.

Attorney-General Wrestling San Diego Problem.

Orator Billed to Speak Has Change of Heart.

Long Beach Woman Conducts W.C.T.U. Programme.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN DIEGO, June 4.—Atty.-Gen. U. S. Webb returned to San Diego from the north today and in response to a question as to the possibility of martial law in this city stated that "any peace-loving community had nothing to fear from State intervention."

Aside from that one declaration, the Attorney-General had little to say. He stated that the question of discharging the present county grand jury and impanelling a new one to investigate the Industrial Workers of the World disturbances which the citizens of San Diego were said to be generally opposing, was a matter for the Superior Court to decide. Judge W. R. Guy was expected to settle the matter tomorrow when the present grand jury was scheduled to meet again after a recess of several days.

It was said that another attempt would be made today to test the city's "move on" ordinance. It was stated that a man would speak outside the restricted district.

A large crowd gathered to hear him. The police were present and citizens generally, including many alleged "vigilantes" went to the place where he was expected to talk, but he did not appear.

The so-called "vigilantes" planned to greet him with a display of automobiles which were due to drive back and forth on the street to interrupt his speech, but his failure to reach the scene prevented the demonstration on the part of the motorists.

Raymond Benjamin, chief deputy Attorney-General, held a long conference today with Fred H. Moore, the attorney who has represented many Industrial Workers under arrest. It was said their meeting had something to do with the failure of the scheduled attempt to test the "move on" ordinance, but no official statement on the matter was obtainable.

CHARGES MURDER.

WOMAN'S SON ACCUSER.

[BY A. P. NIGHT WIRE TO THE TIMES.]

REDDING, June 4.—Returning from the funeral of his mother today, Williams Clementes of Oroville swore out a complaint against W. C. Landis of Buckeye, charging him with the murder of Mrs. W. C. Bradford, whom Landis shot dead in her front yard last Friday night, during a quarrel. A warrant was served on Landis in jail. "I am not worried; only inconvenienced," said Landis, who maintains that he shot in self-defense.

Railroaded.

STATE BOARD VOTES IN FAVOR OF GUIDE BOOKS.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, June 4.—By getting President McLain of the Fresno State Normal School here from Fresno on a special trip, and by overriding what is considered ordinary parliamentary usage, the State Board of Education at a meeting tonight succeeded in passing a motion ordering the State Text-book Committee to enter into contracts with the Silver-Burdette Publishing Company for the use of the revised guide books in English, for the adoption of which the publishing house has been fighting during the past sixteen months. The books are ordered to be used in the schools for the next four years.

Gov. Johnson, President Edward L. Hardy of the San Diego State Normal, and President Allison Ware of the Chico State Normal, voted against the adoption of the books. By the addition of Dr. McLain of the Fresno Normal, the five who voted for adoption at Monday's meeting were enabled to get their motion passed. These five were President Benjamin Ide Wheeler of the State University; State Instruction Superintendent Edward Hyatt; President M. E. Dailey of the San Jose State Normal; President Millspaugh of the Los Angeles State, and Dr. Aletis F. Lange of the education department at the State University. Dr. Frederick Burk of the San Francisco State Normal, who has led the fight against the books, was silent.

Further reductions were made in the prices of the copy books used in the schools. Instead of 8 cents apiece, the price during past years, the price hereafter is to be 6 cents. The reduction was made on recommendation from State Printer Friend W. Richardson that the manufacturing price be set at 3 cents each. None of these books are now being printed, over-stocking and over-manufacture during a former administration of the office having resulted in a supply that will last five years or more.

According to figures compiled by the State printer, the reductions in text-books decided upon by the State education board on Monday will result in an annual saving to the school children of at least $42,904.79.

Unprecedented.

THREE DIE OF HEAT IN NORTHERN PART OF STATE

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—Three deaths from sunstroke trickled into the news today, as an aftermath of the departing heat wave. It was normal in San Francisco today, with a maximum temperature of 70, and cooler along the coast of Central California in general, but the heat still hung over the Sacramento and San Joaquin valleys.

In Fresno the mercury climbed to 106 for the third consecutive day.

Cloudy and cooler weather for the interior and continued cool weather on the coast is predicted for California tomorrow.

Of the three deaths two were Italian laborers, of whom one died at Lodi yesterday, being the first sunstroke ever known there, and the other at San Jose, also yesterday. Charles Atterbury, head of a survey party for the Oakland, Antioch and Eastern Railroad, died at Dixon today.

DIES IN AN ORCHARD.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN JOSE, June 4.—An Italian laborer, whose name has not been ascertained, was overcome by the heat yesterday afternoon while at work with the construction gang of the new Alum Rock Railroad. He recovered soon, apparently, and wandered off into an orchard, where his body was found this afternoon. The foreman had supposed that he had gone to the house of some friend in the neighborhood.

STRICKEN ON A RANCH.

[BY A. P. NIGHT WIRE TO THE TIMES.]

LODI, June 4.—Alexander Bendetti, an Italian laborer, while working with Charles Tanner on the Girard ranch, two miles west of Lodi, died from sunstroke yesterday afternoon about 3 o'clock. He leaves a widow and three children. This is the first case of sunstroke ever known in this vicinity.

SURVEYOR IS STRICKEN.

[BY A. P. NIGHT WIRE TO THE TIMES.]

DIXON, June 4.—Charles Atterbury, head of a survey party of the Oakland, Antioch and Eastern Railroad, was overcome by the heat and the effects of slough water while working near Maine Prairie yesterday afternoon, and died last evening. Atterbury was about 40 years old. The father of the dead man arrived this morning from San Rafael. Deceased leaves a widow and two children living at Palo Alto.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play, and when it sulks drowsily or cries you may depend upon it, somthing physical is the matter. If you see no evidences of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction in the morning. After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone.

All classes of good American people keep it in the home for ills of the stomach, liver and bowels. It has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington Street, Monticello, Ill. Your name and address on a postal card will do.

MARRIED IN SPOKANE.

Miss Grace F. Daniels, Known in Los Angeles, Becomes Bride of Physician in Northwest.

[BY DIRECT WIRE TO THE TIMES.]

SPOKANE (Wash.) June 4.—[Exclusive Dispatch.] As the result of an acquaintance extending over several years, Miss Grace F. Daniels, who figured in the famous Sidney Love divorce case, and Dr. W. T. Phy were married here today. Both are well known in the city, Miss Daniels having been prominent as a singer and Dr. Phy being a leading physician and club man.

The wedding ceremony was celebrated at the home of Mr. and Mrs. J. H. Featherstone, intimate friends of the bride and bridegroom, by the Rev. Dr. E. L House, pastor of Westminster Congregational Church. Mrs. Phy is the daughter of Joseph Daniels, a prominent lumber man of Mitchell, S. D. She recently returned from Los Angeles, where she spent the winter with a married sister, Mrs. A. A. Hummell, and where she continued her musical studies. She formerly attended McAlester College, St. Paul, and the College of Music in Cincinnati.

ANGELENO WEDS IN NORTH.

Lawrence B. Gile and Miss Evelyn Hill Are Married at Vancouver. Groom is Local Business Man.

[BY DIRECT WIRE TO THE TIMES.]

VANCOUVER (Wash.) June 4.—[Exclusive Dispatch.] Lawrence B. Gile of Los Angeles and Miss Evelyn Hill, daughter of Mr. and Mrs. James N. Hill, were married at St. James Catholic Church here at 10 o'clock today, Rev. Father Verwilghen officiating after low mass was celebrated. The bride wore a white serge tailored suit and carried a huge bouquet of bride roses. Miss Lucile Condra was bridesmaid and Charles Hasson best man.

A reception was given this afternoon at the home of the bride's parents on Thirteenth street from 3 to 5 o'clock. Mr. and Mrs. Gile went to Portland at 6 o'clock and from there to Los Angeles, where they will make their home, where Mr. Gile is secretary of a hardware company.

Miss Hill was born and reared in Vancouver and her popularity was attested tonight when a dozen girls of the Latare Society of the Catholic church followed the bridal couple to the ferry and showered them with rice, old shoes and good wishes.

MURDER JURY INCOMPLETE.

CLEMENTS'S TRIAL IS ON.

[BY A. P. NIGHT WIRE TO THE TIMES.]

STOCKTON, June 4.—Zollie Clements, confessed murderer of five men and formerly a highly respected employee of a local furniture dealer, was placed on trial in Judge C. W. Norton's court this morning for the murder of William H. Newman, who was shot to death at his saloon on North San Joaquin street in this city on the morning of January 14 last.

Present indications are that the trial will be long drawn out. Wrangling has already commenced and each side will bitterly contest every attempted move by the other.

From the nature of the questions propounded by Clements's counsel to the veniremen, it is inferred that the star point of the defense, other than the alibi, will be an allegation that Chief of Police Braire of this city and Chief of Police Ahern of Sacramento employed the third degree in getting Clements to confess.

When court adjourned tonight nineteen veniremen had been examined, ten of whom had been challenged by the defense and excused by the court. Questions asked sought to learn the frame of mind of the juror relative to the failure of the accused to testify and their attitude towards a confession if "third degree methods" were shown to have wrung one from an accused in the hope of gaining temporary relief from abuse.

COMBAT SUISUN MARSH.

SUNKEN TRACK RESTORED.

[BY A. P. DAY WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—Southern Pacific trains resumed travel today over the section of the Suisun marsh, which swallowed up the track Friday. The marsh had sunk about twelve feet, for a stretch of more than fifty feet. The Suisun marsh has presented one of the most puzzling problems with which the officials of the division of the road have had to deal. The 3000 feet of track across it has frequently sunk and many attempts to build a firm foundation for the tracks have failed.

ASSASSIN FOUND INSANE.

KILLED SPOKANE EDITOR.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SPOKANE (Wash.) June 4.—Basil Alexiev, the Russian lumberjack who shot and killed E. H. Rothrock, city editor of the Spokane Chronicle, April 24, while brooding over the Titanic disaster, was found not guilty of murder today, but will be imprisoned in the criminal insane ward at the Walla Walla Penitentiary. The jury deliberated less than half an hour, and the whole trial occupied less than two days, establishing a record for brevity in the local courts. Jesting on the part of his companions in an Idaho lumber camp is thought to have prompted Alexiev to his deed.

COLUMBUS'S FLEET COMING.

REPLICAS TO SAIL CANAL.

[BY A. P. DAY WIRE TO THE TIMES.]

SAN FRANCISCO, June 5.—Word was received here from Chicago today that the three caravels, Pinta, Santa Maria and Nina, which are reproductions of the little fleet Columbus piloted from Spain to the discovery of America, will be brought to San Francisco by the Knights of Columbus for the Panama Pacific Exposition in 1915. The three were built for the Chicago Worlds Fair of 1893. It is understood that they will be placed in seaworthy condition and towed through the Panama Canal to the ocean Columbus never saw.

SLOPE BRIEFS.

Splashed With Molten Gold.

SALT LAKE, June 4.—[By A. P. Day Wire.] About $3000 worth of molten gold bullion was splashed on Willard Hansen, State Weight Inpector, W. E. Farr, City Sealer of Weights, and H. B. Glaze of the Oregon Short Line Railroad Company at the Murray smelter yesterday. The three men were standing near a pot of gold bullion which was being melted, when a laborer accidentally dropped a large piece of ore into the metal. All three men were burned, but not seriously.

Nurserymen in Session.

SALT LAKE CITY, June 4.—[By A. P. Night Wire.] California, Oregon, Washington, Idaho, Montana, Utah and British Columbia are represented at the tenth annual convention of the Pacific Coast Association of Nurserymen, which began here this morning. The annual address of the president was delivered today.

Telephone Concern Acquired.

GLOBE (Ariz.) June 4. — By A. P. Night Wire.] F. H. Packard, local manager of the Arizona Telegraph and Telephone Company, announced today that the Mountain States Telegraph and Telephone Company had taken over the holdings of the former company, and was now in control of the telephone business in Arizona, New Mexico and Colorado.

Instructor Ends His Life.

CHICO, June 4.—[By A. P. Night Wire.] F. C. Nesse, an instructor in a local business college, waded into Chico Creek early today, slashed hi wrists with a knife and falling face downward, was drowned in a foot of water. The body lay all day within a hundred yards of a swimming pool where hundreds of lads were bathing. Nesse left no explanatory note.

THERE are imitations, don't be fooled. Ask for Lewis's Single Binder cigar, 5c.

DREADNOUGHT HITS REEF.

"Skin" of New Battleship Arkansas Is Dented by Impact, But Trial Trip Is Continued.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, June 4.—Information that the new dreadnought Arkansas has met with an accident on her trial trip off the Maine coast has reached the Navy Department. The details are not yet available, but it is thought the ship is not in danger.

A report to the Navy Department says the "skin" of the ship was badly dented, but not broken by a reef or ridge, but that efforts will be made to continue the trial trip, regardless of the accident.

Although the Naval Board of Inspection, headed by Capt. Fechteler, is aboard the Arkansas, the vessel still is in the hands of the New York Shipbuilding Company of Camden, N. J. Any damage sustained in the accident will have to be borne by the contractors.

The Arkansas scraped along the rocky ridge for forty-five feet. The ship is leaking, but not beyond the control of her pumps. Probably the double bottom alone saved the vessel from sinking.

Later advices to the Navy Department seem to indicate that the Arkansas had two mishaps, the first one Sunday afternoon. She is reported to have gone aground in the Two-Bush Channel then, but apparently got off and was proceeding early today when she ran on the ledge of rock.

The fact that the Arkansas began her official trial as scheduled tended to discredit reports of serious injury.

SHERIFF DODGES LYNCHERS.

Escapes with Negro After Desperate Automobile Race from Maryland Into Delaware.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SALISBURY (Md.) June 4.—Sheriff Tull of Somerset, having custody of Wesley Miles, a negro, 47 years old, who is alleged to have twice attempted to attack the 14-year-old daughter of Maj. Philips of Princess Anne, Md., eluded a mob that was after the prisoner early today with the avowed intention of lynching him.

The Sheriff, with his prisoner, boarded a train at Cannon, Del., after a thrilling run of thirty miles in an automobile before he succeeded in shaking off his pursuers, who followed in motor cars. At Delmar and Laurel, Del., the would-be lynchers were so close behind that the Sheriff dared not stop at either place to catch the train, and the race continued.

Finally he eluded the mob and stopped the train at Cannon, three miles north of Seaford. Cannon is not a regular stopping place, but Tull brought the train to a standstill by using the rear lamp of his car as a signal.

Washington.

KENTUCKIAN ON RAMPAGE.

Two Hundred Pounder Attacks Wee Reporter.

Another Scribe Joins in the Fray; Pinwheel Effect.

Democrat Is Peeved at News About Himself.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, June 4.—In the calm atmosphere of the House Judiciary Committee was bred today a battle that failed to ruffle the Archbald impeachment hearing, but which caused excitement in the corridor outside the committee-room.

The participants were originally Representative Thomas of Kentucky, Democrat, and Joseph Annin, a ninety-pound reporter for a local newspaper. Later John Kirby, connected with the Washington bureau of a New York publication, joined in the fray. Mr. Kirby admits to tipping the scales at 135 pounds, while the Congressman is on the distant side of 200 and sturdy.

Mr. Thomas, who is a member of the committee, entered the committee-room some time after the hearing had started. Waving a copy of the local newspaper, he proceeded to read an account of yesterday's proceedings in the committee, which he construed as being a direct attack on himself. He paid his compliments to the newspaper fraternity and withdrew. A few minutes later he sent a messenger in for Mr. Annin, who promptly went into the hall.

Annin's paper published what Thomas claimed was an untrue story that Thomas had denounced the House Judiciary Committee and that he had attended infrequently its inquiry into the Archbald case. Thomas is a member of the committee. He had Annin called out of the hearing-room and told the reporter he was mistaken.

"Liar," flashed back and forth, and Kirby reinforced Annin. Thomas's own version told in a formal statement, said Annin struck Thomas and Thomas struck back.

According to eyewitnesses of the affair the following describes the proceedings by rounds:

Round 1—Thomas sparred oratorically for an opening and advanced cautiously. Annin swung right to jaw. They clinched and no clean blows struck. Honors even.

Round 2—Still in clinch. Kirby jumped lightly into corridor and collided violently with combatants. Wrestling continued, with Thomas as center of flying pinwheel. Capitol policemen sought to referee bout, could not be found. Honors still even.

Round 3—Thomas displayed amazing footwork, but fell into trick play and went down with crash.

Kirby assumed easy position astride Thomas. Thomas evidently in distress, crying "He hit me first; he hit me first." With agitation and much effort Thomas felt in his pocket. Kirby decided to end the bout. Thomas's round and fight.

Annin seeing Thomas's motion toward his pocket, disappeared in near-by corridor, colliding violently with Samuel Gompers, president of the American Federation of Labor, who was also seeking safety in a near-by committee-room. Kirby with equal alacrity, hastened in an opposite direction, pursued by Thomas.

Kirby dropped a mail sack in front of Thomas's feet and made his get-away.

DRAWS TITANIC LESSON.

Senator Nelson Introduces Bill Designed to Supply Deficiencies in Ocean-Travel Regulations.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, June 4.—An all-inclusive bill, to be denominated "the ocean-safety act of 1912," designed to cover all the navigation lessons drawn from the Titanic disaster, was introduced yesterday by Senator Nelson of Minnesota, chairman of the Commerce Committee, which, through a subcommittee, investigated that disaster.

The bill includes stringent regulations for better wireless equipment to be continuously operated on ocean and Great Lakes vessels carrying fifty or more persons, just as provided in a bill which passed the House yesterday, and almost identical with a bill already passed by the Senate. This wireless section vests control of the apparatus in the master of the vessel, and to avoid the wireless communication being shut off by failure of the engines requires a powerful auxiliary-power supply that can communicate 100 miles at all times.

The Nelson bill would recognize foreign steamship laws whenever they are as effective as American laws and regulations; would equip every passenger craft leaving an American port with sufficient lifeboats to accommodate everybody aboard, together with other safety equipment, and would create a commission of five persons to investigate merchant-marine construction here and abroad.

It would require rigid port inspection, port drills, define qualification of seamen, penalize failure to assist any person in distress at sea, and make criminally liable any master, managing owners, steamship director or principal resident agent of a foreign steamship for sending from an American port a vessel so unseaworthy as to endanger life.

Court Reversed.

DECLARED DEAD; WRITES LAWYER.

MISSING INDIANA PHYSICIAN TURNS UP AT DENVER.

Tells Remarkable Story of Lapse in Memory Following Bath in Gunnison River of Colorado. Senses Regained on Board Ship Bound to Alaska, but Past Blank.

[BY DIRECT WIRE TO THE TIMES.]

INDIANAPOLIS, June 4.—[Exclusive Dispatch.] More than two years ago J. Fairfield, a physician of Anderson, Ind., and well known in Indianapolis as a practitioner and writer, was thought to have been drowned in the Gunnison River, near Delta, Colo., and six months later was declared legally dead by the courts.

Today his attorney received a letter from Dr. Fairfield, alive and well, which recounted how the missing man had joined his family at Denver, Colo.

The physician tells how he was swimming in the Gunnison River when he was overcome, as he thinks, by thec hill of the water. He declared he knew nothing more until he came to his senses on board ship, bound for Alaska, but without recollection of the past. Nearly two years later, he writes, he fell while in the interior and suffered concussion of the brain. With his recovery came memory and the determination to restore himself to his family.

It is recalled here that for weeks after the supposed drowning, men employed by Mrs. Fairfield explored the Gunnison River for the body. They found only the physician's clothing on the bank. Claims were filed by the wife and son, Robert, for $20,000 life insurance carried by Dr. Fairfield, but none of it was ever paid, the companies demanding proof by the body.

Dr. Fairfield says he feels able to resume practice, but says he will probably return to Delta, where he originally planned to start a fruit orchard on his ranch there.

COTTON CROP REPORT. CALIFORNIA IS LEADING.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, June 4.—The Department of Agriculture, in its first cotton crop report of the season, estimates the condition on May 25 of the growing crop to be 78.9 per cent. of a normal. Condition by States follows: Virginia, 89 per cent.; North Carolina, 87 per cent.; South Carolina, 83 per cent.; Georgia, 74 per cent.; Florida 75 per cent.; Alabama, 74 per cent.; Mississippi, 72 per cent.; Louisiana, 69 per cent.; Texas, 86 per cent.; Arkansas, 73 per cent.; Tennessee, 74 per cent.; Missouri, 74 per cent.; Oklahoma, 78 per cent.; California, 96 per cent.

SERIOUS AUTO SMASH.

[BY A. P. DAY WIRE TO THE TIMES.]

CEDAR RAPIDS (Iowa) June 4.—Two people were hurt, probably fatally, and five others more or less seriously injured in an automobile accident today near Traer. An automobile driven by A. J. McGovern ran off a bridge and over a twelve-foot embankment. Mrs. McGovern and her mother, Mrs. Gaffey, were hurt internally. Mr. McGovern was badly cut with glass and four children suffered severe bruises.

RAID RESULTS IN BATTLE.

[BY A. P. DAY WIRE TO THE TIMES.]

WHITESBURG (Ky.) June 4.—Word has reached here of a battle between keepers of a "blind tiger" and a posse which crossed the mountains through Shelby Gap to the new mining town of Jenkins, in which two were killed and three severely wounded, among the latter being Deputy Sheriff John Pollock. The others were Italians, in the house the officers were raiding. There were eight in the house when the officers rode up and demanded surrender. A volley was the answer. The battle was fierce for several minutes, but when half their number were down, the remaining four in the house gave themselves up and were brought to this place.

LAWYERS DEBATE RECALL.

[BY A. P. DAY WIRE TO THE TIMES.]

CHICAGO, June 4.—Speeches at a banquet held by the alumni of the local law school last night terminated in a debate upon the recall of judges. John T. Richards, president of the Chicago Bar Association, opposed the recall. "It will be a sorry day when we permit the recall," he said. "Justice will be a lost virtue when the popular will determines what the judicial will now determines." Circuit Judge Kickham Scanlon took the opposite view. "What is there about the office that makes the judge sacred?" he asked. "What is there makes him a better man after he has taken the oath of office than before? He is the same man—a human being, subject to all human frailties; he errs the same as any other man."

BUYS HORSES FOR ARMY.

[BY A. P. DAY WIRE TO THE TIMES.]

KANSAS CITY, June 4.—Capt. Lanning Parsons, purchasing quartermaster for the United States army, today bought 525 horses here to be used in the army cavalry and artillery, paying $100,000 for them. The horses are to be distributed along the southern border and to various forts in Texas.

SLAIN BY ZAPATA.

(Continued from First Page.)

ucts are at prohibitive prices for the working classes and a tremendous strain even on the man who has money.

For all these conditions Madero is blamed by the Mexican people who now compare present affairs unfavorably with those obtaining under the rule of Diaz. Even the reports of Federal victories in Chihuahua are not believed because of the anarchy so much closer to the Madero capital.

REBELS ARE HARASSING REAR OF FEDERAL ARMY.

[BY A. P. NIGHT WIRE TO THE TIMES.]

CHIHUAHUA (Mex.) June 4.—Definite advices finally reached here tonight of the movements of Gens. Campa and Argumedo, who, with 2000 rebels are harassing the rear of Gen. Huerta's Federal army.

Homer A. Scott, an El Paso photographer, Sam Drebin of Philadelphia, Tracy Richardson of Lamar, Mo., and Jack Zimmerman of Pulaski, Pa., the latter three being machine gunners for the rebels, arrived here today after nearly a month's isolation with Campa's column. They came as part of an escort to fifty Federal prisoners taken during the many skirmishes in the vicinity of Torreon. They confirmed the report of the capture by Campa, May 23, of five trainloads of provisions and several carloads of ammunition belonging to Gen. Blanquet, commander of the Federal forces near Torreon.

Much of the ammunition was destroyed to prevent capture.

They declared that when they left Campa his intention was to work his way into Torreon.

No Federal troops were seen by Drebin, Zimmerman and Richardson as they brought their prisoners north.

The vanguard of the rebels under Gen. Del Toro is at Santa Rosalia, forty-six miles north of Jimenez.

A Federal force is at Casas Grandes, on the Mexico Northwestern Railroad, and 150 men under Capt. Escabosa were sent from Juarez today to dislodge them. These Federals are believed to be part of a force recruited in Sonora.

FEDERALS ADVANCING.

[BY A. P. NIGHT WIRE TO THE TIMES.]

JIMENEZ (Mex.) June 4.—After a lapse of ten days, in which many bridges burned by the rebels have been repaired, the main column of the Federal army, has begun an advance toward Santa Rosalia, forty-six miles from here, where the government vanguard already is stationed. A brigade of cavalry was expected to join the guard today, the main forces being scheduled to reach there in two days.

BIG BATTLE BELIEVED TO BE FULL WEEK OFF.

[BY A. P. DAY WIRE TO THE TIMES.]

EL PASO (Tex.) June 4.—The main forces of Federals and rebels near Chihuahua are not likely to meet for at least a week because of the destruction of portions of the Mexican Central Railroad.

Gens. Villa and Rabago, with a large force of Federal cavalry, are moving towards Chihuahua in the southwest, their flank movement being expected to harass Gen. Orozco's rear, when the main columns of Gen. Huerta are brought north of the railroad.

Another flank movement is said to have been begun by the Federals from the East. The rebels have sent a large force of cavalry westward to check Gens. Villa and Rabago, but as yet no men have started eastward.

Gen. Orozco expects the main engagement to be fought at Bachimba, a mountain pass, forty-six miles south of Chihuahua, which he now is fortifying, but whether Gen. Huerta of the Federal troops will accept the challenge or move his troops around behind Bachimba and into Chihuahua is an alternative which rebel scouting parties have been unable to determine.

Rebel scouts report that a small force of Federal cavalry has come as far north as Santa Rosalia, sixty miles south of Bachimba, but declare that Gen. Huerta has made no attempt to reconstruct the lines north of Jimenez. Progress overland with heavy artillery would be difficult and slow.

So confident is Gen. Orosco that there is no immediate danger of an attack by Gen. Huerta's main columns that he has sent Gen. Francisco del Toro southward to retake Santa Rosalia.

The knowledge that a battle even at Bachimba, forty-six miles away from Chihuahua, is not likely for several days, has relieved the tension that existed there for some time.

WEST COAST MAY SEE MEXICAN STRUGGLE END.

[BY A. P. NIGHT WIRE TO THE TIMES.]

MAZATLAN (Mex.) June 4.—That the west coast may become the scene of the final struggle between Maderistas and Orozquistas seems probable, from the appearance of about 500 followers of the Chihuahua chieftain at Panuca, in Southeastern Sinaloa, yesterday. This is the first time in the campaign that rebels from the interior have ridden across the mountains. A strong Federal column, including cavalry, under command of Gen. Ojeda, left Mazatlan this morning, and decisive fighting is expected within twelve hours.

IOWA CONGRESSMAN DIES.

E. H. Hubbard Suddenly Stricken After Hard Campaign With Victory Apparently in Sight.

[BY A. P. DAY WIRE TO THE TIMES.]

SIOUX CITY (Iowa) June 4.—Congressman E. H. Hubbard of Sioux City, representing the Eleventh Iowa District, died suddenly this morning at the home of John C. Kelly, editor of the Tribune.

Hubbard was a candidate for renomination in the Republican primary in the Eleventh District yesterday against George C. Scott of Sioux City, and early returns indicated that he had won the nomination.

Heart failure is given as the cause of Hubbard's death.

Congressman Hubbard had made a hard campaign for renomination and was apparently in his usual health yesterday. Early last night he walked to the home of John C. Kelly to receive elections returns. At 8 o'clock he fell unconscious. At 10 he rallied and at 11 appeared much better, but a short time later he became unconscious and died at 7:30 this morning.

His son, Lyle Hubbard, was at his bedside. His wife is on the way home from Washington and is expected here tomorrow.

Arrangements for the funeral probably will not be made until Mrs. Hubbard arrives.

Los Angeles Hotels and Apartments.

Rampart Apts. G. E. Morrill, Mgr., West Sixth and Rampart streets. Between Westlake and Sunset Parks. In the heart of the beautiful Westlake and Wilshire boulevard district. STEAM PLAN TO BE TRIED.

Blazing Well in the Midway Oil Oil District Still Shoots Its Flames to the Skies.

[BY DIRECT WIRE TO THE TIMES.]

BAKERSFIELD, June 4.—[Exclusive Dispatch.] Steam from the twenty boilers harnessed together and aggregating 1000 horse power will be turned on the blazing Pacific Crude oil well in the Midway, early tomorrow morning, and it is believed the fire will be extinguished.

The gasser is sending great clouds of smoke and flame to the heavens and a black pall of smoke hangs over the entire oil field.

Hundreds of Bakersfield, Maricopa and Taft people have been out to the volcano of oil. The sump hole around the base of the rig, as well as the big sump 700 feet away, which contained 5000 barrels of oil, have burned themselves out, leaving the well itself burning. This flame goes high into the air.

The danger to the Buick rigs and the two 5000-barrel tanks less than fifty feet from the blaze, is practically over. With the flames dying out in the sumps and the fire confining itself to the stream of oil, the men working on the rigs are able to go about without danger.

The steam method was used in putting out a fire in a gasser in the property of the North American Oil Company two years ago. The gusher had been ablaze for more than a month before it was extinguished.

EMPEROR SENDS THANKS.

German Ruler Expresses His Gratitude Over Reception Accorded His Fleet in American Waters.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, June 4.—A cable message from Emperor William of Germany to President Taft, thanking him for the hearty welcome extended to the German fleet in Hampton Roads, was made public at the White House today.

The Emperor's message was in answer to one sent by the President as follows:

"I thank you for your kind message and the hearty welcome which you, the American navy and the American people have offered to the officers and crews of my cruisers. I trust that the visit of my ships to your hospitable shores may further contribute to strengthen the good and friendly relations existing between our two countries.

"WILLIAM, R. I."

President Taft's message was as follows:

"I wish to express to you the great pleasure it has given me today to welcome the officers and crews of the German squadron to our ports and to visit your magnificent battle cruiser, the Moltke. I trust that those who so ably represent your efficient navy on this occasion may carry home with them some of the pleasant and cordial recollections experienced by the officers of our ships while in your hospitable waters.

"WILLIAM H. TAFT."

FIVE DIE IN GRAIN WELL.

Four Perish from Fumes Trying to Rescue First Victim at Cincinnati Dairy.

[BY A. P. NIGHT WIRE TO THE TIMES.]

CINCINNATI (O.) June 4.—Five persons perished today from gas fumes in a grain well at the dairy of Jacob Sachs in Fairmount, this city.

Henry Eterman, fireman, who went into the pit to get out the bodies, also was overcome and lies at the City Hospital in a serious condition.

The dead:

MRS. ANNA ESHELAGGE.
MRS. WILLIAM KOESTER.
JACOB SACHS.
JOSEPH NIEHOFF.
ROBERT ATKINS.

Four of the victims forfeited their lives in efforts to rescue Sachs, the first victim.

The pit was used by Sachs for the storage of wet malt cattle feed. The grain had fermented and generated deadly gases.

DELEGATES STOP TO SEE.

A party of twenty-five delegates from the United Presbyterian conference, which has just adjourned at Seattle, stopped here yesterday and were met by a delegation of leaders of the denomination. They are quartered at the Hotel Trenton and were guests of honor at a reception held last night in the First Presbyterian Church, after having been shown the city in automobiles during the afternoon.

STRIKERS' DEMANDS REFUSED.

LONDON, June 4.—[By A. P. Night Wire.] The employers, at a meeting this afternoon, refused the demands of the strike leaders that all the transport strikers be reinstated and that a joint board representing both parties be created. They declared that no suggestion for a settlement would be accepted until the men had resumed work.

DUCHESS OF CONNAUGHT ILL.

QUEBEC, June 4.—[By A. P. Night Wire.] The Duchess of Connaught, wife of the Governor-General of Canada, is suffering from appendicitis and will be taken to the Royal Victoria Hospital in Montreal for an operation. Dr. A. E. Garrow, a Montreal specialist, confirmed the early fears as to the nature of the illness.

Life's Seamy Side.

TAUNT LEADS TO HER DEATH.

Youth Says He Loved Victim as He Did Brother.

Her Friendship Was My Only Solace, He Declares.

San Francisco Girl Laughs at Him and He Shoots.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—Charles H. Bonner, a blue-eyed lad of 19 years, explained today that he had killed Bernice Godyear yesterday because she had held the place of his dead brother in his affections, and then had taunted him with a laugh.

His regard for her did not have matrimony as its goal, he said, and it seemed to him that his brother had lived again in their friendship.

He appeared alone in court for arraignment on the charge of murder and talked quietly of the shooting of the 17-year-old high school girl.

"The girl's friendship for me was my only solace," he said, "after the death of my brother. In her company I found the happiness that my poor brother's companionship had always been to me.

"I got the revolver to settle the score with a man of whom I had heard her speak. I resented his being with her, although my regard for her was the same as that for my brother. When I asked her where the man was, she laughed and I lost control of myself.

"I am willing and anxious to have the law take its course. I shall offer no defense."

The 17-year-old high school student was shot and killed on the front porch of her home here late last night. Bonner was captured after a chase of four blocks by a policeman.

Miss Godyear had just returned from the theater in company with her aunt and an escort when she was called to the door by Bonner.

"You turned me down and I'm going to kill you," he cried, and fired. The deed was witnessed by the aunt, Mrs. Mary Breaux, and Samuel Houghton.

Bonner tried out his revolver in a park near the girl's home before the tragedy, firing three bullets at a target.

MOTHER SEES SUICIDE.

SON SLASHES HIS THROAT.

[BY A. P. DAY WIRE TO THE TIMES.]

OAKLAND (Cal.) June 4.—Discovered by his mother, standing before a mirror in his bedroom this morning with a razor in his hand, Roy Sampson, an inspector in the San Francisco quarantine office of the Federal government, turned and slashed himself from ear to ear withthe weapon. The young man fell to the floor at his mother's feet and died before aid could be summoned. The mother is prostrated. The cause of the suicide is given as despondency brought on by intense suffering from acute inflammatory rheumatism. He was 25 years of age.

MYSTERIOUSLY MISSING.

Democratic National Committeeman From Nevada Disappears From His Home Without Apparent Cause.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 4.—[Exclusive Dispatch.] Missing from his home in Reno for nearly a year, the whereabouts of John Sunderland, Democratic national committeeman from that State, is a mystery to other members of the National Committee and to prominent Democrats of his town and State.

According to advices from Reno, Mr. Sunderland disappeared about a year ago. He was prosperous in his business, it is said, and no reason can be assigned for his voluntarily leaving Nevada.

Urey Woodson, secretary of the Democratic National Committee, today announced that for the last six months he has been endeavoring to trace Sunderland, but has been unsuccessful.

BRYAN LOOMS ON HORIZON.

Southern Politicians in Chicago Say Democrats Are Enthusiastic for "Peerless" Leader.

[By Federal (Wireless) Line to The Times.]

CHICAGO BUREAU OF THE TIMES, June 4.—[Special Dispatch.] William Jennings Bryan is picked by Republican leaders, now in Chicago, as the probable nominee of the Democrats for President. Especially is this the opinion of Republicans from the South, which is significant.

The movement now under way for the nomination of a conservative man on the Democratic ticket depends for success on a combination of eastern and southern strength at Baltimore.

Col. Cecil A. Lyon, Republican committeeman from Texas, said the Democratic convention in his State, which instructed a solid delegation for Woodrow Wilson, was on fire with Bryan enthusiasm, but was prevented from voting Bryan instructions by the firm attitude of the Nebraska leader against such a coup.

Henry N. Schubb, Republican committeeman from Florida, said the delegates from that State, under instructions for Underwood, were at heart for Bryan.

Dr. and Mrs. D. F. Richards of Denver are making their home at the Lankershim. Among the other guests at the hotel are E. M. Glenn, a rancher of El Paso, with his wife; J. J. Jaffa, a cattleman of Roswell, N. M., with his family and R. J. Carswell, a New York hotel man, who is visiting George Eaton Greenwood Washington, assistant manager of the hotel.

Lux Orientalis.

LIGHT FROM THE EAST ON THE LIVING ISSUES.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, June 4.—[Special Dispatch.] The following editorial comments on topics of the hour are printed today in eastern papers:

VESTED RIGHTS.

NEW FLUB-DUB ESPOUSED.

[New York Sun:] The Philadelphia North American is the chief Pennsylvania oracle of the new dispensation of Flub-dub and the new list of bosses. Its view of the Hon. Elihu Root contains a curious and probably unconscious confession of that "new attitude toward property" proclaimed by Mr. Roosevelt at Minneapolis in 1910. He was a great Secretary of War, and greater Secretary of State, and so on, but there is a darker side to him. "Reverence for vested rights is part of Root's character." So reverence for vested rights is blamable.

The Constitution shares that sinister reverence for vested rights. The superior rights of humanity have to get around this old fogyism. Of course, "the angels" of the new dispensation, the Munseys, Perkinses, McCormicks, Pinchots, Flynns, Hannas, don't care a plugged penny about their vested rights and would jump at the chance of dividing their scanty savings among the "people."

THE COLONEL AT CHICAGO.

DOUBTFUL AS TO BOLTING.

[New York Times:] By the steps he takes during the next two weeks Mr. Roosevelt will pretty clearly disclose what he intends to do at Chicago and after.

It may be considered still very doubtful whether Mr. Roosevelt will bolt. Such a step would confirm the belief of many careful observers that he is a victim of delusions of grandeur. He would put himself before the country as an independent or bolting candidate only because of his belief that he would draw to his support all of those voters of both parties who are called progressives, and that he would be elected over the Republican and Democratic candidates. If Mr. Roosevelt would critically examine not only the numbers, but the quality of his supporters, we may be sure that he would never entertain that foolish notion.

SHREWD MR. CARNEGIE.

COUNTRY BOUND TO PROSPER.

[New York Herald:] "It does not matter whether the Democrats or the Republicans win, the country is bound to prosper," says Andrew Carnegie in an interview specially cabled to the Herald from London this morning.

Apparently the native shrewdness that made him such a power in the business world is still one of the veteran ironmaster's best assets.

TURN LORIMER OUT.

HIS RESOLUTION APPLAUDED.

[New York World:] Asked in Washington whether he intended to resign his seat in the Senate, William Lorimer yesterday replied: "I don't. I intend to keep up the fight to the end."

The world applauds Lorimer's resolution. He should stick it out. He will be no worse off personally for expulsion, for nothing now can smirch his political reputation. No one could gain by his surrender except timid Senators who wish to dodge a vote. Why should he flaunt a soiled white feather to oblige them?

The Senate should not permit Lorimer to resign, but should expel him.

BETTER STOP.

USEFULNESS IS DESTROYED.

[New York Tribune:] Nobody will grieve if Mr. Untermyer's investigating committee feels compelled to shut up shop for lack of power. The inquiry's possibility of usefulness has been destroyed. Everything that has been done so far has been done bunglingly. The committee apparently resigned its function to its counsel. No one wants an inquiry conducted that way. A vigorous and intelligent committee would have kept enough control of Mr. Untermyer to inspire confidence in the discretion of its purposes. But this committee was not of that sort.

What has been done has produced a disagreeable impression all around.

CUBAN INTERVENTION.

ISLAND BOUND TO ACCEDE.

[Philadelphia Ledger:] Cuba is an independent nation with one important qualification. It is not free to do as it likes with its independence. It has bound itself by its Constitution to maintain "a government adequate for the protection of life, property and individual liberty," and, failing in this, has consented in advance to intervention by the United States. The present indications are that the readiness of the United States assembling of a strong force at Guantanamo and at other points on the Cuban coast, and of a fleet at Key West, will have two practical results. It will show the insurgents the futility of further resistance, and it will stimulate President Gomez and the Cuban military authorities to face the duty before them with more resolution and zeal than they have hitherto shown.

CRIPPLING THE NAVY.

NO SHIPS, NO MEN, NO POWDER.

[Washington Post:] The House of Representatives in crippling the navy by refusing to provide for more battleships and officers, went further by doing what it could to deprive the navy of a certain and sure powder supply. This move was made in the name of reform, under the guise of an attack upon the powder trust.

The proper method of dissolving the trust is through the Department of Justice and the courts. The proper duty of Congress is to see that there is a good-sized up-o-date navy, well manned and with plenty of powder and ball. If war should come—and it is not unlikely just now—the people of the country would hardly applaud the trust busting activity of the House, if the fact should be disclosed that the navy had been crippled in a poorly-advised attempt to cripple the trust.

Everybody's Doin' It.

SELL PENCILS FOR THE TOTS.

Scores of Society and Club Women Enrolled.

Benefit of St. Elizabeth's Day Nursery.

Preparations Complete to Reap a Harvest.

"Remember St. Elizabeth's Day Nursery, Los Angeles," is the legend which will appear on thousands of pencils to be sold tomorrow. "Pencil Day," for the benefit of the institution which last year cared for 21,900 children while their mothers were earning a living.

Mrs. Joseph Farrell, president of the board of managers of the St. Elizabeth's Day Nursery, was busy until midnight last night instructing her aides in what they are to do tomorrow.

There are scores of aides and over 800 assistants. Scores of society women will assist in the sale, and it is hoped to raise a goodly sum.

The theaters will be represented among the pencil sellers. Miss Helen Ware, starring at the Mason, Miss Florence Stone, Miss Laurette Taylor, Miss Boley and many others will invade the hotels and sell pencils from automobiles.

At Washington Park ball grounds Mrs. William Maier will sell pencils with a bevy of fair assistants.

At the Courthouse Misses Mary F. Ledyard and Mary Foy, with assistants, will conduct a campaign from the various flights of steps. Miss Ledyard will entertain her bower of society buds with a luncheon at the Jonathan Club.

"Pencil Day" banners will be tacked to 100 Pacific Electric cars. A special detail will work the cars and sell the purple pencils.

The whole campaign has been elaborately worked out, and the banks, the department stores and the office buildings will be carefully canvassed.

As a means of identification, each saleswoman will wear a white bag over her shoulder, with "Pencil Sale" in blue lettering. In the lower left corner will be a bunch of roses, symbolic of the legend of St. Elizabeth of Hungary, who carried bread hidden under her cloak to her starving subjects, against the commands of the King. Coming suddenly on the Queen in the highway, the King tore open her cloak. The loaves of bread had been changed to roses.

The first pencil sale of the St. Elizabeth Day Nursery was held last year and $205 was paid for one pencil. Gen. M. H. Sherman was the purchaser.

Following is the list of aides, their assistants and the places where pencils will be offered for sale all day tomorrow:

Auditorium building—Miss Margaret E. Lane, Mrs. Minnie A. Winton, Mrs. Edward A. Fisher, Mrs. Minnie Fox, Mrs. Florence Lemon, Mrs. Hazel Buckins, Miss Lillian Kraus, Mrs. Charles Guthrie, Miss M. A. Hurley. Miss Hurley, matron of the Day Nursery, will be at the Auditorium building from 10 to 12 o'clock.

AZUSA.

AZUSA, June 4.—One of the prettiest weddings ever seen in Azusa took place at 8 o'clock this evening in the Presbyterian Church, the pastor, Rev. Charles F. Richardson, officiating. The bride, Miss Aileen Thomson, is a daughter of Mr. and Mrs. G. M. Thomson of Foothill boulevard. She was born in Kentucky, but was reared and educated here. The groom, William J. Cudmore, is a native of Charlottetown, Prince Edward Island, and a graduate of The Prince of Wales College. He came to Azusa about a year ago. The bride was attended by Miss Flora Culler. Roger Thomson, a brother of the bride, was best man. Rena Jones and Leslye La Verte were charming little flower girls. An interesting part of the ceremony was the singing by Miss Edna Eldred of "O Promise Me."

The bride was gowned in a handsome white brocaded silk, trimmed with hand-made lace, her veil was fastened with orange blossoms, and she carried a shower bouquet of orchids. The bridesmaid was attired in pink silk and carried a bouquet of pink carnations. The church was prettily decorated with white daisies and pink rosebuds. Following the ceremony there was a reception in the church parlors.

Mr. and Mrs. Cudmore will spend their honeymoon at the beaches, and will be at home to their friends June 18 at their residence on Dalton avenue. They will not remain here long, however, but will go to Prince Edward Island, where the groom has land interests.

Among the out-of-town guests were Miss Hazel Hawsen, Mrs. W. H. Wolfe and daughter, Miss Belle, Herman Behrend, Mrs. Charles Newton, Messrs. James H. and Robert Thomson and their wives, of Los Angeles; Mrs. Crews and daughter, Miss Katherine, of Pomona, and Mr. and Mrs. M. H. Miller of Long Beach

MOTLEY HORDE IN RED RALLY.

Notorious Magon Anarchists' Trial Is Begun.

Federal Building a Jostling Mass of Malcontents.

Jury Not Yet Secured; Case on Again Today.

Before a motley audience which crowded the United States District Court to the doors, the trial of the Magon brothers, of "Regeneracion" notoriety, on charges of conspiracy to violate the neutrality laws, began before Judge Wellborn yesterday. The day's session was devoted to the task of getting a jury, eleven members of which had been secured at the adjournment until this morning.

Outside the army of witnesses there was a crowd of former members of the "army" of Gen. C. Rhys Pryce, a number of the refugees who were brought north on the Buford last week and a horde of Mexicans from Tia Juana, El Cajon, Mexicali, El Centro and other points along the border.

Nearly all of the women wore upon their bosoms wide strips of red ribbon upon which was printed: "Tierra y Libertad. Partido Liberal Mexicana." The men, most of whom wore arms, loudly proclaimed themselves as anarchists, hooted at the flag and threatened in undertones that they would see that "justice" was done the Magons. A man named Webster, from Prescott, Ariz., took out his knife and, as if to show his contempt for the Federal authority, proceeded to cut the marble wainscoting. He was promptly driven out of the building. Ralph J. Dominguez, bailiff of the court, who commanded the gang to move on, was the recipient of all sorts of epithets.

The officers of the Mexican government co-operated with those of the United States to bring the Magons to trial and the republic is represented therein by Frank Stewart, former Assistant United States District Attorney, and Attorney R. F. Del Valle. The United States government is represented by Assistant United States District Attorney Robinson.

THE CHARGE.

The two indictments returned by the Federal grand jury January 2, 1911, charged Ricardo Flores Magon, Enrique Flores Magon, Liberado Rivera, Antonio P. Araujo, Anselmo Figueroa, Pedro Solis, Richard Ferris, C. Rhys Pryce, Jack R. Mosby and F. G. Petersen with a conspiracy in violation of the neutrality laws, in that they induced persons to enlist in the army in Mexico and carry on a warlike and armed resistance. But four of the defendants appeared in court, the two Magons, Figueroa and Rivera. Araujo and Petersen cannot be located; Pedro Solis is dead; the indictment against Ferris has been dismissed, and Jack Mosby is a prisoner at Mare Island. Gen. Pryce, who mingled with the crowd outside the rail, will be a witness against the defendants, the announcement being made by Attorney Robinson that his case would be continued. Pryce testified in his trial on the charge of murder that he held a commission in the liberal army of Mexico from the Magons, signed at the headquarters on East Fourth street.

Willadd Andrews, attorney for the defendants, sought to secure the attendance of certain witnesses wanted by the defense at the expense of the government, but Judge Wellborn declared that in his opinion there was no warrant for such a motion, as no authority existed to bring the witnesses for the defense from outside of the district. The list included "Jack" Mosby, Modesto Mendoza, Antonia Parales, Crescencione Mendoza, Victoria Alba, Inez Perales and Juan B. Sais.

GETTING A JURY.

Andrews objected to every talesman who expressed any enmity for the doctrine of socialism, indicating that this will be one of the points urged in the address to the jury.

At 5 o'clock eleven members had been secured and a special venire was issued for twenty-five additional persons, returnable this morning at 10:30 o'clock. The following have so far been accepted, all subject to the defense's remaining five challenges and the government's four: Henry Whitehead, George Wehrley, William Peterson, David D. Ryus, H. H. Kerckhoff, George O. Groover, Richard O. Robinson, Charles Sangster, Joseph F. Goodenow, Karl F. Klokke and George P. McLean.

A specimen Mexican outlaw, Quirino Lemon, who claims to live here, was picked up by Secret Service Agent Gainor among the talent that had been summoned to testify in behalf of the Magon brothers. Lemon had been sought for months, but could not be found. Gainor located him among the witnesses and he was taken into custody. The charge of murder was made against Lemon and he will be held for extradition.

It is charged that in February, 1911, Lemon was second in command of the insurrecto forces at Mexicali, the chief being Francisco Quijada, who succeeded Gen. Francisco Vasquez Salinas, after the latter had been driven out of the army. It is said that Lemon ordered the execution of a Mexican peon.

Lemon was commissioned a general in the liberal army by Ricardo Flores Magon, according to the officers. Information of his arrest was sent to the government at the City of Mexico last night.

AERO CLUB ELECTION.

Newly Appointed Officers Assert This Will Be Greatest Year in the History of Aviation.

The annual election of officers of the Aero Club of California was held in the Chamber of Commerce Building last night. The newly-elected officials are: President, H. LaV. Twining; first vice-president, Jay Gage; second vice-president, C. E. McClay; secretary, Van M. Griffith; treasurer, Park [illegible]; directors, M. H. Gallagher and [illegible] Stevens.

Plans for the ensuing year were discussed. In the opinion of the officers it will be the greatest in the history of aviation.

Unfair Prosecution.

TWO OTHERS SEEK PARDON IN LAND FRAUD CASES.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, June 4.—The circumstances which led President Taft to grant an unconditional pardon to Willard N. Jones, convicted in the famous Oregon land fraud cases, were given publicity today, and it also became known that Franklin P. Hays and Hamilton H. Hendricks, sentenced to fines and imprisoment in the same connection six years ago, had applied for similar relief. Unfair methods used by the government in its prosecution, superinduced by political strategy in the struggle for control of the State, are urged in the briefs presented to the Department of Justice in requesting the pardon. The procedure of Detective William J. Burns, who worked up the government's case, was severely attacked in the briefs. Hays, indicted with the late Senator Mitchell and former Representative Hermann, was convicted of conspiracy and sentenced to four months' imprisonment and to pay a fine of $10,000. Hendricks was convicted of subornation of perjury and sentenced to thirteen months and to pay a fine of $500.

"The Oregon land fraud prosecutions were conducted, almost wholly along political lines," and "a veritable reign of terror existed," were charges submitted to Atty.-Gen. Wickersham in a brief by Henry P. Schwartz, former chief of the field division of the General Land Office, and James S. Smith, attorneys for Jones in the pardon proceedings.

The methods of Detective William J. Burns, who developed the government's case, and others of the prosecution, were severely attacked in the brief.

The whole jury box list of more than 500 names, from which the grand and petit juries were drawn, was determined and selected, it was alleged, by the government prosecutors and detectives and the political enemies and assistants of Jones along political lines, "with the purpose and result of securing men who were unprejudiced and who would convict."

The brief charges that witnesses were intimidated into giving false testimony under threat of indictments; that witnesses were so threatened by a member of the grand jury and by government detectives in the presence of their families; and that in various cases then being tried, many persons were indicted and compelled to give evidence against other defendants, not true in fact, and thereafter such indictments were dismissed.

It was alleged that Burns and the political enemies of Jones and other defendants "investigated, interviewed and then selected or rejected men in making up the jury box in 1905," from which the Jones jury was drawn. The government, it was charged, procured copies of the jury lists before they were placed in the box.

The jurybox was filled August 17, 1905, on which date the brief alleged, Detective Burns sent the following telegram to W. Scott Smith, private secretary to the late Secretary of the Interior Hitchcock:

"Jury commissioners cleared out the old box from which trial jurors are selected and put in 600 new names, every one of which was investigated before they were placed in the box. This confidential grand jury was drawn today, and it is composed of splendid men in whom we have the very greatest faith."

As an instance of how Jones was "jobbed" into accepting as trial jurors men who had already expressed themselves as being convinced of his guilt, the brief charges that the government prosecutors indicted a man jointly with Jones and "immediately put the man on the secret pay roll of the government and promised him immunity."

"Having the poor devil in their power," the brief continues, "they caused him to lie to Jones about the supposed fairness of the trial jurors and to induce Jones to accept men who had expressed belief in his guilt and had expressed themselves for his conviction. Also, monthly, for almost a year, these government men submitted a voucher signed by this dummy defendant, and with the funds so received paid him $3 per day for his duplicity and daily betrayal of men, who in good faith believed him in jeopardy, and were jointly with him seeking to defend themselves."

By joining Jones in indictment and trial, with a dummy defendant, who betrayed his defense, his witnesses and his attorneys counsel, the brief declares that the government "took an unjust, unconscionable and unlawful advantage."

The prosecution believed, or pretended to believe, the petition declared, "that it was necessary to destroy the wing of the Republican party then in control in Oregon, known as the Mitchell faction. To accomplish that destruction, Detective W. J. Burns, Inspector Thomas B. Heuhausen and a detective force were employed, originally to secure evidence, but latterly this force of men, aided by a large number of Democratic and anti-Mitchell politicians who hoped to, and all of whom did, profit by the destruction of the Republican party in Oregon, perfected an organization whose activities ranged from making Federal judges and United States Senators and filling jury boxes down to using public funds to bribe a joint defendant into deceiving this petitioner into accepting prejudiced jurors."

NEW MEXICO FIRST.

(Continued From First Page.)

way Association are to be formed in every city.

The victory of New Mexico came as a great surprise to Col. Dell M. Potter, national organizer, whose home is in Clifton, Ariz. Potter was proud of the fact that Arizona was in the lead. He helped cheer for this new State, however, when New Mexico jumped ahead with a lead of two road-builders. The record to this point is one of the most remarkable ever made in the good roads plan of organization.

With Southern California represented with 10,000 members, John S. Mitchell gave The Times special a local send-off at Yuma, where 5000 members were secured. Then at Phoenix, where Col. Potter took charge, 2000 more were added. At Tempe fifty-six were pledged. At Mesa 500 were secured, and at Globe 2000 are on the roster. At Safford another 2000 joined the movement and at Clifton an additional 2000 came into the fold. At Springerville 500 more were secured. This gives Arizona a total of 10,056 members.

LEAD IS TRANSFERRED.

With this mark to aim at, Col. Potter crossed the line twelve miles from Springerville and organized the first New Mexico division at Magdalena, with 1000 members. Then at Socorro another 1000 came into line. Again at Albuquerque 2000 were pledged and at Santa Fe at the memorable meeting held almost on the spot where the old Santa Fe trail ends, 2000 more were secured. Following the epoch-making meeting at the capital city, where Gov. McDonald, prominent State Senators and Representatives pledged themselves to the movement, Las Vegas swung into line with 2000 and tonight at Raton 2058 more signed the roll call. This gives New Mexico the lead over California and Arizona with 1058 good roads boosters.

This run today, over 107 miles of the old Santa Fe trail, was made in time for a baseball game arranged in honor of the arrival of The Times special. An early start was made from Las Vegas this morning and at 3:30 o'clock The Times car was piloted into this city by a number of autoists in their machines, and Col. Potter was driven by John Zak to the baseball park, where the Ratons met the Colorado Springs team. The siren note of the Ocean-to-Ocean horn helped toot out the salute for the home boys, who won.

WHOLE CITY JOINS.

The whole city was given over to the good-roads boost today. The streets were lined with people when the car, covered with dust, chugged along the main streets. A brass band joined in the welcome and the car was soon surrounded by a large crowd. With a Raton banner held over the tonneau, the triumphant march was begun.

At a dinner tonight representative men of this city specially honored the crew of The Times special, and the gathering which followed proved to be just the right kind of a send-off necessary to make the drive over the Rocky Mountains into Colorado tomorrow a real joy ride for the organizers.

The pathfinding car, according to Frank A. Davis, secretary of the National Old Trails Association, who met us in Las Vegas, did not follow the old Santa Fe trail. The Times car is pledged to cover every foot of the old road. Tonight the machine is directly on the route of the National Highway as chosen by the delegates at the good roads convention in Phoenix. This car will be piloted through Colorado and Kansas by President Low, of the National Old Trails Association. This well known roadbuilder will not follow the course selected by the pathfinder, but will drive over the old Santa Fe trail with President Low, who knows every foot of the road over which the pioneers drove their ox teams and prairie schooners from the East to the Golden West.

Critical.

SENATOR NIXON IS NEAR DEATH.

DOCTORS SAY END IS ONLY MATTER OF HOURS.

Distinguished Nevadan Stricken With Spinal Meningitis Following Operation for Nasal Catarrh—Senate Chaplain Refers to Affliction in Opening Prayer.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, June 4.—Late tonight Senator George S. Nixon of Nevada was in a critical condition at a local hospital and his death was considered a matter of hours. The doctors in attendance said that while the Senator's heart action and vitality were strong, he could not survive long.

The serious illness of the Senator was a surprise to his colleagues in the Senate and official Washington. He had undergone an operation for nasal catarrh last Thursday. Not until today was it learned that spinal meningitis had developed and that the Senator's life was despaired of.

Members of the Senator's family in Nevada were notified of his condition and are hurrying to Washington.

Senator Oliver of Pennsylvania was among those who called at the hospital today and to him doubt was expressed that Senator Nixon would live throughout the night.

Chaplain Pearce of the Senate, in his opening prayer, spoke of Mr. Nixon as lingering between life and death.

Political.

COLONEL WINS SOUTH DAKOTA

Roosevelt Conceded to Have Plurality in State.

Wilson Has Lead but Returns Are Not Decisive.

Indications Are Senator Gamble Is Defeated.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SIOUX FALLS (S. D.) June 4.—Although returns had been received from only 120 out of about 1500 precincts late tonight, they pointed to a victory for Theodore Roosevelt in the South Dakota primaries today. Newspapers computing the final result on the basis of these returns figured the plurality of the former President at from 5000 to 12,000.

On the Democratic ticket, Gov. Wilson appeared to have a small lead, but the returns were too few to indicate a decisive result. Two Clark tickets were in the field and this apparently worked to the advantage of the New Jersey Governor.

For United States Senator, Thomas Sterling, Republican, was leading Senator Gamble and Edward S. Johnson, Democrat, had a good lead over P. F. Wickham.

Frank M. Byrne, the Republican candidate for Governor, was well in the lead over his opponent, George W. Egan. Returns came in very slowly on account of the long ticket.

The Argus Leader, on returns received from 116 scattering precincts, estimated that Roosevelt would have 10,000 to 12,000 plurality in the State, and that Thomas Sterling has probably defeated Senator Gamble in the race for the Senatorship.

Senator George S. Nixon,

Of Nevada, whose death is expected hourly at Washington, D. C., from a sudden attack of spinal meningitis.

CELTIC CLUB'S NOTABLE DINNER.

The Celtic Club held its closing dinner for the season at Christopher's last night. The affair was made notable by the presence of distinguished guests and the rendition of a fine programme of oratory and song. Dr. W. T. McArthur, president of the club, presided. Malcolm Macleod, Edmund Mitchell and John S. McGroarty, former presidents, were also there. Reeves Jones, A. W. Downe, T. Ewing, R. T. Roberts, M. Kirchhoffer and Charles Ewing gave the vocal and instrumental programme. The attendance was large. The Celtic meetings will be resumed in September.

Biter Bitten.

BAD BLACK-HANDER IS CAUGHT RED-HANDED.

DISREGARDING the threats of a band of Black Hand agents, Fiori du Reni, a wealthy Italian living at No. 623 North Hill street, was attacked in his home last night by a supposed member of the notorious criminal society, who is said to have demanded the instant payment of a large sum of money.

Presenting a loaded revolver at Du Reni's head, the caller announced that he would commit murder, Du Reni declares, unless the demands of the organization were complied with, and at least $500 turned into the treasury of the association.

Refusing to be bled in this manner, the intended victim fought against odds and succeeded in wresting the revolver from the grasp of his supposed would-be assassin, and subsequently turned the latter over to the police.

Upon being questioned by the authorities, the prisoner gave his name as Domenico Varone, a billiard expert, who had been employed at the Forty-seventh-street billiard hall, No. 4707 Moneta avenue. He denied any connection with the Sicilian society, but refused to explain why he was carrying a revolver on his person.

According to the intended victim, the Black-Hand agents began to demand money several weeks ago and when no attention was paid to the threats contained in the letters more forcible measures were taken. Keeping a sharp watch for unwelcome callers, Du Reni went to his apartments last night and, as he was entering the door, he says he was confronted by Varone, who immediately declared that he was ready to commit murder unless the money was forthcoming at once.

When assured by the victim that he did not have that amount of money in the house, Varone is said to have offered to compromise on a basis of $100 cash and the balance within thirty days.

Realizing that his life was in danger, Du Reni suddenly sprang upon the alleged Black-Hand agent and after a terrible battle succeeded in overpowering him.

Policeman Stiles was called to the scene and the struggling prisoner was given into custody, still swearing vengeance on the man who had caused his downfall.

"The other man is the criminal and I was trying to defend myself when he drew a long knife and threatened to cut out my heart," the prisoner declared.

An investigation, however, proved that Varone had been the aggressor, and he was locked up pending a full investigation regarding his antecedents and connections in this city.

Thomas E. Watson,

Former Populist nominee for President and present Democratic delegate-at-large from Georgia, who has been arrested on the charge of sending offensive printed matter through the mails.

Defensive.

EDITOR WATSON FACES HEARING.

FORMER POPULIST LEADER ARRESTED ON FEDERAL CHARGE.

Delegate-at-large from Georgia to Democratic Convention Accused in Warrant of Sending Offensive Printed Matter Through Mails—He Says He Will Fight.

[BY A. P. NIGHT WIRE TO THE TIMES.]

AUGUSTA (Ga.) June 4.—Thomas E. Watson, Georgia's delegate-at-large to the Democratic National Convention and one-time populist nominee for President, was arrested yesterday at his home at Thompson, Ga., on a Federal warrant charging the sending of obscene literature through the mails.

After stopping as Watson's guest at luncheon at Thompson, United States Marshal George White escorted the Georgia editor to Augusta yesterday afternoon. A $500 bond was quickly arranged and Friday morning was fixed for the preliminary hearing, after which Watson returned to his home.

Watson said the alleged obscene matter he is charged with circulating in connection with his published attacks on the Roman Catholic hierarchy are quotations from a copyrighted book published in 1895 in Philadelphia. He says he will fight the case to the finish.

TAKES UP BEEF TRUST.

WASHINGTON, June 4. — The House Judiciary Committee in executive session today decided to undertake a preliminary investigation of the "beef trust." The committee agreed to report the Edwards resolution calling for the investigation, but before doing so a private inquiry will be made. The committee does not purpose now to call any of the men interested in the packing industry or to undertake any sensational investigation.

FOR SALE—

HAVE YOU

SEEN our group of FANCY BUNGALOWS

at 51st Place and Western ave.?

They are the most perfectly built and equipped bungalows in Los Angeles, and they represent the most advanced thought in home making.

Among other conveniences there is an electric stove, which foot can be baked, boiled or stewed in the most perfect manner, at a fraction of the cost of ordinary fuel, with no heat in the kitchen, and without labor other than the turning of a switch; there is an automatic water heater which supplies boiling water at any time, day or night, to any fixture, by simply turning the hot water faucet at the desired fixture, there is a sturdy little combination lock steel safe, in which to store valuable papers and jewelry; a full-length pier mirror for my lady's convenience in the bedroom; beautiful plumbing fixtures in an unusually large and commodious bathroom, the most attractive of which is the pedestal lavatory of real porcelain (not enameled iron.)

The dining-room has an elaborate buffet, and the walls are wood paneled. The living-room has a beautiful fireplace, bookcases and a beamed ceiling. An attractive den and breakfast-room complete the arrangement of the floor space, and in some cases there is a cellar and the houses are piped for furnace. The living-room, dining-room, den, breakfast-room and the two bedrooms have heavy oak floors (not the 2-8-inch thick variety.) There is also a library with disappearing bed in several of the houses.

These houses are located on 51st Place and 52nd st. and Western ave., in our tract known as SOUTHLAND PARK. The street work is being done under city specifications, with cement sidewalks, curbs, gutters and rock macadam roadway. The houses will be connected with the city sewer and supplied with gas, electricity and Vermont Square artesian water.

The price of the house includes the cost of all these conveniences, and the terms of purchase will be so easy that any one with a moderate salary can afford to buy. Whether you intend to purchase or not, be sure to se our specimen house.

WE ARE THE OWNERS.

Courteous salesmen and automobiles at your service.

WESTERN BUILDING AND INVESTMENT
COMPANY.

303 W. Second st.
Phones: 60195. Main 1273.

FOR SALE—

Owner who is building larger house is willing to dispose of his present home. This property is located in the choicest section of Kingsley Drive and contains eight rooms and servant's room. The lot is 50x140; large garage with buried tank and every other modern convenience. In appearance, construction and interior finish; this house is the last word in modern building construction. Built by owner for his own occupancy. Will sell for $7500, on terms to suit reasonable purchaser. Would prefer to deal direct with buyer. Address K, box 312, TIMES OFFICE.

FOR SALE—
Buy your home in that section of the Wilshire district where values are growing more rapidly than in any other; where you are surrounded by numerous new and pretty homes; where the ground is high, the air pure, and only about 25 minutes from the shopping and business center.

SEE THIS HOME.

GRAMERCY PLACE. Large east front lot just completed. A handsome 7-room Swiss chalet; front rooms in mahogany finish handsome massive art tile fireplace, and inglenook, tiled bath; three large bed chambers, one of which is upstairs; has disappearing bed, toilet, lavatory and dressing-room; this is plentifully supplied with windows and can very readily be converted into an open sleeping porch There is a good cement basement; with furnace, and Ruud heater; good garage; cement drive, spacious front and side porches; etc.

Nothing has been overlooked to make this an extremely attractive and comfortable home, and above all it is thoroughly well constructed from foundation up. Big bargain; very easy terms.

Note: We have other houses in this locality, all slightly different in design, arrangement, finish, etc., but all strictly down-to-date, and all of that same superior type of construction.

FOR SALE—

IN
MITCHELL'S
EXPOSITION
PARK
SQUARE.

We offer you and your family a homesite in the very heart of the most desirable part of this rapidly growing city.

Between Vermont ave. and Hoover st., Forty-first Drive and Santa Barbara ave., only twenty minutes from the business center, is

MITCHELL'S
EXPOSITION PARK SQUARE.
MITCHELL'S
EXPOSITION PARK SQUARE.

This may mean much or little to you. If you are unfamiliar with real estate values, inexperienced in looking for a desirable locality here, and have not had called to your attention the various makeshifts which pass for good values, it will mean little to you. But if you know a good "buy" when you see it, if you have looked and looked without finding what you want, and if you will be satisfied with none but the best, it will mean much to you. It will mean

Choice of seven car lines, with 1½-minute service.

Large lots, with gas, water and electricity already in.

Cement walks and curbs; paved streets, ornamental shade trees.

Close proximity to Exposition Park, destined to be one of the most beautiful of American parks.

Educational advantages of the highest order; Manual Arts High School and University of Southern California.

Cultured neighbors with homes you will want to duplicate or surpass.

Wise building restrictions.

Reasonable price and satisfactory terms.

ASK YOURSELF

if all these advantages do not make the tract worth investigation.

ASK YOURSELF

if you can afford to overlook such an offering.

THEN

come in and let us take you to the tract. We know that you will not regret the expenditure of the few moments required. We know that you will become a booster, an enthusiast and a buyer of a lot in

EXPOSITION PARK SQUARE.

These fine lots at $1500 are going fast.

We have others at different prices. All are worth more than the price asked. This is surely the place for a sound investment with large prospective profits.

Call on us today. Agents, corner Santa Barbara and Vermont.

FOR SALE—

ATHENS-ON-THE-HILL!

The name itself brings to mind all the beauties and attractions of ancient times. The glorious air and sunshine of Greece, the wonders of the Mediterranean, and all the splendors of the time when the world was young.

In this latest Athens-on-the-Hill we have emboided thoughts and aims of our great predecessors and have added to them tohse modern improvements and conveniences which are common necessities of our every day life.

The expense of this work has been great—over $100,000 having been spent in the last year—but the result has more than repaid us. You may now get the benefit of our labors—you may reap where you have not sowed.

FOR ONLY $500

We offer you

A 50
Large x
Lot 132 Feet.

This is such great value for this desirable southwestern tract that it seems unnecessary to expatiate on it. A trip to Athens-on-the-Hill will convince you.

Come to our office today for details. Cars leave Sixth and Main-street Station every few moments. Only 20 minutes' ride and cars go directly to the top of the hill.

FOR SALE—
Industrial Property.

FOR SALE—

ALMOST UNBELIEVABLE.

That property in the center of Los Angeles, only 1500 feet from the Plaza, surrounded by industrial plants and railroads, can be purchased for 50 cents per square foot. It is a fact, however, and it is also a fact that the owner will guarantee a rental of $350 per month for five years, though not ¼ of the property is improved. This give 6 per cent. net on the purchase price. As an investment this is good now, can be easily made better. As a speculation it will pay 100 per cent. in three years or less. Let us show you this property and give you particulars.

See A. P. Campbell,
With CHARLES O. MIDDLETON.

FOR SALE—
Suburban Property.

FOR SALE—

A COMPLETE COUNTRY HOME.
Improved.
Price $3500.
Terms—$1000 cash, balance to suit.

Here is a true bargain for any large family desiring a pleasing and healthful home where "city advantages" and "country advantages" are both at hand.

A full half-acre of the finest kind of soil, about 6 miles from the center of the city, less than a 20-minutes ride out, and a short 4 blocks from the car line.

Improved with a 7-room house, bath, cellar, attic, cement walks, electricity, gas, telephones, three-compartment barn, children's lath house, poultry corrals, cow corral; all thoroughly and artistically fenced, and you will find on this place in addition to all kinds of vegtables the following family fruits in full bearing:

Four apple trees, four peach, two plums, two loquats, two orange, two lemon, three walnuts, one pear, three fig trees, grape arbors, etc.

A thrifty family own this place and have lived there for several years, and what they have not planted and growing there that will grow on good soil in Southern California is not worth mentioning.

It is spic and span and clean and in order—the result of several years' labor and attention—and the house, barn, fencing, outer buildings, water equipment, etc., don't miss so very far being worth the price asked for entire property.

Don't miss seeing this if you want a pleasing home "close in" at a bargain figure.

We predict that one of the first few families who see it will buy it. It is the best buy we have seen for any large family. BEAZELL & MARSHALL, 318 Pac. Elec. Bldg., 3rd floor, corner 6th and Main sts. Phones Main 8353 or F5865. Call ready to go to see this place.

FOR SALE—
GENTLEMAN'S SUBURBAN HOME.
This is an exceptional opportunity to obtain a grand home in the suburbs of Los Angeles. House is new, two stories, mission style. Has fine large living-room and dining-room, breakfast-room, cabinet kitchen, two pantries, two baths, very large cement basement with shower bath, toilet, laundry-room. Fine large garage. Four acres of land highly improved. Cement walks and curbs all in. If you want a home that you will be proud of and where you can entertain your friends in the best of style see this place.

LEECH-HULSE CO.,
A5138. 225 Douglas Bldg. Main 14.
San Pedro.

Wilmington.

FOR SALE—
LOS ANGELES HARBOR! ! !

BEST CORNER IN WILMINGTON!

PAYS 5 PER CENT. NOW.

We have been fortunate in securing the agency of the most strategically located business corner in Wilmington, with new, modern, up-to-date improvements.

When the Panama Canal is finished and business is done over the city docks, the value per front foot of this property will be equal to or greater than the best property in San Pedro today, which is four times the price on the property.

This property could not be duplicated today for $15,000 more than the price, and the income can be increased to double in the near future.

$25,000 cash will handle this property. The balance can remain on a long time mortgage of a low rate of interest.

For further particulars, see
KOSTER & PARKER,
204 H. W. Hellman Bldg. A2462 or M. 4440.

FOR SALE—
MERCED COUNTY IRRIGATED LANDS.
Join our excursion to see the cream of the great San Joaquin Valley.
Sandy, sediment soil.
The land has been farmed for more than 30 years, and is considered the best in that great valley for raising sweet potatoes, all kinds of fruit, alfalfa and berries. Nothing better for dairying and hog raising.
A perpetual water right goes with our land and an abundance of water is always provided for irrigation purposes.
We are in the heart of more than 200 square miles of improved colony homes, and the formation and soil is all the same, and it will not take you long to convince yourself that we are offering the very best.
Will you call at our office and talk things over with us, and at your earliest possible convenience go with us to see what is being done by others, and what can be done by you?
Our prices are from $125 to $150 per acre, including water, and we will allow 7 years to pay for the land, or if it is desired, we will accept a payment of $10 per acre and the balance in monthly payments. In making these terms, we do not raise the price of our land, but are selling to you at a lower price than other good land is selling for, and our terms are the most reasonable being offered in Merced county.
We will take pleasure in telling you all about it, furnish you with new and attractive literature containing testimonials from numerous farmers, and also go with you to show the property.
Come and talk with us.
ORCHARD AND FARM LANDS CO., INC.,
215 Mercantile Place.

FOR SALE—

A SNAP.

5 ACRES NEAR $500,000 BOULEVARD.

FINEST SOIL.

FOR SALE—
Country Property.

FOR SALE—

AUBURNDALE ACRES

WILL PAY FOR ITSELF.

That sounds good, doesn't it? It is a fact, nevertheless. It is not merely alfalfa and deciduous fruit land; it is

good land, well located in heart of agricultural belt; close to Los Angeles and adjoins thriving little city.

SMALL CASH PAYMENTS AND EASIEST TERMS.

This is absolutely the best proposition on the market today, and can be purchased in either small or large tracts, seeded to alfalfa or raw land. This is close to good schools and railroad runs through the property. Irrigation and domestic water now on the ground. Good lands of this character will not last long, and if you are in the market for something, talk with

E. M. MacGINNIS,

F6101. 6th and Main. Main 1371.

FOR SALE—

GREAT IMPROVEMENTS.

MEAN PROFITS.

—ON—

VAN NUYS-LANKERSHIM

LANDS.

Hundreds of thousands of dollars have been and are being spent on these vast improvements. A magnificent parkway 15 miles in length is now rapidly nearing completion.

Every foot completed means increasing values on the land adjacent, the great Van Nuys-Lankershim Tract. Already over 300 business men, ranchers, and home seekers have purchased. Profits should be quick—whether the land is used for fruit, walnuts or sugar beets, or whether you hold for a turn of the market.

The present low prices cannot remain for long.

NOW'S YOUR OPPORTUNITY.
5, 10 and 20-acre tracts.

Get in ahead of these big improvements. Some choice sections until now reserved from sale HAVE JUST BEEN PLACED ON THE MARKET. Do not delay. Good close-in lands are limited.
Our machines make several trips daily.

RANCHO LA PUENTE.

5-ACRE TRACTS.

$400 AND UP PER ACRE.

WITH WATER.

A Part of the "LUCKY" Baldwin Land.

The best land in the valley, especially for all crops. Oranges, lemons, walnuts, alfalfa, berries, potatoes, vegetables. The finest in which to raise chickens. Investigate its wonderful advantages. Now selling rapidly to people who know. Choice five-acre tracts on the boulevard. Investors, speculators and homeseekers will find this land doubling in value in a short time. The only acreage near the big city which will have gas and electricity and the proposed new electric car line will pass the land. Both the Salt Lake and the Southern Pacific now serve the property. Thirty minutes' ride, 9 cent fare by book. Terms are easy. Write for booklet. Our machines make several trips daily.

BUSINESS INVESTMENTS—

WANTED—I AM READY AND ABLE TO invest $5000 to $10,000 cash right now and up to $25,000 later, if justified, in the best business proposition I can find in Los Angeles. I am an experienced, successful young business man, married, age 33, well acquainted and familiar with local conditions. No skin games or hot air artists need apply. No oil or mining stock wanted. If you have something really good and can prove it, address me as follows, giving enough detail, to identify the proposition and yourself. All correspondence confidential; letters returned if desired. Address K, box 270, TIMES BRANCH OFFICE.

WANTED—A GOOD MAN TO JOIN ME IN a town lot subdivision. I own fifty acres in beautiful Redlands, California. Located in the very heart of the city and ripe for immediate subdivision. The property will bring $150,000; will sell one-half interest for $18,000; $12,000 of this money to be used for street improvements. This is a strictly legitimate proposition. Will deal with responsible party only. If you have not got the money do not answer this ad. References exchanged. PHIL DENITZ, 225 San Fernando Bldg. F5785.

FOR SALE—
For $5,000,000, 50 per cent. of the best building and construction firm's stock. Has been established for the past ten (10) years. More work than we can take care of. Salary position given to the right person. References and experience necessary. For information, apply to JAMES M. HARDMAN, with JONES BROS. & HARDMAN, Suite 6, First National Bank Bldg., Ocean Park, California. Phones: Home 4744, Sunset 182.

FOR SALE—A SYNDICATE IS NOW BEing formed in Los Angeles to buy and build on a desirable lot for investment. A conservative estimate of the net returns show an annual income of 20 per cent.

All the funds employed in this transaction will be handled by a well-known bank and all contracts and expenditures will be audited by a company of certified public accountants. Only a small amount of stock is being offered for sale. For further particulars address MR. WILLIS, 779 Hawthorne ave., Hollywood, Los Angeles.

WANTED—I WANT A FEW PEOPLE TO join with me in developing the richest oil property in the State; I own this property and the parties who join with me will make a fortune from the small investment required to drill a well. Call on, or address J. M. BURNS, 3824 Wisconsin st. Phone 77283.

$2000 BUYS ¼ INTEREST IN A GOING INdustrial concern; factory now in operation and products on the market. Do not answer unless you have the money and mean business as this is not a dead proposition. Address H, box 225, TIMES BRANCH OFFICE.

INVESTORS! BEST 6000 ACRES BETWEEN this city and the sea, for sale, in large or small tracts. Old city property. Lots and acres in Wilmington. JOSIAH COPLEY, 203-4 Union Oil Building. Home Telephone 63738.

DO NOT CONFUSE THIS OFFER WITH the ordinary "capital wanted" ads. We have the machinery and stock to manufacture an article that is in great demand in every office and home where telephones are used. We want four or five more careful, conservative men to investigate and invest about $500 each, to complete our organization—to place this patented necessity in every business office and home where telephones are used in the United States. You can get in on the ground floors and share in over 300 per cent. profits. This opportunity is offered now, and only now. The men you will associate with are not promoters, but solid, conservative business men that are well known in Los Angeles. MR. JELLISON, 306 Fay Bldg., between 10 and 12.

GROCER—GREAT OPENING IN THE NEW town of Owensmouth, 3000 men employed in near-by sugar-beet fields; large gangs of men in construction work. No grocery stores. See MR. THURSTON, care Janss Investment Company, 611-613 S. Hill st.

DEAL WITH US—
IT WILL PAY YOU WELL.
When you need money you want to know where you can get it the moment you need it. Under those circumstances you have enough trouble, and we make it easy and pleasant for you to come to us and get the amount you require.
EASY TERMS.
When you come to us for money your terms and payments are made to suit your individual circumstances. If you can only afford to repay a small amount weekly or monthly we make the terms accordingly. Why let the want of a little money destroy your peace of mind; we loan to owner of household furniture, pianos, live stock, etc., to remain in your possession. If you have a loan elsewhere we will advance you the money to pay them and more if desired. Regardless of what others advertise, see us, it will pay you well. Call, write or phone. Our agent will call. Phone Main 6946.
PARK LOAN & CREDIT CO.,
Second Floor, Room 210,
424 South Broadway.

YOU WON'T MAKE A MISTAKE—

When you are in need of a little ready money on short notice, you won't make any mistake by coming to us and getting our terms first. You will find our rates the lowest in the city. Our specialty is loans from $10 to $200, on HOUSEHOLD FURNITURE, PIANOS, WAGONS AND LIVESTOCK. The security to remain in your possession. There is no need of asking your friends or relatives to help you when you can borrow from an old established company without any publicity and on such reasonable terms. Our offices are private, but, if you are unable to call, send word to us by mail, or phone and we will send an agent to talk the matter over with you.

CENTRAL LOAN COMPANY,

A LOAN FROM US
Saves Money.
If you want money on FURNITURE, PIANO, horses, wagons, live stock or other personal property, without giving up the possession or use of same.
BORROW FROM US AND SAVE MONEY.
Our plan gives you a definite amount to pay each month, including both principal and interest, and you know just where you stand at all times, and if you find that you can pay before the loan expires you will receive a substantial rebate on the total cost. In this way a loan can be paid off much quicker and cost much less than the customary loan providing for payment of interest only. The reputation we have firmly established with those who know us is
A SQUARE DEAL ALL THE TIME.
FIDELITY LOAN COMPANY,

STOCKS AND BONDS—
And Mortgages.

FOR SALE—
The question is often asked why oil companies are organized and why they offer stock on the market for sale. Why local parties do not take up all the oil enterprises.
If people would stop to consider a moment we think there would be no occasion for questions of that kind. It takes money to open up oil territory, and the oil men in organizing companies, are doing just what the railroads, large industrial enterprises, including iron, steel, coal and others in the East, are, by simply arranging their affairs so that small interests can be conveyed to separate individuals, and in that way secure the necessary capital to carry on the business of the company. Stocks are offered to general investors because no one has sufficient capital to successfully operate the property, however valuable the property may be.
Only a short time ago the British government went to New York City to raise some $5,000,000. These bonds are a good investment, yet the government went abroad. The bonds of a prosperous town or city may be gilt edged, yet they are placed to outside money markets. The Pennsylvania Railroad is an excellent investment, yet not one-fifth of its stock is owned in Pennsylvania. The New York Central & Hudson River Railroad securities are as staple as government bonds, yet the recent inventory of the estate of Cornelius Vanderbilt showed that he owned less than one-fiftieth of its stock. Standard Oil Company's stock has sold as high as $800 per share on the curb; it is not even listed security, yet it has paid as high as 80 per cent. dividends per year, and John D. Rockfeller owns less than one-third of the stock of the company he organized.
Make your savings earn something. It is not what you save that makes you rich; it is what that saving earns.
Recently the Los Angeles Times and other newspapers and journals throughout this State published a list of the listed oil companies of California, and it sets forth the fact that these companies have paid better than $25,000,000 in dividends to date.
If you held 1000 shares in any of these listed companies, your returns would be anything from a fair income to a yearly fortune. The records of the fortunes made in oil bring out two facts which are worthy of attention:
First—The greatest percentage of profit is made by the man or woman whose judgment prompts the purchase of a stock interest during the early stages of the development of an oil company, and whose persistence hold on to that stock until the days of big production arrive.
Second—The small investor has an equal chance with a large capitalist and often makes a greater percentage of profit on the money he invests because he gets in on the ground floor. Procrastination is the thief of time. It is up to you to act, we have shown you the way.
Now, the Pan-American Oil Company is offering a very limited number of its shares at 15 cents because it is maintaining two camps in the Maricopa Oil Fields on Section 32-12-23, in one of which it has a well all its own down about 2600 feet and is entering the old rock, and in the other camp, the company is successfully cementing off the water in the well that penetrated the oil sand, and as we have often stated, threw an 8-inch stream almost to the Crown Block, indicating an immense producer, possibly 10,000 barrels daily.
The Field Superintendent believes this well will be in the coming week, and furthermore six-sevenths of this great production goes to the Pan-American Oil Company. But all this costs cash money for the men's wages, of whom we employ a big force, who must be paid promptly, and then the supply men's bills are cash every 30 days or so. It is evident expense goes on, and although a big production is assured it will require sixty days more before oil can be contracted to the big selling agencies, and the first cash returns received, so it must be plain to all that money must be raised on the stock, although we offer it at one-third its actual value, but of course this sacrifice will only last until we get the first returns on our oil.
Our needs are your opportunity to get a bargain. Our lessees, the El Dora Oil Company and California Amalgamated, have three wells. The El Dora's Well No. 1 is producing 800 barrels daily. These lessees, according to contract, will pay the Pan-American Oil Company royalties for 19 years to come. These lessees have leased 30 acres from the Pan-American Oil Company.
Send or call about Wednesday for the history of the Pan-American Oil Company. It is mighty "interesting reading."
The Pan-American Oil Company will advance the price of its stock to 20 cents a share this month.

PICK AND DRILL.
Some people would not recognize opportunity's knock at their door if she was drilling holes in it, from a line of Krupp guns. There are times when the old lady gets big hearted, and camps on our front door step and posts a courier at each window to hit you with a bag of gold at sight. That's just what the Madam is doing for you now. You can ignore her thunderous voice, and wend your hapless way to the bankrupt's hall, or you can buy some Pick and Drill stock and join the lucre-laden procession to the banks of Pactolus.
Remember what I told you—there's some good news just ahead—within the next week that will put the stock higher than ever. This is a cold fact. Save money by buying it today.
B. F. TAYLOR,
118 West Fourth st.
Home 10366. Main

LIVE STOCK FOR SALE—
Horses, Mules, Cattle, Etc.

FOR SALE—

AUCTION. AUCTION.

HORSES, MARES AND MULES.

On Wednesday, June 5th, at 1 p.m., I will sell 2½ carloads of horses, mares and mules, ranging from 4 to 7 years in age; in weight from 1200 to 1560 lbs. each. This stock is all young, sound and well broke to all harness, just out of hard work in Cash Valley, Utah. This stock is the good, flat-bone, heavy kind, all well broke, single and double. Also 11 head of heavy-bone, brown, mealy-nose mules, ranging in age from 4 to 7 years, weight from 1000 to 1200 lbs. each, all well broke and good workers. Nearly all well matched teams. Just received telegram from Ed. Stuart in Cash Valley, Utah, to advertise this sale, as they must be sold for cash, as this day I have shipped the above described stock and will be there in due time to attend the sale. The terms of this sale are cash. Each one will hitched and tried immediately after sale and must be as represented in every particular.

Now, Mr. Buyer, if you are looking for chickens and dinkies I would advise you not to take up your valuable time attending this sale, for we have none of that kind, but if you are looking for good, sound, heavy-bone, well-broke stock, we solicit your presence and patronage. Do not forget day or date. Wednesday, June 5th, 1 p.m. sharp. Take Brooklyn ave. car, get off at Lyons st.

WM. STUART, 840 Lyon st.

COL. D. A. WHITAKER, Auctioneer.

CLASS PLAYS AT CUMNOCK.

Senior Class of School of Expression Presents Two Greek Dramas in Presence of Large Audience.

The class of 1912, Cumnock School of Expression, presented two Greek dramas last night to an audience that filled the hall. The young ladies acquitted themselves well and some showed dramatic talent of fine degree. "The Alcestis" of Euripides was given by the following cast of characters:

Apollo, Edna E. Green; Orcus, Cecelia A. Kocher; Handmaid, Winifred C. Roberts; Alcestis, daughter of Pelias, and wife of Admetos, Kathryn H. Chambers; Admetos, King of Pherae, Kathleen Hampton; Eumelus, son of Admetos and Alcetis, Katherine Robbins; Daughter of Admetos, Wanda Epperson; Hercules, Mae Corlett; Pheres, father of Admetos, Goldsmith Kittle; servant, steward of the palace, Maud Teresa Howell; chorus leader, Edna E. Green.

"The Virginia Goddess," by Rudolf Besier, with the following cast, was the second number:

Cresphontes, King of Artis, Maud Teresa Howell; Althea, the Queen, Madeleine Mary Harris; Cleito, the King's mother, Ruth Clay Price; Hephaestion, the King's brother, Rosalie Budington; Iphicles, a captain, Gladys Arries Wilhelm; the Virgin, priestess of Artemis, Winifred C. Roberts; a herald, Goldsmith Kittle; priest, Cecelia A. Kocher.

The costumes were particularly attractive, and the choruses, composed of pupils of the school, were effectively rendered. The works were presented under the dirction of Miss Willamene Wilkes, and the music for the chorals in the second play was written by Miss Rosalie Buddington, one of the graduates.

JAPANESE MAY QUIT.

Consul-General Tells His Countrymen to Beware of Fantan and Chinese Associates.

OXNARD, June 4.—In order to advise his fellow countrymen to stop the custom of gambling with Chinese in fan tan, lottery and other games, and to endeavor to make them better citizens, M. Nagai, Consul-General from San Francisco, opened a campaign here today. This afternoon he addressed the entire Japanese population at the Japanese mission, endeavoring to show the error of mingling in shady gambling deals, and starting a movement which may result in the cessation of Japanese gambling here. He also advocated good citizenship on the part of all of his countrymen.

NEWS BRIEFS.

With the payment of nearly 200 Mexicans who have been working in the bean fields of this section the beet thinning and hoeing season came to an end. For some months ranchers have worried greatly over the hard time to secure help for the early work in the fields. Wth the activities practically completed, statements are made by ranchers that but a small acreage in this section has been spoiled because of lack of men.

The senior class of the Oxnard High School this evening gave "At the End of the Rainbow" as their class play. Tomorrow night the commencement exercises are to be held.

GIRL DRINKS CHLOROFORM.

Long Beach Miss Rushes Out of Theater and Swallows Poison on the Pier.

[BY DIRECT WIRE TO THE TIMES.]

LONG BEACH, June 4.—[Exclusive Dispatch.] Miss Nellie Stifft, a rather pretty girl of 17, attempted a dramatic suicide tonight, but fortunately took an overdose of poison and at 11 o'clock though a very sick girl will probably recover.

Miss Stifft chose the Pike as the stage for her intended exit and securing a two-ounce vial of chloroform started with her sweetheart, a young man named Coppage for the theater. She had been despondent all evening and about 9 o'clock she rose abruptly and left the theater. Coppage followed, reaching the Pike just as the girl raised the bottle to her lips and drank half the contents.

Coppage carried the victim into a neighboring cafe and 'phoned for doctors and police. Chief Austin responded and with the aid of strong emetics succeeded in ridding the girl of much of the poison before physicians arrived. She was taken to her home on Fourth street and additional antidotes given with good results.

The only reason given by the girl for her act was that she was despondent and thought it would be nice to go to sleep forever. She and Coppage both deny any trouble in love affairs.

FAVOR THE PLAYGROUNDS.

South Pasadena Church Organization Appoints Committee to Urge Trustees to Provide Place to Play.

SOUTH PASADENA, June 4.—The Men's Brotherhood of the Calvary Presbyterian Church is not in favor of the playgrounds project being sidetracked by the City Trustees. At a meeting held last evening, a committee consisting of John C. Hann, William Hazlett and Ralph G. Johns was appointed to wait upon the city fathers.

The committee was instructed to request that if the city cannot afford two instructors for the school playgrounds during the summer months, that it provide at least one director for the boys of the city, as they should have a public recreation center under proper supervision. Other organizations and individuals will follow the lead of this club and address the Trustees along the same lines.

The plan is to eventually provide a public playground and recreation center, such as Carmelita playgrounds in Pasadena, where adults have athletic and gymnasium classes.

This city will be unusually well represented at the State prohibition convention to be held Wednesday and Thursday of this week in the choral hall of the Auditorium building, Los Angeles. Delegates elected are Mr. and Mrs. J. H. Woertendyke, Mrs. Grace Warden, Mrs. Rose Thayer and the Rev. Booker Smith, pastor of the Christian Church of South Pasadena. Mrs. Woertendyke was chosen as a member of the County Central Committee, and Mrs. Grace Warden to deliver a temperance oration for the women's special hour, Wednesday afternoon of the State convention, when the women delegates will be instructed in the use of the prohibition ballot. Mrs. Woertendyke will be one of the chief contestants at the diamond medal contest Thursday evening.

Funds apportioned for the different departments of the city's work at the last meeting of the Board of Trustees were: Streets, $15,000; police, $4200; clerk, $1500; engineer, $1000; finance, $2000; Treasurer, $900; Board of Trustees, $250; Board of Health, $500; Assessor, $1400; City Attorney, $1800; elections, $150; street lights, $8500; publication, $400, and general expenses, $1500, making a total of $39,100.

BUREAU OF INFORMATION.

Times Office, No. 617 South Spring street.

NEWS IN BRIEF.

Dance for Flood Sufferers.

A dance will be given at Kramer's on Tuesday night of next week under the auspices of the Dixie Society for the benefit of the flood sufferers in the South. The price has been fixed at $1 a couple, and it is hoped by the society that a large crowd will attend.

Graduates at Barbecue.

Forty-five members of the graduating class of the Los Angeles High School were entertained at a barbecue on the P. J. Watson ranch as the guests of Miss Harriet Lowrey and Miss Ruth Lowrey, the unique affair proving one of much enjoyment to all concerned.

Entomological Club to Meet.

The Entomological Club will meet in the office of Dr. A. Davidson in the Wilcox building tomorrow evening at 7:45 o'clock. F. Grinnell, Jr., will speak on the subject: "The Pioneer Entomologists of California." All persons interested are invited to be present.

Postal Clerks' Meeting.

The California branch of the National Association of Postal Clerks will hold a meeting in this city Saturday, when a delegate to the national convention in Boston will be chosen and officers named for the coming year. A banquet will follow at the King Edward Hotel. Part of the day will be spent making a tour of the beaches.

Death of Well-Known Teacher.

Heber E. Kile, for five years a teacher in the commercial department of the Polytechnic High School, died at 5 o'clock yesterday afternoon at his home, No. 1665 Echo Park avenue. He was 37 years of age and had resided in Los Angeles for ten years, becoming well known in High School and educational circles. He leaves a widow. Funeral services will be conducted at 4 o'clock tomorrow afternoon at the Pico Heights Congregational Church, followed by interment in Rosedale Cemetery.

French Benevolent Ball.

The ladies of the French Benevolent Society will give their annual ball Saturday evening at Blanchard Hall. This ball is given for the benefit of the French poor in this city. Mrs. A. Fusenot, honorary president; Mrs. L. J. Christopher, president; Mrs. Grimaud, vice-president; Mrs. Viole, secretary, and Mrs. Naud, treasurer; Mrs. Blanchard and Mrs. Clavier, are the patronesses. A small admission will be charged. Arend's Orchestra will play for the dancing.

BREVITIES.

Bimini Hotel and treatment departments closed few days for renovation and improvement. Tub baths and plunges open as usual. Make hotel reservations now. Watch for opening announcement.

Tressiar studio moved to 702 S. Spring.

Furs remodeled. D. Bonoff, 447 Bdy.

TO BOOST THE PROJECT.

Venice Trustees Grant Liquor License to a Hotel Which Is to Be Built Soon.

VENICE, June 4.—The City Trustees have voted to issue a liquor license to the projected Hotel Venice, provided work on that structure shall be commenced at once and completed by the opening of next summer season. With this assurance, the syndicate promises to start building operations without delay. The site has been secured, the contract let and plans are rapidly developing for the beginning of work upon the beach's sky-piercing building, whose minarets will flirt with the fleecy clouds as rising from a roof garden atop the eighth floor of a reinforced concrete pile.

DUSTLESS TOWN.

At the request of travelers and property owners, the City Trustees are arranging a date with trolley line officials, when the matter of making Venice a dustless town will be discussed. The complaint is that the dust ballast of the Pacific Electric revives memories of back-east cyclones when fast flying cars pass the street intersections. The railway company will be asked to oil the roadbed and carpet the right of way with crushed granite at the more prominent points where passengers congregate to take the cars.

ALL ELECTIONS OFF.

The City Clerk has waded through the plethora of petitions and has discovered that none of those presented for the calling of special elections under the initiative-referendum provisions of the new State law, meet the legal requirements. All of the petitions under inspection touched upon the liquor license question in one phase or another and all have been brushed aside by the City Trustees as insufficient or not in proper form. One petition is still going the rounds. It asks that an election be called for the purpose of affording the people an opportunity to vote upon the adoption of an ordinance holding the number of saloons down to two and making the license fee for each $1000 per month.

LIGHTS TO SHINE.

Playa del Rey is to begin at once to reap a portion of the benefits arising from annexation to Venice. Long in darkness, the high hills are to be illuminated. The City Electrician has been instructed to bet busy and install beacon towers on the point overlooking the sea, the marsh, the strand and the entrance to Ballona Harbor.

Automobiles for Hire.

Seven-passenger, $4 per hour. Five-passenger, $3 per hour. Open day or night. Westlake Stable Garage, No. 1529 West Seventh street. Home 55401, Sunset Wilshire 150.

ENTERTAINMENT AND ELECTION.

Hamburger Employees Mix Business and Pleasure and Have an Enjoyable and Enthusiastic Evening.

The Hamburgers' Employees Benevolent Association gave an entertainment last night in the Arrow Theater in connection with the annual election of officers, at which the following programme was rendered by members of the association, amidst the greatest enthusiasm: Moving pictures, solo, Miss Artie Janes; specialty, Emil Klein; solo, R. W. Karpel; instrumental trio, Miss E. Willimtzig, Messrs. G. Willimtzig and A. Willimtzig; solo, Miss Maude Kearney; vocal specialty, Jack Shurr; solo, Mr. Betton.

The following officers of the association were elected for the ensuing year: President, W. G. Dinius; vice-president, Mrs. Etta Brousseau; secretary, Miss Laura Lee Turner; treasurer, W. J. Tummonds; board of directors, Eugene Cohen, H. M. Pembroke, Ed McIvor, Louis Wallenstein; advisory board, W. E. Chamberlain, Otto Sweet, W. C. Heffelfinger, George W. Hifle; physician, Dr. Smith Dabney; nurse, Mrs. Lina Pomeroy.

At the business meeting an interesting talk was made by Dr. Smith Dabney, the store physician. It was shown that during the past year 9515 calls were made for medical attention, and that during the past four years the association has expended $12,700 in relief and has $2250 in the treasury. The date for the annual picnic, which will be held at Long Beach, was fixed for July 13.

CALIFORNIA LEADS INDIA.

Ahead in Products of Soil, but Latter Has Greater Irrigation System, Says Engineer.

"California is far ahead of India in the products raised by irrigation, but India has a much more extensive irrigation system than the southwestern part of the United States," said F. W. Schonemann, superintending engineer of construction for the British government at Lahore, yesterday. He is one of several British government officials of India en route home from that country via. Los Angeles, and who have arrived at the Van Nuys within the past few days.

"American engineers, and particulary those of the southwestern part of the country are well known in India for the greatness of their achievements, particularly the immense dams which they have built of concrete," said Schonemann. "Our projects are considerably larger than those in this country. The Punjab work is one in which five rivers are absolutely carried away from their channels and diverted over the land. They are as dry as bone below the final dam."

"The Chenab River canal discharges 11,000 cubic feet of water per second, while the discharge of the Thames River in England averages only 1600 cubic feet. The soil itself is probably not as rich as that in this section of the world, which is possibly accountable for the fact that only grain is raised there.

"Wages are not exceedingly high in India, but nevertheless, the increased acreage has necessitated the employment of modern farming machinery to do the work of the men, who are getting about $2.50 a month, American money.

"There are five cities in the Punjab Province, which are benefited by the irrigation, Lahore, which is the site of the British capital, Delhi, Peshawur, the frontier city; and Amritsar, the capital city of the Sikhs, the tribe from which the finest native warriors are recruited for British service, and who, despite their warlike propensity also make the best farmers."

Schonemann will visit several of the irrigation projects in this part of the State before leaving for Wyoming, where he will inspect one of the government works at which a dam was built where rock foundation was a difficult thing to secure and where soil conditions and engineering problems are more nearly like those of India.

George A. Scott, Pacific Coast representative of the International Correspondence Schools of Scranton, is registered at the Alexandria from San Francisco. Mr. and Mrs. Frank H. Sellew are passing a few days at the hotel. Sellew is a Chicago engineer.

VITAL RECORD.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday. Name and age given.

BOYNTON—AGUE. Eugene L. Boynton, 22; Isabella Ague, 21.

CAMPBELL—DILL. Charles R. Campbell, 21; Anna L. Dill, 21.

JUNE
WEDDING BELLS
ST-UNG!!
ST-UNG!
ST-UNG!!

A whole lot of men will hear the bells ring that song this month.
Some of them hear it every month. Every day we see men going into the spider's web of the $50-suit-for-$16 tailor. And when the cash register rings up their deposit the little bell says "St-ung" quite distinctly.
We've been in business for about a generation, and the little bell on the cash drawer has never rung "St-ung" yet.
Because our policy, first, last and all the time, is "Satisfaction or your money back."

The Bribery Trial.

NAME OF GOMPERS FALLS LIKE SHADOW ON RECORD.

Franklin Swears Darrow Told Him Corruption Fund Came from President of American Federation of Labor; Bank Cashier Tells of the Unionite Chief's "Special Account" in Washington Institution.

LIKE a sinister shadow across the pages of the legal history now being written of Clarence Darrow, came yesterday the name of Samuel Gompers, head of the American Federation of Labor and the man who up to the very last maintained the innocence of the McNamaras and declared they were being hounded by detectives and prosecutors.

It was declared in evidence before Judge Hutton and a jury yesterday that Frank Morrison, secretary of the American Federation of Labor, kept a special McNamara account in the Riggs National Bank in Washington, D. C. Asst. Dist.-Atty. Ford told the court he would show before the case was through that various moneys were withdrawn from the bank and sent to Darrow and that part of the money went to Franklin for the alleged bribery of George N. Lockwood.

In the testimony of Franklin, it was sworn that Darrow told his head detective not to worry about any possible identification of the $4000 in bills handed to the latter on the morning he was arrested as they came straight from Sam Gompers. This trail apparently leading from the headquarters of the McNamara defense to the office of the leading officials of the American Federation of Labor and its fund of more than $200,000 may form one of the sensations later in the present trial. The introduction of the leaves from the ledger of the Washington bank was strenuously fought by Attorney Appel. He was successful, for the time being at least, in preventing the witness from testifying concerning the page of accounts. Today may see other startling evidence brought in to show the hand in the eastern inner circles of labor unionism directing operations in the trial of the McNamaras.

The cross-examination of Bert Franklin was temporarily concluded at 4 o'clock, for the purpose, as explained by Attorney Rogers, of getting certain documents in court. Franklin left the stand to be recalled at 10 o'clock this morning.

THE "MORRISON ACCOUNTS."

The prosecution then introduced Henry H. Flather, cashier of the Riggs National Bank, of Washington. He said he knew Sam Gompers and also Frank Morrison and said the latter carried several separate accounts with the bank. One, in particular, was known as the "Morrison account No. 5," and was said by Gompers to be the McNamara defense fund account. The witness was not permitted to go into this point, however.

During the day Rogers exhibited ammunition that later it is evident he will hurl at Franklin, the main witness of the State in the attempt to show that the alleged bribery of Lockwood and Bain was ordered by Darrow. There will be plenty of witnesses to attempt to impeach the testimony of Franklin, especially as to his alleged frequent denials that Darrow was implicated in his own downfall.

"Did you see Darrow after your arrest?" Rogers asked Franklin.

"Yes, I met him and LeCompte Davis at Mr. Darrow's office."

"Are you able to recall the conversation occurring at that meeting?"

"Not at this time. Mr. Darrow asked me how Mrs. Franklin felt about my arrest and what my friends advised. I saw Mr. Davis almost every day and cannot recall any specific conversation with regard to dates."

After Rogers had shot several other questions at Franklin the witness replied with the following apparently unlooked-for conversation: "Yes, I remember Darrow asked me if I had talked with Davis and told me arrangements would be made to give me $3000 if I pleaded guilty."

Shortly another verbal sparring match between the layman and the lawyer Franklin volunteered the following:

"I remember telling Mr. Darrow that I had seen a newspaper account of how the bribe money had been traced from the safe deposit vault to Darrow and thence to my hands. Mr. Darrow replied that there was no danger of marked money, as it was sent directly from Samuel Gompers."

This answer created something of a sensation in the courtroom, as it indirectly linked in an official way the name of the president of the American Federation of Labor with the alleged bribery in the McNamara trial.

Another alleged conversation was narrated by the witness which was seemingly not to the interest of the defense. Franklin said in effect that he had asked Darrow if there was any danger of the District Attorney tracing the money used to the bribery of Lockwood and that Darrow had replied that Harriman had taken care to make a payment of $500 on a mortgage the day he went to the safe deposit vault.

"TALKED OF PRISON."

Rogers assailed the witness savagely following this remark, but as it was given in reply to an interrogatory of the defense lawyer it possibly had its effect. Later Franklin recalled another conversation with Darrow not mentioned on direct examination in which the two had discussed the size of the cells at San Quentin.

Rogers asked Franklin if it were not true that shortly after he had pleaded guilty and paid a fine that he had told a bartender that he knew all the time that he was in no danger of imprisonment. The witness did not recall making the exact statement referred to. The bartender will probably be introduced by the defense.

The next line taken by the cross-examination was to narrate the successive conversations or interviews with LeCompte Davis, who was first retained by Franklin when the latter was arrested on a charge of bribery. In a conversation outside the Courthouse the witness said: "Davis told me to keep my mouth shut and not to talk with newspaper men. In another talk he told me he was trying to make arrangements to have me plead guilty to a charge of attempting to bribe a juror and pay a fine of $5000."

Franklin was also positive that Davis told him the McNamara legal defense would give him (Franklin) enough money to support his family until he could earn a living.

"Did Mr. Davis ever ask you where you got the money you say you got to bribe Lockwood?" asked Rogers, suddenly pointing his finger at the witness.

"No; why should he?" retorted Franklin, angrily. "Davis was standing between me and Darrow and I don't think it was necessary to tell him where I got that money."

Upon motion of Attorney Rogers this answer was stricken from the records.

"Now, as a matter of fact, didn't you tell Mr. Davis that you got the money from a Chicago man?" asked Rogers.

"No, sir," replied Franklin.

"Didn't you tell Mr. Davis that Darrow never gave you money except for legitimate purposes?" pursued Rogers.

"No, sir," almost shouted Franklin.

WHENCE THE MONEY?

Rogers then asked Franklin if at his preliminary examination he had not told a number of newspaper reporters (naming them) that Darrow was a good man and never gave him any bribe money.

Franklin replied in the negative.

"Do you know D. V. Nicholson, a reporter on the Examiner?" asked Rogers.

"I do, very well," answered Franklin.

"Do you recall two interviews he had with you about December 15?"

"Nicholson tried to have interviews with me but I never told him anything," replied Franklin. "You never saw anything in the paper, did you?"

"Now, isn't it a fact that you did tell Nicholson that Darrow was innocent?"

"No, sir. The only conversation I had with the reporters was at my preliminary examination when I tried to protect Mr. Darrow," replied Franklin.

"Do you know Adam Dixon Warner?" asked Rogers.

"Yes, he came to my office with a letter from Darrow. He was looking for a job," said Franklin. The witness denied ever discussing the McNamaras with Warner.

With Frank E. Dominguez in the courtroom, Franklin also made a partial denial of a conversation which he is alleged to have had at the Majestic saloon shortly after his arrest. The witness denied having made the statement, "Darrow never gave me a dollar for any dishonest purpose."

Rogers next introduced the name of Tom Johnson, an attorney of this city. The cross-examiner asked Franklin if Johnson had not come to him

(Continued on Twelfth Page.)

Important Precedent.

NEWS RIGHT IS UPHELD; CONTEMPT CASE QUASHED.

THE contempt proceeding against Robert J. Foster, investigator for the National Erectors' Association, charging him with attempting to influence the judge and jury in the Darrow bribery case by an alleged interview in a morning paper, was dismissed yesterday afternoon by Judge Willis.

During the morning session, George P. Adams, attorney for Foster, and Leonard Slosson, special prosecuting attorney appointed by the court, cited numerous authorities relating to their respective sides. Adams ridiculed the affidavits filed by the prosecution and said they contained nothing but "clap-trap." Slosson confined his argument to attempting to show that Foster was responsible for the interview and contended that this in itself constituted a contempt.

Judge Willis then took the matter under advisement and at the opening of the afternoon session rendered an important decision, dismissing the citation.

"I am satisfied that all of these matters that are alleged on information and belief are matters of which the court cannot take cognizance, even if the proper affidavits were filed," said he. "When I come to examine the exhibits, I see nothing in them that tends to show any intent to commit a contempt of court. They contain nothing except the expression of opinion of this defendant.

"I anticipate that it could never be shown that Mr. Foster dictated this interview or asked that it be published. I assume that that could not, in the ordinary course of things, be shown. I presume, to get at the very truth of the matter, Mr. Foster made substantially the remarks that are set forth here; that is, that if the dictagraph evidence was admitted, it might convict Mr. Darrow. That is about all we can get out of it.

"In this country, where everybody has the right of free speech, we do not hold to the same strict rules that they do in the courts of England.

"I see no reason for the bringing of these charges unless it be for the purpose of distracting the attention of the press and public from the real issue in the case; that is, as to the guilt or innocence of Mr. Darrow. I think that it would be a waste of time to take evidence on the few points that these affidavits raise."

Judge Willis thanked Slosson for the manner in which he conducted his end of the case and for advising the court as fully as possible on the merits of the case

MINING EXPERT DEAD.

Member of Family of Developers of Western Mineral Resources Passes at Ripe Old Age.

James Moffet, a pioneer mining expert and member of a family which has perhaps done more than any other one group of blood relatives to develop the mineral resources of the Northwest, died at the age of 73 years at his residence, No. 924 West Tenth street, Monday. Funeral services were held yesterday afternoon in the Sutch undertaking chapel. Interment was at Forest Lawn.

Despite his advanced age, Moffet was in the harness almost until the last. His death was due to stomach trouble acquired while on a recent visit to Mexico, where he was heavily interested with a group of local men in the development of iron deposits.

He was a native of Ireland, but was brought to this country by his parents while still a boy. His education in mining engineering, like that of all his brothers, was self-acquired. He was interested in the mineral development of Montana and Oregon practically from the opening of that industry and acquired a considerable fortune from the Orphan Girl mine near Butte. Two brothers, recently deceased in that city, were associated with htme there. Another brother, Joseph, is a mining engineer at Twin Bridges, Mont., and a fourth, Thomas is superintendent of the Sumter mine in Oregon. A sister, Mrs. Henry Heeb, is the wife of one of the leading stockmen of Bozeman, Mont. Another sister is Mrs. Charles McClain, of San Francisco.

His immediate family consist of a widow, Mrs. Ruth Moffet, and a son, Brooks, resident in this city.

Advance Information.

SPOOK MESSAGE LANDS CULPRIT.

EASY MONEY FOR "MEDIUM" AND SPIRIT CONTROL.

Southern Pacific Detective Consults Mystic and Learns Identity of Thief Who Has Been Stealing Carpenter Tools from Shop.—Trial and Conviction.

A jilted maiden, a spirit-message dispenser, a keen-eyed Sherlock Holmes, and a dignified judge, played the stellar roles in the capture, conviction and sentencing yesterday of F. N. Brown, an employee of the Southern Pacific, to thirty days in jail. Sentence was suspended.

It happened that in the course of spirit events, Detective O. H. May of the Southern Pacific has been looking around the corners several days in quest of a slick article who had been purloining saws, hammers and other carpenter tools from the railroad shops.

The thief left no tangible trail except the continued loss of tools and May finally concluded that Madam Zallah, a spirit-message operator, and her pet spirit control, Laughing Water, might unravel the uncanny perplexities of the case.

So May visited the spirit plant to commune with the spooks. The seance was held in the trance parlors and there were so many spooks in the darkened room that the air was chilly and damp.

"Laughing Water, tell me what you see; tell me, Laughing Water," droned the medium. The detective peered into the darkness, but said nothing.

Then, like a bolt out of the black, came the shrill voice of the Indian maiden control.

"I see a man stealing stuff from the Southern Pacific tool shop. He is taking things at night. He takes them home and hides them. Now I can see him selling them to second-hand dealers. The things he steals are saws, hammers and carpenter tools of all kinds."

"What's his name?" bawled May, as he leaned forward expectantly.

"Laughing Water will tell you," quavered the soft voice of the control. Madam Zallah was lying in an apparent trance.

"Come through!" shouted May.

"I see two women in the case. One is a blonde and the other is a brunette," droned the medium.

"Eliminate the females," cried May, "give me the guy's name?"

"Laughing Water sees one of these women crying while the other is laughing and merry. The one who is laughing has her arms around the neck of the man who is the thief. The other woman is sitting alone in her room. She also loves the man who steals, but he no longer cares for her."

May took an extra hitch in his belt, leaned over near the cabinet, and said in his latest third-degree tone: "Tell that Indian squaw with the bubbling name that I want her to tell me the name of the gink, and tell me quick!"

"His name is F. N. Brown," replied the control, post-haste, and May beat it for the street before the control was turned off.

He found Brown at No. 839 East Thirty-first street and took him to the Central Police Station, where he was tried and found guilty.

It seems that Brown recently married and that he jilted one girl. The jilted one visited Madam Zallah the day before May grappled with the spooks and she told the madam that she was in love with a man named Brown, a signalman for the Southern Pacific. The woman said Brown had been stealing tools for several years, and she wanted revenge because he married another woman.

It was an open-and-shut case for Zallah and Laughing Water and a mighty simple way of getting spiritless messages.

NEWS TO THE SANTA FE.

Local officials of the Santa Fe Railroad read with surprise the announcement in a morning paper yesterday that the road is to buy a $500,000 site on Main street and put up a $1,000,000 ticket and office building on it. In voicing his surprise, Walter H. Brewer, assistant general manager of the road, went on to specifically deny that the Santa Fe has made any such purchase, has in contemplation any such purchase or building, or is in any manner considering removing from its present location. He added that the road holds a long-term lease on the latter, that the lease has still about ten years to run and that the company has every intenion of using it until it expires.

At High Speed.

PATROL DRIVER RISKS DEATH TO SAVE WOMAN.

Risk Lives to Save An Aged Woman.

Police Patrol Chauffeur F. C. Cole (left) who drove his machine at high speed into a street car at Fourth and Broadway yesterday as the alternative to running down and probably killing a feeble pedestrian. He tore the steps off the car and partially wrecked the patrol auto. At the right is Wagonman Canto, who accompanied Cole on the fast call when the accident occurred.

SWIFTLY choosing great risk to his own life and that of his wagonman, Patrolman Louis Canto, to the practical certainty of killing an aged and feeble woman pedestrian, Police Chauffeur F. C. Cole drove the big auto patrol at high speed into the rear end of a Heliotrope Drive car at the intersection of Fourth and Broadway at the crowded hour yesterday morning. He tore the step off the car and partially wrecked his own machine but, almost by a miracle, neither he nor Canto was injured. The pedestrian, Mrs. Thomas McIntyre, No. 1335 West Seventh street, 65 years of age, was hysterical after the collision, but unhurt.

The auto patrol was answering a fast call to the southern end of the city and had the right of way over all traffic. Crossing Officer G. S. Fischer heard the clamor of the bell as the huge machine tore down the street and hurriedly cleared his corner to let it pass. At top speed it dashed on till, when within thirty feet of the corner, Mrs. McIntyre, not understanding the meaning of the clanging gong, stepped out from behind a standing auto and directly in its path.

Hundreds of passers saw her danger and a dozen cried a warning. Confused, she stood still and, though several men ran out into the street to snatch her away, the patrol was on her almost before they had left the sidewalk.

Cole did not hesitate a second. He was too close to the standing street car to swing to the opposite side of the street and, at the speed his car was going, he knew quite well that to risk a collision was to risk death. With the horrified face of Mrs. McIntyre within a few feet of his own he threw his weight on the wheel and sent the patrol wagon into the rear of the street car with a crash that was heard for a block

Half-fainting, Mrs. McIntyre was assisted to the sidewalk while the spectators cheered.

Rounded Up.

SAFE BLOWING HIS VOCATION.

MUCH-WANTED MAN CAPTURED IN THIS CITY.

Arrested in Dallas, He Broke Jail During His Trial and Liberated Thirty Other Prisoners, Few of Whom Have Been Recaptured. Local Jobs.

Memphis Jones, alias Charles Hawk, alias Joe Busch, one of the most notorious safe-blowing yeggs in the United States, who is so much wanted by the Dallas authorities that they have expressed a willingness to walk to this city, if necessary, to get him, was arrested several days ago by Detectives Boyd and Jones as he stood in the lobby of a South Spring-street hotel.

He is wanted in Dallas for the blowing of two safes, breaking jail during the progress of his trial, and having liberated thirty other prisoners and for complicity in the robbery of a hardware store in San Bernardino a few nights ago.

Memphis Jones,

Of numerous aliases, who engineered a jail delivery in Dallas, Tex., several months ago and who was picked up on the street here yesterday.

Jones made a confession to detectives and newspaper men yesterday, and added to it the declaration that on his return to Dallas he will plead guilty to the safe-blowing charges. His two accomplices have been convicted. One was sentenced to forty years and the other twenty-five years.

With Jones when arrested was Jeri Lyster, alias Charles Wright, who, Jones says, assisted him in the San Bernardino robbery. The men had a dress suit case filled with guns taken from the San Bernardino store. Lyster was returned to San Bernardino yesterday afternoon.

Jones said he and his two companions were "turned up" by Miss Willie Epps, who was used by them to "spot" the safes. She turned State's evidence, he said, and was given her liberty.

On the night of February 4 Jones and his gang blew the Segar Coal Company safe and secured $500. The next night $630 was stolen from the Van Slyke Wholesale Grocery Company. Two nights later "Irish" O'Mally, an accomplice, was arrested in his room in the St. Francis, when the following were confiscated by the officers:

Thirty-two sticks of dynamite, one bottle of chloroform, black-jack, jimmy, bottle of nitro-glycerin, two 45-caliber revolvers, 100 feet of fuse, 100 caps and two bars of soap.

Jones was being tried when he broke jail. The jury had devoted one day to the taking of testimony. Of the thirty men released by him, few have been recaptured.

Jones would not tell how he broke jail and the local police have not learned.

Following the San Bernardino robbery, the Sheriff attempted to follow the men in his machine, but was quickly distanced. Then he notified every city south of San Bernardino to watch out for the men. Despite the descriptions given of the robbers and their car, they reached Los Angeles. They had been here but a few days when Detectives Boyd and Jones got track of them.

When the detectives had secured positive evidence against the men they made known their arrest.

REUNITED AT THE BRINK.

Couple Become Reconciled in Court and Find Happiness Where Many Lose It—Humanitarianism.

A tragedy often seen in the courts—children apparently abandoned by their parents and turned over to strangers to grow up under adopted names—was averted by the sympathetic talk of Humane Officer McLaughlin in the Juvenile Court yesterday. He reconciled a young couple about to part with their babies, and left them cuddling the children with the love that had been congealing since their troubles began.

Ralph R. Wilde, the husband, 26 years old, superintendent of signals for the Southern Pacific, had been ordered by the court to pay $30 a month for the support of his children. They had been placed in the custody of a Mrs. Hobbs. Wilde apparently tired of the expense and decided to turn the babes over for adoption. The mother's whereabouts was not known.

McLaughlin staged the scene for a surprise. Representatives of the Native Sons and Native Daughters were in court yesterday prepared to receive the children. Wilde was also present. At the dramatic moment McLaughlin produced the mother, and after a whispered word with the court, the latter directed McLaughlin to take mother and father into the clerk's office.

Johnny Wilde, aged 3 years, walked timidly to his mother, and his baby brother gurgled with delight. The strange faces in the courtroom had frightened him, but there in the office he saw the ones he loved. The babies were snatched to the mother's bosom with cries of joy. Wilde's eyes grew moist.

"Don't you think you had better take these children and make a home for them?" asked McLaughlin.

Wilde looked at his wife, and the latter's eyes, filled with the mother love, held an irresistible appeal.

PARKER'S CONDITION IMPROVED.

Walter F. Parker, tax agent for the Southern Pacific, and a prominent figure in politics in California, although seriously sick at the California Hospital, is improved in condition. Dr. C. W. Cook, his physician, stated yesterday afternoon that Parker is suffering from chronic Bright's disease, which has affected his heart. "Mr. Parker is a very sick man," said Dr. Cook, "but no serious consequences are looked for at this time. He will never be the same man, however, after his recovery, and he probably will take a long rest from business duties and cares.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The Mayor yesterday announced to the council his determination to investigate the Harbor Commission and the Board of Public Works and asked councilmen to file their complaints. The council adopted a resolution commending the Mayor's action and asking "all persons" to file charges with the Mayor. The Harbor Commission's request for an assistant engineer is not to be acted upon by the council until after this investigation.

The water rates fixed by the Public Utilities Board were finally adopted by the City Council yesterday, despite efforts to open a rehearing on the Union Hollywood Water Company.

Announcement was made yesterday that H. E. Huntington gives permission to the city to place an expert on the street railway company's books, to determine the value of the franchise, as a factor in the proposed purchase of the street railways by the municipality.

The divorce suit of a dentist went to smash in the Superior Court yesterday when, on the application of counsel for the man's wife, the case was dismissed for lack of jurisdiction.

At the City Hall.

MAYOR HIS OWN INVESTIGATOR.

HE LEAVES IT TO OTHERS TO BRING COMPLAINTS.

Head of Municipality Decides to Turn Searchlight on Harbor Commission, Public Works Board and City Engineer's Office, and City Council Commends.

Mayor Alexander has decided to be his own investigator of the friction between the Harbor Commission and the Board of Public Works. In a communication sent to the Council yesterday, the Mayor stated that in view of charges and complaints that public work and improvements are being hampered and delayed by inactivity and obstructive acts on the part of the Board of Public Works and the City Engineer, particularly in relation to harbor development and improvement of streets, he deems it his duty to investigate these charges. He says that when the facts shall have been disclosed he will "lay the same before the people of the city and take such action in the matter as may seem necessary and proper."

The Mayor requests that any member of the Council having knowledge or information as to any official misconduct, neglect of duty or abuse of authority by the Board of Public Works or the City Engineer submit to him in writing such information as soon as practicable.

After receipt of his communication the Council unanimously adopted the following resolution:

"That the communication of the Mayor be received and filed; that the Council expresses its commendation of the prompt action of the Mayor in this matter and that we urge the Mayor to institute a thorough investigation of the Board of Public Works and the Harbor Commission, not only with regard to delay in harbor development and road building, but also in regard to all the business and transactions of said boards, and that all persons be invited to file charges with the Mayor."

The Mayor also sent to the Board of Public Works a statement of his intention to hold an investigation and asking for a statement from this board as to the specific status of the various phases of work on harbor improvements, projected improvements and explanations of any delays in prosecuting the work at the harbor; also a resume of the situation in regard to street improvements, the name, location and length of all unpaved streets connecting with the improved county highways at the city limits, and what proceedings have been taken for the improvement of such streets, with explanations of delays in improvements.

The Council had before it yesterday the ordinance providing for the appointment of an assistant harbor engineer, in compliance with the request of the Harbor Commission, but it decided that in view of the proposed investigation on the part of the Mayor, action on the ordinance would be postponed for two weeks.

LIMIT THE PROFITS.
DRAINAGE PLAN ADOPTED.

The City Council yesterday discussed the advisability of having the construction of the Arroyo de la Brea storm drain done under the direct supervision of the City Engineer and by day's labor. The report had reached the Councilmen that contractors would not undertake a contract of such size as this unless they took it at approximately 100 per cent. profit. Such conditions were deemed unfair to the property owners within the assessment district, and the Council finally decided that bids for the work should be advertised for, but that no bid should be accepted that is in excess of 10 per cent. of the City Engineer's estimate of the cost.

MUST HAVE IT.
PROTESTS AVAIL NOTHING.

The largest portion of an hour of absolutely good time was used by members of the Playgrounds Commission at the Council session yesterday in protesting against money being taken from their funds for the purchase of an automobile that costs $1250 more than the commission wanted to pay for a machine. Richmond Plant led the protest, urging that a smaller and much less expensive auto would answer the purpose of the playground department, and other members of the commission and Councilmen spoke on the subject. After all was said, it was announced that the purchase of the larger machine had been made and the discussion was of no avail. It is the intention of the Supply Committee to standardize the city's supply of automobiles as rapidly as possible, so that one general type of machines, with interchangeable parts, may be owned when the municipal garage and machine shop is established, provision for which has been made in the new budget.

Municipal Cemetery.

A municipal cemetery is one of the latest plans of the City Council. Yesterday the Council adopted the recommendation of the Harbor Commission that the San Pedro cemetery, which came into the possession of the city through a bequest from a sea captain, be resurveyed, lot stakes set and the place fixed up, and that a sexton be appointed. The question as to who should have the appointment of the proposed sexton at once arose, and this was referred to the Supply Committee. Councilman Betkouski objected to the reopening of the cemetery for interments, urging that San Pedro's expected growth would soon surround the land and further interments would be objectionable.

Wade Gets Appointment.

Robert D. Wade was named by the Mayor yesterday for the position on the Public Service Commission made vacant by the resignation of A. N. Davidson. The Council postponed action for a week.

Recommends Land Sale.

The Aqueduct Advisory Board yesterday recommended that the Board of Public Works sell more than 2000 acres of land adjacent to the cement plant at Monolith, and on which a minimum valuation of $55,000 has been placed. This is the price paid for the entire tract of land, including the cement plant site and water lands, and the city will now reserve these and still get the original price of the purchase, because of the increased valuation of realty.

Railroad Purchasing Plan.

A conference was held in City Attorney Shenk's office Monday night between the special committee appointed by the City Council to investigate the possibility of H. E. Huntington selling to the city the Los Angeles Railway Company system, and W. E. Dunn, representing the Huntington interests. The special committee is composed of Councilmen Lusk, Reed and Topham and Messrs. S. C. Graham and R. D. Wade. City Attorney Shenk and Special Counsel Hewitt were also present at this conference. It was decided to recommend to the Board of Freeholders that a provision be placed in the city charter whereby the city may be able to acquire street railways or other public utilities. On behalf of Huntington, Attorney Dunn gave permission for the city to appoint an expert to keep account on books of the railway company for the purpose of estimating the value of the franchise.

Water Rates Adopted.

Despite the protests of Councilman Reed, the Council yesterday, with only Reed's dissenting vote, decided to adopt the rates for water companies as fixed by the Board of Public Utilities. Reed wanted a reopening of the subject of the Union Hollywood Water Company's rates, but was not supported in his attempts to draw out the statisticians of the Board of Public Works in order to show his allegation that under the present rate water users who go over the minimum rate will have to pay more than the rates voluntarily put in force by the Hollywood company.

Recommends Delay.

According to the peculiar ideas of Councilman Reed, as expounded in the City Council yesterday, the purchase of any further machinery that will hasten the completion of the Los Angeles aqueduct is useless. Reed declared yesterday that the aqueduct would be finished before the city's distributing system was ready for it, and therefore he opposed the purchase of a steam shovel wanted by Chief Engineer Mulholland for use on the Alabama Hill. He thought that the old machinery could be used and there was no rush in completing the work. Reed's attention was called to the fact that with the completion of the aqueduct an enormous pay roll will be canceled, but he voted against the purchase of the shovel.

An Elevator Proposed.

The City Council yesterday instructed the City Engineer to prepare and report to the Council at the earliest practicable date an estimate of the cost and feasibility of installing an elevator at the south portal of the Broadway tunnel, to be used in place of a stairway. The protests against the proposed lowering of the street surface of the Broadway tunnel were referred to the Streets and Boulevards Committee.

City Hall Brevities.

The City Council yesterday confirmed the appointment by the Mayor of Mrs. Charles H. Whipple as a member of the Board of Censors of Moving Pictures, vice Ralph C. Daniels, resigned.

A public hearing by the Council on the protest against electric light and power rates as fixed by the Board of Public Utilities will be conducted by the City Council tonight at 7:30 o'clock. A hearing on protests against gas rates will take place this afternoon at 4 o'clock. A hearing on telephone rates will be held on Saturday morning at 9 o'clock.

The Harbor Commission wants provision made for a night watchman on the boring barge at the harbor because of recent thefts there which included an eighty-pound anchor, 400 feet of line, five gallons of gasoline and valuable field glasses. The Harbor Advisory Board will act upon this request.

The Aqueduct Advisory Board yesterday decided to recommend that a price of $1.30 net per barrel f.o.b. Monolith shall be quoted to the County Highway Commission for cement to be used on county highway work. This will make the cement cost about $1.80 laid down in Los Angeles.

An official canvass of the votes cast at the recent city election was made by the Council yesterday, and the formal report will be presented by the Council clerk this afternoon at an adjourned session. Only minor changes of from five to fifteen votes resulted.

RANCH, HOME, LOT SELL.

Hundred and Forty-two Thousand Dollars Worth of Realty in Three Deals Made Yesterday.

A 100-acre garden truck ranch just east of Huntington Park was sold yesterday by Adolph Schwarz to Walter G. Chanslor for a reported consideration of $85,000. R. A. Rowan and Company handled the deal, as well as the two following:

No. 6 Berkeley Square, 100x250 feet to alley, improved with fifteen-room mission style residence, Walter G. Chanslor to M. A. Graves, for $45,000.

Title Insurance and Trust Company to Mrs. Anna M. Moore, lot, 60x100 feet on the east side of Bixel street, between Seventh and Eighth for $12,000. Mrs. Moore purchased the property as an investment and will immediately build a four-story-and-basement brick apartment-house, the plans for which are being prepared by Eisen and Son.

At the Courthouse.

TROUBLED TALES BRING NOTHING.

DIVORCE SUIT DISMISSED FOR LACK OF JURISDICTION.

Dentist Recites Alleged Acts of Cruelty on Wife's Part—Pastor of Temple Baptist Church Essays Role of Peacemaker—Jealousy Alleged.

The divorce proceedings brought by Dr. Francis M. Parker, a dentist, went to smash yesterday, when, on the application of Attorney Wellborn, counsel for Mrs. Parker, Judge Monroe dismissed it for lack of jurisdiction. It appeared that Parker attempted to establish a residence in Orange county for the purpose of bringing the suit.

Parker was a cool witness, and the alleged acts of cruelty practiced by his wife were detailed unvarnished. They embraced a wide category, from personal violence, threats to kill, and accusations reflecting on the doctor's honor. The reasons assigned for these outbreaks were also diversified.

On one occasion, Dr. Parker testified, he came home in the evening and found Mrs. Parker reading the Bible. He commended the employment and asked her the chapter. She told him, and as the subject treated of had been a constant source of debate with them, he replied that it did not apply to him.

"Yes it does," she responded, and, jumping up, she struck him on the mouth, cutting his lips. He complained of the blow and she replied she wished she had knocked his mouth off.

Again Dr. Parker detailed a visit he had made with Mrs. Parker to the study of Dr. Brougher of the Temple Baptist Church, at the telephonic request of the latter. He desired to act as peacemaker. Mrs. Parker told Dr. Brougher that Parker had attempted to poison her, while he was treating her teeth in his office. She also complained of his relations with other women, especially his office attendants.

"If Dr. Parker discharges the women at present in his employ, would that be satisfactory?" asked Dr. Brougher, according to Parker.

"It would not," declared Mrs. Parker. "I don't want any women in the office; he is a dangerous man; he is not to be trusted with women."

It was intimated by Attorney Wellborn that the differences might be adjusted. Mrs. Parker filed no cross-complaint. She had no opportunity to deny the charges made by her husband.

HE DIDN'T EXPLAIN.
SAYS HUSBAND LEFT HER.

Dr. L. G. Visscher made no defense to his wife's suit for divorce in Judge Rives's court yesterday. Mrs. Visscher said that they were married at The Hague, May 29, 1890. The marriage contract was drawn up by her father, who was a lawyer, and, she said, the terms had been abided by.

The couple came to this country about fourteen years ago. In June, 1903, Mrs. Visscher made a visit to The Hague and upon her return home a few months later, she asserted, Dr. Visscher left the house and never returned. His going was, she said, without her consent. He gave no reason for leaving her.

ATTACHES RECEIPTS.
ACTRESS SUES FOR SALARY.

Grace Bainbridge, an actress, filed suit against the Mission Play Association yesterday for salary under a contract to play Senora Dominguez in the production now drawing crowds to San Gabriel. An attachment was issued to be served by the Sheriff on the box receipts at the office in the Bartlett Music Company's store.

Miss Bainbridge alleges she was engaged to play the leading feminine role at a salary of $150 a week, but before she entered upon her duties the part was assigned to another. She alleges she is entitled to five weeks' salary and asks judgment for $750.

COURT UNTIES KNOT.
HUSBAND NOT HELPMEET.

The testimony of Mrs. Frances A. Henderson in the divorce court yesterday was to the effect that her husband, Charles M. Henderson, used $7000 she turned over to him when they were married to run the house and that after his business failed her father paid Henderson's debts.

She told how she had paid Henderson's fare to Chicago, where he went into business. She sent him his fare to return home. He had his breakfast in bed, she testified, and loafed all afternoon. The decree was granted in default by Judge Rives.

WRIT OF PROHIBITION.
MONROVIA'S LIQUOR FIGHT.

A petition for a writ of prohibition directed to D. S. West, Recorder of Monrovia, was signed by Judge Willis yesterday. West has before him H. G. Brownfield, a druggist, who was arrested for selling liquor in violation of the ordinance. A jury was impaneled, but the case was continued, the jury being ordered to return. The writ prohibits West from proceeding with the present jury.

Ticknor, Carter & Greer, who represent Brownfield, allege the complaint was sworn to by the Marshal and the jury summoned by a deputy marshal. They ask that the jury be brought in by someone not connected with the case.

COURTHOUSE NOTES.
BREVITIES MISCELLANEOUS.

BEQUEATHS ROYALTIES. Royalties under a contract with the American Book Company from the sale of the History of California, written by herself, are bequeathed by Mrs. Helen Elliott Bandini, No. 1149 San Pasqual street, Pasadena, to her mother, Helen Agnes Elliott, two-thirds, and her son, Elliott, one-third. Two shares of the capital stock of the Shakespeare Club of Pasadena are bequeathed to the club. Ralph Bandini, a son, is executor of the will. He shares the residue of the estate with Elliott. The will states that the husband, Arthur Bandini, is amply provided for by an income. Mrs. Bandini died June 10, last, at her home.

BRIEF WILL. Mrs. Alice Shafer, who left an estate valued at $125,000, wrote a will on a sheet of note paper, expressing her desires in fifty words. The will was filed yesterday. The estate is divided in equal shares among her four children, Arthur Joseph, Alice E., Dorothy and Walter. The husband, Frank Hugh Shafer, being amply provided for, is left nothing in the will. He is named executor. The property consists of real estate and is mostly in the northern part of the State.

JUDGMENT FOR COMPANY. Thomas H. Davis, who sued the Pacific Electric for $102,009.10 damages for the loss of both legs, alleging negligence of the company, was nonplussed yesterday when the jury in Judge Craig's court found judgment against him. The question involved was whether Davis was a passenger on the car, as he alleged, or was injured while trying to board it. The accident occurred July 8, last, at Grand avenue and Pico street. He fell and the rear wheels of the car passed over his legs.

UNKNOWN TONGUE. Mrs. Charles Jacoby's husband was a German, and because he brought his friends to the house, drank and sang German songs, the language being as so much Greek to her, he complained she was not willing to assist in entertaining them. She testified in Judge Rives' court yesterday that he left her after eleven years of married life. The decree was granted.

SUES STOCKHOLDERS. Suit was filed by the Associated Supply Company against the Sunset National Oil Company yesterday to recover judgment for goods sold and delivered, amounting to $4432.74. The suit is also directed against the holders of Sunset stock, and the court is asked to ascertain the amount due from each holder. In all there are about 170 defendants. The Sunset was organized in Arizona and was declared an involuntary bankrupt, according to the complaint, January 25, 1911.

INCORPORATIONS. Meadows Oil Burner and Heater Company, incorporators, Adam English, Vaughn H. Meadows, Charles J. Becker, Dr. Marie S. Ertyl, capital stock $200,000, subscribed $1400; Claremont Construction Company, incorporators, G. E. Downing, B. D. Seaver, F. R. Seaver, H. B. Washburn, E. L. Bundy, capital stock $50,000, subscribed $160; Chemical Inhalent Company, incorporators, T. E. Glass, Arthur H. Johnston, Dora Glass, Lillian N. Johnston, Glen E. Huntsberger, capital stock $200,000, subscribed $5; DeLuxe Groves and Water Company, incorporators, J. N. Field, R. Emerson, G. E. Orland, N. F. Marsh, N. A. Ross, J. Brent Harding, Earl T. Miller, Mattison B. Jones, capital stock, $150,000, subscribed $700.

IN THE INFERIOR COURTS.

Young Mexican Is Found Guilty of Having Choked His Wife—Foreman of Jury His Sponsor.

A jury in Police Judge Frederickson's court yesterday found Manuel Andrada guilty of having choked his wife until she became blue in the face and almost lost consciousness.

Before returning the verdict, V. Halsey Linsley, No. 208 Bryson block, the foreman of the jury, was appointed to wait on the court and recommended clemency. The young Mexican will be arraigned for sentence today.

Andrada and his wife had not lived happily together for some time. Once they separated and at the time of the choking Andrada had returned to the house to pack his personal effects preparatory to leaving her a second time.

Several members of the jury refused to return a verdict of guilty. It was not until Linsley agreed to act as probation officer for Andrada, look after him and see that he has steady employment, that the two factions of the jury were brought together.

He Wants a Salary.

Charles Varian was sent to jail for thirty days yesterday by Police Judge Chambers for having annoyed his wife who conducts a rooming-house on Schieffelin street. The testimony of Mrs. Varian was a long recital of marital differences, in which she asserted she had been unable to make her husband assist her as she thought he should with her houseold duties. Varian declared he did work for his wife, but that she refused to give him a regular salary. The wife countered by saying her husband had taken more money from her than a liberal salary would amount to.

Appearances Deceptive.

J. W. Revington was arrested on suspicion of being so intoxicated he would not be able to find his way home. When searched by the desk sergeant enough morphine was found in his pockets to produce innumerable "dreams." On the charge of having opium in his possession, the young man was arraigned before Police Judge Chambers. His case was set for today. He was released on $100 cash bail.

Keen Knife Doesn't Save.

P. E. Dorries was found guilty in Police Judge Chambers's court yesterday of having drawn a long, keen-edge butcher knife on Patrolman R. C. Biby and attempting to run him through the body. He will be arraigned for sentence today. The patrolman only saved his life by beating Dorries over the head with his revolver and knocking him down. The knife was knocked from Dorries's hand, and handcuffed, he was taken to the Central Police Station. Dorries was arrested for having created a disturbance in an East First-street restaurant.

On a Serious Charge.

James R. Chambers, a real estate man who was run to earth Sunday afternoon by one of his alleged little girl victims, was arraigned before Judge Williams in the University Police Court yesterday morning. Chambers was accompanied by two attorneys. They asked for time in which to plead, and secured a continuance until the 11th inst. Bail was fixed at $5000, in default of which Chambers was returned to his cell.

All For One Hat.

When Pete Schmidt was released at the Sunrise Court yesterday morning he refused to leave the front of the Central Police Station. He asserted that some one inside the jail had his hat.

"Give me my hat, or I won't stir a step," he yelled.

Schmidt was hatless when arrested, so he was locked up again. Judge Chambers sent him to jail for five days.

Two Repent at Leisure.

V. Wertz and A. Cabsute, I.W.W. agitators and street orators, who were clamorous in their demands a few days ago for jury trials when arraigned as vagrants before Police Judge Frederickson, were contrite enough when taken into court yesterday. They appeared at their own request, withdrew their demand for a jury trial, which would have kept them in jail until the end of next month, and expressed a willingness to be tried by the court. The court will hear their cases tomorrow.

Distribution Plans.

HANDLING AQUEDUCT POWER AND LIGHT.

THE Aqueduct Advisory Board, the Public Service Commission and the engineers yesterday conferred in regard to the distributing plans for electric current from the aqueduct power project. Plans for a distributing system were presented by Electrical Engineer Scattergood.

These plans divide the city into five districts, with an aggregate of 1068 miles. The total cost of an underground system as figured by Scattergood is placed at $16,574,500, while the total overhead system is fixed at $2,868,000.

The underground system estimates the cost of commercial lines and equipment at $12,754,300, and the cost of street lighting at $3,820,200. The overhead system places the commercial lines at $1,618,000 and the street lighting system at $1,250,000.

The districts are designated as 0, 1, 2, 3 and 4. The estimate per front foot for district 0 is 62 cents; for district 1, 66.1 cents; for district 2, 32.6 cents; for district 3, 35.8 cents; for district 4, 34.5 cents.

The districts are as follows: District 0: Beginning at Pico and Flower, on Pico to Wall; Wall to Fifth, Fifth to First, First to Alameda, and return to San Pedro; thence to the Plaza, thence to New High street, New High to Temple, Temple to Hill, Hill to First, First to Olive, Olive to Fourth, Fourth to Flower, Flower to Pico.

District 1: Beginning at Sunset and Figueroa, on Figueroa to Washington, east to Central avenue, north to Third, east to Santa Fe avenue, north to Center street, north to Brooklyn avenue, west to Sunset and Figueroa.

District 2: Beginning at First and Hoover, south to Adams, west to Vermont, south to Santa Barbara, east to Main, north to Washington, west to Figueroa, north to First, east to Hoover.

District 3: Beginning at Hoover and Pico, west to Western avenue, south to Santa Monica avenue, west to city limits, south to Slauson avenue, east to Main, north to Santa Barbara, west to Vermont, north to Adams, east to Hoover, north to Pico.

District 4: Remainder of city not included in previous districts.

Numerous conferences will be held before the plan is finally adopted.

SECURITY TRUST & SAVINGS BANK
SAVINGS—COMMERCIAL—TRUST

The Matter of Location

Should have an influence with you in choosing a Bank in which to carry your account and the Safe Deposit Vaults in which to store your valuables away from harm.

This Bank is in the very heart of the Hotel and Retail Merchandising district. In doing your Shopping, Trading or Marketing at the principal establishments you have here your Bank and your Bank Account most convenient.

You can have here a Checking Account, a Special Savings Account which can be checked against and which, beside, earns 3 per cent compound interest on minimum monthly balances of $300 or more; then there is the Ordinary Savings Account, at 3 per cent, and the Term Account, which earns 4 per cent.

Come in and let us explain how easy it is to open a Savings Account and how desirable that you should. The longer you delay the more interest money will be getting away from you.

In this, the Oldest and Largest Savings Bank in the Southwest, you can open a Savings Account with a Dollar or more.

Resources $46,000,000.00 — Capital and Reserve $3,300,000.00
Security Bldg., Spring and Fifth

EQUITABLE BRANCH—Those who prefer to do their banking in the northern business section of the City will find at the Equitable Branch, Spring and First Streets, the same courteous treatment and prompt attention that is bestowed upon all customers of this bank.

Oldest and Largest Savings Bank in the Southwest

A New Novel by the Author of THE INNER SHRINE
THE STREET CALLED STRAIGHT
GOING direct to the heart of this remarkable story, we find a girl of fine instincts—beautiful and loyal as well—placed by her lackadaisical father's misdeeds in a position toward two men—both of whom love her—which makes her life a question-mark staring her in the face. One man is English, one American, and they fight it out to the inevitable end—however, the girl also has something to say about it. What that end is—and how it is reached—makes The Street Called Straight the most brilliant novel of this author. Not since "The Inner Shrine" burst on the horizon of the American reading public has there been a novel of the peculiar quality of The Street Called Straight.

The Oil Industry.

UNION MAKES ASPHALT HERE.

Demand Increases All Over the Coast.

Big Oleum Plant Is Being Enlarged.

Standard Tests Residuum Product.

With the broadening of the Union Oil Company is the completion of its equipment at the Atlas refinery in Los Angeles for the manufacture of asphalt. Prior to date, the company has made only road and fuel oil here.

Among contracts signed is one for supplying the new town of Torrance, near San Pedro. The general demand for asphalt has grown lately and this was the chief cause for the change at the Atlas refinery.

The Union also is enlarging its asphalt plant at Oleum, which will increase its capacity to about 8000 tons a month. The demand for asphalt is now exceptionally large, to the extent, in fact, that orders on the Coast have not been entirely filled. The increase in demand has come, not only from California points, but from Washington, Oregon and Western Canada as well.

The Standard started its asphalt plant the first of the year, ran a while and then shut down. It has a capacity of about 100,000 tons a year. About 25 per cent. of the asphalt manufactured was sold to the Barber people and the remainder was offered at a low figure, it is said, to the public.

The Standard's asphalt was made from residuum. There are some doubts whether the residuum asphalt will meet with specifications, but if it should, the Standard will prove itself a success in this respective field of the business and its products will have considerable affect upon the industry.

At present, the Standard is offering this asphalt, made of residuum, at $10.50 as a basis, while the price for the other and better known asphalt is $12 for paving material and $14 for roofing.

Drillers in Demand.

That drillers in the California oil fields are in demand in other parts of the world, on account of their knowledge of the deep well and hard formations, was again evinced this week when a number of picked men from the west side fields, left for India to engage under contract with the Burmah Oil Company for three years.

Thomas Hayes of that company engaged the men, who are, W. H. Bateman, W. S. Krick, W. E. Compton, Tom J. Young, Charles E. Whiteshot, Tom Parr Allen and John C. Wilson. Mr. Hayes said at San Francisco, just before the ship sailed, that the men will be able to save, above all expenses, $200 for every month they are under contract.

Another interesting thing about the Burmah fields is that American oil-well supplies are used exclusively. The Burmah Oil Company comprises Scotch and English people and has no connection with the Shells or Royal Dutch.

Dorsby Makes Progress.

The Dorsby Oil Company has reached a depth of more than 800 feet in its well on the Pittman lease, La Habra, with a rotary, drilling through hard sandstone since leaving 550 feet of depth. This formation conforms with other hard ground that has marked the successful territory in other parts of the valley field, it is said. The well is northeast of the Petroleum and the farthest east of any of the new development.

In Timber Canyon.

In Timber Canyon, near Fillmore, Stowe and Border are reported as having succeeded in cleaning out the well there and are now drilling at a depth of about 1800 feet. Their intention is to strike the sand of the Empire well, from which it is producing on adjoining ground, and they expect to encounter it at almost any time now.

The fishing job recently completed was a very difficult one and it took them several months to accomplish it.

Thirty Cents a Barrel.

Report of the Independent Agency for April shows it sold 1,100,000 barrels of oil at an average price of 30 cents a barrel, a total of about $330,000.

Azores in Light Oil.

After being plugged with cement, the Azores well, in the Coalinga field, began several days ago to shoot oil of 25 degrees gravity into the derrick. The well first started with a strong gas activity, which gradually forced up the oil.

As the cement plug has not been drilled through it is impossible to find out from what depth the oil is coming.

TRIAL MARRIAGE ENOUGH.

Iowa Man Decides He Doesn't Want to Make Permanent Contract—Woman Sues for Damages.

A delicate problem is before the jury in Extra Sessions One. They must decide that Charles M. Elston of Long Beach, formerly an Iowa farmer, is a gay deceiver and award a verdict to Mrs. Jennie Ringo, a widow, or find that the widow had no foundation for Elston's promise to marry her. She asks $25,000 damages.

The case is interesting from many points of view, the most striking being the "trial marriage," which Elston admitted the widow consented to. During the trial marriage, Elston said he learned Mrs. Ringo had had three former husbands, and this cooled his ardor.

The romance of the farmer, who is 61, lies in the fact that he loved Miss Iva Houghtaling, aged 21 years, who rejected him for a younger man. He found in Mrs. Ringo's warm sympathy a solace he was quick to appreciate. But he made marriage conditional on his ability to fix things with Miss Houghtaling in two weeks' time.

Mrs. Ringo, who is 45, was formerly a nurse. She testified that one evening while returning from prayer meeting, Elston proposed to her.

"I wanted him to love me," Mrs. Ringo asserted. "He didn't care for Miss Houghtaling any more—"

"Judge, that's a lie," cried Elston, springing from his seat.

A sensation was created by this outburst, but Judge Dehy of Inyo county, who is trying the case, mildly admonished the angry man. When court was adjourned yesterday, Elston was telling his story on the stand.

The Oil Industry.

NION MAKES ASPHALT HERE.

d Increases All Over the Coast.

Oleum Plant Is Being Enlarged.

dard Tests Residuum Product.

With the broadening of the Union Oil Company is the completion of its equipment at the Atlas refinery in Los Angeles for the manufacture of asphalt. Prior to date, the company has made only road and fuel oil here. Among contracts signed is one for paving the new town of Torrance, near San Pedro. The general demand for asphalt has grown lately and this was the chief cause for the change at the Atlas refinery.

The Union also is enlarging its asphalt plant at Oleum, which will increase its capacity to about 8000 tons a month. The demand for asphalt has been exceptionally large, to the extent, in fact, that orders on the Coast have not been entirely filled. The increase in demand has come, not only from California points, but from Washington, Oregon and Western Canada as well.

The Standard started its asphalt plant the first of the year, ran a while and then shut down. It has a capacity of about 100,000 tons a year. About 15 per cent. of the asphalt manufactured was sold to the Barber people and the remainder was offered at a low figure, it is said, to the public. The Standard's asphalt was made from residuum. There are some doubts whether the residuum asphalt will meet with specifications, but if it should, the Standard will prove itself a success in this respect—a field of the business and its products will have considerable affect upon the industry.

At present, the Standard is offering its asphalt, made of residuum, at $10 as a basis, while the price for the other and better known asphalt is $12 for paving material and $14 for roofing.

Drillers in Demand.

That drillers in the California oil fields are in demand in other parts of the world, on account of their knowledge of the deep well and hard formations, was again evinced this week when a number of picked men from the west side fields, left for India to engage under contract with the Burmah Oil Company for three years. Thomas Hayes of that company engaged the men, who are W. H. Bateman, W. S. Krick, W. E. Compton, Dan J. Young, Charles E. Whiteshot, Dan Parr Allen and John C. Wilson. Mr. Hayes said at San Francisco, just before the ship sailed, that the men will be able to save, above all expenses, $100 for every month they are under contract.

Another interesting thing about the Burmah fields is that American oil-well supplies are used exclusively. The Burmah Oil Company comprises Scotch and English people and has no connection with the Shells or Royal Dutch.

Dorsby Makes Progress.

The Dorsby Oil Company has reached a depth of more than 800 feet in its well on the Pittman lease, La Habra, with a rotary, drilling through hard sandstone since leaving 400 feet of depth. This formation agrees with other hard ground that marked the successful territory in other parts of the valley field, it is said. The well is northeast of the [illegible] and the fartherest east of all the new development.

In Timber Canyon.

In Timber Canyon, near Fillmore, [illegible] and Border are reported as having succeeded in cleaning out the [illegible] there and are now drilling at a depth of about 1800 feet. Their intention is to strike the sand of the [illegible] well, from which it is producing on adjoining ground, and they expect to encounter it at almost any time now.

The fishing job recently completed was a very difficult one and it took several months to accomplish it.

Thirty Cents a Barrel.

Report of the Independent Agency for April shows it sold 1,100,000 barrels of oil at an average price of 30 cents a barrel, a total of about $330,-

Azores in Light Oil.

After being plugged with cement, the Azores well, in the Coalinga field, several days ago to shoot oil of 31 degrees gravity into the derrick. The well first started with a strong gas activity, which gradually forced up the oil.

As the cement plug has not been drilled through it is impossible to find out from what depth the oil is coming.

AL MARRIAGE ENOUGH.

Iowa Man Decides He Doesn't Want to Make Permanent Connection—Woman Sues for Damages.

A delicate problem is before the jury in Extra Sessions One. They must decide that Charles M. Elston of Long Beach, formerly an Iowa farmer, is a gay deceiver and award a verdict to Mrs. Jennie Ringo, a widow, or that the widow had no foundation for Elston's promise to marry her. She asks $25,000 damages.

The case is interesting from many points of view, the most striking being the "trial marriage," which Elston admitted the widow consented to. During the trial marriage, Elston says he learned Mrs. Ringo had had three former husbands, and this cooled his ardor.

The romance of the farmer, who [illegible] lies in the fact that he loved Miss Houghtaling, aged 21 years, who rejected him for a younger man. He found in Mrs. Ringo's warm sympathy a solace he was quick to accept. But he made marriage conditional on his ability to fix things with Miss Houghtaling in two weeks' time.

Mrs. Ringo, who is 45, was formerly a nurse. She testified that one evening while returning from prayer meeting Elston proposed to her. "He wanted him to love me," Mrs. Ringo asserted. "He didn't care for Miss Houghtaling any more—" "That's a lie," cried Elston, rising from his seat.

A sensation was created by this outburst, but Judge Dehy of Inyo county, who is trying the case, mildly rebuked the angry man. When court was adjourned yesterday, Elston was telling his story on the stand.

CONVERSION DIDN'T TAKE?

Book Agent Who Was Recently Baptised Is Again Sought, Charged With Having Forged Checks.

Having failed to appear for his examination on a forgery charge before Justice Young yesterday, and thus to justify the confidence the members of the Temple Baptist Church placed in him when they succeeded in inducing the court to allow him to depart on his own recognizance H. H. Halsey is now sought by deputy sheriffs in the vicinity of Yuma.

Miss Helen Brody of Calexico, who aided Halsey after his arrest and offered to pay the amount of the checks he is accused of having forged, telegraphed Constable Woodbury yesterday that Halsey was in hiding near Yuma, and that he had written to her for funds with which to go East. Constable Woodbury telephoned the Sheriff of Yuma county to apprehend Halsey if possible, and the capture of the book agent is expected today.

J. C. Ray, No. 310½ West Second street, and other workers of the Temple Baptist Church found Halsey in the Union Mission on South Main street a month ago. Ray paid his board and clothing bills, and Halsey was baptised in the church. He averred that he was converted.

He was arrested a week ago on a warrant sworn to by Ray, who charged him with having obtained $25 from him on a forged check. Halsey protested that, if given one more chance he would make good, and the church workers pleaded with Justice Young to allow him to go on his own recognizance until his examination. Ray and his fellow church workers intended to ask probation for Halsey, but Ray said yesterday that he will not again intercede.

ON THE SAME CHARGE.

Held to Answer Second Time to Superior Court for Having Wrongfully Obtained Money.

Although the Superior Court had rendered a verdict in his favor in a civil case involving the same question, Samuel Page was held to answer to the Superior Court yesterday by Justice Forbes on a charge of having obtained land and money under false pretenses from Mrs. Augusta A. Goetz. He furnished $500 bail until his examination on the 14th inst.

The complaint recites that Page, on January 26, 1911, traded eighty acres in San Bernardino county for Mrs. Goetz's equity in four lots at Eagle Rock. Mrs. Goetz in the complaint avers she found the acreage she traded for was an area of sand, with no prospects for water, worth not more than $300, while her lots were worth at least $1100.

Page was made defendant in a civil suit begun before Judge Clark, setting January 26, 1911, in the extra session in the Superior Court, in which Mrs. Goetz appealed to the court to set aside the deed of her Eagle Rock lots for the San Bernardino county acreage, at that time charging that the land formerly owned by Page was practically worthless. Judge Clark dismissed the suit. Deputy District-Attorney Keyes issued the complaint against Page, asserting that in his opinion there was sufficient cause to bring Page to trial. Page asserts the land, although now without water, is good soil capable of growing almost any crop with water, which he says may be developed on the acreage.

CAPTURE THEIR CAPTOR.

Deputy Constable Goes to Seize Furniture and Is Locked in Room While Things Are Removed.

William McDonald, who lives on Perris road, seems not to have held a high opinion of the Justice Court before 11 o'clock yesterday morning.

Failing to appear on time before Justice Summerfield to answer to a charge of having resisted an officer from Justice Reeve's court, Justice Summerfield fined McDonald $1 for every minute of the ten he kept the court waiting on him. Joseph Aires, who was jointly charged with McDonald with having resisted the deputy constable, was on time. Both men were held to answer on the 20th inst., bail in the sum of $500 each being furnished.

Deputy Constable Thomas appeared at the house occupied by Aires and McDonald May 26 with a claim and delivery document, intending to seize the furniture in the house to satisfy a judgment. The deputy charges Aires and McDonald with having locked him in a room containing a chair and a table until they removed the remainder of the household goods in a wagon.

A PRISONER, HE SMILES.

Man Who Is Alleged to Have Swindled Two Banks Seems Unmoved When Held to Answer—Method.

Brought from Philadelphia to answer to a charge of having passed fictitious checks by Constable Thomas after the Pinkerton detectives had followed him for nearly a year, Henry Allen, alias H. O. Moffat, tall, fashionably attired, was held to answer to the Superior Court by Justice Reeves yesterday.

Allen made no attempt to raise bail in the sum of $5000. He will be examined on the 21st inst.

According to the complaint against Allen, he opened an account at the Commercial National Bank August 5 last, depositing $60. Then he deposited $95 in the All Night and Day Bank, under the name of H. O. Moffat, and also his check for the $60 in the first bank, signed Henry Allen. Then, it is charged, Allen or Moffat, drew a check for $285 on the All Night and Day Bank at the Commercial National, and left the city. The two banks found that he had cashed checks for $130 more than he had deposited in either institution.

Allen made no comment during the proceedings yesterday and even smiled when held to the higher court.

CUPID THEIR INSTRUCTOR.

Polytechnic High School Students Crown Romance in Good Old-Fashioned Way.

Miss Helen Dinsmoor and Charles N. Coseboom were married at 2:30 yesterday afternoon at the home of the bride's parents, Mr. and Mrs. W. L. Dinsmoor, No. 2021 West Twenty-ninth place.

Enshrouded with a halo of romance attuned to the flapping of cupid's wings the pretty, informal ceremony is of especial interest to the friends of the bride and groom, for it marks the happy culmination of a love story commenced years ago on the wave-swept shore of Long Beach when the little bride-elect and the embryonic architect were boy and girl and school mates.

In the course of things, they drifted apart; their lives diverged, and for **years** neither knew the whereabouts of the other. Then one eventful day last September, when the Polytechnic students were assembling for the beginning of the school year, these two came face to face. Cupid was on the job and hurriedly stirred the smouldering flames which had never once gone out.

The rest followed as day follows night and it was decided that when the school term was over, the wedding should be solemnized, and so it came to pass that on a perfect June day in the presence of the immediate families the troth was pledged.

White carnations were used effectively in the decorative scheme. The bridal party was unattended and the bride, who is but 18 years of age, wore with charming grace a gray traveling costume.

Just for the sake of romance, Mr. and Mrs. Coseboom selected Long Beach for their honeymoon. Afterward they will go to Klamath Falls, Or., where the groom will engage in the practice of his profession, having taken an architect's degree at the "Poly," with high honors in the class of 1912.

VICTIM OF OVERSTUDY?

Friends of Law Student Who Has Disappeared Fear He May Have Committed Suicide.

Overstudy while preparing for his first examination, the overwork having so undermined his health as to lead him to believe he had become a victim of tuberculosis, are thought by his friends to have been responsible for Maurice C. Hasson, a law student, leaving home. He has not been seen since May 21.

The finding of a bottle partially filled with a solution of cyanide of potassium in his room at No. 1909 Kane street has inclined some of Hasson's personal and law school friends to fear he has taken his life. The police have been asked to locate him. It was said yesterday by a close acquaintance of Hasson that it is feared he has gone to some secluded spot and swallowed a portion of the deadly drug.

Hasson was 34 years old, five feet six inches tall, weighed about 155 pounds, had heavy dark hair, brown eyes, square broad shoulders, heavy eyebrows, was smooth shaven, had considerable gold in his teeth and several gold crowns.

THEATER PARTY.

In honor of Capt. L. S. Chappelear and Mrs. Chappelear of the Presidio, San Francisco, an enjoyable box party was given Monday evening by Miss Frances Holmes, cousin of Capt. Chappelear. The party included Gen. and Mrs. Robert Wankowski and Oliver W. Holmes. Supper at the Alexandria was enjoyed after the play. Capt. Chappelear came south with Col. Wisser on official business about a week ago. He will probably remain about a week longer with Mrs. Chappelear for a visit with his many friends in Los Angeles.

LOOK HERE

In a very short time the authorized allotment of PACIFIC HOME BUILDERS stock, now being offered at

$1.25 Per Share

will be exhausted, judging by the tremendous sales being made daily and the wonderful interest manifested by the investing public who have acquainted themselves with the great success made by

Pacific Home Builders

An interest can be secured by paying cash for stock or purchasing it on the 10 per cent. monthly payment plan. When this allotment is exhausted the next offering will be at

$1.50 Per Share

Dividends have been paid every quarter since organization and when you become a shareholder you do so with the knowledge that you will receive your share of the quarterly disbursements, not having to wait for an indefinite time.
Our Guarantee Fund has returned money in full, in every instance when requested, and gives confidence to the small investor who can get their money returned in full if needed. Today is the day for action. Make your investment now.

Mayer

Martha Washington Comfort Shoes

None genuine without this name and Trade Mark.

Don't be misled—get real comfort shoes

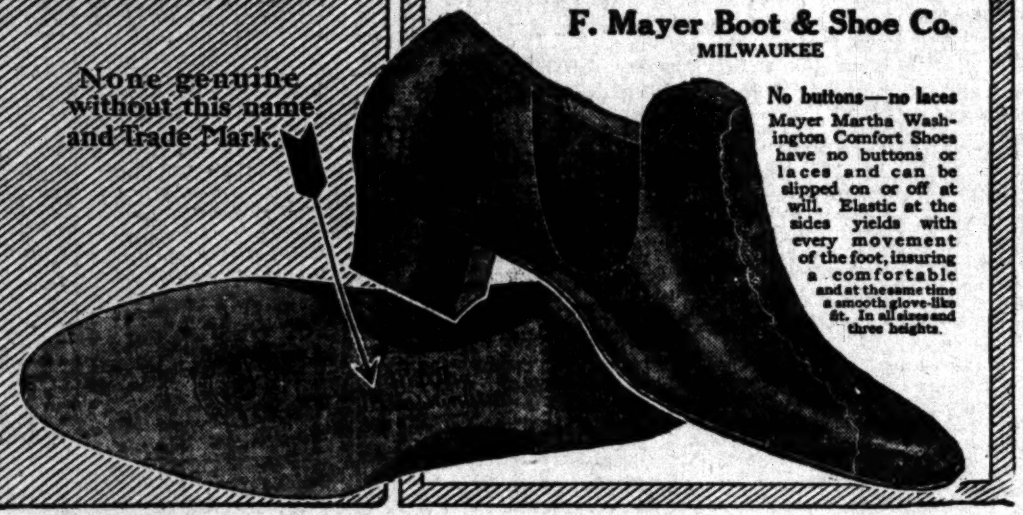
It is easy to be misled unless you use care in buying Martha Washington Comfort Shoes, yet it is a simple matter to guard against it. The genuine have the name "Martha Washington" and Mayer trade mark stamped on the sole. Look for this name and trade mark and you will avoid disappointment. Imitators copy the Martha Washington shoe in style and general appearance, but fail flatly when it comes to comfort, style and wearing qualities. Exercise caution and you'll not be imposed upon.

Grateful Relief

Feet that tire easily, that are sensitive and tender, that ache or burn—that swell or perspire, that cause discomfort if you stand too long or walk too far, get instant and lasting relief and extreme comfort from the stylish Mayer Martha Washington Comfort Shoes.

Your dealer has the genuine or can get them for you. Refuse substitutes, as the genuine Mayer Martha Washington Comfort Shoes are obtainable. If you cannot find a dealer, write to us.

F. Mayer Boot & Shoe Co.
MILWAUKEE



No buttons—no laces
Mayer Martha Washington Comfort Shoes have no buttons or laces and can be slipped on or off at will. Elastic at the sides yields with every movement of the foot, insuring a comfortable and at the same time a smooth glove-like fit. In all sizes and three heights.

Parisian Novelty Parasols

Imported by the "Ville"

$12.50 to $35.00

This summer we are showing an unusually attractive assortment of Parasols which embraces a fine collection of high-class novelties from Paris. These new Parasols are characterized by novel shapes such as:

Helmet, Pannier, La Rondelle, Palm and Bell.

It is difficult to describe these unusual novelties—we hope to arouse your interest sufficiently to create a desire to see them. These smart effects are shown only by the "Ville" and will especially appeal to fashionable women who appreciate entirely new and exclusive Parasols.

From among these novelties we make special mention of the following styles:

Helmet-shaped parasol of purple silk, trimmed with white Chantilly lace. Octagonal effect shown in ombre or shaded silk in blue, black and violet; finished with fringe.

Pannier-shaped parasol—a decided novelty—made of glace taffeta silk.

Another new effect is shown in tent shape, made of white voile, elaborately embroidered in Persian colors.

Visit the department today and see all of these beautiful and novel parasols.

We also show a large and varied assortment of

Parasols from $2 to $7.50

The latest effects in colored stripes, checks and plaids; also black and white fancies.

Tissue Voiles

35c Value, on Sale Today at . . . . . 25c Yd.

For cool and comfortable Wash Dresses for summer wear, voiles are very desirable. These materials are shown in striped, checked and plaid effects, mostly in light backgrounds in a good range of patterns. The colors are woven, which assures perfect washing. 35c values at 25c yard.

HELP!

Vernon is to play the Seals in Los Angeles for a whole week. Why is a Humane Society?

AFTER THEM.

The cheerful frequency with which the capture of local hold-up men has been chronicled for the last few days makes a proud record for the police. It is also a very much better reading than robbery mysteries.

VALUABLE.

Uncle Sam's local foresters will plant several thousand sequoias on a nearby reserve. These trees have been planted in private gardens here with fine success. They will make a mighty forest of the future.

FAIR.

Taft's request for an open hearing in the contests at Chicago is characteristic of the man. Always generous and just, his opponent will never have reason to feel that he was defeated by any other than fair measures.

IRRELEVANT.

A Chicago girl broke her engagement with a Bostonian because she thinks Boston too puritanical. She herself took a narrow view of the sad situation. She might have spent her honeymoon abroad and have lived at Reno afterwards.

SUBSTITUTES.

Before boarding a vessel the other day an Englishman wrote a check in his own favor for $25,000,000. May he have better luck than the German who met a wailing and hungry infant's demands at midnight by offering it a milk ticket.

SHIVERS.

Ice has been shipped to Alaska. Now that the Eskimo and the Totem Pole Indians are hanging out ice cards in front of their polar-bear-skin tents, we suppose they will soon be planting lemon verbenas and Dream-of-Gold roses on their hunting preserves.

THE RAISIN ROW.

The fight over the royalties of a patent seeding device has been settled in favor of the independent raisin growers. Our Fresno friends may now proceed with their 55,000-ton crop in peace of mind. This suit cast a shadow over the last raisin-day celebration which will be happily absent next year.

TURNING THE TABLES.

We have all heard of the joke about there being a Mr. Pankhurst, but now the tables are turned very nicely. A certain city magnate in England who had risen hurriedly to affluence was giving a political dinner to which he invited Mr. Humphry Ward. In a pencilled postscript he added, "If there is a Mrs. Humphry Ward, bring her along!"

That joyous postscript must have been balm indeed to the proud husband—one of the most triumphant moments of his life.

THEY SELDOM ASK.

An unfortunate girl took a rascal's word for it that they were married when she signed some sort of a paper he gave her. Now that he has left her for a real marriage with another woman she remembers that she did not ask anybody about the validity of her own mock marriage, although she did not understand it at the time. It is too much of a habit with people not to ask questions about questionable ventures at the time they would do any good. They seem afraid to find out that they are about to be taken in. Half of the persons who are victimized do not want an awakening.

BLUSHING HEROES.

Of course they meant well, these pugnacious ladies who boarded the Carpathia when she docked at New York and presented Capt. Rostron with a silver loving cup and the crew with medals. And it was just too sweet of them to make him a speech when they saw the poor wretch was overcome with embarrassment. But all the same it was rather a cheap way of getting themselves in the public eye, scraping a little free advertisement for themselves out of someone else's limelight.

And if those fine, brave fellows (who, as Capt. Rostron says, simply did their common duty) think the ladies a little officious they will have our sympathy.

NO RULE.

A local woman followed her son and his intended bride to Santa Ana to try to break up the match. The story goes that, although she used her fists, she could not block the matrimonial stampede. The judge granted the suit of the groom and awarded him the wife he wanted. Some will say that this mother should have begun the use of punishment earlier with her boy. It would have made no difference. He might have been spanked with a maternal palm every day until he reached the slipper age and with the slipper until he graduated into the hair brush class and then entered into his senior year of the peach-tree limb and hickory sprout courses, but when it came to the lady of his dreams he would have asserted the same victorious stubbornness which enabled him to qualify as a Benedick Monday night

TAFT OR TREACHERY.

With the Republican National Convention to meet in Chicago in less than two weeks, according to all rational and just suppositions President Taft will be renominated on the first ballot, if he has a square deal. He has pledged to him or elected for him by proper and just methods more than forty delegates over and above a net majority of the convention.

We are presuming, as we have a right to presume, that the delegates legally elected for him, whether instructed or by implied obligation, will prove true to the confidence reposed in them by those from whom they received their election and will carry out legally and justly the will of the electors.

It is not to be denied that there are murmurings of a threatened storm which may break out with furious violence. But in the first place these mutterings are less loud and deep than they were before. The loud objections founded on nothing, without a particle of justice or propriety, against the selection of Senator Root as temporary chairman, have ceased. The clamor to break over all precedent and tradition in seating new members of the National Committee instead of old ones has also died down into a whimper.

There was no reason in the world to object to Senator Root and none of any kind on which to base the claim for the seating of the new members of the National Committee. The threat to appeal to the courts to settle this dispute was a pure bluff, and a puerile one. The courts have nothing to do with the matter, and the laws of the State do not control or reach the subject. National committee organizations are not provided for in the Constitution, nor are they creations of the Federal government or of any other government. They are purely voluntary organizations, competent to make their own rules and governable by their own laws. They are amenable to the courts only as the Masonic organization or that of the Odd Fellows might be. To oust a member of the National Committee before the expiration of the session of the convention and the organization of the new National Committee would be contrary to all precedent and tradition; is a measure that would only be sought by a revolutionary candidate contemptuous of precedent and tradition; and could only be accomplished either by the cowardice of the old National Committee or by successful violence on the part of the new members.

The National Committee, as it is organized according to precedent and tradition and therefore legally within its rights, is for the President by a safe majority. The Taft men in that committee are experienced in politics, have the courage of their convictions, are imbued with a deep sense of justice and will not be stampeded or scared when doing their duty.

That committee will hear all contests with an open mind and will settle each on its merits. When the contests are settled and the delegations seated the convention will be for the President, and nothing can wrench the nomination from his hands excepting high-handed violence or the corrupt use of money. That the big stick can be wielded effectively, or the big bluff made good, is an absurd conception.

There is the other possibility. Mark you, we do not for a minute think it is a probability. But Col. Roosevelt's whirlwind, disgraceful campaign for the nomination has been carried on by a lavish expenditure of money which did not come out of his own pockets nor out of the palms of the plain people. The money came from interests favored by the former President during his incumbency of the Presidential office contrary to law and right, and from great interests that have felt the weight of the law under the administration of President Taft. This money has been effective in securing delegates at the primary polls for Col. Roosevelt. From outgivings that cannot be permitted to pass unnoticed it seems as if a similar use of money was to be relied upon to buy delegates elected by voters who desire to see Mr. Taft nominated, and thus to secure for Col. Roosevelt the nomination by corruption, treachery and robbery.

Now recognizing as we do that there may be in the convention here and there a man who will betray the confidence of his constituents for personal gain, we will not believe until after the event that there are enough corruptible members of the convention to rob the President of that which is his right by the suffrages of the citizens who chose the delegates to vote for Mr. Taft.

THE PRECEDENT OF MAXIMILIAN.

The history of Maximilian's invasion of Mexico has been written by his enemies. He was no Cortez bent on conquest and inspired by a lust of gold. A Mexican political party which seemed to be in a majority and which was weary of internecine feuds which then, as now, were inspiring contending classes to engage in pillaging and cutting one another's throats, solicited Maximilian to come, restore order and inaugurate a rule of law.

In 1863, when the United States was absorbed in civil war, a dozen battleships from England, France and Spain cast anchor in the harbor of Vera Cruz, and their representatives demanded payment of loans which had been made to Mexico. Mexico was bankrupt. How could she pay? In 40 years she had passed through thirty-six changes and had had seventy-three Presidents.

Distinguished Mexicans, representing the law and order and higher civilization of the unfortunate land, begged the European nations to assist their distracted country.

Napoleon III received the proposition eagerly. He was fired with the thought of establishing in America a great Latin empire that should be a suzerainty and an ally of France. England and Spain concurred. Spain wished to give to Mexico as ruler a Bourbon Prince. To this Louis Napoleon would not agree, but he consented to accept an Archduke from the house of Austria and the choice fell upon Prince Maximilian.

Maximilian was of the blood royal. He was a man of varied accomplishments. He spoke six languages. He was a scientist. He was a student of political philosophy. He accepted the position offered him. He renounced his rights to the throne of Austria and with his wife, Carlotta, in April, 1864, sailed for the land where he expected to lay broad and deep the foundations of a new and a great dynasty. He was but 32 years of age and Carlotta was 24. Napoleon had pledged the military and financial resources of France to place and keep him on the throne, and he looked forward with confidence to the time when Mexico, redeemed from anarchy, should, under his beneficent sway, become one of the great powers of the world.

His reign was brief and he had no opportunity to carry out his plans. The Conservative party, which had invited and enthusiastically welcomed Maximilian, speedily demonstrated its inability to cope with Juarez, who had organized the Liberals of Mexico into both civil and military force. Mr. Seward had notified Napoleon that the United States was not dead, and that the Monroe doctrine would be enforced. Napoleon, on receiving this notice, withdrew the French troops and closed the doors of the French treasury.

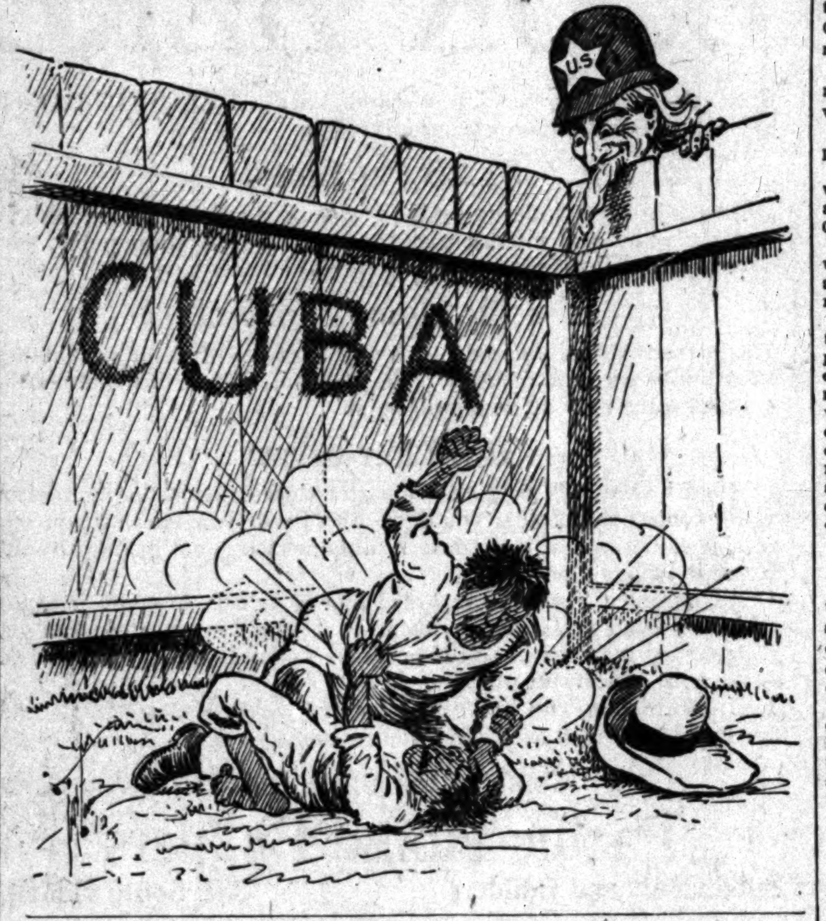
Maximilian ought then to have abdicated and returned to Europe with Napoleon's troops. He remained with no hope of success for himself, but actuated by a desire to make terms that would save from vengeance the Mexicans whose cause he had espoused and who had despairingly clung to his fortunes.

Maximilian and his remaining adherents made their last stand at the convent of Queretaro. His bosom friend and trusted officer, Gen. Lopez, betrayed him. Lopez at 2 o'clock in the morning skulked silently through the dark streets to an opening in the city wall where he conferred with the commander of the forces of Juarez. The plan they formed was speedily carried out, and two hours later Queretaro, and Maximilian, and Gens. Miramon and Mefia were captured by the Liberals.

They were, with but trifling formality, condemned to death and on the 19th of June, 1867, were shot. Mefia was an Indian and faced the firing squad with the composure of a fatalist. Miramon was of Franco-Spanish blood and met death with a jest. Maximilian died with the dignity of a philosopher. His last act was to give each of the seven soldiers who composed the firing party a doubloon and to request them to aim at his heart and spare his face.

The body of Maximilian was taken to Vera Cruz, and the ship which three years before had brought him and Carlotta to Mexico returned his mutilated body to his crazed widow.

A Back Yard Quarrel.



DRAINING THE LAKES.

The land-hunger of the East has reached the inflammation point in a proposition to drain the great lakes and obtain thereby 14,000,000 acres of valuable farm lands which, at $10 per acre, would amount to $140,000,000, while the cost of the work would be but $10,000,000.

Engineers claim that the lakes can be drained. Over one hundred years ago the waters of Haarlem Lake were pumped into the sea in Holland. But the ground obtained has since not been cultivated and no great wealth has been obtained in consequence. The Netherlands government has under consideration a plan of draining the Zuyder Zee at a cost of $10,000,000 by building a strong dam across the narrows with great sluice works. This would redeem a tract of land eight by forty miles in size now covered by the ocean.

Even if the Great Lakes should be drained at a profit of $100,000,000 or more, would that compensate the people of the Northwest for the loss of water communication between Chicago and Buffalo? And what would be done with the water? It would be an engineering possibility to send it to the sea by means of an immense canal from Chicago to the Illinois River and an enlargement of the latter so that the waters of Lake Michigan might be emptied into the Mississippi River and thence to the Gulf of Mexico. But the Mississippi seems to have all it can do to carry off the water that now flows into it. The proposition to drain the lakes presents commercial and social as well as engineering problems for solution.

Senator Smith delivered quite an address on the result of the Titanic investigation, but he forgot to mention the suggestion to place a red light on every iceberg.

GOOD INSTITUTIONS.

We are strong for a great zoo in Griffith Park and for the proposed marine gardens off San Pedro. By a happy inspiration the Park Commission has recommended both at the same time. When the elephants in Griffith Park are shy on forage they can go down to San Pedro and graze on the marine gardens. The commission might help out its expense account by training the lions to dive for abalone shells. Afterwards the kangaroo might make the shells into buttons. We do not know all the details for having kangaroos run a button factory, but it is the business of the Park Commission to obtain them. If we were a Park Commission and we had a marine garden that refused to marine we would drown it and feed it to the seals. One of the pleasant things about not being a Park Commission is our duty as protectors of the public in advising the commission as to how to train up a young park in the days of its youth so that it will not depart therefrom in its maturity. We are assuming, of course, that a well-regulated park does ultimately mature, leaving the commission nothing to do but herd the whales when they leave the marine gardens for their evening stroll on the beach.

UNCLE WALT.

The Poet Philosopher.

Old Jasper can't make up his mind; he looks before, he looks behind, and springs a grist of hems and haws and quotes a string of ancient saws, and asks advice from Dick and Tom, and gets no benefit therefrom. He's always on the ragged edge; he makes a plan, and then he'll hedge, discard it for another plan, and then on that he'll tie the can. When Jasper started his career propitious gods were smiling near; he had more chances to succeed than any swaybacked mortals need; but always he would hem and haw, and shy at bogies made of straw, and pause to read the book of rules, and manufacture obstacules. And Jasper, as we go to press, is snorting round in great distress. He's been abandoned by his frau; the sheriff levied on his cow; he has no place to sleep or eat; the coppers shoo him from the street. "I never had no luck," he cries, and with his whiskers wipes his eyes. "By all the fates I've been accurst; the world has kicked me from the first." I see lots more, from day to day, all headed down the same old way. The lane of indecision goes into a region rank with woes.

WALT MASON.

[Copyright, 1912, by George Matthew Adams.]

THE "PURE DEMOCRACY" DELUSION.

[Leslie's:] Government which comprises the initiative, referendum and recall of officials and of judicial decisions is government by impulse and caprice. Rome's plebiscitum was the initiative in its essential form, while the recall is the ostracism of Athens under a new name. Both worked badly and were discarded. Under modern conditions and in a great nation like the United States, they would work worse than they did in the countries in which they were invented.

In a crude but effective way, the initiative and recall had their little hour on the stage during the French revolution, and the experience in those countries and periods was not such as would commend them to Americans of the twentieth century. The recall of judges and of judicial decisions would bring a reign of demagogy and of mob rule which would disorganize our whole judicial machinery and reduce our orderly system of law enforcement to the level of the jurisprudence of the sand lots in the days of Dennis Kearney.

The framers of the American Constitution had the initiative and recall, under the other names, before them when they were engaged in fashioning their charter, and they rejected them. As between "pure democracy" and representative republicanism, they selected the latter, and their fellow-countrymen have applauded their courage and wisdom.

Rather Awkward.

[Cleveland Leader:] "You've made a mistake in your paper," said the indignant man, entering the editorial sanctum. "I was one of the competitors at the athletic match yesterday, and you have called me the well-known lightweight champion."

"Well, aren't you?" said the editor.

"No, I'm nothing of the kind, and it's confoundedly awkward, because, you see, I'm a coal merchant."

ABROAD WITH BURDETTE.

Geography at First Hand.

Nothing broadens the mind like travel. That is the reason why so many travelers are so tiresome. Their minds get beaten and rolled out so broad that they get thin. Coming through the Grand River Canyon, a woman asked the porter the name of the river. He said, "The Grand."

"Ah, yes;" replied the traveler. "The real Grand. We came beside that on our way through Texas."

"Not the Rio Grande," corrected the porter, "just Grand."

"I see," said the intelligent traveler, who was making notes for a book she is writing about "The West," "the other is the Real Grande. This is just the imitation Grand."

Then I unfolded my map of the road over which we were journeying, found the river and read, "Rio Grande"—away up in Colorado. Then I quit laughing at the woman.

If you desire geographical misinformation you must not ask questions of the porter, nor of your ignorant fellow-travelers. Just unfold the railway map of official misinformation, issued by the company over whose route you are a passenger. It is an old axiom that a straight line is the shortest distance between two points. But a railway map puts a few cut-offs into the straight line. It does this by putting a lot of by-curves and de-tourales into all the competing lines.

Money Talks in Millions.

The train boy—that is, he used to be the train boy. But he graduated into news agent and on this road he is "Demonstrator of Scenery." In a most instructive lecturette he delivered as he walked through the car he pointed out the Leadville mines "from which in one year seventeen millions of dollars was taken in precious metals." I had a friend who lost a million dollars in that camp. He went there with fifty dollars and dropped every cent of that. The other $999,950 went with the dream.

"Prospect Holes."

The mountainsides and the hill slopes are pitted with them as though the landscape had some time had the smallpox and made a bad recovery. Here a broken windlass has fallen into decay over the poor little pit into which some man was lowered day after day, his heart so light with hope that he could fly out of it without his partner's help when the sun went down. But it grew a little heavier every foot that empty hole went down into the ground. And one day he came up so heavily that his panting partner, who had much ado to bring him up to the surface at all, declared that if he went down once more he could never pull him up again in this world. So they left the tools down in the abandoned claim and went away with their backs to each other, one wearily trudging toward the East and the other drearily tramping to the West, never to see each other's faces again, though they had been the truest of partners.

And there is a drift which a solitary prospector drove by himself, singing as he toiled and whistling when he was far enough along to set the timbers and shore up his claim. But the song grew fainter and the whistle died away into morose silence as the drift went farther and deeper into the flinty mountainside. He didn't pay enough attention to the timbers and one night it caved in. He hadn't heart enough to try to pierce the wreckage of his dreams, and all his tools were in the little mine. There was nothing left outside but his gun. So he cursed his luck and his mine, and they buried him over there beside that big gray boulder—there where that wooden cross has fallen down.

There are scores and scores of broken windlasses and roofless cabins about as big as dog houses and "cave-in" mines all through these picturesquely-rugged and sublimely-beautiful mountains. Hundreds of them, it seems to me.

No; I didn't get these stories out of the newspapers, my son. On your life, I didn't. The mining papers don't print that sort. They happen, but they don't make good copy.

Midas Hits Pay Dirt.

Ah, here is the kind that gets into print. This is the prospector that followed the color into the rock and struck it rich. This is the drift that grew into a camp and became a plant. This prospector rides in a private car the name of which he can't pronounce and goes to Europe in his own yacht. He spells it "yot," but it gets him there. He paralyzed both hands the first time he had them manicured and he rhymes his valet with ballet. He owns that mine. That's the kind that gets into the papers, son.

And all the men who worked those pathetic little failures which they called "mines," but which were really dreams and hopes and visions?

Cleaner Than Snow.

Mining money ought to be the cleanest in the world. It comes out of the clean, wholesome earth. "Denver mud" is even a nickname for a natural medicinal preparation, anti-phlogistine. They plaster it on a man's chest and the indignant patient recovers from a fatal attack of pneumonia with complications of pleurisy and lumbago, just to get rid of the mud. The nice, clean, health-giving, strengthening earth, mother and nurse of us all. The man who digs the gold out of the earth takes it from no other man. He finds it where no man ever lost it or put it or hid it. The cleanest, honestest, fairest money in the world. It doesn't need a government mint stamp on it to add to its value. In fact, gold money is an adulteration of virgin gold. Pure gold is too good and too precious for commercial use as mere money.

It ought to be clean, then. Every process through which it is passed by the hands of science burns away any impurities that might cling to it.

And yet, somehow the story of a mining camp is almost invariably—I don't know why I put in that "almost"—foul with evils.

It reeks with pollution. Gambling, profanity, drunkenness, the coarsest immorality, dishonesty and murder. Somehow God can't make anything so clean that man can't and won't defile it.

"That noble animal, the horse," is the finest creature that goes on four legs. And yet, if you have but one son, and he is the apple of your eye, you wouldn't care to bring him up in the atmosphere and companionship of the racing stables, where the most aristocratic horses in the world are trained for their equine triumphs.

Not, you know, that the thoroughbreds would contaminate him.

What a splendid world this would be if there were no human beings in it!

Robert J. Burdette

PERSONALS.

Mr. and Mrs. E. Sada are guests at the Westminster where they registered yesterday from Monterey, Mex. They are here on a pleasure trip and Mr. Sada said that there was no revolutionary trouble of the slightest kind brewing in that district. He is president of the Cuauhpemoc Brewing Company.

A. H. Crafts, a mining man of Chihuahua, Mex., arrived in Los Angeles several days ago. He drove up in his machine and is staying at the Virginia at Long Beach. "Much of the revolutionary trouble in Chihuahua is exaggerated and it looks very much as if the backbone of the present struggle has been broken," he said. He is one of the principal owners and managing directors of the Alianza mines.

J. H. de Soria, for twenty-five years past in the mining business in Mexico, registered at the Van Nuys yesterday from the capital city of that country. "It took Diaz fifteen years to bring peace to Mexico and Madero, no matter how able he may be, cannot do in a few days what it has taken another man years to accomplish," said de Soria. "Things are very quiet in a business way in Mexico City and there has not been the slightest disturbance at the capital city in months." De Soria has many friends in this city.

Charles L. Rawlins is passing a few days at the Van Nuys. He is of the law firm of Rawlins and Little of Globe and is here on private business. C. D. Newton is a land operator of Prince Rupert, B. C., who is making his home at the same hotel. Dr. A. J. Rogers registered there yesterday from San Francisco, where he is in general practice.

M. M. Moore, a member of the engineering corps working on the Panama Canal, registered at the Hayward yesterday from Colon. He reports less damage than was first stated in the land-slide on the Culebra cut and that present plans of the engineers will see the first water in the canal in another year.

Jerome O'Neill, owner of the famous Santa Marguerita ranch, who registered at the Angelus yesterday, used unique methods of hurrying the I.W.W. contingent through his 200,000-acre stretch. He had one of the cowpunchers bring in a fatted calf, had it killed and fed to the hungry horde of "I Won't Workers," and then ordered them on, double quick time and full stomachs through his domain, backing his order with a beautiful array of real cowboys.

J. W. Dorsey, an attorney of San Francisco is passing a few days at the Alexandria. He is here on business matters for Mrs. O. E. Mason, who is also a guest at the hotel. Alexander Heinemann, the German musician is registered at the same hotel during his short sojourn here. He claims Berlin as his home.

Dr. H. W. Edwards, is a practicing physician of Spokane who arrived at the Hayward yesterday from the North. C. H. Stewart, a railroad contractor of St. Louis is passing a few days at the same hotel, as is W. H. Young, interested in a fire insurance agency of San Francisco.

F. H. Purdy is a guest at the Hollenbeck. He is registered from Sunbury, Pa., where he is owner of several slate deposits. The object of his visit here is to examine a number of slate formations which have been discovered recently within a short radius of Los Angeles. G. R. Bauerbach, owner of a general store at Winslow, Ariz., is passing a few days at the same hotel.

A. Bauer, of Bauer and Company, importers and chemists of Chicago, is passing a few days at the Westminster. He is here on business. W. C. Van Sant, interested in one of the automobile factories at Syracuse, is staying at the hotel while here on a vacation trip

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

"Los Angeles' Oldest Dry Goods House." Coulter's "The Best in Dry Goods Since 1878."

—Continuing the Annual June Sales—

And Wednesday's Headliner: Will Be This Exceptional Sale of Silks at 50c!

—"exceptional" and truly, for the assortments will include silks that have been eminently popular during the past few weeks (indeed, the evidence of so many in short pieces reveals this very favoritism) —silks that sold for as much as $1.25 the yard!—and some, even, for more— —Pekin-striped Crepes, Striped Tub fabrics, Foulard Silks, plain cloths, plain pongees, plain messalines and other silks ideally seasonable for summer. At 50c Today!

Pongee Silks Specially Priced—

Only $2.75 for Silk Petticoats to $6.50

—one of the finest values we've ever offered, at any pricing near so low! A sample purchase from two of the best manufacturers, they represent the highest grade of workmanship, in such wanted styles, as—

—Messaline, Taffeta, Jersey-tops and fancy novelties. In white, black, emerald, American Beauty and other favored colorings.

—Usually 3.50, $5 and $6.50—but $2.75 Today.

—Second Floor, rear—

—these few will convey an idea of the numerous other reductions being declared on seasonable silks:

COLORED PONGEE — we've just four pieces in the regular $2.50 qualities to dispose of at $1.50 the yard. 36 ins.

NATURAL PONGEE—in the $1 grades, is priced 75c the yd. 36 inches wide.

Underpricings in Black Silk Today

—note the values:

BLACK MESSALINE,—regularly $1.25, at 95c Today. 35 in.

BLACK SATIN MAJESTIQUE, —that was $1.25, at 95c the yard. 35 in.

BLACK TAFFETA,—in the $1.25 grades at 95c the yard. 35 in.

BLACK GRANDMOTHER'S SATIN,—(exclusive!)—a $2.50 quality for only $2.10 the yard. 35 in.

—and many others, equally tempting.

—Rear Main Aisle, First Floor—

Sale Misses' and Small Women's Suits—

—simple, mannish effects—most of them, though a few have nobby velvet collars and revers. The skirts are tailored plain and in paneled modes. A splendid line of suits in seasonable shades—

—homespuns, mixtures, Milton-cloths, mannish suitings, basket-weaves and a few corduroys. Regularly $12.50 and $15, they're priced to sell Today—for only $6.50!

—Second Floor, rear—

Just a Glance Thru Today's Specials Will Reveal Savings Innumerable—

—LINGERIE DRESSES,—of marquisette, voile and lawn; in values formerly selling at $15 to $37.50—for $8 Today.

—A FEW SUITS AND COATS AT $5!—remaining from assortments including values to $42.50. (None fitted or exchanged—at $5.)

—AUTO ROBES AND STEAMER RUGS,—in the $5 grades, at $4; the $6.50 values for $5; the $7.50 values for $6; the $10 values for $8; the $12.50 values for $10; the $13.50 values for $11.75; and the $15 values for $12.50, Today and Thursday.

—LADIES' HANDBAGS,—of genuine leathers, in black and colors, that sold for $3.50 to $5 —at $2.65 Today.

—FANCY HAIR ORNAMENTS,—such as Barrettes, back combs, bandeaux, etc.—at ONE-THIRD LESS.

—GOLD AND SILVER MESH PURSES,—also beaded purses, in values from $3.50 to $65, at ONE-FOURTH LESS.

—TALLY CARDS,—in odd lots worth to 50c, at 20c doz.; And Baby Record Books, slightly soiled, at ONE-THIRD LESS; 15c Louisine Tablets, at 10c, or 2 for 15c; and regular 2 for 5c Lead Pencils, at 15c dozen.

—FANCY BUTTONS,—in odd lots. Of bone, pearl, crochet and fancy metals, at ONE-HALF THE USUAL.

—TAPESTRY BRUSSELS RUGS,—seamless styles in excellent patternings. Regularly to $20, at $13.75 Today.

—COUCH COVERS,—in Oriental stripes; fringed all around. Our $1.50 qualities for 95c.

—LADIES' PURE-THREAD HOSE,—of black silk in outsizes; an item to interest large people. The $1.25 grades reduced to $1 the pair, Today.

—BATH TOWELS,—an extra weight and extra size, worth 65c, at 45c, Today.

SOCIETY

Miss Beatrice Cutter,
Who will become the bride today of William C. Keim. The ceremony will be performed in St. John's Episcopal Church.

THE First Presbyterian Church at Sacramento street and Van Ness avenue, San Francisco, was beautifully decorated last evening for the wedding of Miss Hazel Monson and Volney E. Howard of Los Angeles. White roses, lilies and greens were used. Several hundred friends attended.

The bride was gowned in white brocaded satin and her long veil was fastened with a wreath of orange blossoms. She carried a bouquet of lilies of the valley. Mrs. Alice Pennington of Denver was matron of honor and Miss Mary Little of Wabash, Ind., was maid of honor. They were in blue messaline and wore dainty caps of lace trimmed with tiny blue satin flowers. They carried large bunches of pink roses.

The groom was attended by his brother, Norman Howard, and the ushers were Charles Seyler, Bruce McNeill, Harry Turner, William Reid and George Ennis, all of this city.

A reception at the bride's home on Washington street, San Francisco, followed the ceremony. The house was a bower of roses. In the dining-room, where the table was set, pink bridesmaids' roses were used in profusion.

The bride has not resided long in San Francisco, but she has made many friends there. She is the daughter of Mr. and Mrs. L. W. Monson, formerly of Denver. The groom is the son of Mrs. A. J. Howard and a brother of Mrs. Avery McCarthy of this city.

The young couple have planned a wedding trip on Howard's yacht, which awaits them at San Pedro. They will cruise for several weeks, visiting Catalina and Coronado, and on their return will go to Redondo Beach, where they have taken a cottage for the summer.

Richards-Horton Wedding.

Only relatives and the most intimate friends were bidden to the wedding of Miss Elizabeth Rose Richards and Dr. Warren Nichols Horton, solemnized last evening at the home of the bride's mother, Mrs. Charles Richards, No. 500 West Adams street.

Rev. Joseph Glass read the service and special music was rendered by Arend's Orchastra. The bride entered wearing a handsome gown of bride satin and Duchesse lace, made with a court train. Her long tulle veil was caught in a cap effect with orange blossoms and she carried a shower of lilies of the valley and orchids. Her only ornament was a pendant of opals and diamonds, a gift of the groom.

Miss Frances Richards, a young sister, assisted as maid of honor and was attired in yellow charmeuse with trimmings of yellow lace. She carried yellow rose buds. Jesse Horton was best man. The home was done entirely in yellow, roses and jonquilles being used. The bride was educated in Chicago while Dr. Horton was graduated from the medical department of the Washington University of St. Louis, Mo. He is a member of the Phi Chi frat and is of the surgical staff of the County Hospital. He also holds a chair in the surgical department of the University of Southern California.

Engagement Announced.

Announcement is made by Mrs. L. A. Redington, No. 210 East Sixteenth street, of the engagement of her daughter, Miss Beatrice S. Lane, to David F. Morrison. The wedding will be solemnized on the 30th inst.

Burdick-Hart Wedding.

Mr. and Mrs. Lloyd Carlysle Hart, the latter formerly Miss Pearl Myrtle Burdick of Ft. Dodge, Iowa, are at home to their friends att he Richmond apartments. This announcement will surprise their many friends, who knew nothing of the wedding, which was a quiet affair, solemnized Wednesday last. Mr. and Mrs. Hart will occupy their new home at No. 1133 Mignonette street after July 15.

June Wedding.

Thomas Dawson of South Grand avenue announces the marriage of his daughter, Miss Daisy Marguerite, to Edward Schubach, which was solemnized Monday in this city.

Another Betrothal.

News of the betrothal of Miss Irene McCray and Harold J. Heffron is made known today by the bride-elect's parents, Mr. and Mrs. Louis Allan McCray. The wedding will be solemnized at the McCray Hollywood home, "Roseland," the latter part of this month.

Friends Entertained.

Mrs. Edith Murray of the Hotel Westlake was hostess recently at a bridge party. Later a Dutch supper was served.

Entertaining Mother.

Mrs. Clara H. Powers, formerly of this city, is the guest of her son and daughter, Mr. and Mrs. Jay E. Powers of Los Angeles.

In Vancouver.

Mrs. William E. Riddle, Regent of the California Chapter of the Colorado Cliff Dwellings Association, is the guest of her son, Frank H. Riddle of Vancouver.

Church Wedding.

Miss Lessie W. Davis and Chester E. Green were married in Arroyo Grande, May 30. Rev. R. Logan, assisted by Rev. L. C. Routzahn and Rev. F. E. Conrad, officiated.

May Wedding.

Miss Grace Virginia Jackson of Harrison, Mont., and Harry S. Gillham of this city were recently married, and, to the delight of their many friends, will make this city their home. The service was read in the parlors of the First Methodist Episcopal Church, in the presence of the two families and intimate friends only. The bride was attired in a dainty lingerie creation, hand embroidered and trimmed with baby Irish lace. She carried a bouquet of lilies-of-the-valley and wore a large picture hat. For two years the young bride was a student at Huntington Hall.

In New York.

Mr. and Mrs. George H. Cutts of this city are registered at the Hotel Woodstock, New York.

To Pass Honeymoon Here.

Thomas N. McBurney, with his bride, formerly Miss Elsa Fern Smith, of Corning, Iowa, will arrive in this city on the 9th inst. and will be the guests of the groom's father and sisters at No. 162 North Sycamore avenue, Hollywood. Mr. McBurney visited here last year and made many friends.

For Mr. Heinemann.

Cards have been issued by Miss Virginia Goodsell of the Hotel Wilshire for a reception Thursday evening, guests having been asked to meet Alexander Heinemann.

To Leave Today.

Mr. and Mrs. Charles Luley Eastman of the Ivens Apartments will leave today for a six months' trip. They will visit Lake Tahoe and eastern and southern cities.

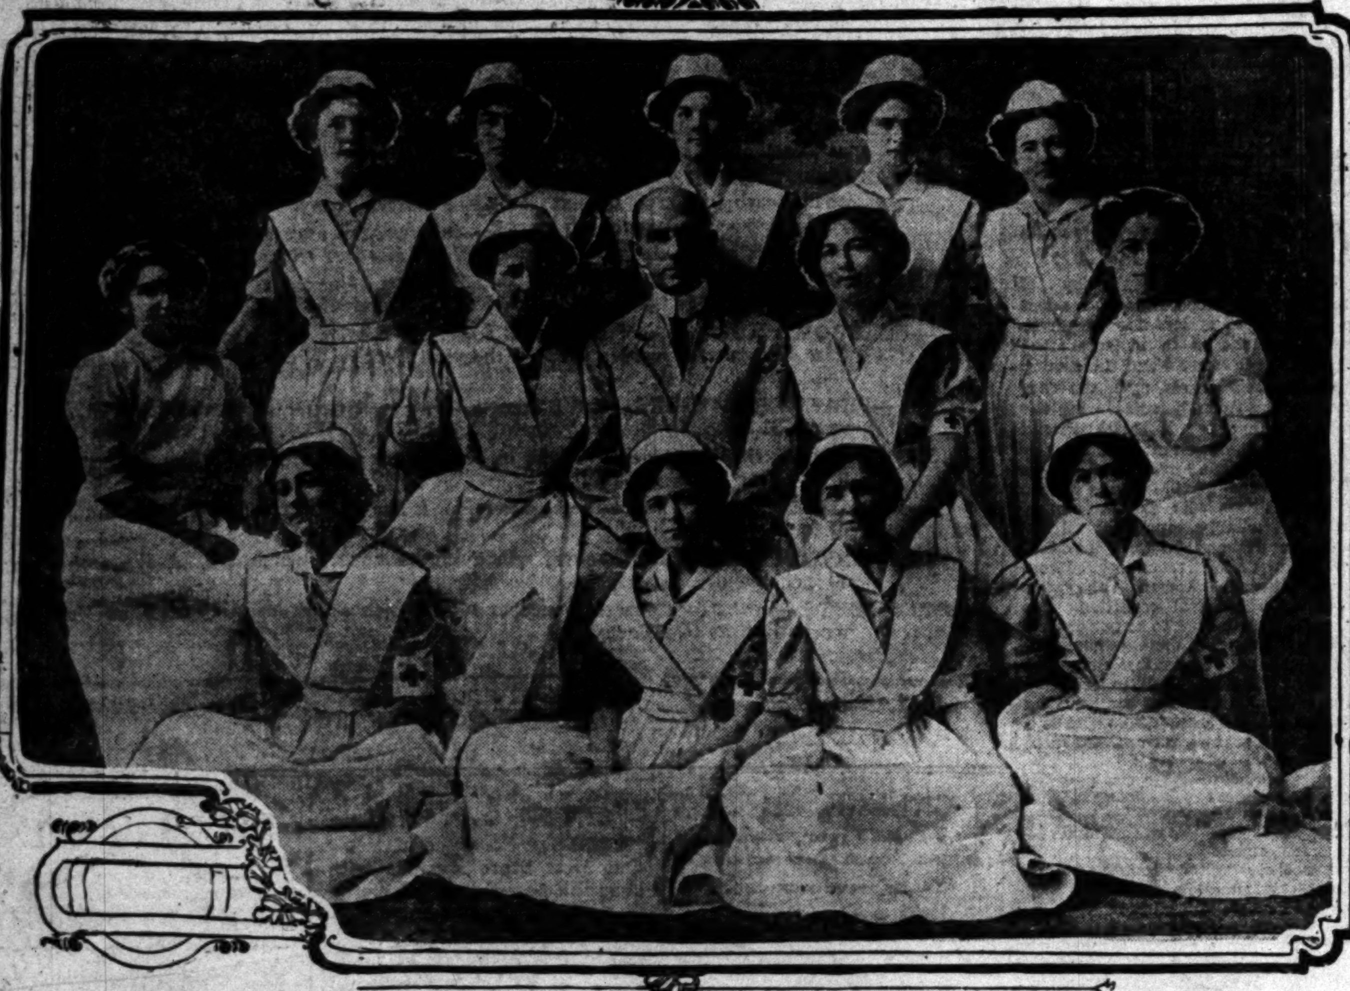
Battelle-Michelsen Wedding.

At the apartments of the bride's parents, No. 1056 P street, Fresno, Miss Evelyn Michelsen of Hollywood was married to Charles Thornton Battelle of New York City, last Thursday. Rev. Harold Govette, rector of St. Paul's Church, Fresno, officiated.

Married Saturday.

Miss Grace James, No. 2317 Rogers avenue, became the bride of A.

(Continued on Twelfth Page.)



Pretty Healers Who Have No Fear of the Number Thirteen.

The graduating class of nurses of the Clara Barton Hospital, whose commencement exercises were held last night. Reading from left to right they are: Top row, Leah Lyman, Grace Thrane, Marian Smith, Pansy Hill, Agnes Maddox; middle row, Mrs. Griffith, Louise Waters, Dr. Barton, Maude B. Miles, Sadie Ruddy; bottom row, Virginia Hannon, Marie Laux, Roberta Pierce, Katherine Lodge.

THEY'RE GOOD SAMARITANS.

Class of Eleven Young Women Nurses Is Graduated From Clara Barton Hospital—Life Work.

"Good fellows here will be thorbreds there," is the motto of the class of eleven nurses graduated from the Clara Barton Hospital last night.

The commencement exercises were held at the Goldberg Bosley Hall. The diplomas were distributed by Dr. H. P. Barton. After listening patiently to the usual amount of good advice dispensed on such an occasion, the nurses, attired in white, and surrounded by a host of friends, adjourned to the dance hall, where they enjoyed themselves until a late hour. Supper was served at a down town cafe.

This year's class is distinctive in that few of the young women are native born, some having come from across the Atlantic Ocean. Not one is engaged to be married, according to their assertions, and it is their avowed intention to devote their lives to alleviating the suffering of the poor and needy.

Miss Lodge, the president of the class, is a native of Philadelphia. En route to this city on a visit she met on the train an old friend, Miss Pierce, who was leaving Reno to enter the hospital. Miss Lodge became interested in the work, donned a uniform and placed the red cross insignia on her left arm.

Miss Laux was captivated by the nurse's uniform. That's why she took up the work. Miss Thrane, who came from San Francisco, was induced to study through a sister, who is a nurse. Miss Miles, who is a Los Angeles girl, has long wanted to become a nurse. Miss Laux, the secretary of the class, says she planned to be a nurse when a little girl, and it was only three years ago that the opportunity presented itself.

Miss Hannan sings feelingly "She ing come to Los Angeles from London. She is the class treasurer. Miss Lyman is a Modesto girl, and is the youngest looking member of the class, but that distinction really belongs to Miss Hill, who comes from Hollywood.

Miss Hannan sings felingly, "She Was Bred in Old Kentucky," for that is her native State. Miss Mattox is from Florida and Miss Smith came from the shadows of the Santa Barbara Mission.

WELCOME TO THE STORK.

Bird of the Babies Finds Los Angeles a Favorite Haunt and Breaks All Records.

The stork roosted often in Los Angeles during May. The report of Statistician Seif of the Board of Health shows this total. The number of births for the month was 629—322 boys and 307 girls.

This is the largest number of births recorded in one month in the history of the department and exceeded the deaths by 177. The number of deaths recorded was 452. The births for the eleven months of the fiscal year were 1142 in excess of the deaths. It is expected the end of the fiscal year, this month, will show a decided gain over the previous year, when 5783 births and 4821 deaths were recorded. During that time, the births exceeded the deaths by 962.

E-M-F "30" Studebaker Flanders "20"

Your Dollar Buys More

When you buy a Studebaker-E-M-F "30" or Studebaker-Flanders "20" automobile you get more for your money, dollar for dollar, than in any other car built.

There may be other good cars—but what is their price? That's the rub. What a car is really worth, not what it costs, should be your standard.

The Studebaker Corporation has the largest and best automobile factories in the world. We could build and sell any competing car today for less money than its present price. In your Studebaker-E-M-F "30" or Flanders "20" you get full value, because the biggest factories and the best brains in the industry build these cars.

Studebaker-E-M-F "30," standard equipped, f. o. b Detroit $1100. Equipped as above with Top, Windshield, Prest-O-Lite Tank and Speedometer, f. o. b. Detroit $1190.

Our new Art Catalogue will interest you. Send for it.

WHIFFS FROM THE OLD SPORT PIPE
DOPE

Bill Reidy, the new manager of the Seals, seems to prefer the demure pale violet Connie Mack method of directing a ball team from the bench to the bloody purple system of Muggsy McGraw and Hap Hogan.

Yesterday Bill sat in a corner of the coop with the players—a fastidious vision with a new straw lid and a stick. But he made them play ball.

The Seals tore into the game with a vim that left Hap Hogan gaping with astonishment from the coaching lines.

* * *

Let Us Have Peace.

The Seals can play ball all right. What they have been in need of is some peace of mind. Reidy appears to be the peaceable kind.

* * *

The Trouble Is—

Just before the appointment of the new manager, I came home in a street car behind two of the San Francisco players, who were exchanging their diagnosis of the troubles of the much harpooned Seals.

"The trouble with us," said one of them, "is that we get too many hit-and-run signals. This hit-and-run stuff is great for a team that is hitting well and which feels sure of itself. Our team is all shot to pieces; we are not hitting and this fast stuff only makes us worse. When a team is in the condition we are they ought to let us hit anyway we can. They are trying to make us keep a pace that we are not in condition at the present time to hold."

* * *

The Aged Jem.

Jem Driscoll, the little Britisher who fought in France Monday night, is a veteran of such long standing that he must be running the record of Methuselah a very close second.

Jimmie Johnson, who is out here with Owen Moran, formerly managed him.

"The first time I ever saw him," said Jimmie, "he looked to be about thirty-five. I have known him about fifteen years and he has looked to be about thirty-five ever since. I think he really must be about a hundred.

"One time I took him to a doctor to see if I couldn't find out. The medico looked him over and found that his glands and cords were getting hard.

"'I can't tell how old he is,' said the doctor, 'but he is so old that he is beginning to ossify.'"

* * *

Jem Still There.

In Johnson's opinion, the old fellow is good for a century or so more, however.

"Jem is an economical fighter," said Jimmie, "he lets the other fellow do all the work. When his opponent gets nearly run down Jem steps in and touches him up and starts him out on the road to exhaustion again."

* * *

Fair Weather Needed.

Stanford prayers are for fair weather on June 29—the day of the big inter-collegiate regatta at Poughkeepsie. They drew for places yesterday and Stanford drew No. 6, the furtherest from the river bank of any of the crews. In a case of a fair day this will give the Stanford crew the advantage of the current. In the event of a strong southwest wind, the water in that place would be so rough that Stanford wouldn't stand a chance in a million. Wisconsin is tucked under the shore with no current. Pennsylvania, Syracuse and Columbia are between Wisconsin and Stanford.

* * *

American Golfers Fail.

Those British golf cups will stay right at home for the present. Both the Americans who went over to capture them met with a sad fate yesterday. Fred Herreshoff, who was looked upon as a sure winner, was beaten yesterday for the British amateur golf championship at Westward Ho by D. A. M. Brown, the Isle of Wight player, by 2 up and 1 to play. W. C. Vanderpool, the only other American competing, met with a similar fate at the hands of H. L. Nicholl of the Royal North Devon Club—9 up and 8 to play.

* * *

To Boss St. Louis.

J. C. Jones of St. Louis, the attorney for the Robinson estate, was elected president of the St. Louis National baseball team yesterday. Mrs. Helen R. Britton, heiress of the Robinson estate, was elected vice president. Roger Bresnahan, manager, will have absolute control of the team on the field and off.

All Settled.

DONOHUE AND KELLY CHOSEN.

National Committee Picks Them for Stockholm.

Are Notified to Report at New York at Once.

Nine Other Coast Athletes Included in Team.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 4.—[Exclusive Dispatch.] Practically every winner at the Olympic tryouts in San Francisco on May 18 is assured of a trip to Sweden as members of the American team. A meeting of the Executive Committee was held today, and in view of the fact that it would be too late for men from the Coast to come on if they waited for their selection in the usual manner by the selection committee, the matter was taken up by the executive committee. It was decided to recommend the names of the following athletes to the team selection committee:

Frederick H. Allen of the University of California, broad jumper; E. J. Beeson of the University of California, hurdle and high jumper; S. H. Bellah, Multnomah Club, pole vaulter and javelin thrower; J. I. Courtney, Seattle, sprinter; James J. Donahue, Los Angeles, all-around man; Clarence S. Edmundson, Portland, middle distance runner; Peter C. Gerhardt, Olympic Club, sprinter; H. W. Hawkins, Seattle, hurdler; George L. Horine, Stanford, high jumper; F. W. Kelly, U.S.C., hurdler; Walter McClure, Oregon, 1500 meters; Ralph Rose, Olympic Club, weight man.

The committee instructed Secretary Sullivan to send telegrams to W. A. Humphreys, San Francisco; J. B. Franklin, Los Angeles; A. S. Goldsmith, Seattle, and T. Morris Dunne, Portland, notifying them of the action of the committee, and asking them to have the men report to Manager Halpin at No. 21, Warren street, New York, not later than Tuesday, June 11.

They were also notified that any friends desiring to accompany the team on the Finland must reserve passage at once by wire to Bartow S. Weeks, No. 2 Rector street, New York.

Committeemen on Pacific Coast were further informed that it is imperative that more funds be obtained, as the entire team cannot be sent with the amount already subscribed.

SIGNS POINT TO GOOD DEER SEASON.

Fish and Game Commissioner Pritchard has just returned from a trip through the mountains in San Luis Obispo and Inyo counties and says the outlook for much activity among hunters in that section is just as good, if not better, than it was at this time last year.

However, Pritchard says it is too early in the year to try to accurately "dope" the outlook and that he will not be able to pass final judgment on the situation until a month hence.

Jimmy Cope came back from the Mt. Baldy district yesterday with the report that there are numerous deer tracks and signs there.

The season in this county will not open until August 15. In Kern county the season opens July 1 and, as usual, a large number of local nimrods are planning to flock north and get in on the early killing. However, it will be a sorry day for the fellow who gets caught bringing any deer meat into this county before the season opens here. The law forbids it.

EDDIE PLANK IS ATHLETICS' BEST BET.

The many disappointments his numerous pitchers are handing him this season makes the work of Eddie Plank look all the brighter to Connie Mack, wizard of the Athletics. The veteran of the squad and a player whom some of the critics have for several seasons been relegating to the "has been" class, Plank keeps right on delivering the goods in masterly style. It was Plank who kept the Athletics out of last place all through the early weeks of the season last year and again it is Plank who is doing most of the winning this year. His left-hand cross-fire is as deadly as of yore and his painstaking methods in preparing for the baseball season leave no cause for such excuses as lack of control and overweight.

Plank knew what was coming and prepared to give his best efforts at a time when good work is most needed.

Will Be Missed.

THE MISSES SUTTON FOREGO EASTERN TRIP.

MISS MAY SUTTON and her sister, Miss Florence, will not go East this summer. Last night Miss May Sutton said that on account of the ill-health of her mother, she and Miss Florence had given up the idea of engaging in eastern tournaments during the summer season, although she had received numerous invitations to play and was sorry she could not accept them.

In tennis circles it was generally believed that Miss Sutton would go East this year. She has not missed a season's play in the Eastern States for several years. But she will remain here. During the next few months she does not expect to engage in many tournaments, but she says she will appear on the courts a few times during the summer months.

Miss Sutton's mother is ill and it is probable that she will leave the city soon. Miss Florence is to accompany her and Miss May will remain in the city.

Miss Sutton had received invitations to play in the big clay court tourney that is to be held at Pittsburgh this month, at Louisville, Cincinnati and several other places in the East, and until a few days ago had intended to go East. But the East will not see her this year.

Miss Mary Browne will be the only woman player from Southern California to play on eastern courts this summer. She is now on the way East. She will play at Pittsburgh and in the national championships at Philadelphia.

Old Friends Part.

Ad Wolgast

and his faithful cigar. The only thing that little Ad hates about training is to give up his smoke.

All-Star Affair.

BIG TOURNEY AT COUNTRY CLUB.

COAST DOUBLES PLAY TO BE SWITCHED FROM BEACH.

Classic Event Will Bring Together Best Players on Coast—Courts Particularly Desirable as They Resemble Those in East Where Final Battle Will Be Waged.

The Pacific Coast tennis doubles championships are to be held on the courts of the Los Angeles Country Club, this year, instead of at Long Beach, where they have been held since the classic event was transferred from Monterey several years ago. The tourney is to open July 1 and will bring together the best racquet wielders on the Coast.

Plans for the coming tournament now being formulated by Ward Dawson, Simpson Sinsabaugh and Wallace Robb, will make the tourney the greatest ever held in the West and the team which earns the right to represent the Pacific Coast in the national championships late in the summer will be one of the best ever turned out.

This tournament is only one of four intersectional tournaments held throughout the country to bring forth the best doubles team in this country, to meet the present national champions.

THREE OTHERS.

There will be tournaments at the Longwood cricket grounds, Boston, at the Onwentsia grounds at Lake Forest, for the Middle-West doubles championship, and one at Atlanta, to decide the southern championship.

The Los Angeles Country Club courts are considered among the finest in the State and especially desirable for this event in that they more nearly resemble the playing surface of the grass courts of the East, upon which the national championships are played.

In order that all the entrants in the coming doubles tournament may become accustomed to the play on the asphalt courts, the country club's courts and dressing rooms have been thrown open for practice from this until the opening date of the tournament.

SURF FISHERMEN HAVING BIG TIME.

During the last week surf fishermen on the South Coast have been having rare luck. The warm weather has brought the finsters close in and for this time of the year the angling has been unusually good.

From Huntington Beach down to Balboa the going has brought gladness to the hearts of many of the old timers. Le Fevre and Wolfskill came back with a couple of twelve-pounders among their catches.

The special car that the Santa Fe is taking down to Oceanside and dropping off for the benefit of the anglers who have their favorite haunts far down the Coast, is proving popular.

WHEELMEN TO RUN OFF BIG ROAD RACE.

The Overland Wheelmen are to hold their third annual road race, July 4, over the boulevard course. The race is to start and finish at Pico and Georgia streets and the start is scheduled for 9 a.m.

Entries are being received at Henry and Cornett's

Even All the Way.

ERRORS LOSE AND WIN GAME

Vernon Finally Wins Tight Wad Contest.

Both Henley and Stewart in Fine Condition.

Pitching Too Good to Cause Much Excitement.

BY GREY OLIVER.

Vernon, 2; San Francisco, 1.

If Hosp had not muffed an easy fly at first base in the fourth inning the Seals would have been skinned 1 to 0 yesterday, but IF Raftery had not run in on a hit to center field and tried to stop it on the run, the Tigers might not have won in the last of the ninth.

These are the two IFS of the struggle and you can take either one you want. Either tells how the game was won and lost.

And it was a real struggle, at that. Any time you catch both Henley and Stewart right you are going to see a battle, and there was one yesterday, for both were pitching real ball. When but two men get to third base off Stewart it shows he is a busy lady, and but three men had as much luck with Henley.

Such things are bad games to watch, for there is about as much excitement in a Sunday-school. If they had treated all the ball players to a shot of hop before the race began, like they do to race horses, there might have been something, but they didn't.

Any fellow who managed to reach first considered that he had earned his salary for the week, while the man who reached second thought Carnegie should give him one of his $2 medals for being a hero.

My, my! Those flingers were tight wads. Such good ones as Powell, Carlisle, Burrell and McArdle never even saw first base, and a lot more of them would not have heard of it had not they been given a pass.

It was worse than shooting fish, and the heaving was so good that not even one fielder had a chance to make a fancy play. Hosp knocked down Mundorff's nasty grounder in the fourth and threw to Stewart at first in time to put out the runner, but aside from this, there was not enough to keep a cat awake. When it is hard to knock the ball out of the infield you are not going to strain yourself watching circus plays.

The Tigers got the first run, in the third, which Brown started with his double to left field. He advanced on Stewart's infield sacrifice and scored on Carlisle's sacrifice fly to left.

Pretty easy; but the Seals got one just as easy in their fourth inning. After Hosp had made his pretty assist on Mundorff, Raftery drew a pass and stole second. He ran to third on McArdle's out at first and then scored when Hosp muffed Corhan's easy pop fly to first base. Hosp does not know why he muffed this, and no one else can guess. He probably would not do such a thing again in two months, and probably never. It seemed to be too easy to catch.

This was the only run the Seals got, for only one man got to third base after that, and this was Henley, who doubled in the eighth and advanced on Powell's sacrifice.

Stewart simply stood them on their beans and whirled them around.

Henley did the same thing after the third, for in the fourth, fifth, sixth, seventh and eighth innings but one man got to second and only one other to first. Only three men hit the ball out of the infield.

In the ninth Henley got the first two out easily on an infield grounder and a strike-out, and then made Bayless hit a grounder to McArdle. He threw the ball to first and although it was a low heave, Jackson fumbled it long enough for Bayless to reach the bag. Some fans even say that Bayless was out. In any event, Litschi cracked the next one to center for a single. Raftery ran in on it with the idea of grabbing the ball and prevent-

(Continued on Second Page.)

Miss May Sutton,

Who, for the first time in several years, will stay out of eastern tourneys and pass the summer here.

Is This True?

ONE SEASON FOR MANAGER REIDY.

SEALS' NEW CHIEF FIGURED TO LAST QUICK.

Blast from the North Is to the Effect That "Bill" Is to Step Aside Not Later Than End of the Season and Maybe Before—Club Owners Favor Playing Manager.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—[Exclusive Dispatch.] Bill Reidy's appointment as manager of the Seals undoubtedly is only temporary, and for no longer period than the current season, if that long.

With the Seals in such a frightful slump, it was necessary to make a switch of some kind to appease the fickle baseball public, and as Reidy was the best available man, he was given the berth. His position, however, is more like that of a relief pitcher, sent into the emergency.

It is known that the San Francisco club owners, Frank Ish and J. Cal Ewing, have been on the hunt for a good playing manager to take charge of the Seals. It is hard to get a player manager in mid-season, as Messrs. Ish and Ewing have found out this year. But they will prosecute their search and expect to have an aggressive leader, who will also take part in the game, or at least be able to get on the coaching line in uniform, before another coast league season rolls around. Of course, should Manager Reidy work the miracle of bringing the team out of the ruck and flashing it in the first division, he probably will be retained.

As a rule, playing managers are the most successful, especially in the minor leagues. Even in the major leagues they are preferred. It is not essential that the manager participate in active playing, but he should be able to get on the lines in uniform and coach his team. Muggsy McGraw is a type of this kind of manager who has been successful. Connie Mack, to be sure, has been pre-eminent as a bench manager, but Mack is a big exception. His style of handling a team differs from that of all other managers.

Manager Reidy assumes charge of the Seals in a hopeful spirit. He believes with many other close followers of the game that the team is capable of development and that it is a better team than its record shows. He does

(Continued on Second Page.)

First Impressions.

REIDY TELLS WHERE HE STANDS IN NEW JOB.

BY BILL REIDY,
New manager Seals.

IT DOESN'T surprise me to be a manager of a ball team, for such honors come to many ball players. You see, I've been one before. I had the Oakland team before Wolverton came out from the East.

It's nothing new to me to manage a team that loses a game. My old Oakland team lost many of them. I sat yesterday and watched the Seals lose without any resentment for anyone. Any team could lose such a game. The luck broke bad for us and we made several bad plays. I will not mention them, for anyone who knows baseball could see them, and there is no use telling the ignorant ones. They would not believe you.

I got hot several times thinking how the luck broke, but what's the use? Sometimes when a team is in a slump it seems as if you never can win a game. Any time a team beats Henley with the kind of pitching he showed yesterday nobody will hear a kick from me, but it's the bad luck of the game that makes one sore.

Of course, I'm on the job now, but I propose to take things easily this week. No one can tell in two days what to do with players, and whether they are in their right places or not. I think the team has some very good material in it and the only question is to bring it out.

I have been given full power to hire, fire, buy and sell players, but I have no changes in sight just now. It's too early to do anything. I propose to see why the team cannot win. All of the boys are friends of mine and we should get along all right. However, I will fine them if they do not play ball and if they do not put their best efforts into the game.

There is no reason why the Seals cannot win their share of the games and I want to know why they cannot. There is no jealousy or bickering in the team, as far as I know, and there is no reason why the boys should not try.

They have been roasted unmercifully in their home town and that is one reason why they may have lost heart. Ball players are just like other human beings and are sensitive to praise and blame and I think the Seals have had more than their share of blame.

I want to know why they cannot win more games, but at the present time I have no reason to give why they do not. I'm to do my best and I think I will have the co-operation of all the players.

PLANS TENNIS CLUB FOR ALL CLASSES.

Les Henry is organizing a tennis club in which the members will be divided into grammar school, intermediate school, high school and open classes. Henry promoted the Mt. Washington tourney and a large number of young players broke into the game. Henry believes a club that will give the rising generation a chance to play in frequent tournaments will mean much in boosting the game.

Monthly medal tournaments and weekly matches in the various classes are included in Henry's plan. Men and women, boys and girls, will be eligible to membership in the club.

Real Tight Fit.

WHITE SOX BEAT CHAMPS IN PITCHERS' CONTEST.

Both Lange and Morgan Heave Fine Ball but the Former Shuts Out Mack's Men—Detroit Has No Difficulty in Trimming the Poor Yankees by Very Lop-sided Score.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, June 4.—[Special Dispatch.] The Sox divided the series with the Athletics here this afternoon when they captured the final game, 2 to 0, after a desperate battle. All the scoring was done in the fifth inning, when the South Side aggregation scored their two runs. The score:

At Vancouver—Portland, 1; Vancouver, 2. (14 innings.)

REIDY IS SIGNED FOR ALL SEASON.

"Bill Reidy only hired for a few months?" inquired Cal Ewing yesterday as he raised his defeat-weary eyes.

"That's new to me, for when Reidy was engaged as manager of the Seals there was no mention made of how long he was to remain with the team. I conducted the arrangements from this end and he was merely engaged like any other player. That is by the season.

"Of course Bill has the same chance to make good as a player and it is up to him to do it. It is very hard to get high-class players this time of the year, but we will try to if he decides to release any of the present players."

ANGELS MAKE GRAND RALLY.

Knock Out Four Runs During Seventh Inning.

Harkness Goes to Bad After Having Game Won.

Leverenz Knocked Off Mound in First Inning.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND, June 4.—[Exclusive Dispatch.] Portland went deeper into the cellar today when the Los Angeles team, fatigued by a forty-hours' railroad journey, overcame a lead of three runs secured in the first inning and won 6 to 3, driving Speck Harkness to the clubhouse in the seventh frame. The Beavers have lost four straight games.

In the first inning Chadbourne and Rodgers both fell upon Portsider Leverenz for two-base swats, which, with a bad throw by Metzger and a sacrifice fly, netted the Beavers three tallies. Leverenz gave way to Slagle who held the locals runless.

Meanwhile Harkness was being touched up liberally. Dillon's crew securing thirteen hits, ten of them in six and a fraction innings off Harkness and three off Higginbotham in three innings.

Harkness jumped into trouble in the second inning. With one out Dillon walked and made third on Metzger's drive through second. Metzger and Dillon then manipulated a magnificent duoble steal, Dillon beating two perfect throws by a five-foot margin. Boles singled through short and Slagle walked, filling the bases, but Harkness showed a flash of real form by whiffing Howard for the third out after Lober's fly to Rapps.

Los Angeles crept a trifle closer, making the score 3 to 2 in the fourth on hits by Boles, Slagle and Howard, after two were down, Boles registering. In the seventh Slagle singled to second, Howard doubled to right and Berger banged one over Rodgers, scoring Slagle with the tying tally. Harkness was then jerked in favor of Higginbotham.

Higginbotham got off to a very bad start and demonstrated that he is not the cream as a relief flinger. Daley, first up, took one over the left ear, again filling the bases. Howard tallied on a wild pitch and Berger pranced across on Heitmuller's squeeze grounder to Rapps. Dillon waited out four wide ones and then Metzger drove a sacrifice fly to Mahoney, Daley registering with the fourth and final tally.

Berger, the new Angel shortstop, gave a great exhibition of infield work, participating in five assists and six putouts without a skip.

EASY FOR OAKS. TRIM TWO PITCHERS.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, June 4.—Most of it happened in the second. Oakland took five runs then and added four more in the seventh, only one of which was needed to win from Sacramento.

In the second, with the visitors one run to the good, Williams went to pieces. Patterson singled, and Hetling sacrificed. Cook was safe on Irelan's error, scoring Patterson. Tiedemann doubled, scoring Cook. Mitze struck out. Tiedemann advanced to third on a passed ball. Malarkey walked on another passed ball. Leard walked.

With the bases full, Byram replaced Williams, to no apparent advantage, for he walked Hoffman, forcing in Tiedemann. Then Coy scored Malarkey and Leard with an infield single. Five runs. Score:

NOTHING DOING FOR SAN DIEGO.

Presidents Al Baum, Cal Ewing, Henry Berry and Tom Darmody returned yesterday morning from a flying visit to San Diego to look over the baseball situation there. The Griefers were told that about $100,000 would be needed for a team, franchise and grounds and in addition to this the league would have to dig out another city to make the eight clubs. Even if San Diego produced the money the chances are that it would not be given a franchise for it is too far out of the beaten ball path.

Baum returned to San Francisco last night, well pleased with the prospects of the league in this end of the State.

Everybody Keeps A-pickin, on the Poor Old Seal.

ONE SEASON FOR REIDY.

(Continued from Fifth Page.)

not intend to make a big shake-up at the start, but he announced his determination of going slowly until he has command of the situation. Then, if players fail to hit their form, he says he will dispose of them for others. He has been given carte blanche by his employers, according to a statement made by Cal Ewing. If there has been dissension among the players on account of the former management, this should be removed with Reidy on the job. Already the new manager is popular with the players, having won their favor at Paso Robles.

Reidy has also been instructed to name his own captain. He has not yet announced whether he will make a change, but it is believed he will keep Kid Mohler as his first lieutenant.

The retirement of Dan Long as manager of the Seals marks the passing of a picturesque baseball character. Dan has not been successful as manager of the San Francisco team, but whether that was his fault or that of his employers is a question in dispute. It is hard to develop a winner in the minor leagues when your star players are sold away to the big leagues or drafted every season.

Long is opinionated, and, when he once gets a notion concerning a player or a baseball play, nothing can change it. He was unalterable in his convictions.

GOT BERRY'S GOAT.

"Guess those papers up in Frisco are not going after our catchers," murmured Henley yesterday. "Why Berry has been panned so much that he can't get up early enough in the morning to see the papers. Guess he'll be stayin' up all night pretty soon so he won't miss the first one out."

BANKS EXCELS WITH CUE.

Coast Champion George Banks defeated Ben Byram of Chicago by 100 points to 63 in a match at pocket billiards in Hogan's parlors, last night. The high run of 13 was made by Banks. A match between Banks and Ed Simpson of San Francisco is scheduled for tomorrow night in the same rooms. Simpson won a free-for-all tournament at San Francisco two years ago, and is said to be in good present form.

CLEAN-UP FOR VANDERBILT.

PARIS, June 3.—At St. Cloud today, W. K. Vanderbilt's Lahire won the 8000-franc race, and his Salami won the 5000-franc maiden race. O'Neill rode both. Vanderbilt's Iowa, with Mitchell, was beaten a short head in the handicap by Vicomte de Fontrace's Ormuzo.

CROSS-COUNTRY FLYING EVENT BEING PLANNE

Local aviators, as well as other who have aeroplanes at the b cities and two from San Diego, w hold a meeting at the Doming aviation field today to discuss holdi a cross-country race June 14. T flying men will be entertained lunch by Manager Will L. Free of the flying field and will then hear th report of an informal committee th has assurance of prizes from cont along the beaches.

It is planned to keep the dista of the flights within seventy-five mil and to hold the race at a date th would assure it as the first in Ameri The national circuit of 1500 miles wi be held from Chicago late in the su mer, but if the Los Angeles m arranged, it will be ahead of an the East.

Enough tentative entries and have been promised to warrant ing the meeting of aviators to arra the contest. At least three ma are available which have made miles an hour on long flights and estimated that there will be eig twelve entrants. Among th be Frank Champion, who has out of aviation events since early winter because of an accident hunting.

TANK STUNTS AT L.A.A.C. OPENI

SATURDAY' OF WORDS

A WAR of words raged up and down the Rialto all yesterday morning and after three hours of heated conflict, order was brought out of chaos and the dove of peace held sway once more.

The fighting Gilmore brothers and cunning little Jimmy Johnson, after a long clash, finally arranged the last details of the Saturday battle between Jack White and Harry Thomas. The trouble started when White tried to claim the forfeit through Fred Gilmore for Moran's failure to show. Uncle Tom McCarey could not see this and it looked for a while as if there was not going to be any fight at all. After the matter of the forfeit money was settled, the terms for the substitute battle caused another flurry of words. It was thought by his supporters that Jack White should get more for meeting Thomas than he was to have received for the engagement with Moran. Johnson could not see this at all, and was all ready to pack up and leave, when Fred Gilmore called him to one side and in ten minutes it was agreed to split even on the fighters' 50 per cent. of the gate.

It would have been the worst thing in the world for Jack White to have called this fight off, after his long, hard training siege, as he is now in the pink of condition, and unless he gets a fight out of his system, will go back in his whole attitude toward the game. It is a bad thing to work a man to the fever pitch and then not let him sweat.

Harry Thomas was tickled to death when he heard that the battle was on again, as after the morning session he was afraid that his chance to slip into the limelight was going glimmering, after being so bright the night before.

FIEND FOR WORK.

There is one thing noticeable about this little English fighter, and that is there were no complaints about the short time to train and lack of con-

Jack Sees

WHITE IN SAVA GOOD PR

JACK WHITE nearly wrecked the gymnasium at Venice yesterday while he was working off the extra steam generated by the trouble over the coming fight. The punching bag was ripped off the wall, the sand man punched full of holes and Monroe and Dalton had the time of their lives to keep from being slaughtered on the spot.

White is in great condition and Fred Gilmore will be running Billy Muldoon's reputation ragged, if he keeps on with this physical conditioning stunt. Jack is as savage as a bear looking for its first spring meal and there is a snap and dash in the work that bodes ill for the man who stops one of his wallops on Saturday. He is right at the weight now and by the time he climbs on the scales should tip the beam at about 127½ pounds.

In the boxing bouts yesterday, it was particularly noticeable that Jack was out for blood and he nearly killed Dalton and Monroe before the afternoon was over. He seems to have developed a snappy left-hand punch straight from the shoulder and it looks like a winner and then, of course, he has that sleep-producing right bread-winner.

Yesterday he was told that this little Thomas party would be on him all the time and it made Jack mad when it was suggested that he might have trouble in meeting this kind of an attack.

"They think I can't do anything but hit from my heels," said Jack, "but I am going to give this kid of Johnson's the worst licking he has ever had. That whole outfit makes me sick."

Oh yes, he had a lovely frame of mind, but the kind that looks good for a real, red-blooded fight Saturday.

THE SEMI-WINDUP.

Charlie Dalton, who is training with White, is going to have a tough nut to crack on Saturday afternoon when he tackles Pete McVey in the ten-round semi-windup. However, the Italian iron man, who has Joe Grim beated four ways, has been hammered by White to such an extent that this fight with McVey looks like a nice little rest.

"I'll feel des' guy out fur the fust four rounds, den watch me crack his chin," said Dalton.

Charlie further says that he is getting tired of being the goat around here and is going to begin knocking them dead for a while and see if this line of procedure would get him anything. Well it will, providing he does the killing, but Charles, you should have started this dope some seven years ago.

INSANE ASYLUM -DANGER-
HEY! WHAT ARE YOU DOING UP THERE, YOU BOOB ?
HOO-HOO? HEY?
WHY, I WAS WALKING BY WHEN I HEARD SOMEBODY IN HERE CALLING ME AND I WAS JUST GOING TO CLIMB OVER THE WALL TO FIND OUT WHAT HE WANTED - HEAR HIM ?
COME DOWN!
HEY? HOW DO I GET OUT?
INSANE ASYLUM -DANGER-
NOW YOU BEAT IT AND DON'T LET ME CATCH YOU HANGING AROUND HERE AGAIN- DON'T YOU KNOW ANY BETTER THAN TO TRY TO BREAK INTO AN INSANE ASYLUM, HUH?
I GET CHA STEVE, WHICH WAY DO I GO TO GET TO THE BALL GAME ?
—P.S.— (PURTY SLICK!)
GALE

Now for the Gong.

SATURDAY'S MILL SURVIVES WAR OF WORDS; WHITE FIGHTING MAD

BY OWEN R. BIRD.

A WAR of words raged up and down the Rialto all yesterday morning and after three hours of heated conflict, order was brought out of chaos and the dove of peace held sway once more.

The fighting Gilmore brothers and cunning little Jimmy Johnson, after a long clash, finally arranged the last details of the Saturday battle between Jack White and Harry Thomas. The trouble started when White tried to claim the forfeit through Fred Gilmore for Moran's failure to show. Uncle Tom McCarey could not see this and it looked for a while as if there was not going to be any fight at all. After the matter of the forfeit money was settled, the terms for the substitute battle caused another flurry of words. It was thought by his supporters that Jack White should get more for meeting Thomas than he was to have received for the engagement with Moran. Johnson could not see this at all, and was all ready to pack up and leave, when Fred Gilmore called him to one side and in ten minutes it was agreed to split even on the fighters' 50 per cent. of the gate.

It would have been the worst thing in the world for Jack White to have called this fight off, after his long, hard training siege, as he is now in the pink of condition, and unless he gets a fight out of his system, will go back in his whole attitude toward the game. It is a bad thing to work a man to the fever pitch and then not let him sweat.

Harry Thomas was tickled to death when he heard that the battle was on again, as after the morning session he was afraid that his chance to slip into the limelight was going glimmering after being so bright the night before.

FIEND FOR WORK.

There is one thing noticeable about this little English fighter, and that is there were no complaints about the short time to train and lack of condition for a good man like White. On the other hand, he worked like a horse all afternoon and in the early morning did nine miles over the hot country roads of Vernon, and when it was all over, about 5 p.m., he said: "I'll get this bloater and be in 'ansome shape, see if I ain't."

Harry Thomas,

The little English feather, who has jumped into the spot-light through Moran's misfortune.

When the situation was explained to Jack White at Venice in the afternoon, just before he was going into the training quarters, by Harry Burns and Fred Gilmore, he looked deeply disgusted, but brightened up when he learned that Moran was to give him the first fight after the injured thumb got well. At the present time, this date has been set for the middle of July and will probably take place on the 20th. Moran, through Johnson, has agreed not to meet any other man until this date has been filled, though Johnson said he had had enough of the forfeit business.

After Jack understood the state of affairs, he said, "Well, I can lick Moran, Thomas and Manager Johnson, all in the same ring and on the same afternoon," so it would seem that friend White had a slight peeve.

It is beginning to look as though this forfeit stuff was a joke. They put them up and nothing ever comes of it, and why not have it understood that the only way to claim a forfeit would be to have one of the contestants actually run out of the match.

After it was all fixed and everybody had swapped stogies, Manager Johnson invited the crowd out to see Thomas work—and work is right, for the pace he sent the little Englishman through would have killed an ordinary feather, but Thomas liked it every minute.

REAL MIXING.

Thomas gave Battling Gage enough in two rounds, and after this, Joe Thomas, a likely feather from the Middle West, was served up, and Harry had him over the ropes during the three rounds. The last three spasms saw Tommy Maloney and Thomas mixing it in good old style. Maloney is a welterweight, but Harry found his jaw several times and in the last round got the Irishman's goat with a speedy one, two wallops to the chin. The aforementioned wallops caused a wild rally in mid-ring and the boys stood head to head and whaled away, and if there has been any doubt as to Harry's punching ability, it was laid to rest after this exhibition.

Harry Thomas is a clever, shifty little slugging boxer, who will give Jack White a great deal of trouble. He is strong and aggressive, and for his ability to avoid punishment, it seems above par. If Thomas keeps on top of White in the same manner that he kept after his opponents yesterday, the fans are going to see a very pretty fight, as Jack likes to get set before he punches, and with Harry in the ring, this is not going to be easy.

Jack Sees Red.

WHITE IN SAVAGE MOOD; GOOD PRELIMINARIES.

JACK WHITE nearly wrecked the gymnasium at Venice yesterday while he was working off the excess steam generated by the trouble over the coming fight. The punching bag was ripped off the wall, the sand bag punched full of holes and Monroe and Dalton had the time of their lives to keep from being slaughtered on the spot.

White is in great condition and Fred Gilmore will be running Billy Mulholland's reputation ragged, if he keeps on with this physical conditioning stunt. Jack is as savage as a bear looking for its first spring meal and there is a snap and dash in the work that bodes ill for the man who stops one of his wallops on Saturday. He is right at the weight now and by the time he climbs on the scales should tip the beam at about 127½ pounds. In the boxing bouts yesterday, it was particularly noticeable that Jack was out for blood and he nearly killed Dalton and Monroe before the afternoon was over. He seems to have developed a snappy left-hand punch straight from the shoulder and it looks like a winner and then, of course, he has that sleep-producing right breadwinner.

Yesterday he was told that this little Thomas party would be on him all the time and it made Jack mad when it was suggested that he might have trouble in meeting this kind of attack.

"They think I can't do anything but hit from my heels," said Jack, "but I am going to give this kid of Johnson's the worst licking he has ever had. That whole outfit makes me sick."

Oh, yes, he had a lovely frame of mind, but the kind that looks good for a real, red-blooded fight Saturday.

THE SEMI-WINDUP.

Charlie Dalton, who is training with White, is going to have a tough nut to crack on Saturday afternoon when he tackles Pete McVey in the ten-round semi-windup. However, the Boston iron man, who has Joe Grim beaten four ways, has been hammered by White to such an extent that this bout with McVey looks like a nice rest.

"I'll feed des' guy out fur the fust two rounds, den watch me crack his jaw," said Dalton.

Charlie further says that he is getting tired of being the goat around here and is going to begin knocking them dead for a while and see if this line of procedure would get him anything. Well it will, providing he does the killing, but Charles, you should have started this dope some seven years ago.

The stage-warmer, as the next bout has been called by either McHugh or Burns, will be a little family affair between Kid White and Kid Black and after the fourth round, if it lasts that long, one of these young knights is going to walk off with the sand lot title.

The curtain raiser will be a six-round slugging match between Bob Graham and Charlie King, both lively middleweights, who are willing to take a chance with a haymaker and slumber. Graham has been coming up steadily of late and the local fans are looking for something from him Saturday.

King comes from the oil fields and has met a lot of the good bushers up there and any of these ducks from the oil belt can be counted on for real action from bell to gong.

Big Salaries for Brooklyns.

The Brooklyn club's salary list is said to exceed $50,000, and the expenses will amount to $25,000 more, all of which will be covered before mid-season if the team can stay in the race. Baseball sharps who know something about the business end of the game say that every major league club will make money this year and that a profit will be shown by a large majority of the miners, too.

AD RETURNING BRINGS PEACE.

Everything is lovely along Spring street as last night Ad Wolgast left Chicago on his way to Los Angeles, where he will go at once into training for the battle with Rivers, July 4.

Yesterday afternoon McCarey received a telegram from Tom Jones stating that the championship party, as Jones calls it, would leave at night for Los Angeles and that Ad never felt better in his life, with the rest of the usual tom-tom stuff about condition and tiger cats.

But the fact that Ad is at last on the road, relieves the minds of a good many worried fans here and Joe Levy has taken on about five pounds since the news was flashed down the street.

RIVERS READY FOR THE GRIND.

Wolgast to Appear Saturday. Coster Has Trouble—Maloney Has Plenty of Class.

Joe Rivers is officially established in his Venice training quarters and will begin regular work for the championship date with Ad Wolgast tomorrow afternoon in Shaw's gymnasium, under the ever-careful hand of Manager Joe Levy and trainer Willie Rooney. Rivers will not take life very seriously until another week has rolled by, but will begin boxing with Len Lauder the latter part of this week. It will be a real treat for the fans to see the little contender in action after all this talk about the big fight on the Fourth and with the first donning of the pads, speculation will begin to run rife.

Ad Wolgast should arrive Friday afternoon, if he has no trouble en route. He will be in time for the Saturday battle and Manager Jimmy Johnson is going to hop him right out to Doyle's to see the little Englishman Thomas, who will meet White in the place of Owen Moran, and if he likes the boy, Johnson is going to get him in the corner during the fight.

Ad will be there, as the public will want to see him and really know that he at last is among us, after all the wild tales that have been spread around in the East about his meeting all the fighters on the Atlantic coast. There should be quite a flurry when Bob Smith announces, "Ad Wolgast, champeen, who will meet Joe Rivers in this arena on the Fourth of July."

It would seem that Joe Coster had a little more trouble last night with Eddie O'Keefe, at New York, than the last time the two met, when Coster had O'Keefe hanging on the ropes to keep in the ring. This time Joe looked a little off color and O'Keefe was able to get a punch in now and then and many of the reports circulated had O'Keefe winning by a shade. Coster has been fighting almost every week and it is not surprising that he should be a little out once and a while.

Owen Moran will be shipped to one of the mountain resorts within the next few days, so he can have a little real rest while the bad digit is becoming itself again. There is nothing like this quiet life when a man is feeling blue and the white glare is likely to get in his eyes. Move them out where there will be no danger and the balance will be regained within a few weeks.

Tommy Maloney, who is out with Jimmy Johnson and Harry Thomas, looks like one of the best little fellows we have had hereabouts for some time. He is a lively puncher, and besides all that, has some real bad kick in either hand.

Maloney is one of those versatile fighters in regard to weight, and will make 142 for any of them, or can get down to 133 on request. Birds of this nature are very rare. He is 19 years old, but has been in the ring through four years of active service, and during this time has fought nearly 100 times, which is some going for a boy not yet out of his teens.

Attell must be just about ready to break out of that tall timber in Lake county, where Billy Nolan has been living with him close to Dame Nature. There are several rumors in the air now to the effect that he will be down this way for the date with Harry Thomas on July 27, if Harry makes a showing with Jack White. Abe will cause a big noise when he starts to come back, and he has one swell chance to make the boat, when the fact that he has never been badly beaten is taken into consideration.

PHOENIX (Ariz.) June 4.—The Lovin bill, to permit twenty-five-round boxing contests with five-ounce gloves, passed the Senate today and was sent to the House. The vote on the measure stood 13 to 4.

Under the terms of the bill, all contests must be held before regularly-organized clubs which will be taxed $250 per year.

More war, boys.

WOLGAST AT CHICAGO, SAYS, "I AM RIGHT."

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 4.—[Exclusive Dispatch.] Lightweight Champion Ad Wolgast passed through the city today on his way to Los Angeles, where he will defend his title against Joe Rivers July 4, in a twenty-round battle at Tom McCarey's Vernon arena.

The champion has nothing but praise for Young Jack O'Brien, the boxer whom he met at Philadelphia in a six-round contest last week. Wolgast thinks O'Brien will be a top-notcher if handled properly. The champion and his manager left for the Coast tonight after Wolgast had taken an afternoon workout.

"I am fighting better than ever and I can stop any man in the world inside of ten rounds at 133 pounds ringside," the champion said. "I know I can beat Rivers and I'll stop him. I want to meet McFarland, but I will not fight him before any club that wants 50 per cent. of the gross receipts. This is what the New York promoters wanted. I think the fighters are entitled to at least 60 per cent. of the gross.

"As long as I remain champion and can make 133 pounds ringside, I will insist that my opponents make that figure. When I find out I cannot make 133 pounds without a great effort it will be time enough to move up a notch and set the scales at 135 pounds. Nelson and Gans made ringside weight when they were champions and I will follow their examples."

"JACKRABBIT" SHOOT.

The Los Angeles Gun Club is arranging to pull off a "jackrabbit" shoot at its headquarters at Venice, July 4 and 5. The meet will be open to all gunners, whether they are members of the club or not.

Maybe.

GIANTS LOOK GOOD FOR THIS YEAR'S PENNANT.

BY WALTER MARCHAND.

NEW YORK, June 4.—As the season advances it begins to look as though the pennant fight in the National League would be as it has been for a good many years between the Giants and Cubs and the Pirates. It is true the Cincinnati team is still in the running, but October is a long time away, and O'Day's men hardly have the staying power or the reserve strength to keep up the pace set by the leaders.

McGraw's policy of keeping in line a string of substitutes almost, if not quite, equal to the regulars, is being vindicated as the season progresses, as is his policy of giving these same substitutes enough work to keep them up to the highest state of efficiency. This serves a double purpose. It keeps the machine going strong regardless of sickness or injury, and it keeps the regulars on tiptoes.

They all know that there is mighty little sympathy or sentiment in professional baseball, and the moment a regular shows signs of a letdown in his play, while there is a substitute competent to fill his place nearly if not quite as good as he is at his best, he is going to keep himself at top speed.

That's one reason why the Giants are holding fast to the lead. Another reason is that with Matthewson, Marquard, Ames, Wiltse, Tesreau and Crandall all in shape, McGraw has the most effective pitching outfit in the country.

In the American League the White Sox still keep going at a rapid clip, but there are others, and if they falter they are liable to drop back.

The Athletics seem to be getting into form, and I venture the prediction that Mack's men will be much higher in the percentage table July 1 than they are today.

Talking about the White Sox, if I were asked the secret of their success I would answer Jimmy Callahan.

The champion come-back has put pepper into the team and has kept them going to the limit. Callahan, by the way, possesses the unique record of having played every position on a major league club in one season. It was while he was a member of the Chicago Colts, under the management of Capt. Ad Anson, in 1897, that he was used in every position on the team. It was in 1901 that he and Clark Griffith, who was then manager of the White Sox, pitched the club to an American League pennant. "Cal," outside of his versatility in playing baseball, is probably the most versatile diamond character in other respects. He has promoted running races, bike races and bowling tournaments at various times. He also at one time conducted an exhibition tour of James J. Jeffries when he was heavyweight champion of the world. And to think that after all this time "Cal" is one of the greatest outfielders and managerial successes in the game!

Some enterprising juggler with figures has discovered that in the field position the left fielders rank highest at the bat, with right fielders second and first basemen third.

National League right fielders rank first in their organization and there are proficient ground covers, throwers, batters and base runners in the list: Murray, Moran, Miller, Titus, Donlin, Schulte, Evans and Mitchell. The American League right fielders with a rank of 2 consist of Wolter, Hooper, Murphy, Schaefer, Ryan, Crawford, Collins and Laporte.

See how the other outfield names fit in with the ranking belonging to them by the figures: American League left fielders, who rank fourth—Cree, Lewis, Lord, Moeller, Graney, Delahanty, Callahan and Hogan; National League left fielders, who rank third—Devore, Wheat, Jackson, Magee, Carey, Sheckard, Ellis and Becher; National League center fielders, who rank fifth—Snodgrass, Northen, Campbell, Paskert, Wilson, Hofman, Oakes and Bates. For these names the figures of Moeller were unobtainable and also those of Delahanty as an outfielder. Delahanty, incidentally, has been returned lately to his original position at second base.

The names of the first basemen who show pretty convincingly that they deserve their high rank in the American League are Chase, Bradley, McInnes, Lajoie (he had been shifted to first before being hurt,) Gainer, Zeider, Stovall and Flynn. In the National League are Merkle, Daubert, Houser, Luderus, Miller, Kimmerman, Konetchy and Hoblitzell, an accomplished group of players.

American League shortstops and National League third basemen do not show up at all well in the ranking, both being No. 8. The American League shortstops are Martin, Wagner, Barry, McBride, Olson, Bush, Weaver and Wallace, a list with its share of high-class fielders, but not a strong batting group. The National League third basemen are Herzog, Smith, McDonald, Lobert, Bryne, Lennox, Mowrey and Phelan, another cluster with plenty of fielding skill, but with no pretentious batting gifts.

The second basemen on both sides read like a better lot than indicated from the rank obtained from the averages. In the American League are Gardner, Yerkes, Collins, Knight, Ball, Vitt or Delahanty, Rath and Pratt, and in the National, Doyle, Hummel, Sweeney, Knabe, McCarthy, Evers, Huggins and Egan, the last named, taken as a whole, more in the nature of known quantities than their American League contemporaries. It is a pretty clever lot of third basemen in the American League, with Gardner, Lord, Baker, Turner, Bauman, Dolan, Foster and Austin, a majority of these being exceptional players. They are strong in base running, but as they have only three .300 hitters, they fall below four other positions in batting.

Byron Bancroft Johnson, president of the American League, who was here the other day, was in a reminiscent mood. He recalled the time back in 1896 when he was a baseball reporter for a Cincinnati paper and attended the League meetings in this city. Johnson and Comiskey, then manager of the Cincinnati team, were close friends and when time hung heavy on their hands, they laid the plans for a big league with visions of great wealth. The National League magnates at first laughed at them, but things are different now. Johnson is the biggest man in organized baseball politics, while Comiskey is worth a million, made out of the Chicago White Sox. As a newspaper writer Johnson did not confine himself to baseball. He covered big fights, including the Sullivan-Corbett battle at New Orleans, and also wrote a famous story of a lynching bee in old Kentucky. One of Johnson's hobbies is the Civil War. He can describe all the great battles, with a wonderful knowledge of details and incidents.

FROM THE MASON TO THE MAJESTIC

BY JULIAN JOHNSON

Frank Egan of the Egan Dramatic School is about the busiest young man connected, either directly or even remotely, with local theatrical affairs.

If you see Egan hurrying through the crowded thoroughfares of the city morning, afternoon or night, holding on with the proverbial grim death grip to a bundle of blue prints, he may stop for a moment to explain all about the new home for his dramatic school he is to have built somewhere in the neighborhood of Twelfth street and Hope street.

Included in the new building will be a complete theater—small, of course, but splendidly adapted to the wants of the Egan school.

Henry Stockbridge continues to tell his inquiring friends that he has finished his play.

He insists, however, that it is not erected along the same lines as the famous Stockbridge family heirloom dress-suit, which was quite the sartorial rage in the best social circles of Kennebunkport, Me., in the early sixties and which is exploited by Actor Stockbridge whenever the Burbank programme indicates that the embryonic playwright is to essay the role of a stage cotillion leader.

You've heard about the Stockbridge play ere this?

Sure you have, but you've not been told that Heine contemplates a change in the name of his Great American Play.

"You see, Mr. Stockbridge primarily set about writing the piece so that he could get royalties from close-fisted theatrical managers just like Thomas, Broadhurst, Klein and a lot of other playwrights do.

"Yes, yes, go on."

"Oh, all right, then. Well, you see, Heinie thinks his dress togs are not exactly the right vintage and he figures that if he can turn out a play, get some manager—oh, any manager will do—to produce it, he can make the late Mr. Soloman look like a sartorial piker. Oh, yes, I forgot, I was going to tell about the name of the play. In its earlier stages it was entitled "Life," but Mr. Stockbridge remembered that there had been a lot of other plays with the same title attached, as for instance, "Human Life," "Sporting Life" and "Not on Your Life" and a lot of other sort of Lifes—or should I say lives?—on the stage. So he has almost—not quite, you know—decided to call the new drammer "Responsibilities."

Heine is not the first actor-playwright who has discovered that Life is full of Responsibilities.

Bessie Barriscale has returned to Los Angeles and is rehearsing for the Belasco production of Rupert Hughs's play, "The Man Between," originally played under the name of "The Bridge," with Guy Bates Post in the part that Lewis S. Stone will play

Stone and Post, it will be recalled, played opposite parts in Mr. Morosco's New York production of "The Bird of Paradise."

George W. Barnum, playing with Helen Ware, in "The Price" at the Mason this week, called at the Belasco yesterday morning to renew old acquaintances.

George Clayton was on duty in the box office.

"Hello," said the Belasco treasurer, "they have all gone, but Carl Taylor and me."

Electrician Taylor was summoned from the stage and the three men who were at the Belasco when the theater was opened eight years ago held a reunion for an enjoyable hour.

Barnum has been the recipient of numerous social attentions since he arrived in Los Angeles. There was a big demand for his presence at supper parties after the performance Monday night. Perry W. Widener and Leo Youngworth captured the actor and carried him off to one of Herr Roehl's most brilliant ham and egg soirees.

George Mooser, business manager for Kolb & Dill, dallies with the aesthetic side of the theater merely as a diversion.

Mr. Mooser's regular job is managing the business affairs of Ching Ling Foo.

Mr. Foo is a manderin or something of that sort who extracts tame Welsh rarebits from the inner coat pockets of men in his audiences.

Mr. Foo is some magish when it comes to magishing.

In fact, he is regarded as about the cleverest man who ever palmed a dollar, a pack of cards or a watermelon.

Mr. Mooser handles the money for the Kolb & Dill.

Not for worlds would C. William Kolb the astute guardian of the K. & D. exchequer, permit Ching Ling Foo to come within hailing distance of the Majestic Theater box office.

Mention of Mr. Mooser brings to my mind the all important fact that six carloads of scenery—mountains, castles, forests, oceans, steamboats and such like—belonging to the Kolb & Dill company reached the warehouse of the Morosco-Blackwood company yesterday.

For an even hour Mr. Jack White of the Burbank, was in a quandry as to what to do with this trainload of painted stage material. Then he remembered that there was such a thing as a storehouse connected with the local theatrical syndicate and his wonted good nature returned.

These six carloads of scenery are exclusive of the stuff used for "The Girl in the Train," which will be the first Kolb & Dill show to be made known here.

May Mersch who received her early stage training at the Belasco at the usual stage training compensation of five dollars per—week, not day, understand—has been doing some excellent work with a stock company in Toledo, Ohio, where she is playing second to the leads of Frances Ring, a sister of the more famous Blanche, and herself an actress of more than ordinary talent.

Miss Mersch heard the call of Art a matter of three years ago. Since she answered the summons she has played a wide range of parts, sometimes in vaudeville, sometimes in New York productions. Her last local appearance was at the Orpheum, with Clayton White and the late Marie Stuart.

In the fall, Miss Mersch will have an important part in one of Al H. Woods's new productions.

Marjorie Rambeau will commence her engagement as leading woman with Vaughan Glazer's stock company at the Hartman Theater, Columbus, O., next Monday night.

Although Miss Rambeau's late lamented starring tour under the Geisea-Muhelmann direction was not what one might term a scintillating success, due in a great measure to a company of about the worst actors ever seen in a traveling company hereabouts and a collection of bagged-at-the-knee plays, still the star of the organization found herself confronted with the problem of choosing one of three offers of stock work immediately the Geisea-Muhelmann managerial combine heard the box office referee utter the fatal word "ten."

Charles Wilson, who has a stock company in Seattle, wanted Miss Rambeau to come to the northern city, while Willard Mack, now heading a stock organization at the Salt Lake City Orpheum, made her an unusually attractive offer.

There is every likelihood that the next time the popular actress comes to Los Angeles, it will be on a visit and her name will be Mrs. Marjorie Blackwood, because Miss Rambeau admits that a matrimonial engagement exists between herself and Harvey J. Blackwood, an architect of Scranton, Penn., and a brother of John H. Blackwood of this city.

It is reported that at the conclusion of the present engagement of John S. McGroarty's "Mission Play," now in its sixth successful week at the Mission Theater, San Gabriel, that play, production and every member of the cast will go to the Greek Theater, Berkeley, for a limited engagement.

Jimmy Dealy, of the clever team of Dealy and Barlow, now at the Empress, is well known to many local theatergoers, having appeared here on several occasions in musical comedies, his last visit having been made with Blanche Ring in "The Yankee Girl" at the Majestic last season.

Miss Barlow, his partner, is also a recent graduate from the realm of music and girls, and together they make one of the sprightliest teams that have appeared at the Empress.

When Richard Bennett comes to the Burbank for a short special engagement during the latter part of July, he will make his first appearance in his original role in "The Deep Purple," one of the dramatic sensations of the last two seasons.

It is also decided that Mr. Bennett's last appearance will be made in "The Money Moon," Hartley Manners's dramatisation of the popular novel of the same title, which Manager Oliver Morosco will give for the first time at the Burbank Theater.

C. William Kolb, Max Dill, Olga Steck, Florence Gear and, in fact, the whole Kolb and Dill aggregation, will arrive in Los Angeles Saturday morning.

The third of the present series of girl acts traveling the Sullivan & Considine circuit comes to the Empress Theater next week. This is Delmar's Poster Girls, a lively aggregation of dancing darlings.

James Fulton, who plays the role of the Mayor, in "The Mayor and the Manicure," the headliner of the current bill at the Empress, will next season be seen in a new comedy now being written for him by George Ade, the author of his present vehicle. The title of this new comedy will be "The Politician."

Elsie Murphy,

At Pantages this week

Beatrice Nichols,

Playing the ingenue role in Bynner's "His Father's House," the new Belasco production.

STANFORD'S POSITION IN RACE IS POOR.

[By Federal (Wireless) Line to The Times.]

NEW YORK BUREAU OF THE TIMES, June 4.—[Special Dispatch.] It is regretted that the Leland Stanford crew has drawn about the worst position for the intercollegiate regatta at Poughkeepsie, June 28. They are placed near the center of the river, where the water is roughest, if there should be very much wind.

With a southwest wind blowing against the tide, Stanford in the middle of the river, will strike rough water so as to be absolutely out of it, and also Cornell will be in much trouble.

But Wisconsin and Pennsylvania, under the lee of great mountains on the west shore, will have excellent going as regards smoothness, but will lack tide. Columbia and Syracuse will stand pat between two evils.

A northwest wind will help Stanford and Cornell immensely, as blowing quarteringly with the tide, it will not roughen the water much. A strong west wind will injure Stanford and Cornell. The direct and quartering east wind affect the six stations more evenly. One advantage of the early drawing is that the crews will have ample time to practice on the course they will have during the race.

YALE CREW IN POOR SHAPE FOR HARVARD.

[Special Correspondence of The Times.]

NEW HAVEN (Conn.) May 27.—The Yale crew will remove its presence from the university boathouse on New Haven Bay to Gales Ferry on the picturesque Thames above New London in a few days. All to quickly and with far too little practice the spring has slipped away in a cloud of drizzle and cold, with the annuol four-mile struggle against Harvard drawing nearer every day.

Interest in the condition of the crew, Yale's chances with the Crimson, the personnel of the varsity eight and kindred matters are beginning to pervade the undergraduates, and already several of the new graduate coaches have taken up their work in New Haven.

Following is the general make-up of the varsity boat these days: Stroke, Snowden; 7, Romeyn; 6, Denman; 5, Oldenburg; 4, Philbin; 3, Stevenson; 2, York; bow, Gore. The second boat: Stroke, Beek; 7, Ives; 6, Freeman; 5, Peck; 4, Freyvogle; 3, Pease; 2, Bryce; bow, Allen. Half the members of the varsity boat, Gore, Snowden, Denman, and Stevenson, rowed in the freshman craft last year. Oldenburg has been trying for Snowden's place, and has been so far kept back for the same reason that barred him from the varsity boat last year—his great weight. He weighs 200 pounds, but is proportionally strong, though clumsy. Philbin's last year's experience is not standing him in good stead, as the coaches are now teaching an entirely different stroke from that of last year.

The Inside.

MUST FINANCE OLYMPIC PROJECT THIS WEEK.

It looks as if Jim Donahue and Fred Kelly, the crack athletes of this city who have been recommended for places on the American team that is to compete in the international games at Stockholm, will be able to make the trip.

Nearly $900 has been raised to defray their expenses, by subscriptions, and as a result of the two shows that were given. Two thousand dollars will be needed, according to the Olympic Games Committee of this city, of which J. B. Franklin is chairman, and this amount must be raised by Friday of this week.

The American team is to be picked in New York, June 10, and the athletes are to sail four or five days later.

Subscriptions as follows have been received:

C. J. Fox	$ 10.00
W. M. Garland	25.00
Los Angeles Athletic Club	100.00
University Southern California	100.00
M. & M. (Orange)	200.00
101 Ranch Show	110.00
Olympic Minstrel Show	150.00
H. H. Eling	10.00
John E. Brink	10.00
Frank W. Reynolds	25.00

The American Olympic Games Committee for Southern California has issued the following statement:

"James Donahue and Fred Kelly, of this city, have practically been selected as members of the American team of athletes to represent the United States in the Olympic games that are to be held in Stockholm, Sweden, in June and July of this year.

"The committee having in charge the matter of raising money with which to meet the expenses of these young men to Sweden and return, has been only partially successful, and still needs about $1000.

"These young men have won their right to a place on the American Olympic team for 1912, fairly and honestly, in open competition with all other parts of the United States, and have been selected because they are the best in the events in which they compete, and will add materially to the strength of the American team when it enters into competition with the balance of the civilized world in Sweden. They will be needed on the American team, but unless the balance of the money is raised before next Friday, this city will be confronted with the humiliating alternative of either having to keep these young men at home, or of having their expenses paid by the general committee in New York out of funds contributed by other cities.

PRESENCE NECESSARY.

"The absence of these athletes will not only weaken the American team and lessen its chances of winning at Stockholm, a thing it has never failed to do since the revival of the Olympic games, but, under the circumstances, will be a serious reflection on the public spirit of the people of this city.

"This committee believes that neither of these alternatives is acceptable to the people of Los Angeles, when the matter is brought to their attention, and is therefore making this statement to the public. We appeal to all who are interested in maintaining the prestige of this city, as well as to all who are lovers of clean and wholesome athletic sports, to contribute to this fund at once as liberally as possible.

"Contributions may be sent to The Times, or to J. B. Franklin, room 420 Consolidated Realty Building.

[Signed] J. B. Franklin, Seward A. Simons, Robert Weaver, H. H. Eling, L. A. Henry, Wallace L. Rabb, Finance Committee for Southern California, American Olympic Games Committee."

CRAIG IS SHOWING BURST OF SPEED.

Dr. A. C. Kraenzlein, the track coach of the University of Michigan, is confident that Ralph Craig, the great sprinter, who has twice equaled the world's record for the 220-yard run, will be at the top of his form for the Olympic campaign. Craig has been training at Ann Arbor under Kraenzlein, and is already showing bursts of the speed that made him unbeatable as a college sprinter. During the very first week of his training Craig was so anxious to see what kind of condition he was in that Kraenzlein let him "stride" through a full quarter mile. To the amazement of the coach, Craig covered the "440" in 51 2-5s, without extending himself one bit.

It is understood that Craig will make no great effort to get "fine" for the Olympic tryouts, but will reserve his energy for the great games at Stockholm. Furthermore, it is possible that Craig will start in all three of the sprint races at Stockholm. The heats and finals of the 100, 200 and 400 meter runs are well separated, and Craig in condition is capable of beating the best of them at all three distances.

Many think that because he is a sprinter, Craig cannot cover the quarter-mile in fast time. Only last spring running the last relay for the Michigan team in the one-mile championship race at the Pennsylvania relay games at Philadelphia, Craig stepped his 440 in 48 2-5s, and gained several yards on Ira Davenport of the University of Chicago, who is rated as one of the fastest quarter-milers in America. Dr. Kraenzlein thinks that Craig will be as fast as ever in the furlong sprint this spring, and faster in the 100-yard dash, becaues of the fact that he is starting faster now than at any time in his career.

come as a breeze from off a garde

One of that beloved band of unknown friends, the readers who are kind enough to write to me sometimes, is a woman whom I am sure must be of extraordinary character.

Without signature and in perfect unselfishness, she writes of some inventions and discoveries which she hopes may benefit others.

She says in part: "I live in one of the suburbs and do my shopping in the city—not very loyal perhaps, but I think if the small stores want patronage, they should compete with the city stores in prices and having less rent to pay, it seems as though they might, but I find they charge double. So I make it a point of keeping in the house articles suitable for my children to use as gifts at birthday parti which come when not expected and it saves running to the city for a gift. After Christmas I bought half a dozen handkerchiefs at a reduced price, some books, boxes of juvenile stationery, fancy boxes, etc. The baskets I fill with home-made candy, which makes a very acceptable gift. All kinds of cards for occasions are bought when the price is low and the assortment complete, so that birthdays and other holidays may be remembered and at little cost."

The writer is a temporary invalid, confined to an upper screened porch and her thoughtful ways show her fine character.

For instance, she keeps a supply of pretty crepe paper napkins for use upon her trays, so that the family laundry will not be so large.

Her own anxiety as to the return of the linen and pretty dishes sent with dainties from kind neighbors, has suggested a way of sending out similar things so that there is no such anxiety. She places the dainty upon a paper "picnic" plate, and covers it with a decorated paper napkin, with a few flowers upon the tray. I am sure such a tray of dainties would be quite as acceptable and less care, as there is nothing save the tray to be returned.

Such thoughtfulness is much appreciated in this hurrying and over-burdened age.

∴

From Over the Seas.

One of the popular Broadway houses has in progress a sale which is given the name indicative of its origin.

It seems that this house has buyers in many different countries, and the particular bargains secured by these persons in the countries in which they are located, are given to the public intact, just to show what can be done in the way of low prices.

The store is overflowing with bargains, in all departments, and Los Angeles women are busy as the proverbial bees, buying—"upstairs and downstairs."

I noticed especially the lingerie blouses, which are in some instances for sale at half the price usually asked for the better qualities.

Muslin underwear is also greatly reduced in price—or rather, the buyers across the seas have there outdone themselves.

The same is true regarding knitted underwear—and the weather is beginning to warn us that the season for the thinnest of these wearables has arrived.

∴

No Matter Which.

"I suppose," writes a correspondent, "that when you wrote about a new hose mender, you meant for garden hose; but no matter which kind you meant, we need it."

∴

A Baby Window.

In the Broadway window of that store which is noted for its finery for little ones as well as for all kinds of interesting playthings, there is a display of doll babies which look exactly like born babies.

The expressions of their faces are actually like those of babies, and as they are located in real baby cribs, with all the paraphernalia of babydom round them, the likeness is even more deceptive.

∴

Vacation Work.

Work as well as play is needed even in the summer camp; and with this knowledge in her mind, the mother of several is planning to take to the country a full supply of craft work for the children.

There will be work for the small saws and hammers which the boys have learned to ply, and for the girls there will be basketry and copper work. While the California climate does not require a provision for rainy day entertainment as do other climates, there comes days when, whether because the sun is too ardent, or because there is a temporary indisposition, it is necessary to do quiet work in the house. It is with a thought of these times that the craft provision is made.

∴

Her Reason.

"One reason why I dislike going to a beauty specialist," said the critic, "is that she always begins by robbing me of my self respect. As soon as I present myself in her shop, she says with great concern: 'What have you been doing to your complexion? I never saw it look so dreadful. You haven't been using my cream (or lotion, or paste or whatever happens to be her specialty.)' Really I think beauty people are worse than dressmakers about levelling you to the dust, if you are not or have not always been their abject followers. And I'll own," she continued, "that it does make a difference whether or not you pay atention to those maters, of creams, lotions and powders. If I ever doubted it, I learned a lesson last summer when we visited a mountain fastness. The women living there were perfectly innocent of beauty ap-

FACTS, FEATURES AND FANCIES FOR WOMEN AND MEN

BY OLIVE GRAY

DAILY BEAUTY HINT: To secure what I like to call "the summery fragrance" it is well to see that a profusion of lavender and odorous leaves and flowers are placed in the dresser drawers, among the underwear and the lingerie blouses. These odors are more acceptable than sachets, which are sometimes too strong. It is needless to say that immaculate personal cleanliness is the first essential of summer fragrance, and when added to this the garments bear the faint perfume of flowers and sweet grasses, the feminine presence will be welcome as a breeze from off a garden.

One of that beloved band of unknown friends, the readers who are kind enough to write to me sometimes, is a woman whom I am sure must be of extraordinary character.

Without signature and in perfect unselfishness, she writes of some inventions and discoveries which she hopes may benefit others.

She says in part: "I live in one of the suburbs and do my shopping in the city—not very loyal perhaps, but I think if the small stores want patronage, they should compete with the city stores in prices and having less rent to pay, it seems as though they might, but I find they charge double. If I ever doubted it, I learned a lesson last summer when we visited a mountain resort. The women living there were perfectly innocent of beauty applications; and they looked sixty when they were less than twenty-one."

• • •

"Kidgeriee."

That is the way its name sounds, but as I am not acquainted with the East Indian language, it may not be spelled thus. The lady who acquired it from an East Indian of high degree, had not achieved the spelling; but the dish itself has become firmly fixed among her household menus.

This is one of the "dishes which make a meal," and moreover, it lends itself well to the fireless dinner.

Equal parts of peas or lentils, rice and potatoes. Season well with salt, paprika and currie powder if it is liked. Boil until all ingredients are tender. The food values in this simple dish are well proportioned and the dish is extremely satisfying.

• • •

Style Forecasts.

The prediction is made that

Fall jackets will be about "finger-tip length," say thirty-two inches.

The lines of suits will be slightly more shaped, following the silhouette of the figure.

Skirts to continue on straight lines, slightly more width being secured by the introduction of straight hanging pleats.

Novelty features to consist of shirred and belted effects; with the waist line slightly raised or normal.

Separate coats to continue on straight lines and cut full length.

Some materials to be made in perfectly loose shapes, with or without belts; others to be made in more shapely effects.

Features of separate coats to consist of set-in sleeves, deep armholes, sloping shoulders and high buttoning effects.

Chenille-dotted veilings are a new spring arrival which will, no doubt, prove popular.

A pretty fastening for the fashionable tulle ruffles is a small cluster of satin roses.

Some of the prettiest of the deep collars are of flowered batiste with an edging of fine lace.

A tunic drapery of lace is being made for some smart gowns, and is accompanied by a bolero to match.

Bright purple bone buttons, used in conjunction with the dark blue tailor made suit, is a smart novelty.

The Byron cascade of soft lace is all-conquering and is finished at the neck with a bow of wide velvet ribbon.

Many of the smart leather bags in seal and morocco show geometrical figures in gold leaf applied in inlaid effects.

A gray serge tailored suit with the revers and cuffs trimmed with valenciennes lace is one of the latest ideas.

WOMEN'S WORK, WOMEN'S CLUBS.

BY SYDNEY FORD.

That California in general, San Francisco and Stockton in particular, intend to show the clubwomen of this nation what real hospitality means is evident by the preparations now going on to entertain the national convention of the biennial of the General Federation of Women's Clubs which convenes in the former city June 25-July 5.

A distinct sensation was produced the other day at the meeting of the biennial board in San Francisco when an ornate invitation, done in illumined lettering on Japanese vellum, incased in embossed leather and fastened with silver clasps, was laid before the chairman of the board. Within this very elegant enclosure were six separate invitations—one from the Governor, one from the Secretary of State, one each from the Mayors of Sacramento and Stockton, and one from the Chamber of Commerce from each of the above cities, offering the hospitality of both places to the visiting delegates on a date to be arranged by the committee in charge.

So impressed was the board, not only with the cordial spirit of the invitation, but by the elegance of its outward manifestation, that it was voted to place the invitation in the General Federation archives. As the attention was entirely unexpected, and therefore no provision had been made for it on the official programme of events during the days of the convention, it was decided to accept for some day immediately following the close of the convention, with the 8th of July suggested as a probability.

The clubwomen of Napa announce that their contribution to the entertainment of the eastern visitors will be 4000 bags of fruit. Flowers and foliage for decorations have been promised from all parts of the State, and according to the quantity promised, it is prophesied that the interior architecture of the convention auditorium will be completely hidden and delegates will go away with the impression that the meetings were held in a wonderful interior garden of fragrant bloom instead of the Pavilion Skating Rink.

Favor a Woman President.

New York teachers are planning to elect a woman to the presidency of the National Educational Association when it meets in Chicago next month. They have named Miss Grace C. Strachan as the leader and a determined effort is being made by the Interborough Association of Women Teachers in Gotham to send a large enough delegation to Chicago to elect Miss Strachan.

A special train has been arranged for to carry the delegation of New York teachers to the convention city by the Great Lakes and it is said that the amount of campaigning that will take place on board that special train will smash the efforts of men politicians into smithereens.

Practical Education in Colleges.

All over the country it is noticeable that educational institutions are recognizing more and more the homely, practical things of life. It has just come to light that, in the University of Minnesota, the girls have a lamentable lack of acquaintance with the needle. The discovery came about in this wise:

In the interest of economy it was decided by the committee in charge of the senior class play that the girls taking part should make their own costumes. It was then that the fact developed that one-third of the sweet girl graduates couldn't make a dress to save their precious necks. The upshot of the thing was that a class in dressmaking was organized and when the play came off every girl in every chorus wore a costume of her own construction.

Apropos of the subject, I read that over 200 young people who are studying domestic science at the Kansas Agricultural College are engaged to be married. Think of it, girls! It simply proves the truth of that old saw about the most direct route to a man's heart, doesn't it?

Commenting on the Kansas situation, the Rochester (N. Y.) Post-Express calls in a loud editorial tone for the Mechanics Institute of that city to look up its matrimonial record.

"Rochester stands pre-eminent among the institutions where domestic science is taught," it wails. "Its students are numbered by the thousand and it is incredible that New York should be behind Kansas." If the latter fact is true, then this public-spirited organ calls upon the young men of the Flower City to rise in their might and see that the Rochester girls are speedily domiciled in homes of their own.

Woman's Club Leads for Sane Fourth.

The Woman's Club of Minneapolis has taken the lead in a movement for a safe and sane Fourth in that city, and toward that end is raising a fund of $5000 to provide for celebrations in parks and playgrounds. The idea will be to have several celebrations going on simultaneously in various parts of the city instead of concentrating a crowd on a single parade ground.

Monument to Southern Women.

The recent unveiling of the magnificent monument at Columbia, South Carolina, to the memory of the women of the Confederacy, has evidently inspired the State to the immediate north to do likewise, and Augustus Lukeman has been selected to design a monument in memory of the North Carolina women of the Confederacy to be erected on the grounds of the State Capitol at Raleigh.

Badger Club Luncheon.

The California Badger Club members, with their guests, are asked to meet at the Hill-street station this morning at 11:45 for Beverly Hills Hotel, where the annual luncheon of the club will be given. Covers have been ordered for seventy-five women and an enjoyable day is anticipated. The affair is open only to invited guests.

PRIZE ORATORICAL CONTEST.

Peace Society of Southern California Will Hear High School Boys in This City Tomorrow Evening.

The annual prize contest of the Southern California Peace Society will be held tomorrow evening at 8 o'clock, in the Los Angeles High School auditorium the contestants coming from the various high schools of Southern California. Those taking part, and having already won prizes in their own counties, are as follows: Noah Bashore, Covina, Los Angeles county, "Industrial Peace;" Leonard Livernash, Huntington Beach, Orange county, "An Industrial Court of Appeals;" Wright Hubbard, San Fernando, Los Angeles county, "The Ultimate Ideal;" Paul F. Kerr, San Jacinto, Riverside county, "Industrial Peace." The prizes consist of silver cups. The judges are as follows: Rev. E. P. Ryland, Hollywood; I. D. Perry, Los Angeles; M. F. Wilcox, Whittier, on composition. On delivery, Rockwell D. Hunt, U.S.C.; W. H. Snyder, Hollywood; T. H. Wilson, Los Angeles.

INQUIRY UNCERTAIN.

By reason of the fact that Assistant United States Attorney-General Robinson was engaged in the Magon trial yesterday, the I.W.W. investigation was not taken up by the Federal grand jury. It is uncertain when the query will be renewed. If the case at bar continues for a week, the San Diego investigation may be assumed by Assistant United States Attorney Regan, but if there is an early disposition of the Magon mater, Robinson will resume his old task as soon as possible.

RESENTS BRICKBAT.

Lewis Oden was held to answer to the Superior Court yesterday by Justice Reeve on an assault charge. His bail was fixed at $500, which friends furnished. The complainant, F. J. Sanchez, declared Oden threw a brick at him during a picnic at Verdugo Park two weeks ago, the missile inflicting a scalp wound. Oden alleged the brick was thrown in self-defense.

Silver for June Weddings
—There's a new Silver Baker, too pretty for words—the Colonial style at $5. Heavy, large; Butler gray or bright finished.
—There are Fern Dishes, Spoons, Forks, Bread Trays, Napkin Rings, Cake Plates, Tea Sets—ever so many other suggestions.
—You should know Bullock's silverware store—and the way it is growing, and learning.
—It is a store you can buy from with confidence and advantage. —Souvenir spoons a feature.

Bullock's
Broadway at Seventh
PHONES: Home 60411; Bdwy. 5180.

Wedding Cut Glass—
—There is such a collection of pretty Cut Glass on the 5th Floor—"a room full of diamonds," someone called it the other day—a room full of really unusual values—that will surprise you.
—9-inch Venice Bowls at $5; 8-inch Venice Bowls at $3.50; Acme Sugar and Creamers at $3.75; Fern Dishes at $2.50; but think of a Water Bottle and 6 Tumblers at $5! Just see them—Fifth Floor.

Why Is It That Women Always Buy New Muslin Underwear in June?

—Just make a visit to Bullock's Second Floor today and see the undermuslins that are being shown there—and you have one answer—in the beauty of the garments, the character of workmanship, the extent of varieties and quantities, the lowness of prices. It's a display that has been planned to appeal to every woman.

The Yearly June Distribution
—of Quality Undermuslins. An event ever so many have come to know and wait for. More unusual than that of any previous year.

Gowns at $1.50
—of fine nainsook, low neck style; yoke and sleeves are prettily embroidered and run with dainty wash ribbon, $1.50.
Gowns at $2.50, $3.00, $3.50, $4.50—a great range of styles—some very elaborate ones—some with lace yokes, others of embroidery—some with lace and sleeves of lace and insertion with touches of embroidery—very pretty styles.

Princess Slips $1.25
—pretty yokes of lace or embroidery and bottom of slip has neat tucks and lace, $1.25.
Princess Slips, $1.50—Many different style yokes in these slips, and bottom of skirts have rows of pin tucks, insertion and lace—$1.50.

Corset Covers 50c
—75c, $1.00, $1.25 and $1.50—beautiful garments in this lot—of good muslin and of crepe, prettily trimmed and nearly all are run with wash ribbons.
Drawers at 50c—75c, $1.00, $1.25 and $1.50, both open and closed styles—neatly finished with lace and embroidery and in some cases tucks—some crepe drawers at these prices.
Princess Slips, $2.00, $3.50, $4.50—A great range of styles at these prices, all very pretty and very exceptionally priced.

Gowns at $1.00
—numerous styles to select from—one that is especially good is a low neck style with heavy lace yoke and lace set into the sleeve, very prettily trimmed, $1.00.

Gowns at $1.25—Dozens of gowns of the finest muslin will be out at this price, some square neck, made plain and finished at neck and sleeves with dainty embroidery.

Combinations $1.00
—fine muslin combinations—corset cover and drawers—lace and embroidery trimmed—$1.00.
Combinations at $1.25—Prettily trimmed with lace and embroidery—some with pretty yokes, others plain—$1.25.
Combinations at $1.50—Of plain muslin and of crepe—corset cover and drawers—trimmed with lace and embroidery and ribbon run—$1.50.
Combinations at $1.75, $2.00, $2.50 and $3.50—Really wonderful styles, prettily trimmed with laces and embroideries—numerous styles to select from.

5—Count 'Em—5.

FIVE CONSULS IN ONE YEAR.

IN AGAIN, GONE AGAIN, IS MEXICAN MOTTO HERE.

Newest Man to Fill Post Due in This City Latter Part of Week. Kaleidoscopic Character of Republic's Politics Cause of the Swift Hire 'Em, Fire 'Em Policy.

The immortal Finnegan had nothing on the Mexican government when it comes to swift changes—at least as far as the consulship for the southern republic in this city is concerned. There have been four Mexican consuls here in a year, and the fifth arrived to take office yesterday.

One year ago Antonio Lozano was Mexican Consul in this city and since then has had three successors. The fourth, Fernando Baz, is now here from the City of Mexico, temporarily resident at the Lankershim.

With the retirement of Lozano, when President Diaz left Mexico on account of the revolution, he was succeeded by Arturo Elias, a close friend of provisional President De la Barra, and he in turn by Francisco Martinez Baca, a member of one of the City of Mexico's first families. After a turbulent career of a few months, Baca was succeeded by Jesus Lozano, a brother of the former Consul. The latter now gives way to Baz, who has been for some years connected with the Department of Foreign Relations at the national capital and an associate of President Madero. The former Consul, Jesus Lozano, will remain in the local diplomatic corps and fill the post of Vice-Consul under Consul Baz.

The frequent changes in the diplomatic post here is largely due to the kaleidoscopic character of Mexican politics, each of the rulers of the republic being desirous of filling the place with a friend of his.

The new Consul comes to his duties with the good will of everyone of his acquaintance. His predecessor, Lozano, has done well during his short career as Consul.

UNIQUE VACATION SCHOOL.

Progressive Church Offers Study, Manual Training and Athletic Sports Under Expert Instructors.

A vacation day school for Sunday-school pupils is the latest unique development at the First Congregational Church, under the superintendence of Rev. Harold S. Tuttle, director of religious education. It will open July 8 and close July 19, and beside carefully devised constructive studies, there will be a ten-day field meet, in which the boys and girls will be under the best obtainable expert instruction in handball, basketball, tennis, races, field events and indoor baseball. There will also be manual training, music, debates and elocution. The instruction will cover the high school grades as well as the elementary, and the Bible study will be made attractive by the story method. The school will be conducted in the new social building, No. 841 Hope street, and athletic field adjoining the church. The membership will be limited to 700, each one accepted being required to pay a fee of $1, to cover cost of materials used. All inquiries should be sent to the above address to Mr. Tuttle, or applications may be handed to Sunday-school superintendents. The plan has the warm indorsement of H. D. Cross, of the Y.M.C.A.; President Millspaugh, of the Normal School, and others interested in education, and is backed by the congregation of which Dr. William Horace Day is the pastor.

THREE ARE INDICTED.

The Federal grand jury returned the following indictments to the United States District Court yesterday: W. L. Pitts, securing transportation from the government and converted it to his own use; N. Bodwitch Blunt, infringement of the copyright law; Frank W. Woodcock, embezzlement from the United States mails.

DEATH OF LOVABLE WOMAN.

Miss Carrie Boyce, Blind From Early Girlhood, Passes Away—A Beautiful Character.

The death of Miss Carrie Boyce, at the home of her sister, Mrs. R. H. Young, this city, has removed a rare and beautiful character, who for thirty-three years lived in total blindness. She was afflicted with scarlet fever when a girl of 16 years and came out of it blind, and through all the intervening years preceding her death, she was the most lovable and patient of women. She was a brilliant conversationalist and a talented musician and for many years was organist of the First Lutheran Church of San Diego, and her improvised compositions were of rare excellence. Several years ago, paralysis began to show in different parts of her body, until she gradually became utterly helpless. She died on last Friday, and in order to satisfy her friends as to the cause of her in many ways peculiar affliction, an autopsy was performed, disclosing a large tumor at the base of the brain. This originally caused her blindness, and through progressive action, finally caused her death. She was born in Lansing, Mich., where the family was well known. The body was cremated at Evergreen Cemetery on Monday, after a funeral ceremony conducted at the residence of R. H. Young, by Rev. Herbert J. Weaver, of the First English Lutheran Church. Medical authority agrees that an operation would have caused immediate death.

HIS TEXT EFFICIENCY.

Expert on Business Methods Explains Elimination of Waste to the Advertising Club.

Until noon yesterday the members of the Los Angeles Advertising Club did not know what is an efficiency engineer. At their weekly luncheon at Levy's they met one face to face and had him explain himself. J. W. Amrath opened the eyes of an alert audience to the need of a public efficiency conference which will not stop at individual efficiency, but will look for the leaks that drain the commowealth.

"Men of vision and logic," he said, "who relate the result to the cause and who are big enough for constructive work, always see the need for work of reconstruction. They see two kinds of waste which sap the community and the country. One lies in the gains which are never gathered because the investment is not made. The other lies in what is expended, but never used. Self denial is not conservation, but indulgence gnaws at the roots of solvency.

"Every man who fails his obligations in assisting in the great work of conservation of time, energy and money by right thinking and right conduct, contributes to public delinquency. It is the public which must master environment and it is the thinking individual who must master the public by bringing up the degree of general efficiency. From 30 to 50 per cent. of human force is wasted through defiency."

E. K. Hoak occupied the president's chair in the absence of S. W. Botsford and Dr. C. W. Hibbard was chairman of the day. Among the speakers were Samuel M. Evans, editor and publisher of the Klamath Falls Northwestern, George H. Eberhard and E. J. Bruner, San Francisco; Roger M. Andrews, J. W. Renfrew, and a number of local delegates who attended the Dallas convention.

Los Angeles will be represented next week at the Portland convention of the Pacific Coast Advertising Leagues. Renfrew said that an Englishman who comes to this country some times wears only one eye glass because if he wore two of them he might see more than he could understand, and that the eastern delegates may have been afraid to come West two years in succession for the same reason.

SMUGGLER ADMITS IT.

In the United States District Court yesterday Chew Tung, charged with conspiracy in connection with the smuggling of opium into this city, pleaded guilty and was sentenced to nine months in the County Jail. He is one of the Chinese supposed to be connected with Chew Pack, a wealthy merchant. Chew Pack pleaded not guilty. The government officers found 100 cans of the stuff at Pack's place.

CARNIVAL WAS SUCCESSFUL.

Porterville Woman's Improvement Club Nets Substantial Amount to Be Devoted to a Park.

PORTERVILLE, June 4.—The Ladies' Improvement Club of this city took in $1285.55 at the annual three-day carnival which has just closed here. Attendance during all three days was large. The improvement club is considering the purchase of a vacant block near the center of the city and its conversion into a public square. A meeting will be held tomorrow at which the matter will be discussed.

CERTIFICATE OF NECESSITY.

Acting under a provision of the new public utilities law that requires public service corporations to secure a certificate of necessity before entering territory that has been preempted by a rival, the Mt. Whitney Power Company of Visalia has filed a complaint with the Utilities Commission asking that the Tulare County Power Company and the San Joaquin Light and Power Company be enjoined from extending their lines into this section. The complaining corporation expects to prove that it is serving the district in a satisfactory manner, that it can take care of all the business that is likely to develop, and that there is no need of additional service.

The commission has set June 27 as the date for hearing the complaint and has secured quarters in this city. The proceedings will interest local people who have invested in the Tulare Power Company, which expected to do business in this section.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES

Pasadena.

BILLBOARDS UNDER THE BAN.

Pasadena Women's League to Lead a Fight.

Would Remove the Blots from the Landscape.

One Hundred Men Will Wage Bond Campaign.

[Office of The Times, 52 S. Fair Oaks avenue.]

PASADENA, June 5.—The members of the Women's Civic League of Pasadena have begun a fight against billboards, which they declare they will carry to an end. They have determined not to cease activities until the green hills that make a panorama of beauty between this city and Los Angeles shall have regained their primeval charm. And their chief weapon is to be a "roll of honor."

"We have been urged to boycott firms that advertise by putting unsightly billboards on these beautiful hills," said Mrs. Julia Mitchell of No. 1418 North Marengo avenue, yesterday, "but we shall resort to no such method. We desire no disagreeableness, if it can be avoided. We have opened a roll of honor and we think we shall have no trouble in getting names on it."

Mrs. Mitchell is chairman of a committee that has been appointed to take charge of the campaign. She was appointed by Mrs. Robert J. Burdette, president of the league, before Mrs. Burdette left for the East a short time ago, and authorized to appoint the other members of the committee herself.

"I have named," she said, "Mrs. George Cruickshank, who will take care of all legal points; Mrs. Fred Barnes, who will look after the roll of honor, and Mrs. C. P. Allen, who will see the billboard men. As for myself, I will seek to enlist the cooperation of the women of Los Angeles. They are going to help us.

"Scenery is the chief thing we have here, and it is being ruined by billboards. There are places between Pasadena and Los Angeles where billboards have been used to hide unattractive back yards, and to this we have no objection. There are other places where more of them might be used to good advantage. But they are certainly out of place on the green hills, which, especially at this time of the year, are worth more to us here in Southern California than any thing else.

"We are also going to try to have Pasadena freed of billboards. We do not think we shall have much trouble, and we think we shall come out successfully. We find that the best firms do not use billboards."

SUBCOMMITTEE NAMED.

The Committee of One Hundred, named to take charge of the water bond campaign, met last night at the office of the Board of Trade and elected an Executive Committee, which will actively perform the work. J. B. Coulston was elected permanent chairman. The other members are: Dr. Solon Briggs, J. M. Harvey, Mrs. A. L. Hamilton, Mrs. Calvin Hartwell, Fred E. Wilcox, C. P. McAllister, C. R. Burger, C. W. Bell, J. J. Patton, Harry Goehegan, Mrs. Theodore Coleman, C. E. Mizner, G. M. Burlingame, C. P. Day and H. M. Robinson. H. W. Hall was made secretary.

Burdette Moody, the engineer that made an inventory of the holdings of the water company, for the city, declared that the entire 162 miles of pipe does not exceed a valuation of $200,000.

It was decided to hold weekly luncheons for the members of the Committee of One Hundred until election day, and a meeting of the Executive Committee will be held at the municipal light office at 5 o'clock this afternoon.

SCHEME MAKES TROUBLE.

Two small phials of vinegar, carried in vest pockets, caused the arrest of H. O. and C. E. Barrett of Los Angeles, yesterday, on charges of peddling in the city without a license.

The men were engaged in selling water filters, designed to be fitted to water faucets. They also carried pocket microscopes with which to show the impurity of the water before a filter was screwed on, and its purity afterward. They are accused of having substituted vinegar for the first examination.

H. O. Barrett was arrested in the morning by Patrolman Nicoll and when apprehended tipped the bottle over in his pocket, spilling the vinegar on his clothing.

Patrolman DeMerritt arrested the brother in the afternoon, at the corner of Lake avenue and Mountain street.

They were taken before Police Judge McDonald and fined $25 each. Both were locked up in the City Jail to await the receipt of the money from Los Angeles.

PERFORMS DARING ACT.

An automobilist, who succeeded in keeping his identity unknown, yesterday performed a heroic act on Colorado street. He raced a runaway horse through the street, regardless of danger of collisions, and, coming abreast with the frightened animal, gradually crowded it toward the sidewalk, until it tripped on the curb and fell. Several bystanders had control of it before it could regain its feet.

At yesterday's session of the City Council it was decided to station a forest ranger at Switzer's Camp in the Arroyo Seco. He is to work in conjunction with the government rangers. No appointment has yet been made.

L. L. Kahn, a billiard-hall proprietor, addressed the Council, asking that the city ordinance be amended so that boys over 18 years of age may frequent pool rooms.

The Board of Education extended an invitation to the Mayor and members of the City Council to attend the exercises attendant to the laying of the corner-stone of the new Polytechnic High School, next Saturday.

Dr. L. M. Hurt, city veterinarian, yesterday was allowed expenses to attend the State convention of city veterinarians, to be held in San Francisco the 12th inst.

Fred P. Smith, who was granted the contract to build the new city garbage incinerator, yesterday asked the Council for permission to assign the contract to William G. Crowell. The permission was granted.

CITY BRIEFS.

The local Salvation Army corps is making plans to establish a camp at the seashore for the poor of the city this summer.

A petition will be presented to the Board of Education at next Monday night's session asking that playgrounds be established at the Grant, Washington and Garfield schools, and that physical training instructors be placed in charge of them.

Paul B. Popenoe of Altadena, who recently returned home after a year in Europe, bringing with him date palms from the Sahara desert for transplantation in the Coachella Valley, is now planning another journey, this time to Bagdad.

Rev. Seth C. Rees preached the commencement sermon to the graduating class of the Nazarene University yesterday afternoon. The commencement exercises were held at the university last night.

Christopher N. Brown of No. 1184 North Mentor avenue died last Monday night on the eve of the fifty-seventh anniversary of his marriage. He was 88 years of age. Besides a widow, he leaves two daughters, Mrs. Lilly Massey and Miss Rose I. Brown, and a son, Edwin N. Brown.

Dr. E. A. Fath, who for three years has been an assistant astronomer at the Carnegie Observatory on Mt. Wilson, has resigned to take charge of Smith Observatory at Beloit College Beloit, Wis.

Santa Monica.

FRANCHISE IS IN THE BALANCE.

SANTA MONICANS STIRRED OVER PROPOSED RAILROAD.

Board of Education, Chamber of Commerce and Citizens Unattached Enter Vigorous Objection to Granting Right to Aerial Company on Fremont Avenue.

SANTA MONICA, June 4.—After wrestling with the aerial-railway-franchise proposition throughout the night and until an early-morning hour, the City Council decided that the proposed franchise should be advertised for sale, as it may be agreed upon between the attorneys for the Fawkes corporation and the city and ratified by the members of the Council at an adjourned meeting to be held Wednesday night.

MANY PROTESTS.

The Board of Education has unanimously passed a resolution against granting any franchise. The Chamber of Commerce directors did likewise. The Board of Trade sent a special committee to interview property owners, and that committee appeared in person protesting against granting a franchise on Fremont avenue. The property owners representing thousands of feet of frontage filed a written protest.

W. I. Hull, president of the Board of Trade; H. X. Goetz, Frank Bundy, Carl F. Schader, P. J. Dudley, president of the Chamber of Commerce; Frank Stewart, Bernard Sues, Luther Briggs, Mr. Lorbeer and many other citizens and taxpayers appeared in person and protested most earnestly, requesting the Council, not only not to grant the franchise, but to deny its application. Horace M. Rebok, Superintendent of Schools, presented the resolution passed by the Board of Education. Mayor Dow is preparing a special message to the Council against the franchise.

President Dudley of the Chamber of Commerce says: "Every citizen who has the good of the city at heart should appear in person and protest against the confiscation of this street and the permitting of any experiments, and that any railroad should first secure a franchise, at least from the city limits of Santa Monica to the city limits of Los Angeles, before securing a franchise on Fremont avenue or any other street."

Special request was made that a committee of three competent engineers be appointed to thoroughly investigate the practicability and advisability of the proposed scheme before seizing a street for experimental purposes.

Carl F. Schader requested that a competent attorney, thoroughly familiar with railroad franchises, be employed to see that the city's interests and those of the Fremont-avenue property owners be properly cared for. He presented the Council a written statement setting forth objections to ten sections of the franchise, as advertised, and offered to pay for an attorney if at least half of his objections were not found to be correct.

It is expected there will be a lively meeting tonight at the City Hall.

JOYOUS RIDING.

Somebody took a joy ride last night in a stolen fruit wagon drawn by a black horse. The police have followed the trail in the direction of Los Angeles, but neither horse nor cart have been discovered. The theft took place at the corner of Lake and Marine streets, where stands the stable of Bernstein Bros., fruit peddlers. Although the stable door was securely locked last night, the horse was not there at breakfast time today.

COLORED MAN LIVES CENTURY.

Pomona Darkey Rounds Out One Hundred Years With Celebration and Expresses High Hope.

POMONA, June 4.—Yesterday James Washington, an old darkey who has lived here for a long time, celebrated his 100th birthday, happily, receiving the well wishes of numerous residents and friends for whom he has worked. The old man is still hale and hearty and sees no reason why he should not live many more years.

Washington was born a slave in Dallas county, Alabama, June 3, 1812, and when he was 18 years old was taken by his master to Live Oak, Tex. His master was killed in the Indian war at Plum Creek in 1838, but Washington remained with the family until after the Civil War, when he went to work, a free man, to support his wife and six children. He still works in has garden here and has growing flowers and small crops in which he takes much pride.

On Thursday afternoon at Ganesha Park will occur the graduating exercises of the grammar grade pupils of the public schools, and seventy-six will receive certificates of graduation.

About 800 former residents of Illinois, who are now in this locality, attended the annual picnic of the Pomona Valley Illinois Association at Ganesha Park today. There was a programme of music and speeches, Hon. Charles G. Neely presiding.

Long Beach.

YOUNG MAN IS NOT BELIEVED.

Long Beach Police Puzzled by Gothamite's Story.

Free Speech League Granted Permission to Meet.

Four Aviators Will Engage in Aerial Marathon.

LONG BEACH, June 4.—The police have a mystery case on their hands and are inclined to believe that an attempt is being made to bunco them. Shortly before daylight this morning a young man walked into headquarters and asked to be locked up, saying that he was an absconding bank clerk and was tired of wandering about the country under an assumed name. He said his name was Humbert Davis and that he was wanted in New York City for embezzlement. He was taken in custody and Chief Austin wired New York regarding him.

According to Davis's story he was assistant teller of the Harriman bank in New York and last November took $1000 from the bank funds and made his escape. He came West and has been roaming about under the name of Carlton Bennett. Arrived in San Francisco his funds ran low and with what remained he bought a ticket on the Yale for Los Angeles. He arrived at San Pedro yesterday with 5 cents and last night walked over to Long Beach. Later today Chief Austin received a telegram from the New York bank saying they were not interested in Davis. The latter insists that he is wanted and that remorse has led him to surrender himself. A telegram has been sent Martin Beams in New York, who, he says, is an uncle and Davis will be held until a reply is received.

CHOOSE LESSER EVIL.

The Free Speech League is seeking an outlet for its theories in Long Beach, but will not attempt to speak on the streets. Instead they asked permission to use the auditorium Thursday night for addresses by Mrs. Lulu Wightman and Kaspar Bauer, who were run out of San Diego. At first the request was denied, but after Charles Hamilton, a Socialist, suggested that the refusal might mean an invasion of Long Beach similar to San Diego, Council concluded to accept the lesser evil and granted the required permission.

DREDGER TOTAL LOSS.

Having given up all hopes of saving any part of the hull of the dredger Oakland, which was burned at the Craig dry dock a few days ago, the owners will patch it up temporarily and either take it out of the harbor to be sunk in deep water or will run it up on the beach somewhere and burn it. The two gears saved constitute practically all the salvage from the wreck. The dry dock has been repaired and is again in working order and will take the Willamette on this week for repairs.

CRASH OF GLASS.

A crash of window glass, the firing of two revolver shots and the shouts of rudely awakened men roused the neighborhood of Twelfth street and Magnolia avenue shortly after 1 o'clock this morning. Inquiry developed that E. W. Spears, a retired capitalist, of Phoenix, had been aroused by the crash of glass and finding a hole in the window pane jumped to his feet and revolver in hand, sallied forth in his pajamas. Seeing a fleeing form he fired the shots which aroused the neighbors.

During the excitement C. E. Matteson, who lives across the street, arrived on the scene and after hearing many theories explained that perhaps his son, whom he had sent out to scatter some discordant cats in the vicinity had made a wild throw and the rock had gone through the window, after glancing from the walk. A search disclosed a small round stone lying beneath the window and Mr. Spears became glad that he had not succeeded in plugging the flying form.

AERIAL RACE.

Champion and Stites, Glenn Martin and F. Carpenthier, will form a quartette of aviators who are entered in an aerial race of 136 miles which is planned for June 16. The start and finish will be at Dominguez and the circuit embraces Venice, Santa Monica, Ocean Park, Redondo, San Pedro, Long Beach and Wilmington, a distance of sixty-eight miles, requiring two circuits to complete the race. Stites thinks his broken wrist will be sufficiently recovered to enable him to enter the contest, and Champion hopes to enter the new plane which he is building along improved lines. The beach towns and the railroads will finance the enterprise.

ORDINANCE TABLED.

The City Council last night tabled the pending ordinance designed to compel the Pacific Electric to give universal transfers and a 5-cent fare within the city limits. Three other ordinances bearing on the same question and submitted by the law committee of the Chamber of Commerce were referred to the City Attorney for an opinion.

NEWS BRIEFS.

Confronted with the present lack of room on the city docks, the Board of Public Works has been asked to prepare an estimate of the cost of doubling the present wharf frontage together with the laying of additional railroad tracks in the industrial district and the paving of the approach to the docks, with a view of calling a bond election to provide the necessary funds. It is estimated that an issue of $75,000 will be required.

The Coast Boulevard Association in its preparation for a campaign to secure a coast highway will raise a fund of $25,000 from the various cities and towns along the proposed route, basing the assessment of each upon its property valuation. Long Beach is assessed $450.

Glacier Point Trail Now Open

Whittier.

AN EDUCATOR PASSES AWAY.

FINANCIAL SECRETARY OF WHITTIER COLLEGE DIES.

Recently Called from Honolulu to Take Charge of Campaign to Raise Funds He Is Stricken by Death Before His Plans Are Fairly Laid. News Briefs.

WHITTIER, June 4.—Prof. Charles E. Lewis, noted educator, scholar and minister of the Friends' Church, who recently returned to Whittier to accept the position of financial secretary of Whittier College after spending two years in Honolulu, H. T., passed away at his residence, No. 515 Earlham drive, at 5 o'clock this morning after an illness of but a few days' duration.

Death was due to a stroke of apoplexy. The deceased was head of the chemistry department of Whittier College during the years 1908-9 and 1909-10 and had a great number of friends in this city and throughout the State.

Prof. Lewis was a graduate of Penn College, Oskaloosa, Iowa, and twenty years ago accepted his first position as instructor when he was summoned by President Thomas Newlin, then head of Pacific College at Newberg, Or., to take charge of the Latin and Greek departments at that institution. Since that time he had been engaged as an instructor and minister of the gospel, and was summoned for a second time by President Newlin in 1908 to take charge of the chemistry department in the local college. In 1910 Prof. Lewis went to Honolulu for his wife's health and for two years was in the employ of the United States government, being in charge of the harbor dredge. He returned to Whittier but a short time ago in reply to an urgent summons from President Newlin.

Prof. Lewis was to have had charge of the campaign for the $115,000 fund for the benefit of the local college in the capacity of financial secretary. The fund was to be used for increasing the efficiency of the institution, and Prof. Lewis had a plan of campaign all mapped out, a part of the money promised, and it was expected that he would have put the campaign through had he lived.

The deceased, who was 47 years old, is survived by a widow; two brothers, one residing at Paonia, Colo., and one in Texas; two sisters residing in Whittier, Mrs. Carl Stanley and Mrs. M. M. Cox, and another sister, Miss Rosa E. Lewis, who has been instructor in the English department of Penn College at Earlham, Iowa, for the past twenty-five years. Miss Lewis left Iowa for this city this morning and will be present at the funeral.

WAS UNDISTURBED.

A. N. Cauldwell, employed as a team driver by his brother, H. G. Cauldwell, a local contractor, had an unusual experience this morning while hauling two wagonloads of gravel to a ranch near Los Nietos. The trailing wagon was struck by an electric car at King's land crossing and entirely demolished. Cauldwell did not feel the collision or know his trailer was gone until he reached Los Nietos. Returning in search of it, he found the wreck of the wagon at the crossing, the hind wheels crushed in and the load of gravel scattered.

Where the accident occurred the car tracks are cut off from the view of vehicles on the road by a eucalyptus grove. It is thought Cauldwell did not see the approaching car, and the motorman, not knowing there was a trailer, thought the four-horse team and wagon would get over the crossing before he hit it. On seeing the trailer, and a threatened collision, he applied the air and the wheels slid for many feet. The car struck the rear end of the trailer, crushing the wheels and smashing the fender of the car.

RANCHER DIES.

Henry Taylor, a wealthy rancher, died at his home, No. 802 North Pickering avenue, at noon today as the result of a cerebral hemorrhage, which occurred late last fall and from which he had never recovered. Funeral announcement will be made later. The deceased had resided in Whittier for the past four years, coming here from Earlham, Iowa.

AMBITIOUS GARDENA.

Chamber of Commerce Outlines a Programme of Advancement Which Will Satisfy Many Needs.

GARDENA, June 4.—Although just one month old, the Gardena Chamber of Commerce at its second monthly meeting held last night, transacted a budget of business that would compare very favorably with many older organizations of Southern California. Not only was the meeting a very busy affair, but the spirit to "boost" the section and to join in the ranks to make the Greatest Los Angeles, was truly exemplified by the spirit entered into by the five score or more present.

Among the most important features of the meeting were the plans mapped out for the beautifying of the town and valley and the betterment of business conditions generally. Arguments were advanced for home pleasures and to this end an immediate effort will be made for the establishment of a park. A Public Library will also be secured.

The Pacific Electric Company will be asked to co-operate in the plans of the association, and a depot will be secured. Ample protection in the way of signals, to prevent accidents on the dangerous curve, will also be solicited from the railroad company.

Gardena and the surrounding valley has been the mecca during the past six weeks for a band of murderers. During May one murder was committed, many holdups were perpetrated and numerous houses broken into and a strong plea will be made for more police protection.

A committee was appointed to take up the matter of securing the proposed industrial school for Spanish boys. The school is endowed and if present plans are carried out a $25,000 building will be erected.

THE DOCTORS THAT CURE

Death and sickness are no respecters of person—nor of hard times. If you are sick and suffering, you will have to come to us sooner or later for a CURE—and the sooner you come the more time, money and suffering you will save. Drs. Shores & Shores are truly EXPERT SPECIALISTS—they cure all curable Nervous and Chronic troubles in less time and for less money than other doctors of less experience and smaller practice. WHY DON'T YOU CONSULT THESE MASTER SPECIALISTS FREE TODAY, AND GET WELL YOURSELF? YOUR OPPORTUNITY; DON'T LET IT SLIP.

Dr. A. J. Shores.

Dr. G. W.

CATARRH, DEAFNESS, EAR NOISES.

Why not try the treatment that cures? We have published many testimonials from well known and reliable people who have been cured of Catarrh, Asthma, Deafness and Ear Noises. If you suffer from any Chronic Ailments, why not come and see the Doctors who cure?

BLIGHT OF A BAD BREATH.

Do people shun you because you have an offensive breath? Certain forms of catarrh, commonly called "ozena" or dry catarrh, have a very offensive odor.

ASTHMA—No one but an Asthmatic can appreciate the terrible distress of this disease. Gasping, smothering, panting for breath—suffocating feeling, sitting up in bed all night, are but a few of the terrible torments an Asthmatic suffers. If you are an Asthma victim, let not another day pass until you try our wonderful treatment—which gives almost immediate relief, and lasting benefits. Terms are very low and consultation free.

EPILEPSY—We are especially successful in treating Epilepsy and invite the most difficult cases. Our treatment is a blessing to those suffering with this terrible disease.

LIVER

Troubles, Constipation, Sallow Complexion, Nausea, Lassitude, Sick Headaches, etc., quickly and cheaply cured.

KIDNEY

Troubles, Pain in Back, Burning or Smarting, when urinating, Puffiness under the Eyes. Heed these warnings. Bring a sample of urine and have it tested free.

WOMEN

Weak, tired-out, sickly women, suffering from the ills peculiar to the sex, find Drs. Shores' treatment prompt and wonderful in results. Don't experiment.

ECZEMA.

This affliction often baffles the skill of the regular doctor—and tries the patience of the specialists—but our methods have proven successful in so many cases that no matter who has failed to cure you it is worth your time to consult us. We show you charts and explain our method of treatment free of charge.

HAY FEVER.

Hay Fever is a treacherous disease and yields quickly to this wonderful treatment. Every sufferer from this insidious and deceptive disease should consult Drs. Shores & Shores at once.

San Bernardino.

SUBURB FAVORS ELECTRIC LINE

Rialto and San Bernardin Work in Harmony.

Citizens Eagerly Work fo the Polytechnic Group.

Council Fixes Gas Rat After Some Controversy.

SAN BERNARDINO, June 4.—The citizens of Rialto last night voted to raise $25,000 as a bonus to secure the Pacific Electric right of way between San Bernardino and Ontario. The meeting of Rialto interests at which the bonus matter was discussed was largely attended, and an impelling force was the fact that San Bernardino is to have a Polytechnic High School group and if the electric line is built between Rialto and San Bernardino the children of Rialto can easily attend the San Bernardino school.

The Fontana Development Company takes care of a portion of the right of way and this city assumes the duty of securing the right of way from a point just west of Rialto to the county seat. It is expected that the campaign to raise the bonus will be pushed with aggressiveness, and that within a very short time all the towns interested will have made good. Much depends upon the result of the school-bond election to be held in this city Thursday.

SCHOOL BONDS.

The campaign for the school bonds has been launched in earnest determination by the Woman's Club, which holds a rousing mass meeting at the city pavilion Wednesday night to urge women to support the bonds. The Merchants' Association, Chamber of Commerce and other organizations are working hard for the bonds.

It is figured that the small taxpayer having $3000 worth of property would have only $1.92 yearly to pay as his proportion to the bond levy. The proposition is to vote bonds in the sum of $230,000. The instructions are to the Assessor to assess this year on a basis of about 33 1-2 per cent. of actual value. The bonds will not carry principal for five years.

Herman Harris, one of the largest dry-goods merchants in the city, heads a Chamber of Commerce and Merchants' Association committee boosting for the bonds. So confident is Mr. Harris that the carrying of the bonds means a greater San Bernardino that he has personally devoted all his time to working for the bonds for several weeks, and as a result of continued, enthusiastic and whole-hearted support a strengthening of bond sentiment has been noticed through the business district.

LEGAL GAS RATE.

The City Council has voted to establish the legal gas rate in this city at $1.15 per 1000 feet. This is the rate which both companies fixed some weeks ago.

The increase caused a protest on the part of the citizens. The City Council employed experts to investigate, with the idea of fixing a rate by ordinance. The expert reported that the Pacific Light and Power Company should charge but $1.05 per 1000 feet, but that the San Bernardino Valley Gas Company would have to charge $1.15 or go out of business. As the latter company originally forced its rival to drop the rate from $2 to 75 cents per 1000 feet, the City Council determined to protect the smaller company, even at the expense of the users. City Councilman Irving alone voted to fix the rate at $1.05.

DAMAGE DEMAND.

Demanding over $112,000 from the Salt Lake for the death of his two children, Jack and Baby Griffin, O. G. Griffin of Pasadena was in court today pressing two actions against the railroad company as a result of a collision between a Salt Lake passenger train and the Griffin automobile, at Grand Terrace crossing, near Colton, last November. The two children and a young woman friend of the Griffins were killed, Mrs. Griffin was severely injured, Griffin and another friend were slightly injured, and the automobile was demolished. In his complaint he alleges that the train was being run at a dangerous rate of speed and gave no warning as it approached the crossing. The company's answer denies this charge, and declares that Griffin, who was driving his automobile, was proceeding at a reckless speed, and struck the engine, having failed to bring his car under control as it neared the crossing. Attorney E. B. Brake of Los Angeles represents Griffin, while Attorneys A. S. Halsted, T. F. Palmer and W. M. Peck, of Los Angeles, represent the company.

MOTHER WINS SUIT.

Clara Ethel Van Dyke today won the custody of her minor child and an interlocutory decree of divorce in her suit against Sherman Van Dyke. The action has been somewhat noted locally for the reason that the fair plaintiff was arrested some months ago on Third street, accused of attempting to shoot her husband. She was released at the preliminary examination, the charge being dismissed.

SON WINS THE SUIT.

Riverside Man Not Satisfied with the Will Left by His Mother Has It Set Aside.

RIVERSIDE, June 4.—A civil case which has occupied the time of Judge Densmore's court since May 6 was ended here Monday when the will of the late Elizabeth Brennaman was set aside and Clayton A. Brennaman was declared the natural heir to an estate of $60,000, which by will of the dead woman had been left to George and Ann Bittinger of Los Angeles, distant relatives of the deceased.

According to the terms of the will, the son was to receive $5000 and the balance of the estate was to go to the brother and niece. The son instituted a contest on the grounds that undue influence had been exercised on his mother to induce her to make such a document. After a vigorous fight of weeks, the court sustained the contention of the son.

PASTOR RESIGNS PLACE.

Ventura Minister Compelled to Relinquish Charge on Account of Illness of His Family.

VENTURA, June 4.—Rev. C. H. Dalns, pastor of the Congregational Church at this place, has sent in his

[illegible] RESIGNS PLACE.

[illegible] Minister Compelled to Relinquish Charge on Account of Illness of His Family.

VENTURA, June 4.—Rev. C. H. Dains, pastor of the Congregational church of this place, has sent in his resignation as head of the church.

Mr. Dains is anxious to remove his family to a climate more congenial to the health of members of his family and is insistent that he be relieved. The resignation is to take effect September 1, which will give the congregation time in which to find another minister. Mr. Dains is at present at Tempe, Ariz., where he has been sojourning for several weeks. He is expected home in a few days.

NEWS BRIEFS.

Ted Hallowell, a graduate of the local High School commercial class, has been named as Deputy County Clerk to succeed Robert M. Sheridan, who has gone into the practice of the law.

While the honey crop prospect is not good in all parts of the State, the Ventura bee men expect this year to get something from their bees. It will not be a full crop, but there is hope that it will be better than for several seasons past.

Myrl Snyder, who recently confessed to forgery committed at Oxnard, has been granted two years probation by Superior Judge Clarke.

Ontario.

PICTURES WILL BE CENSORED.

ONTARIO TRUSTEES WOULD PROTECT BOYS AND GIRLS.

Movement Started by Club Women Meets With Instant and Enthusiastic Response from the Municipal Lawmakers—Diagonal Drive Also Meets With Favor.

ONTARIO, June 4.—The Ontario City Council put the ban on risque and suggestive motion pictures in this city at their meeting last evening, following a petition from the local organization of the Woman's Christian Temperance Union, in which attention was called to a picture said to be unfit for the eyes of girls and boys of tender years, which was recently shown at a local picture theater, and urging that the showing of pictures be regulated and that a board of censors be appointed.

The petition was signed by Mrs. A. E. Snodgrass, president, and Mrs. Mathilda Clausen, secretary, of the Ontario W.C.T.U. The picture in question, "A Blot on the Family Escutcheon," in which the downfall of a young girl is said to have been depicted in a "most disgusting manner" so that it was "an outrage to common decency" and unfit to be shown.

Councilman J. V. Caldwell championed the cause of the women and City Attorney Isaac Jones was instructed to draw up an ordinance strictly regulating the showing of motion pictures and creating a city board of censors.

WILL CO-OPERATE.

When the Supervisors of Riverside county, in session tomorrow, take up the matter of improving the diagonal drive between Ontario and Riverside, they will be waited on by a delegation from this city, which will lay out plans for the improvement, and offer the assistance and co-operation of Ontario in pushing the work.

The Ontario delegation today received an invitation from Frank Miller of the Mission Inn, a prime booster of Riverside, to take luncheon as his guests tomorrow and meet with the Supervisors. Among those who will confer with the Riverside Supervisors, from this city, are F. A. Ross, president of the Ontario Ocean-to-Ocean Highway Association; Charles Frankish, treasurer of the same organization; Mayor W. A. Freemire, Glenn D. Smith, president of the Ontario Chamber of Commerce; J. C. Wright and H. I. Ross.

SHORT NEWS STORIES.

Mrs. Elizabeth Anderson, wife of James J. Anderson, died yesterday afternoon at her home, No. 713 East E street, at the age of 68 years. Mrs. Anderson had made Ontario her home a little over five months, coming to this city with her family some five months ago. The death of her son, William Edward, which occurred on the 12th of May, last, gave the mother a shock from which she never fully recovered. She was a native of Scotland and the mother of eleven children. The funeral will be held Thursday afternoon from Draper's funeral parlors, corner C street and Laurel avenue, the Rev. W. M. Perry of the First Baptist Church officiating. Interment will be in Bellevue Cemetery.

The Long Beach Municipal Band is to give a concert in this city tomorrow. The time of the concert is set for 2:30 and the place, City Hall Park.

At the annual meeting of the Peoples' Mutual Building and Loan Association, yesterday, Charles Frankish and Jacob Jesson were re-elected to the directorate of the association to serve another three years. Other directors include C. E. Harwood, J. C. Wright, C. B. Ford and H. I. Ross. Harwood is president and Frankish vice-president. W. F. G. Blaikie is secretary and treasurer.

Riverside.

WANT THE CANYON ROAD REBUILT.

RIVERSIDE BUSINESS MEN ASK FOR AN IMPROVEMENT.

Temecula Line, Which in Olden Days Took Care of Much Traffic, Should Be Restored and a Half Dozen Cities Will Try to Bring It About.

RIVERSIDE, June 4.—Announcement was made here today of a conference arranged with General Manager Wells of the Santa Fe at Perris, on Thursday morning, for the purpose of showing him, if possible, that the Santa Fe would do well to rebuild its Temecula Canyon line which in days gone by took care of a good deal of the traffic to and from San Diego.

The meeting at Perris will be attended by representatives of the Riverside and San Diego Chambers of Commerce, Riverside County Supervisors, Riverside City Council and of the promotion organizations of the smaller towns interested, including San Jacinto, Hemet, Perris and Elsinore.

Figures will be submitted to Mr. Wells showing the amount of freight handled by the road in these rich back-country valleys. A trip of inspection will be made through the canyon, where the road was wont to be washed out annually in the days gone by.

WATER RATES.

When Mayor Peters went into office, he determined on a new basis of procedure in the fixing of water rates, and instructed the City Engineer to bring in a report of the physical valuation of the company's plant as a basis on which to work.

This report was filed with the Mayor and presented to the Council today. There was an hour's debate as the result of the objections on the part of representatives of the Riverside Water Company to the report beinb made public through the newspapers.

The City Engineer says the plant has a replacement cost of $403,151.32; that the average depreciation to date amounts to $167,303.11, leaving the net present worth $235,648.21. No account was taken of water values.

The water company will file a report of its estimates of values, along the line of the engineer's report, some time before Monday, on which date the Council will set a date for a public discussion of the two reports.

AUTO CHEMICALS.

The city's new 80-horse-power auto chemical engines were "limbered up" on the city's streets today. So far as the tests have proceeded, the apparatus has proved very satisfactory. One of the vehicles will be used for coupling on to the steam fire engine, thus doing away with the horses that have been used heretofore. For a test of their performance on a grade, the two cars will be taken for a run up the Box Springs boulevard.

CYCLIST BREAKS LEG.

D. A. Lowe, while riding in the direction of Colton last night on his motorcycle, came into collision with an automobile. He emerged from the wreck with a broken leg. The accident occurred on Colton avenue. A companion of Lowe's following at a short distance also crashed into the wreck, but escaped without injury. Both motorcycles were badly damaged, but the automobile and its occupants were uninjured.

FINE PINES THREATENED.

Forest Fires Sweep the Slopes of Sugar Loaf Ridge and Forty Fighters Fight Vainly.

[BY A. P. NIGHT WIRE TO THE TIMES.]

REDLANDS, June 4.—A forest fire is sweeping over the slopes of Sugar Loaf ridge, bordering Bear Valley, tonight, and is resisting all efforts of twenty fire-fighters who were hurried to the valley late today. Twenty more men were sent out tonight, and unless the morning brings signs of victory over the flames more men will be sent tomorrow.

The finest pine forests in the San Bernardino range are threatened. The flames started in Bear Creek Canyon today from a fire left by some fishermen. More than 100 acres have been burned over at this time.

BUTTON DAY.

The sale of 2500 Ocean-to-Ocean Highway Association buttons tomorrow is the goal which 100 of Redlands' representative business men have set. The sale really started this evening at a mass meeting held in Library Park, where several hundred buttons were disposed of by members of the committee.

President John S. Mitchell was the principal speaker this evening. He was followed by George W. Wilder, Mont P. Chubb, president of the Redlands' chapter of the highway association, and others. Mayor C. H. Clock presided. About 3000 people were in attendance.

Santa Barbara.

TWO MILLION DOLLARS PAID FOR OIL LANDS.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, June 4.—[Exclusive Dispatch.] A deal for oil land in the Santa Maria, involving a cash consideration of $2,000,000, was consummated here today, when W. P. Hammon of San Francisco purchased from the heirs of the John Bell estate 2000 acres.

One of the largest gainers besides the Hammon interests in the discovery on the south slope is the Union Oil Company, which has a holding, formerly the Teresa Bell property, adjoining Hammon's holding to the west. Hammon's discovery places the Associated oil property also in proven oil territory.

According to reports from the field, a new well is producing several hundred barrels of very light gravity oil a day, and definite tests are being made to cable to Hammon, who is at present in London.

The 2000 acres purchased by Hammon constitutes the northerly end of the 10,000-acre property held by the John Bell estate. Hammon's purchase is about equally divided upon the north and south slopes of the Gato Ridge anticline, which runs in a general east and west direction.

The deal has a significance even larger than its proportions, as simply the transfer of a tremendous area of hitherto undeveloped lands to interests that will place it among the producing oil areas of the State. Three or four days ago there was discovered by Hammon's agents a freely producing well of light gravity oil on the section of the property which lies on the south slope of the Gato Ridge anticline. This means that this territory contains a high grade of oil and resulted in the option held by Hammon on the property being taken up at once.

On the north slope of the Gato Ridge anticline is located one of California's most famous and best producing oil fields—the Santa Maria region. Here are Palmer-Union properties in the greater development of which Frank L. Brown recently got $1,500,000 in London.

The Associated Oil Company, the Union, the Pinal, and half a hundred other producing companies have their wells here. But the south slope of the Gato Ridge anticline has never been developed and has been considered to be country not worth drilling into.

WOMEN, AVOID OPERATIONS

Many Unsuccessful — And Worse Suffering Often Follows. Mrs. Rock's Case A Warning.

The following letter from Mrs. Orville Rock will show how unwise it is for women to submit to the dangers of a surgical operation when often it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. **She was four weeks in the hospital and came home suffering worse than before.**

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for several months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. Orville Rock, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has restored the health of thousands of suffering women. Why don't you try it?

Santa Ana.

OUTFALL SEWER FOR SANTA ANA.

TRUSTEES BUYING RIGHT-OF-WAY TO THE OCEAN.

Former Sewer Farm Plans Have Been Abandoned for the System Which Will Not Cause Strife With Neighboring Towns—Southern Pacific Will Be Electricized Soon.

SANTA ANA, June 4.—The City Trustees today are closing a deal for a right of way across the land of the Willow Land Company for an outfall sewer. The city already has a right of way over county roads to a point a mile and a half from the ocean at a point between Huntington Beach and Newport Beach. There remains a strip of a quarter of a mile unsecured. The strip over the Willow Land Company property runs into the ocean. The price paid the land company for the right of way is $3500.

After estimates are made, the City Trustees will call an election for bonds sufficient to build the outfall sewer. At present Santa Ana has a sewer farm, which is inadequate to the needs of the rapidly-growing city. The proposed outfall will bring the entire city under the sewer system.

TO ELECTRICIZE LINES.

As a result of a conference between local business men and Paul Shoup, J. McMillan, D. W. Pontius and other Pacific Electric officials of Los Angeles, efforts toward getting electric connections between Santa Ana and Orange and Santa Ana and Tustin will be renewed. Arrangements are to be made for a visit to Los Angeles by a Tustin committee next week, asking that the Pacific Electric make some proposition for the extension to that place.

Shoup states that it is no secret that the intention of the railway officials is to electricize the Southern Pacific lines in this section as soon as money in available. He said estimates of cost have already been made. An electric line to Tustin could join on to the Tustin branch of the Southern Pacific, which has a loop in this county running from the foothill section to Anaheim, Smeltzer, Huntington Beach and Newport Beach.

NEWS BRIEFS.

The City Trustees have begun action to compel the Southern Counties Gas Company to take out a franchise in Santa Ana. The officials of the gas company are to be cited to appear to show cause why that franchise should not be taken out at once.

The Board of Supervisors will receive bids on June 25 for the $200,000 Polytechnic High School bonds and the $25,000 grammar school bonds on June 25. This was the decision today at a conference held between the Supervisors and members of the Santa Ana school board.

The indications are that the ditches of the Santa Ana Valley Irrigation Company will be well supplied with water this summer as usual. There are 2000 inches of water flowing from the Santa Ana River, which Engineer Kellogg says is a good flow at this time of year. Pumping plants are adding over 700 inches of water to this flow.

Six orchardists, owning 108 acres of oranges and lemons on East Fairhaven avenue, have formed a company, called the Gravel Land and Water Company, and have commenced to drill a well. The company expects to get plenty of water at less than 300 feet and will put on a pump to supply their orchards. Work began yesterday on the well, which is situated on A. M. Robinson's ranch.

Marriage licenses: William C. Hill, 27, and Mabel H. Harring, 26, both of Los Angeles; George E. Major, 24, of Los Angeles, and Lien V. Perry, 27, of Redondo; Thomas Foster, 34, of Deming, Okla., and Cora L. Moore, 32, of Los Angeles; Bertram L. Leihy, 34, and Ida C. Wilson, 21, both of Santa Ana.

WOULD COMPEL THE SERVICE.

Orange Trustees Seek Order Compelling Telephone Companies to Give Interchangeable Switching.

ORANGE, June 4.—The City Trustees last night voted to make application to the Public Utilities Commission for an order compelling the Pacific and Home telephone companies to give free switching at Santa Ana from the Pacific to the Home lines. Orange has the Pacific telephone only, and wants to be allowed to reach the Home lines in the neighboring city.

GAS RATES.

The Trustees have called an election for the middle of July to determine whether or not the people desire to turn over to the Public Utilities Commission the regulation of gas and electric rates in Orange. The Orange Trustees started a movement to lower the rate for the Southern Counties Gas Company from $1.25 per 1000 cubic feet to $1.15, and stared a law suit in the face. The Trustees propose to let the State commission deal with the problem. One of the facts in the case is that the same plant that serves Santa Ana for $1 demands $1.25 here.

COLTON.

COLTON, June 4.—The surveyers for the Pacific Electric are in Colton surveying for the electric line, which is soon to be put in operation on the Southern Pacific tracks between Riverside, Colton and San Bernardino.

Miss Johanna Charrer of Corona and Frank Christopher Kruschke of this city were married in the parlors of the Union Block this morning. The ceremony was performed by Justice Hanna. The bride is a native of Switzerland and the groom, of Wisconsin. Mr. and Mrs. Kruschke will reside in Colton.

The committee appointed to make plans for an auto fire truck and good streets for Colton, has called a mass-meeting for Saturday night, when the matter of bonding the city will be discussed. The citizens on the committee include W. B. Culross, J. W. Jounod and G. A. Fisher, City Trustees; J. R. Fletcher, A. W. U'Ren, A. L. Pierce, firemen, and E. F. Van Luven, W. W. Wilcox, W. F. Sharp, representing citizens.

Fish Bait That Shines.

[Boston Transcript:] It is stated that the fishermen of Cezimbo, Portugal, have a somewhat novel method of catching fish by the use of a natural phosphorescent substance. This is obtained from a fish known as Malacocephalus laevis, which, although rare in most parts of the globe, is frequently found in this locality. Upon pressing the abdomen of the fish there exudes a thick yellowish fluid which possesses a bluish phosphorescence in the dark, according to M. Osorio, and he considers this te be due to the presence of a luminous microbe. The fishermen rub this substance upon a muscular tissue such as a piece of cuttlefish, and this is used as bait. The light appears to last for a long time, at least for several hours, and has a brighter glow when dipped in the sea. Fish are attracted to the bait by the light and are thus caught.

FINANCIAL NEWS SUMMARY.

[Furnished by Logan & Bryan, Members New York and Boston Stock Exchanges, Bradbury building, Los Angeles.]

NEW YORK, June 4.—A. Barton Hepburn, president of the New York Clearinghouse Association, says there is no organized opposition to money trust inquiry.

President Gomez asks Cuban Congress to suspend guarantee.

Washington to sell arms to the troops to stop revolt.

Americans in London were steady generally, ⅛ to ⅝ higher.

London dock strike failing, with some men returning to work.

Intercontinental Rubber Company declared the regular quarterly dividend of 1½ per cent. on preferred stock, payable June 29, stock record June 19.

Twelve industrials advanced .19 per cent.; twenty active rails advanced.

The stock market gave a rather good account of itself today, and the disposition to conduct operations in specialties was rather more pronounced than in some time. Politics appear to be the dominating influence, and doubtless as the dates for the convention draw near, uncertainty will become more acute. However there does not appear to be general conditions surrounding the stock market at present anything of a nature likely to cause a pronounced selling movement. The coppers were well taken during the recent decline, and the strength of the metal foreshadows substantial increases in the earnings of the many large producers. As far as the steel industry is concerned, a substantial addition to unfilled orders is looked for in the forthcoming statement, and further advances in prices on finished steel products are not improbable. London and the Continent of late have shown a keener desire to take hold of American issues at going levels, which desire will doubtless become more pronounced should the agricultural outlook continue promising.

FINANCIAL.

OFFICE OF THE TIMES.
Los Angeles, June 5, 1912.

Bank clearings yesterday were $4,206,919.24; same time last year, $3,030,756.18, and same time in 1910, $2,525,977.21. Following is statement:

SILVER.

NEW YORK, June 4.—[By A. P. Night Wire.] Bar silver, 60⅞.

LOCAL PRODUCE MARKET.

There was a general shifting around of prices in the local produce market yesterday. Eastern cheese declined from 1 to 2 cents a pound. Northern cheese was weak but prices remained unchanged. Cantaloupes experienced a big drop, bringing them within reaching distance of the general trade; and cherries, owing to heavy and late receipts yesterday, went to pieces, declining in bulk from 2 to 5 cents a pound.

Cantaloupes dropped from $4 to $2.75 and $3 for pony crates, and from $5.50 to $3.25 and $3.50 for standard crates, and 25 cents was knocked off special crates, making the quotation $1 flat.

Cantaloupes were in large receipt yesterday, Mexico supplying the most of them. But Imperial Valley and Coachella shipments were larger and it is believed that by the last of this week the season for outside cantaloupes will be in full blast.

Potatoes were weak. New crop in lug boxes declined 10 cents, and by the hundredweight 50 cents. Sweet potatoes dropped to $1 and $1.25 a lug box. Green corn declined to 10 and 20 cents a dozen ears.

Pineapples moved well at 7 and 8 cents a pound, but dealers who held for 9 and 10 cents a pound, the quotation, found them very much of a drag. There are plenty of pineapples in market and more are en route from Hawaii.

Bananas were scarce. Despite the fact that receipts have been two cars a day the past ten days or so, dealers say it is a difficult matter to supply the demand. The demand is augmented by the late season for deciduous fruits, is the accepted opinion.

Peas arrived in poor condition. Growers last week held back on shipments to bear the market and then the showers came and left them in bad shape. Peas sold yesterday below quotations on the street. There was no market for asparagus. Other vegetables moved fairly well. The supply of rhubarb was limited. Tomatoes were scarce, the receipts being practically off for the day. A car in Monday from Mexico was cleaned up by noon yesterday.

With the exception of eggs and potatoes receipts of the leading produce staples were heavy. Eggs, 383 cases; butter, 92,064 pounds; potatoes, 165 sacks; onions, 305 sacks.

Prices Current.

EGGS—Ranch, candled, 26; fresh ranch, case count, 23; seconds, 20; pullets, 20; outside, 21@24.

BUTTER—Price to trade, 2½ above quotations. Creamery extras, 26½ per lb.; creamery firsts, 25½.

Aroturps, in iron bbls., 100-gal	.21
Aroturp, 10-case lots	.28

LOS ANGELES EXCHANGE.

Amalgamated Advances on Strength of Doings of New Wells—Union the Best Trader.

Amalgamated advanced almost a point yesterday, all sales being made at $75. The closing bid was $74.75. There was quite an amount of stock to be had but buyers were not anxious for it at the prices offered, owing to conflicting reports from the deepened well in the Salt Lake field, that has alleged to have broken loose as a gusher three times the past ten days. The well was reported to be flowing yesterday afternoon, at the rate of 5000 barrels. The management, it is alleged, has a tendency to minimize news values relative to the production in order to keep the stock down.

The Union issues were the best traders of the day. Union Oil opened with a sale at $98.75 and sold down to $98.37½, with a closing bid of $98.25. Nearly 200 shares of Union Oil were sold. Union Provident sold steadily at $98.50 and United Petroleum at $98.25.

Three hundred shares of Los Angeles Investment Company stock sold at $3.85, being the first sale made in several weeks. American Common was steady $49.75, the selling price. Fifteen shares of California Midway sold at 7¼ cents and 500 New Pennsylvania at 50, and an equal amount at 50½.

SAN FRANCISCO EXCHANGE.

Goldfield Consolidated Gains Twelve Points—Florence Declines—Volume of Business Continues Small.

[Special Service to The Times by B. F. Taylor, 118 West Fourth street, Los Angeles.]

SAN FRANCISCO, June 4.—Goldfield Consolidated showed considerable strength, gaining 12½ points. Florence was as weak as Consolidated was strong, losing 12½. Atlanta was down one point. The balance was unchanged.

In the Manhattan district White Cap was off 2, Big Four up 2.

Jim Butler was down three points. Midway lost four. Montana was up 17½. Mizpah gained 5. McNamara was off 2, Tonopah Extension was offered at 1.95. West End dropped back 2½. There were no changes in the quotations in the outlying camps.

In the Comstock district Mexican was up 5. Ophir lost 7½, Consolidated Virginia 2. Exchequer was up a point. Union was unchanged. The volume of business continued small.

Brokers who make a specialty of outside stocks report an enormous interest in Pick and Drill, but they all report that bids made to Los Angeles and to the mining centers of Arizona fail to bring out any stock. 45 was bid on the curb all day and no sales reported.

Following are the closing bid and asked prices:

General Eastern.

BULLS DISTURBED BY LIGHT RAINS.

WHEAT MARKET CLOSES WEAK BUT WITH NET GAIN.

Partial Let-up of Heat and Excessive Dry Spell in Kansas and Nebraska Has Influence—Free Selling by Packers Depresses the Provision Market.

[BY A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO, June 4.—Sprinkles of rain today at scattered points in Nebraska and Kansas disturbed to some extent the confidence of wheat bulls who have been acting on reports of severe crop damage, the result of heat and drought. In consequence, the market, although closing with a net gain of ¼ to ⅜@½, had a rather weak tone. Corn wound up at an advance of ½ to 1@1¼ and oats up ⅝ to 1@1¼. Provisions were 7½ to 12½ down. September wheat, in which the bulk of trading was done, ranged from 1.06⅛ to 1.06⅞@1.07 with last sales ⅛@⅜ up at 1.06⅝. July corn fluctuated from 72⅝@72⅞ to 74, closing firm 1@1¼ net higher at 74. Cash grades were stronger. No. 2 yellow, 75½@76. July oats ranged between 49⅛ and 50⅛ with the close, 50⅛, a net gain of 1@1¼. Free selling by packers depressed the provision market. Most of the unloading was in lard and ribs, but the resulting decline of 7½ to 12½ included pork as well.

Cash quotations were as follows: Flour, firm; rye, No. 2, 90; barley, feed or mixing, 60@85; fair to choice malting, 1.12@1.19; timothy seed, 7.00@9.00; clover seed, 14.00@20.00; mess pork, 18.50@18.62½; lard (in tierces,) 10.77½; short ribs (loose,) 10.25.

Grain Statistics.

CHICAGO, June 4.—[By A. P. Day Wire.] Total clearances of wheat and flour were equal to 246,000 bushels. Primary receipts were 234,000 bushels, compared with 475,000 bushels the corresponding day a year ago. Estimated receipts for tomorrow: Wheat, 20 cars; corn, 573 cars; oats, 113 cars; hogs, 21,000 head.

Chicago Dairy Market.

CHICAGO, June 4.—[By A. P. Day Wire.] Butter—Steady; creameries, 23@25; dairies, 20@24. Eggs—Steady; receipts, 24,640; at mark, cases included, 15¼@16½; ordinary firsts, 16; firsts, 17@17½. Cheese—Steady; Daisies, 12½@13; Twins, 12½@13; Young Americas, 12½@13; Long Horns, 12½@13.

Chicago Closing Figures.

CHICAGO, June 4.—[By A. P. Day Wire.] Close: Wheat, July, 1.10⅛@1.10⅜; September, 1.06⅝; December, 1.06¾. Corn, July, 74; September, 72⅝@73; December, 63. Oats, July, 50⅛; September, 42; December, 42⅝. Pork, July, 18.62½; September, 18.72½. Lard, July, 10.82½; September, 11.00; October, 11.10. Ribs, July, 10.40; September, 10.52½@10.55. Cash corn, No. 2, 74¼@75½; No. 2 yellow, 75½@76; No. 3, 73½@74; do. white, 78@78½; do. yellow, 74½@75; No. 4, 70@72; do., white, 75½@76; do., yellow, 70@73. No. 2 rye, 90. Barley, 60@1.25. Timothy seed, 7.00@9.00. Clover seed, 14.00@20.00.

NO MORE ICE BILLS

What is the temperature in the food chamber of your ice box? Well, you don't know, in fact, you never thought about it. If we informed you that it averages 55 degrees, would it not surprise you? Supposing you put a thermometer in the food chamber and read it twice daily; you will then be convinced that your ice does no more than if you saved the expense, the constant drip and unsanitary results from the ice, by using a No Ice Refrigerator.

Call at the Company's office, and be convinced. If not convenient, inquire and we will give you all information appertaining to this wonderful sanitary and inexpensive invention of a refrigerator.

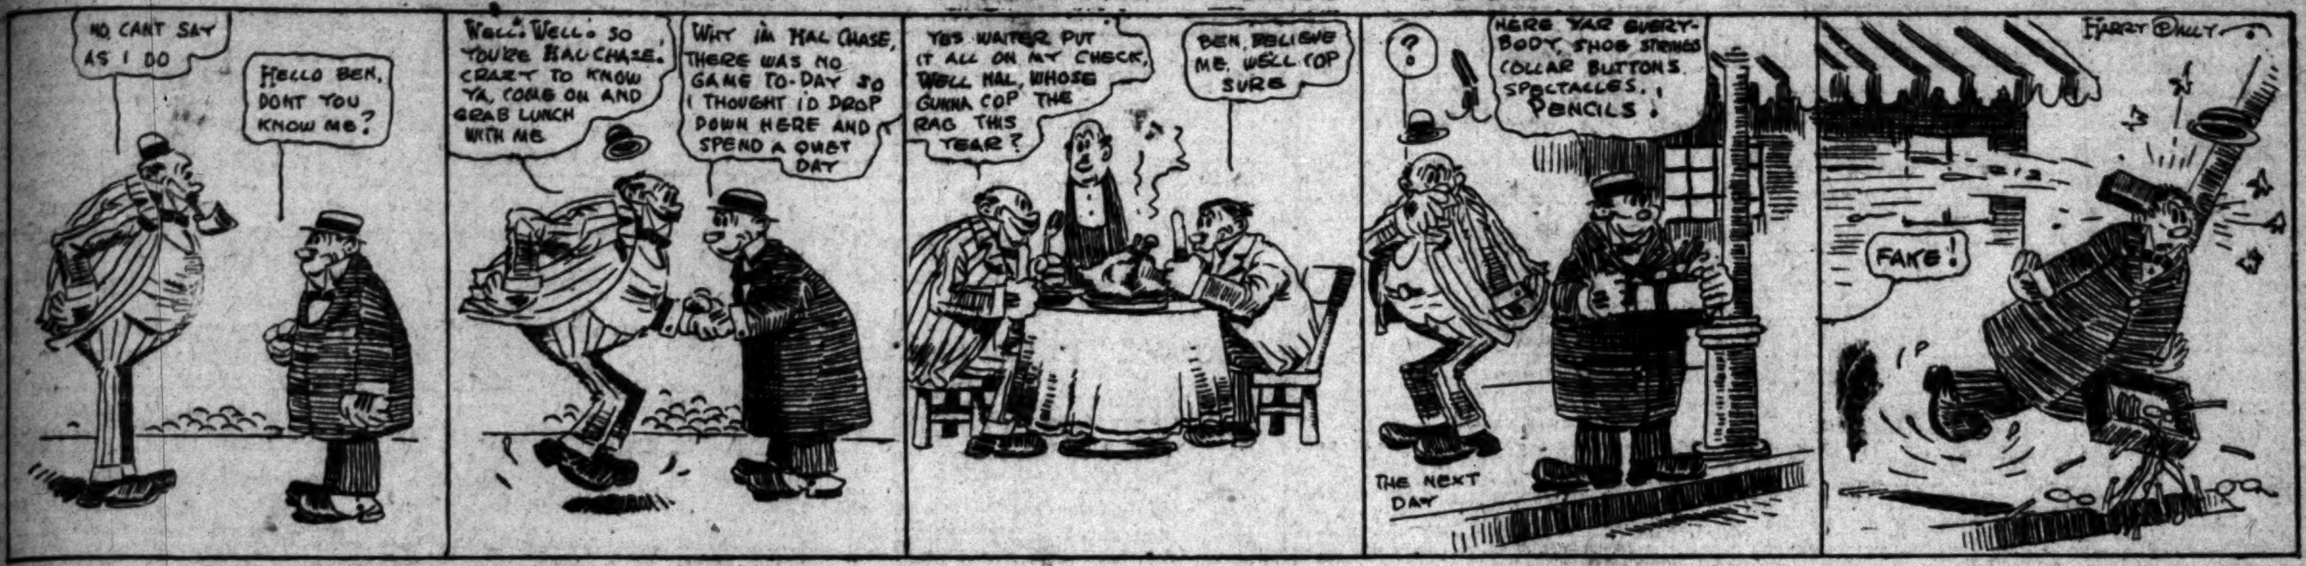
AND POOR BEN FELL FOR THE CHIN MUSIC--OOCH

BY HARRY DALLY



NO CANT SAY AS I DO
HELLO BEN, DONT YOU KNOW ME?
WELL! WELL. SO YOU'RE HAL CHASE. CRAZY TO KNOW YA, COME ON AND GRAB LUNCH WITH ME
WHY IM HAL CHASE, THERE WAS NO GAME TO-DAY SO I THOUGHT I'D DROP DOWN HERE AND SPEND A QUIET DAY
YES WAITER PUT IT ALL ON MY CHECK. WELL HAL, WHOSE GUNNA COP THE RAG THIS YEAR?
BEN, BELIEVE ME, WE'LL COP SURE
?
HERE YAR EVERY-BODY, SHOE STRINGS COLLAR BUTTONS SPECTACLES, PENCILS!
THE NEXT DAY
HARRY DALLY
FAKE!

Port Items.

The Pacific Coast Company's liner President arrived tonight from Puget Sound ports, via San Francisco and Redondo Beach, with a good passenger list and 1200 tons of miscellaneous freight and merchandise. The President will proceed tomorrow for San Diego, touching here, north bound, on Thursday.

The tug Hercules has cleared for San Francisco with the Standard American Dredging Company's dredger Oakland in tow.

The Pacific Navigation Company's steamer Harvard arrived this afternoon from San Diego and, after taking passengers and additional cargo, proceeded for San Francisco.

The steamer Mandalay completed the discharge of a partial cargo of lumber in the Southern Pacific slip and cleared today for San Diego to discharge the remainder. The Mandalay will return to this port on Thursday and, after taking passengers and freight for the West Coast Steamship Company at San Francisco, will clear for Crescent City to reload.

The North Pacific Company's steamer Roanoke arrived tonight from San Diego, and, after taking passengers and additional cargo, proceeded for Portland, via San Francisco.

The steamer Daisy Freeman has arrived, out six days from Portland, carrying 800,000 feet of lumber for various local wholesale yards.

The steamer J. B. Stetson completed the discharge of 850,000 feet of lumber for various consignees and cleared today for Gray's Harbor to reload, taking passengers and freight for the West Coast Steamship Company at San Francisco.

The steamer Tallac has arrived, out six days from Everett with a full cargo of poles and piling, consigned to Weir & Jordan Company.

Carrying 750,000 feet of lumber for the Hammond Lumber Company at Terminal, the steamer Nehalem is out two days from Gray's Harbor.

Departures today included the oil steamer Argyll for San Francisco and Port San Luis.

The steamer Shasta arrived this morning, out five days from Bellingham, carrying 800,000 feet of lumber, consigned to the E. K. Wood Lumber Company.

The steamer Wellesley completed the discharge of 750,000 feet of lumber for the Pacific Lumber Company at Wilmington and cleared today for Eureka to load a return cargo for the same company.

The steamer General Hubbard has arrived, out three days from Eureka, with 1,500,000 feet of lumber, consigned to the Hammond Lumber Company at Terminal.

After discharging 500,000 feet of lumber for the Southern California Lumber Company, the steamer Carlos cleared today for San Diego, carrying 300,000 additional feet for wholesalers at the southern port.

The steamer Acme has arrived from Eureka with 600,000 feet of lumber for the Pacific Lumber Company at Wilmington.

The steamer Helen P. Drew, arriving out three days from Greenwood, via San Francisco, will discharge 325,000 feet of lumber for the Southern California Lumber Company.

SAN FRANCISCO, June 4.—Arrived: Steamers Yosemite, Los Angeles; Santa Clara, Santa Barbara.

Sailed: Steamers Northland, Fort Bragg, Los Angeles.

REDONDO BEACH.

ARRIVED—TUESDAY, JUNE 4.

Steamer Thomas L. Wand, Capt. Petersen, from San Pedro.
Steamer Willamette, Capt. Reiner, from San Pedro.
Steamer Rainier, Capt. Lundquist, from San Pedro.
Steamship President, Capt. Cousins, from Seattle, via San Francisco.

SAILED—TUESDAY, JUNE 4.

Steamer Willamette, Capt. Reiner, for San Francisco.
Steamship President, Capt. Cousins, for San Diego, via San Pedro.

IN PORT—TUESDAY, JUNE 4.

Barge Monterey, wharf No. 1.
Tug Navigator, at anchor.
Steamer Thomas L. Wand, wharf No. 2.
Steamer Rainier, wharf No. 3.

SCHEDULE OF ARRIVALS AND DEPARTURES OF PASSENGER VESSELS.

FRIDAY, June 7.—Steamship State of California, from San Francisco, via Santa Barbara, en voyage for San Diego, via San Pedro.

SAILING FOR THIS PORT.

Steamer Carlos, Eureka.
Steamer Carmel, Columbia River.

PORT ITEMS.

The Thomas L. Wand arrived this morning with 250,000 feet of lumber; the Willamette brought 200,000 feet and the Rainier arrived with 500,000 feet of lumber for various consignees.

The steamship President arrived this afternoon from Seattle with freight and passengers for Los Angeles and sailed for San Diego, via San Pedro.

New York Metal Market.

NEW YORK, June 4.—[By A. P. Night Wire.] Standard copper, quiet; spot and June, 16.50@17.00; July, August and September, 16.50@17.12½. London, easy; spot, £77 2s 6d; futures, £77 13s 9d. Arrivals reported at New York today 4110 tons. Customhouse returns show exports of 2749 tons so far this month. Lake copper, 17¼@17½; electrolytic, 17@17¼; casting, 16⅞@16⅞. Tin easy; spot, 45.25@46.25; June, 45.25@45.90; July, 44.25@44.50; August, 43.35@44.25; September, 42.75@43.25; October, 42.55@43.00. Sales, 90 tons spot at 45.75; 10 tons first half of June at 45.85. London, weak; spot, £200 15s; futures, £196. Lead, steady; 4.15@4.25, New York; 4.07½@4.12½, East St. Louis. London, £16 15s. Spelter, easy, 6.90@7.00, New York; 6.60@6.90, East St. Louis. Sales, 50,000 pounds, September at 6.35½; 50,000 pounds, September at 6.40; 600,000 pounds, September at 6.42½; 600,000 pounds, September at 6.45 and 50,000 pounds, September at 6.45, all East St. Louis delivery. London, £25. Antimony, quiet; Cookson's, 8.00. Iron, Cleveland warrants, 53s 6d in London. Locally iron was steady; No. 1 foundry northern, 15.25@15.75; No. 2, 15.75@15.25; No. 1 southern and No. 1 southern soft, 15.50@15.75.

Treasury Statement.

WASHINGTON, June 4.—[By A. P. Night Wire.] At the beginning of business today the condition of the United States treasury was: Working balance in treasury offices, $62,867,230; in banks and Philippine treasury, $35,066,416. The total balance in general fund, $128,078,128. Ordinary receipts yesterday, $1,707,000. Ordinary disbursements, $1,006,481. The deficit to date this fiscal year $5,292,326, as against a surplus of $10,648,781 at this time last year. These figures exclude Panama Canal and public debt transactions.

Shares and Money.

EXCHANGE NOTES MANY FACTORS.

CROPS, RAILWAY EARNINGS AND POLITICS HOLD SWAY.

New York Market Opens Strong and Takes on Greater Depth, Although Dealings Take Dull Turn. Union Pacific and Reading Are Prominent Early Features.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, June 4.—Crops, politics and railway earnings were some of the factors around which today's stock market revolved. Consideration of the next government report on cereals, to be issued June 10, dealt chiefly with conditions in the west and southwest, prospects elsewhere being good. Washington today submitted official estimates on the cotton crop as of May 25 last. These show 79 per cent. of normal as compared with 87.8 per cent. in the same period of 1911 and 82 per cent. in 1910. Another batch of railroad reports for April disclosed general losses. Illinois Central net decreased $704,000, Delaware and Hudson, $586,000, Chicago, Burlington and Quincy, $156,000, and St. Paul, on its main line, $473,000, which was partly recouped by a gain of $221,000 on its Puget Sound division. The market opened strong and later took on greater breadth, albeit dealings again became dull. Reading and Union Pacific were the prominent features of the early session, with a strong undertone to United States Steel, the coppers and such specialties as American Tobacco, Sears-Roebuck, International Harvester and American Can. In the final hour trading fell off to the point when it ceased to possess much significance except in the specialties already mentioned, American Tobacco adding another four points to the phenomenal rise of the previous day, while the Standard shares yielded some of their early advantage. More sales of copper at 17½ were reported today, and another guage of the betterment in that industry was furnished by an increase in the dividend of one of the conservative New England producing companies. Bonds were firm with special strength in Rock Island collateral fours and Wabash refunding fours. Total sales, par value, amounted to $2,431,000. United States government bonds were unchanged on call.

New York Stocks.

New York Curb Stocks.

[Special Service to The Times by E. F. Hutton & Co., members New York and other exchanges, 118 W. Fourth street, Los Angeles.]

NEW YORK, June 4.—The curb market was dull today with the coppers practically stationary. The industrials were also quiet and the market closed without feature.

The Boston coppers showed a considerably improved tone today, reflecting the fresh advance in the metal abroad. Trading became quite active after the first hour. Butte and Superior was again the feature, advancing easily to 41. Isle Royale was taken in hand and was a strong feature on the settlement of the mill litigation.

This with the continued improvement in copper metal all over the world caused the much better feeling in copper shares which closed with advances ranging from one to three points.

Following are the closing bid and asked prices:

	—Close— Bid.	Ask.		—Close— Bid.	Ask.

Los Angeles Times

INFORMATION

For Newcomers, Inquirers, Subscribers and Advertisers, Agents and the General Public.

SCOPE AND AIMS:

THE TIMES PUBLISHES REGULARLY more pages of news and other reading matter and a larger volume of advertising than any other paper extant.

DISTINGUISHING FEATURES: Independent, uncompromised, unshackled, unpurchasable, unafraid and unincumbered. THE LOS ANGELES TIMES is devoted to the great principles of Liberty under Law, Equal Rights in all fields of lawful human endeavor, Industrial Freedom, and to the upbuilding of Los Angeles, the State of California and the great Southwest.

AS TO LABOR: The Times is the undeviating friend of all honest toilers—of all unshackled law-abiding workers everywhere; and while never denying the right of workmen to organize lawfully, it is the unyielding foe of lawless, proscriptive, monopolistic and exclusive labor organizations, because they are the selfish enemies of their own class and of the common industrial weal. Our position is unmistakable and will be maintained. The long record of The Times as a just, liberal, reliable paymaster is unassailable. During the period between August 4, 1890, and September 30, 1911, there was paid to our loyal and well-satisfied non-union workmen, in salaries and wages, the telling aggregate cash sum of $4,368,319.17—mainly to skilled labor.

SWORN CIRCULATION: Daily net average—seven days, Sunday included—for 1896, 15,801; for 1897, 19,258; for 1898, 26,124; for 1899, 25,731; for 1900, 26,73?; for 1901, 26,448; for 1902, 24,030; for 1903, 36,340; for 1904, 37,702; for 1905, 42,150; for 1906, 50,501 copies; for 1907, 51,911 copies; for 1908, 53,700 copies; for 1909, 54,954 copies. Sunday average for 1910, 55,152 copies. Daily and Sunday average for 1910, 57,?58 copies. Average circulation every day for first three months of 1912, 59,165 copies.

AGENTS: Eastern Agents, William Lawrence & Cresmer Co., Brunswick Building, 5th Ave. and 26th St., New York; 824-25 Harris Trust Bldg., 111 West Monroe St., Chicago. Washington Bureau, 46 Frost Building (THE TIMES on file.) San Francisco Office, Room 1206 Call Building; R. J. Bidwell, Representative.

THE ILLUSTRATED WEEKLY: Published on Saturdays; 40 pages; distinct and complete in itself. "The Unique Magazine of the Sensuous Southwest." Mailed to subscribers separately from the Daily Times for $2.50 per year, postpaid. Single copies 10 cents, postpaid.

TWO SPECIAL OFFERS: From and after this date, an extra copy of the Los Angeles Times Illustrated Weekly will be MAILED FREE FOR SIX MONTHS upon the order of any person, whether an old subscriber or a new, who contracts to subscribe for the Daily and Sunday Times for one year and pay the price, $9.00, in quarterly installments of $2.25 each, in advance. Or, with a full year's subscription to the Daily and Sunday papers, and $9.00 cash in advance, an extra copy of the Illustrated Weekly will be sent free for 12 months. This is an exceptional opportunity, good for a limited period, to serve a distant friend and at the same time do good missionary work for Los Angeles.

TELEPHONES: Counting-room, Subscription Department, Editorial Rooms, City Editor and Local News Rooms—Sunset, Main 4200; Home 10391.

TERMS: Daily and Sunday, 75 cents a month, or $9.00 a year. Daily without Sunday, $7.50 a year. Sunday alone, $2.50; without the Illustrated Weekly, $2.50. When the Sunday issue is mailed, the Illustrated Weekly is mailed separately, a day in advance.

POSTAGE: On the regular week-day issue (2 or 3 parts,) 2 cents; on the Sunday issue (5 parts,) 7 cents.

NAME OF GOMPERS.

(Continued from First Page.)

with a promise of immunity from the assistant District Attorney.

"No, sir," replied the witness. "I told both Davis and Darrow that Johnson had advised me to keep my mouth shut and not to mention local men. I may have told Johnson that if given time I might find the man who gave me the bribe money."

SHIFTS TO VENICE.

The cross-examination then proceeded as to events during the association of Franklin with two or three Venice men. Franklin said he met the men on various occasions but could not recall having ever used the expressions that Rogers read to him from slips of paper. Presumably the men referred to will be witnesses for the defense to contradict the testimony given by Franklin.

Rogers then asked: "Did you ever tell these men at Venice that Browne must have telephoned to Davis or Darrow on the morning of your arrest?"

"I never made any such statement," replied the witness positively.

"Did you say in any of those conversations that if Darrow would give up certain evidence against Gompers he would not be prosecuted?"

"No, sir, I never did say that," said the witness, "but I do remember talking about what my wife said. When I told her that the defense lawyers had agreed to take care of her if I went 'up' for two years, she replied, 'Bert, if you ever bring one dollar of dishonest money into this house, that is where I quit.'"

Rogers next asked: "Didn't you take your wife with you when you went to bribe Lockwood?"

The court said: "That is an improper question and the witness need not answer it."

Later in the examination when arrangements for Franklin's defense were being discussed by Darrow and Davis, the witness said that somehow Darrow's name was coupled in some way he did not like. He immediately said, according to the witness, "If you mention my name in connection with the affair you must tell what Job Harriman did."

The effect of the cross-examination of Franklin as to his reasons in visiting John Underwood to get him on the McNamara jury was lessened when Franklin said very quietly: "The man is dead. I cannot go into his motives or actions."

This practically closed the cross-examination for the time being and Franklin stepped from the witness chair.

Then followed the introduction of Cashier Flather. His testimony today should be brief, unless the defense sees fit to go into the question of the McNamara defense account at length.

GOMPERS DENIES.

[BY A. P. DAY WIRE TO THE TIMES.]

SAYS FRANKLIN FALSIFIES.

WASHINGTON, June 4.—Samuel Gompers, president of the American Federation of Labor, today said of Detective Franklin's testimony in the Darrow trial at Los Angeles:

"That is an absolute falsehood made of whole cloth. I do not know Franklin, and I have never had any dealings with him. I did not send money to him or to anybody. I do not handle any money. There is nothing to this and it is absurd on the face of it. I have documentary proof which disproves his story. I do not care to give the correspondence out at this time."

BRONSON-BREWER AGAIN.

INDIANAPOLIS, June 4.—Ray Bronson is to have a chance to square himself for his recent defeat by Harry Brewer. The pair have been matched to meet in an eight-round bout, June 21, at St. Louis.

Grand Opening Planada.

"The City Beautiful" will have its formal opening June 7 and 8. Special round trip rates via Santa Fe from all Southern California points.

THURSDAY bargain sale. Gumdrops, 15c pound. Fosgate & Rees, 449 S. Broadway.

THE COPPER INDUSTRY.

[Special service to The Times by E. F. Hutton & Co., Members N. Y. Stock Exchange, 118 West Fourth street, Los Angeles.]

London copper opened strong. Spot, £77 7s 6d, up 11s 3d; futures, £77 17s 6d, up 11s 3d.

London copper closed easy. Spot, £77 2s 6d, off 5s; futures, £77 13s 9d, off 3s 9d.

The strength in Calumet & Arizona is based primarily on the remarkable underground development at that property, as well as its demonstration of ability to make copper at a profit of nearly 10 cents a pound on present metal prices, on a production of around 50,000,000 pounds copper a year. On the 1300-foot level from the Briggs shaft the Calumet & Arizona is several hundred feet into an ore body which averages 20 per cent. copper, all in virgin territory.

The largest owners of Calumet & Arizona hold optimistic views as to the future of this property, and they believe the stock presents investment as well as speculative opportunities at its present price.

For the first four months of 1912, the Isle Royale Company produced around 3,000,000 pounds copper, showing earnings for this period of $150,000, which is at the rate of $3.00 a share a year, but in view of the prospects for the maintenance of 16-cent copper, indications point to material increase in production. In fact, Isle Royale on its present production, costs and copper metal prices, is earning around $50,000 a month, which is at the rate of $4.00 a share a year. The company is, however, prepared to further materially increase production and consequently earnings. It will immediately sink its No. 7 shaft and upraise on it at the same time.

The showing of copper on the Isle Royale lode never looked better than it now does.

Copper Range has so increased the extent of its underground workings that in order to combine efficiency with reduced expenses a new system of mine supervision is being introduced. Instead of a captain for each mine the Baltic, Champion and Tri-Mountain with two or three bases at each shaft as formerly, there will hereafter be a captain at each shaft, who will report to the head mining captain.

The Old Dominion-Bigelow case decided Monday by United States Supreme Court in favor of Old Dominion Company dates back to April 6, 1902, when some of the original stockholders of the Old Dominion Copper Mining Company, believing they discovered evidence showing that A. S. Bigelow of Boston, and Leonard Lewisohn of New York, had through sale of certain properties to the Old Dominion Company at time of its organization in 1895, defrauded the company of 50,000 shares of stock, decided to bring suit and force a restitution. Accordingly on October 7, 1902, a bill was filed in the Massachusetts courts against Bigelow and one in the Federal courts in New York against the estate of the then deceased Lewisohn.

Bigelow and Lewisohn bought with the aid of a syndicate formed by them, the Old Dominion Company of Baltimore City, for $1,000,000, and received without additional consideration some outlying mining claims. They then organized the Old Dominion Copper Mining Company and Smelting Company of New Jersey with a capitalization of $3,750,000, notwithstanding the fact that prospective stockholders had been notified that the corporation would have but $2,500,000 capital. Of the $3,750,000 capitalization, $2,000,000 was divided among the syndicate members pro rata; $500,000 in stock was taken by Bigelow and Lewisohn for promoters' profits and expenses. The expenses, however, were afterwards paid from the treasury of the Old Dominion Copper Mining and Smelting Company. The outlying mining claims were afterwards turned over to the Old Dominion Copper Mining and Smelting Company for $750,000 of its capital stock which Bigelow and Lewisohn took to themselves.

BOSTON COPPER MARKET.

[Furnished by Logan & Bryan, Members New York and Boston Stock Exchanges, Bradbury Building, Los Angeles.]

BOSTON, June 4.—The continued strength in the metal market is having its effect at last on the local coppers. The big speculators have refused up to this time to believe the advance in the metal can be sustained, and as a rule, are short of the market, are out of it. These men constitute a large part of the heavy buying power and they will surely return to the market at higher prices.

In looking over the list of coppers Quincy shows up notably as being one of the cheapest stocks at present with a production of 20,000,000 pounds made at a cost of ten cents. They are earning at present better than $12 a share and the stock should be selling at least 1.10 to 1.20.

Are Microbes In Your Scalp?

It Has Been Proved That Microbes Cause Baldness.

Prof. Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebum, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots, and overcome baldness so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and $1.00. Remember you can obtain it in Los Angeles only at our stores, The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Sacramento, Portland, Seattle and Spokane.

EVENTS IN SOCIETY.

(Continued from Seventh Page.)

W. Griffin of Hollywood last Saturday. The ceremony was solemnized at 4 o'clock at the home of the bride's parents, Mr. and Mrs. J. B. James. Rev. W. E. Tilroe of the Boyle Heights Methodist Episcopal Church read the service. The bride's sister, Miss Lillian James, was the only attendant. Carnations, Shasta daisies, Easter lilies and ferns were attractively utilized in decorating. After July 1, Mr. and Mrs. Griffin will be at home to their friends at No. 161 South Crown avenue, Hollywood.

Married in Kansas City.

Edward Borton and his young bride, who was Miss Verbena Williams, daughter of Mrs. Anna Williams of Emporia, Kan., have returned from their honeymoon trip and are domiciled with the groom's mother, Mrs. J. W. Trueworthy of Garland avenue. Mr. Borton, who is the grandson of Mrs. Edward Borton of Emporia, went East for the wedding, which was solemnized May 27.

Formal Announcement.

Formal announcement is made by Dr. and Mrs. Joseph Kurtz, No. 1801 Toberman street, of the engagement of their daughter, Miss Katherine, to Raymond Joseph Wheeler of Stockton. The wedding will be solemnized quietly at home the 19th inst.

Wedded at Redondo Beach.

A pretty June wedding was celbrated last night at 8 o'clock at the beautiful residence of Pierce S. Venable, No. 200 North Catalina avenue, Redondo Beach, when his eldest daughter Hazel, and Harvey Trowbridge Neilson of Santa Barbara, were united. There were 100 guests, among them a large number from out of town.

Rev. Mott Bitchell of the Methodist Church officiated. Miss Frances Newmark of this city, a cousin of the bride was bridesmaid and Edgar D. Park over white satin, with seed-pearl of Santa Barbara best man.

The bride, a pretty girl of the blonde type, wore white marquisette trimming. A tulle veil was caught in her hair with lilacs. She carried white bride's roses. Miss Newmark wore a white lingerie gown.

The reception room, library and dining-room, in which the guests were seated, was decorated with yellow jemisco, asparagus fern and huge yellow tulle bows. A wedding bower of flowers and yellow tulle was arranged above the landing on the stairway where the bride and groom stood during the ceremony. A hidden orchestra played the wedding march. A reception followed, and a buffet luncheon was served in the breakfast room, where huge bowls of pink sweet peas formed the decoration.

Sigma Kappa girls, of which society the bride is a charter member, served punch. They were Miss Florence Bowman, Miss Marian Albee, Miss Aena Albright and Miss Ida Feder.

Mr. and Mrs. Neilson left for a honeymoon in the mountains. They will be at home at No. 523 East Micheltorena street, Santa Barbara, after July 15.

The bride has lived all her life in Redondo Beach. Neilson is a son of McFarland Neilson of Santa Barbara. He is assistant cashier of the Santa Barbara County National Bank.

ON PLEASURE BENT.

Members of Southern California Editorial Association Going to San Diego for Good Time.

The outing and annual meeting of the Southern California Editorial Association at San Diego, arrangements for which were made yesterday, is forecast as the best ever. Arrangements for a special train to carry 150 of the editors and their wives to the southern city on the 20th inst. to remain four days, are completed.

The travelers will leave via the Santa Fe. They will be the guests of Manager Holmes of the Grant Hotel during their stay. The first evening they will attend a theater. The following morning they will take a launch ride to Ft. Rosecrans. In the afternoon the party will be escorted to the Point Loma homestead. The head of the Theosophical Society will address the party and they will be guests at a luncheon and play in the Homestead Theater.

Auto drives will engage their attention on the morning of the 22nd inst., and that afternoon the executive meeting will be held and officers elected. In the evening a banquet will be tendered them by the San Diego Chamber of Commerce in the Grant Hotel. Sunday will be spent at La Jolla, and Monday at Coronado tent city. A luncheon served by the Hotel Coronado will conclude the entertainment.

Hamburger's
